Whereas,

A government can declare such a state during a natural disaster, civil unrest, armed conflict, medical pandemic or epidemic or other biosecurity risk. A State of Emergency empowers a government to be able to put through policies that it would normally not be permitted to do, for the safety and protection of its citizens.

Whereas,

In 2020 over 80 nations declared a State of Emergency 2020 due to the Covid health pandemic, including the United States of America, On March 13, President Donald J. Trump declared an emergency for COVID-19 under Section 501(b) of the Stafford Act,

The six month **State of Emergency** grants Federal authorities "sweeping powers to arrest and detain critics, impose curfews and restrict the news media". as well as conscript any citizen over 18 to fight in the **Tigray War**.

The House of Peoples Representatives approved the **State of Emergency** proclamation that was referred to by the Council of Ministers. The Council of Ministers declared the **State of Emergency** May 14th in relation to armed conflict involving the **Tigray People's Liberation Front (TPLF)** in relation to the **Tigray War** and the **Oromo Liberation Army (OLA)** in relation to the **Oromo conflict**.^[7]

The 2023 Ethiopian **State of Emergency** was issued by The Ethiopian Government on August 4th 2023 in response to severe conflict and instabilities in Amhara Region after the Amhara militia Fano and the Ethiopian National Defense Force (ENDF) clashed in several locations in the region on August 2nd 2023.

The **State of Emergency** restrictions include a ban on public gatherings, warrantless arrests, as well as imposing curfew. Internet access has been blocked and **Ethiopian Airlines** flights to **Gondar** and **Lalibela** have been canceled until the **ENDF** military retook the towns after a week since the start of the clash.

Whereas,

On October 11th 2023, The Israeli prime minister, Benjamin Netanyahu, announced an emergency wartime government, after a surprise attack on 100 people in Israel that the prime minister claimed his intelligence system failed to protect the citizens of Israel. Over 7 of those harmed in the original attack were Ethiopians. Since then Israeli have committed intentional war crimes and bombing of innocent children under 10 years old including illegal chemical warfare. Crimes similar to that of the holocaust, burning of Palestinian men, women and children.

Whereas,

The 2023 removal of several incompetent and tyrannical governments in Africa that were unable to provide food, water, clothing, shelter, education, internet, and failed to manage resources for their citizens in places such as Mali, Niger, Burkina Faso and many more have prompted this State of Emergency Amendment.

Whereas,

The 2023 migrant crisis in The United States of America is getting out of hand and citizens are constantly protesting the mismanagement of tax dollars to fund wars, illegal immigrants, criminals crossing borders, cartel infiltration rather than peace talks, legal migration and international education.

Whereas,

The United States President of 2023, Joe Biden made a statement in October 2023, that he was prepared to go to war with China over the Philippines, presenting the possibility that this may be retaliation on China for legally implementing the BRICS system.

Whereas,

The inconsistencies in the ongoing stolen gold backing from Africa along with unlawful sanctions on the innocent citizens of Africa during tough times and no media press on war crimes in African continents or African people specifically The United States, Congo, and Haiti to name a few.

Whereas,

The United States citizens are witnessing election interference at a High Level and are not getting current information regarding the Hunter Biden Scandal. Whereas,

On September 3rd 2023, The Ethiopian World Federation, Incorporated released a statement entitled **UN peacekeepers hold a record for RAPE/SEX ABUSE**. The United Nations Peacekeepers have been raping innocent Congolese children, men and women. These peacekeepers have been having children with children and women for years with no repercussions. Anyone who tries to discuss these atrocities has been exiled and/or killed.

Whereas,

On September 21st 2023, as a response to our request, President Felix Tshisekedi of the Democratic Republic of the Congo (DRC) has asked his government to fast-track the withdrawal of United Nations peacekeeping mission and to ensure that their removal is set to begin by 12/2023.

Whereas,

The Ethiopian World Federation, Incorporated is implementing a **State of Emergency** due to a list of African countries that have removed The United States Diplomats and/or UN diplomatic missions due to the failure of The African Union, Ecowas and Caricom decision makers for the corruption and disrespect of African culture, traditions, integrity, religious rights, cultural rights, traditional rights and moral values.

The order will empower the New York City Department of Consumer and Worker Protection (DCWP) to prevent price gouging for formula under section 5-42 of Title 6 of the Rules of the City of New York. The effort comes as the United States grapples with a nationwide shortage of infant formula, stemming from a voluntary recall and temporary closure of a facility by Abbott Nutrition, one of the largest formula providers in the country.

Nationwide, over 40 percent of large retailers are out of stock of formula, including 43 percent of retailers in the tristate area, according to the most recent data estimates.
