

WE'RE HERE TO HELP

LAPM is your marketplace for legal software technology in Australia/New Zealand

OUR LEGAL TECHNOLOGY PARTNERS

ABOUT LEAP

LEAP is a cloud-based legal practice management software tailored for small to medium law firms. It integrates matter management, document automation, and accounting, boosting efficiency and client service.

ABOUT SMOKEBALL

Smokeball is a cloud-based legal practice management platform that automates legal workflows. It uses matter-specific automation and pre-populated legal forms and documents to simplify processes and enhance productivity.

ABOUT PRACTICE EVOLVE

Practice Evolve is a comprehensive legal practice management system, providing integrated matter management, document automation, and legal accounting tools to streamline law firm operations.

ABOUT YAO

Yao is a cloud-based practice management system designed by lawyers, for lawyers. It focuses on streamlining workflows through customisation, task management, and integrations, enhancing efficiency and reducing administrative burdens.

ABOUT CLIO

Clio is a cloud-based legal practice management platform that offers matter management, client relationship management, document automation, and billing tools, designed to enhance efficiency and accessibility for law firms.

ABOUT UNITY

Unity is a cloud-based platform designed to streamline legal and conveyancing operations. It offers integrated matter management, document automation, trust accounting, and e-conveyancing capabilities, aiming to enhance efficiency and compliance.

ABOUT ACTIONSTEP

Actionstep is a cloud-based platform that integrates matter management, client relationships, and business operations for efficient legal workflows. It provides comprehensive tools for document automation, accounting, and reporting.

OUR PRODUCTS

**ABOUT FINCHLY**

Finchly is a platform designed to connect people seeking legal services with suitable lawyers. It also enables lawyers to build and showcase their online reputation through client feedback and verified recommendations, with integrations to practice management software.
