WE DO NOT NEGOTIATE WITH TERRORISTS

On 5/19/2022, we received a notice from our global community stating that **The World Health Organization** was making a transition to change the policies that affect natural law and the sovereign rights that govern our bodies as human beings. This short notice comes as a surprise to our Global community and violates the democratic process our Global Community relies on to protect us. Last year we conducted a research into the director of The World Health Organization, Dr. Tedros and found out that Dr. Tedros was a third General for the **Global Terrorist Organization TPLF**.

WE DO NOT NEGOTIATE WITH TERRORISTS.

We will **NOT** negotiate with **ANYONE** who is causing our community harm, fear, threatening violence, disrupting the peace, causing confusion, breaking laws etc. Anyone that is in compliance with him or doing business with him no matter their position or status is also a Global Terrorist. No Organization that employs a **GLOBAL TERRORIST** to represent any citizen on Earth pretending to validate their authority as a **WORLD LEADER** has the right to make Global decisions. Therefore, we reject participation in The World Health Organization and deem them as corrupt, inconclusive and move to defund any and all programs that participate in the funding of Global Terrorism.
