

Platt College Tulsa
A division of Ancora Education
3801 S Sheridan
Tulsa, OK 74145

February 20, 2019

Angelique Humphreys worked at Platt College from July 2011 to December 2018. Her job titles included Librarian, Coordinator Career Pathways, LMS Administrator, IT Support, Teacher, Tutor, and corporate trainer.

She specializes in tutoring students in all areas of math related to Allied Health programs, Nursing, and Culinary Arts. She has a track record of being extremely successful working with our current students and potential students preparing for entrance exams. She tutored all areas of General Education for our students working to pass their GED exams in our concurrent enrollment programs. She has taught classes in Algebra, Contemporary Math, Math for Healthcare Professionals, Pharmacy Tech Math I, II, and III, MS Office, Accounting, Statistics, Academic Success, Career Success, and Information Literacy.

Platt College has a very special student population. Most of our students are low-income, first generation college students with difficult circumstances. Angelique handled our student services for those students who become homeless, need food, transportation, childcare, or other necessities. The students trust her and often confide in her when they will talk to no one else.

Thank you,

Re: Angelique Humphreys

To Whom It May Concern:

I have worked with Angelique Humphrey from August of 2013 to December 2018. I have never worked with a teacher who is more dedicated to helping her students reach their goals. She is very understanding and can relate to the students in such a manner that they always feel comfortable talking to her.

When tutoring students, she has a way of breaking down the problems where the students will understand how to work the problems, to get to the correct answer.

I highly recommend hiring Angelique. She will be a great asset to your faculty.

Respectfully,

A handwritten signature in black ink that reads "Cindy Underwood". The signature is written in a cursive, flowing style. The first name "Cindy" is written in a larger, more prominent script, and "Underwood" follows in a similar but slightly smaller script. The signature is set against a light blue rectangular background.

To whom it may concern,

As a Director at Platt College and for Ancora Education's 11 schools, Angelique accomplished great results leading projects, taking care of our IT problems, managing and administrating our software systems, and teaching and training administration, faculty, and students.

She goes way above and beyond anything you would ask her to do. She is very self-motivated and self-directed. She knows when it is time to ask for help or information. She is always looking to make improvements. If you get her, you won't regret it.

Thank you,
Robin Johnson-Friday
