

Corporate Presentation

AVIATION TECHNICAL SERVICES

Our Mission

Provide a complete Suite of Technical Services
to Airline and Aircraft Leasing Companies

Who we Are

Manuel E. Cordero

Manuel E. Cordero is T3Tech's CEO and President and CEO of Cusco Aviation, LLC, an Aircraft and Engine Leasing, Trading, Asset Management, and Technical Services Company which he founded in early 2016. Prior to founding T3Tech and Cusco Aviation, Manuel was responsible for the Technical group at Jackson Square Aviation as their Senior Vice President Technical Services. He was also part of the team who founded Sky Holding and Jackson Square Aviation. Prior to joining Jackson Square Aviation, Manuel led the Technical teams at Sky Holding Company and Pegasus Aviation Finance company in San Francisco, California. Earlier during his career he also held senior technical roles at AWAS, Aeroperu, Americana de Aviacion and Aerochasqui.

During his various tenures, Manuel has provided expert advice on all technical and commercial aspects of lease, purchase and sale transactions and has had oversight of the leased aircraft assets. He has also managed all Maintenance Reserve Claims and approvals for modifications, and major maintenance events. Manuel also led transition efforts related to over 250 aircraft delivery, redeliveries and early terminations, including New Boeing and Airbus Aircraft deliveries. His 30+ year experience in the Aviation industry has provided him with a wealth of experience in the field of aircraft leasing from both the Lessee and Lessor's perspective.

Cesar Guedez

Cesar Guedez is T3Tech's Chief Operating Officer and founder and CEO of CAG Aviation Consulting. Cesar is an Aerospace Engineer with over 23 years of experience in the aviation industry. He started his career in an Airworthiness Engineering role at the Venezuelan CAA. He later transitioned to the MRO and Airline sector, having had roles as Quality Control and Quality Assurance Director, SVP of Engineering and Maintenance, Corporate VP of Operations, General Manager of Operations and Corporate Director of fleet Management and Acquisitions. His responsibilities have included leadership roles in Aircraft Purchase and Leasing projects, Aircraft Deliveries and Re-Deliveries, Fleet Transitions and Heavy Maintenance Management.

Our team (cont'd)

Dave Thompson - Senior Commercial Advisor

Dave Thompson is an aircraft leasing professional with nearly 30 years of experience in the industry. He has held leadership roles in some of the most prominent companies in the aircraft leasing space. Most recently, he worked as President, Chief Operating Officer and Chief Marketing Officer for Sky Holding/Sky Leasing from 2010-2017. Prior to Sky, Dave was EVP for Skyworks Leasing. From 1994-2006, Dave was Managing Director with GATX Air, the aircraft leasing unit of GATX which was acquired by Macquarie AirFinance. Dave holds a B.A. in Economics from Middlebury College.

Amelia Mafe -Senior Technical Advisor

Prior to joining Cusco Aviation, Amelia latest Leasing experience was as Senior Vice President Marketing Americas, liased with Capital markets on prospect acquisitions and contributed in technical projects at Sky Aviation. Prior to joining Sky Holding, while at ILFC, Amelia was responsible for performing Maintenance reserve reimbursement evaluations, developed a Financial model to perform Financial analysis and maintenance projections vital to aircraft sales and acquisitions, the financial state of the company and prior to the sale of the company. Earlier during her career, she also held technical roles (maintenance and engineering) at Pegasus Aviation Company, Boeing, United Airlines and Cessna Aircraft. During her various tenures, Amelia has provided expert advice on all technical and commercial aspects of lease, purchase and sale transactions and has contributed in the oversight of the leased aircraft assets. She has also managed all non-engine Maintenance Reserve Claims for the ILFC fleet. Her 20+ year experience in the Aviation industry has provided her with a wealth of experience in the field of aircraft manufacture and leasing perspective. Amelia holds a Bachelor of Science degree in Aerospace engineering, a Master's degree in Aerodynamics from Wichita State University, an Executive Masters in Business administration, an FAA private Pilot license and an FAA Certified Airframe & Powerplant Mechanics license.

Robert Hancuff -Senior Marketing Advisor

Robert has been directly related with Aircraft Leasing and Asset Management for 17 years. He started at AWAS in September 2001, was initially involved in the Data Management team, participating in the creation of the Technical Database. Through the years Robert progressed to managing the on-site activities at AWAS. From January 2016 to June 2018, Robert was the Vice President of Technical Services at Compass Aviation Group. His responsibilities included managing on-site activities for customers, Aircraft Redelivery and Deliveries, Pre-Purchase Inspections for lessors and conforming aircraft for the FAA Part 135 environment. Robert is currently the President and owner of Hancuff Aviation LLC an Aircraft Leasing and Asset Management Company.
