**THE ETHIOPIAN WORLD FEDERATION, INCORPORATED
105 WEST 125TH ST. #1095 NEW YORK, NY 10027-4444**

**Declaration of The Prevention of Medical Genocide and The Preservation
of Human Rights outside of The World Health Organization**

We, The people of The Ethiopian World Federation, Incorporated EST. 1937 New York, New York by Dr. Malaku Bayen and Dr. Dorothy Bayen, family and confidants of Royal Majesty Emperor Haile Selassie I hereby, take note on the advice to follow the Intergovernmental Negotiating Body (INB) process to draft and negotiate an international agreement on pandemic prevention, preparedness and response regarding the WHO Pandemic Treaty, ask that you **take this declaration in consideration prior to May 2024** and process these global intricate facts.

Whereas,

While the shape of The World Health Organization's total budget has changed over the years, the **Gates Foundation** has consistently remained among its top contributors and is highly involved in profiting from the marketing and sales of vaccines with a horrific track record for causing deaths and injury across many nations; the same goes for manufacturers of these lethal, life changing and gene altering synthetic medications such as Pfizer, Moderna, etc.

Whereas,

It is highly contentious for humanity to surrender its entire human rights to an organization, that is neither elected by the people, whom have obvious conflicts of interests, as they are clearly influenced by those with commercial agendas, large corporations and in control of media outlets that benefit financially from the outbreak of any form of pandemics.

Whereas,

On October 30th, 2023, The World Health Organization (WHO) released a new text for the **“Pandemic Treaty”** negotiations carried out by the Intergovernmental Negotiating Body (INB) of the World Health Organization.

Whereas,

The World Health Organization is spearheading the development of a global agreement, known as the “Pandemic Treaty”, aimed at handling crises like the COVID-19 pandemic.

Whereas,

In December 2020, The Ethiopian World Federation, Incorporated released a report on World Health Organizations Director General, Dr. Tedros Adhanom Ghebreyesus about his intimate involvement with terrorist group (TPLF) waging war in Ethiopia, prior to Joe Biden backing the Tigrayan ‘Terrorists’ In Ethiopia; a direct violation of the noble Peace and Economic Treaty EST. 1951 by Emperor Haile Selassie I.

Whereas,

The World Health Organization and the entire body of The United Nations has failed to do adequate research and background checks on their leaders, nor have they processed them

for integrity and terrorism, therefore we declare that this in itself should have halted this “**Pandemic Treaty**” process in its tracks.

Whereas,

The World Health Organization (WHO) is headed by a known global terrorist that was just recently removed from the list as a direct response to our international community's concern.

Whereas,

There seems to be a very well structured media PR campaign, which is clearly biased and manipulated, making it very difficult to review past reports concerning the findings surrounding the real tragedy which was created with all the main actors, openly predicting, then benefiting from their orchestrated pandemic.

Whereas,

The entire human race was put at risk, with many still suffering and fatalities still increasing, yet the authorities are all turning a blind eye.

Whereas,

Almost all of America's leaders have gradually pulled back their COVID mandates, requirements, and closures—even in states like California, which had imposed the most stringent and longest-lasting restrictions on the public.

Whereas,

The media has been gradually acknowledging the ongoing release of studies that totally refute the purported reasons behind those restrictions. This overt reversal is falsely portrayed as “learned” or “new evidence.” Little acknowledgement of error is to be found.

Whereas,

The effects of poor leadership in the World Health Organization has affected the majority of all citizens in The United States and Globally all Human Rights were violated by these experimental vaccines.

Whereas,

These leaders have forgotten that the Nuremberg Code is a set of ethical research principles for human experimentation created by the court in **U.S. v Brandt**, one of the Subsequent Nuremberg trials that were held after the Second World War.

Whereas,

The University of North Carolina (UNC) released a ten point statement on the Nuremberg Code, delimiting permissible medical experimentation on human subjects. According to this statement, humane experimentation is justified only if its results benefit society and it is carried out in accord with basic principles that “satisfy moral, ethical, and legal concepts.”

Whereas,

The Nuremberg Code with Article 118b states that no experiment should be conducted where there is a prior reason to believe that death or disabling injury will occur; except, perhaps, in those experiments where the experimental physicians also serve as subjects.

Whereas,

Several laws concerning the Nuremberg code were violated. We will leave this small list of facts here for the self appointed leaders and doctors to read for themselves as they exercise their great PR mechanisms to deceive the people with propaganda while this simple ten point presentation remains factual in the link below.

Please see https://research.unc.edu/human-research-ethics/resources/ccm3_019064/

Whereas,

There is a lot to consider in order to install The World Health Organization as the leader of mankind that has no knowledge of the upcoming installation of new “laws” with no ledger of how much money is being poured into the public receiving the honest and basic details of the results of this heinous experiment in order to make an informed decision in regards to pandemics or future preparedness of pandemics.

Whereas,

The misuse of genetic engineering on humans is prohibited in Switzerland under Article 119 of the Federal Constitution. Article 119 of the Swiss Federal Constitution forbids cloning as well as any interference with the genetic material of human reproductive cells and embryos.

This is supplemented by Art. 230bis²⁹¹

Causing danger by means of genetically modified or pathogenic organisms

1 Any person who wilfully releases genetically modified or pathogenic organisms or the disrupts the operation of a facility for the research into, or the safeguarding, production or transport of such organisms shall be liable to a custodial sentence not exceeding.. Please see <https://lawbrary.ch/law/art/STGB-v2023.07-en-art-230.2/>

Whereas,

In Article 7 of The International Covenant on Civil and Political Rights reads:

No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment. In particular, no one shall be subjected without his free consent to medical or scientific experimentation.

Whereas,

In Article 18 of The International Covenant on Civil and Political Rights reads:

Everyone shall have the right to freedom of thought, conscience and religion. This right shall include freedom to have or to adopt a religion or belief of his choice, and freedom, either individually or in community with others and in

public or private, to manifest his religion or belief in worship, observance, practice and teaching.

Whereas,

Not to our knowledge **has any media money** been put towards the fact that people of the world have a choice to make, a religious right, a right to their freedom to have or to adopt a belief of his/her choice in what they do with their bodies.

Whereas,

The investors in this “Pandemic Treaty” have completely sanitized the internet creating and holding hostage this conflict of interest regarding the World Health Organization. All relative information to inform the general public of the reality taking place have been compromised for these crimes to fester.

Whereas,

The refutable facts have been left in the hands of a few anonymous fact checkers behind a computer screen that have one job only, to debunk status, defame reputable character witnesses so that the investors and medical companies that profit from these atrocities can control the narrative.

Whereas,

In some cases the media, pharmaceutical companies, Global terrorists that lead these Intergovernmental Organizations cover up the countless deaths, malfunctions and malpractice of their medical decisions for the majority of the dangers done to humans but also the dangers done to animals while they escape judgment for Gain of Function research, (*which is now banned*) scrutiny and filibuster their practices on all levels.

Please read <https://www.science.org/content/article/house-approves-ban-gain-function-pathogen-research>

Whereas,

On March 24, 2022 New York City Mayor Eric Adams officially exempted athletes and performers from the city's COVID-19 vaccination mandate.

Whereas,

On October 25, 2022; The New York Supreme Court reinstated all employees that were fired for being unvaccinated and ordered backpay. *Please see*

<https://www.foxnews.com/us/new-york-supreme-court-reinstates-all-employees-fired-being-unvaccinated-orders-backpay>

The State Supreme Court found that being vaccinated 'does not' stop the spread of COVID-19 A New York state Supreme Court ordered all New York City employees who were fired for not being vaccinated to be reinstated with back pay.

Whereas,

The tragic failure of reckless, unprecedented lockdowns that were contrary to established pandemic science, and the added massive harm of those policies on children, the elderly, and lower-income families has still not been adequately or respectfully addressed.

Whereas,

We have done this work with the support of Public Services International (PSI), the global union federation representing public services, health and care workers across the world, to which we are affiliated.

Whereas,

WE UPHOLD THE RIGHT TO DECENT WORK FOR HEALTH AND CARE WORKERS GLOBALLY.

Whereas,

While we welcome the inclusion of an article on the health and care workforce in the current draft of the negotiating text, we are disappointed by its limited progress. Safe workers save lives, yet, language that prioritized adequate protective equipment for frontline health workers during pandemics in earlier drafts before this negotiation stage has been deleted.

Whereas,

It is imperative for countries to recognise the crucial work done by frontline workers during the pandemic and integrate this into the international accord (in Article 7), towards safeguarding the lives and health of health workers in the event of future health emergencies.

Whereas,

The current draft lacks substantial provisions that uphold decent work for all health and care workers, protect their health and safety, and recognize the essential role of frontline and migrant health and care workers. *Please see* <https://publicservices.international/resources/digital-publication/no-pandemic-treaty-without-us-december-analysis?id=14291&lang=en>

Whereas,

In the case of criminal charges, reference must be made into the “**Thalidomide Scandal**” in order to lend special weight to the significance of this charge.

Whereas,

We insist on a provision that allows space for religious exemption and the right for individuals to opt out of acceptance of this New World Health Treaty which is scheduled to be adopted by May 2024.

Whereas,

The entire media machine is set on using the World Health Organization (WHO) to usher in a globalist feudal takeover reminiscent of the two tier system of the haves and the have nots.

In the interest of democracy, on behalf of The Ethiopian World Federation, Incorporated, we are open for an appointment with any and all World Leaders to be debriefed on the outcomes of INB7.

“We act in these matters in the right, as a matter of high principle. We act out of the integrity and conviction of our most deep-founded beliefs”. - Emperor Haile Selassie I
