RE: The prevention of homosexual and transgender adoption of African children in Malawi for Human Trafficking and social experiments

Whereas;

The Malawi Penal Code provides:

Section 137A. Indecent practices between females. Any female person who, whether in public or private, commits any act of gross indecency with another female person, or procures another female person to commit any act of gross indecency with her, or attempts to procure the commission of any such act by any female person with herself or with another female person, whether in public or private, shall be guilty of an offense and shall be liable to imprisonment for five years.

Whereas;

In 1992 Madonna (Madonna Louise Ciccone) wrote a book called "**SEX**". The book features adult content including **softcore pornography** and **simulations of sexual acts including sadomasochism** (the derivation of sexual gratification from the infliction of physical pain or humiliation either on another person or on oneself). Gay porn stars were photographed in pornographic pictures with Madonna performing vulgar sex acts with the same sex which should have been disclosed during her adoption case in 2006 in *LILONGWE*, Malawi.

Whereas;

Madonna had to sign a contract that forbade the book from including **images of child pornography, bestiality, or religious imagery**. Shortly after signing that agreement Madonna founded a company called Maverick, a partnership with Time Warner. She now holds total artistic control over any work released by Maverick, who is now the book's publisher. The agreement she signed with Time Warner with the **sexually explicit content in the book "Sex" was null and void.**

Whereas;

The psychology behind her ability to release child pornography, religious imagery, bestiality and vulgar pornography has prompted her to open an orphanage in Malawi named "**Raising Malawi**" in 2006 to host social experiments on **vulnerable African children in Malawi**.

Whereas;

In 2006, Madonna founded the charity for orphans called "**Raising Malawi**" the same year after a very controversial appeal where she falsely accused the father of the African boy of being absent. She completed an adoption of David Banda, the African boy whom she is using for **sexual exploitation and social experiments today**. He was adopted under Judge Fiona Mwale after a series of harsh questioning of her motives.

Whereas;

The Judge wrote: "**In determining her motives, I questioned the petitioner at length about the impact of her decision which could be construed as robbing Malawi of its most precious resource, its children,**" *Judge Fiona Mwale*

Whereas;

We firmly believe that Malawi has been robbed of its most precious resource, its children.

Whereas;

In 2013, the country accused Madonna of “bullying” state officials and making diva demands - and of citing her “**Raising Malawi**” charity as the reason for doing so.

Whereas;

After another appeal, the Supreme Court granted Madonna the right to adopt her second child from Malawi, **Mercy James**. In 2017, Malawi granted the singer permission to adopt again, and she became mother to twin baby girls **Esther and Stella Mwale**.

Whereas;

After careful review and facts presented regarding the psychological, physical and mental abuse of African children on **January 11, 2018**, the U.S.Embassy in Addis Ababa confirmed **that Ethiopian Parliament passed new legislation banning adoptions by foreigners on January 9, 2018**.

Whereas;

In 2019, nearly 70% of human trafficking victims in the U.S. were identified as either being sex trafficked, or victims of both forced labor and sexual exploitation. The High Court recently stated that 25 million people worldwide are not afforded their fundamental right to freedom; however, the International Labor Organization estimates the number of human trafficking victims to be approximately 40 million.

Whereas;

We have noticed that the government of Malawi failed to do a complete social background check on the adoptive parent and we have reason to believe that The adoptive parent is using these children as a social experiment in response to the heavy LGBTQ community push for sodomy in America.

Whereas;

We, The Global Diaspora, The Black People of The World at The Ethiopian World Federation, Incorporated are concerned that the integrity of Africa and the cultural traditions should be preserved, not exploited or discredited.

Whereas;

In 2013, Malawi accused Madonna of exaggerating her contributions to the impoverished country and unreasonably demanding special treatment during a tour there and Madonna has used social media to discredit the culture and policies that Malawi has in place to protect our children globally.

Whereas;

We, The Black People of The World, are concerned about the welfare of ALL Black People of The World and have been established since 1937 in order to effect Unity, Solidarity, Liberty, Freedom and Self-determination, to secure Justice and maintain the Integrity of The entire African continent, which is our Divine heritage and a policy we uphold, defend and protect.

Whereas;

We are requesting for the President, **Lazarus Chakwera** to open an investigation on this specific celebrity case as well as the integrity of the Malawi charity, “**Raising Malawi**” it’s founder, Madonna Louise Ciccone and restrict her and her associates accessibility to Africa and to African children as a precautionary measure until a thorough investigation is done into child trafficking, child exploitation, sex exploitation, sexual slavery, adoption reversal, threat of coercion, fraud, deception and abuse of power or vulnerability. *See attached photographs*
