Homicide - I.C 18-4001

2. Synopsis / PC

Kaylee J. Goncalves, Ethan J. Chapin, Xana A. Kernodle, and Madison M. Mogen were found deceased inside 1122 King Rd.

3. Total Property Value(Damaged/Stolen)

N/A

4. WatchGuard

WatchGuard Event: Yes

Additional Responding Officers: Officers with BWCs Snyder, Warner, Nunes, Smith, Morris, Rosinsky.

Case number added to WG:

5. Evidence

N/A

6. Narrative

On 11/13/22, at approximately 1156 hours, MPD officers responded to an unconscious call. The RP, later identified as B [REDACTED] F [REDACTED], reported her roommate was passed out, not conscious, and not breathing. As I was preparing to leave the station, Ofc. Nunes, who was already on scene, advised of a likely homicide and asked for additional units. While I was enroute, Ofc. Nunes advised he had located two additional victims. The victims were later identified as Kaylee J. Goncalves, Ethan J. Chapin, Xana A. Kernodle, and Madison M. Mogen. Moscow EMS was asked to stage and not respond to the scene unless requested.

Upon arrival, I saw H [REDACTED] J [REDACTED] crouching near the entrance to 1122 King Rd. J [REDACTED] was in obvious emotional distress. I entered through the 1st floor door (which faces north towards the parking lot). I announced myself as a Moscow Police Officer and heard Ofc. Nunes and Warner respond from upstairs. When I got to the second floor, I saw a female covered in blood in the bedroom on the NW side of the second floor. I believe this female to be Xana. I looked inside the bedroom Xana was laying and it was obvious an intense struggle had occurred. Xana was obviously deceased. There was blood smeared on various items in the room and all over the floor. There was blood cast-off on the walls in various places, including above Xana's body. Xana was on her back on the floor in the center of the room with her head towards the west. Xana was in her underwear and a long sleeved grey shirt. Both her shirt and underwear were covered in blood. Xana's face and body was covered in dried blood. I could see what appeared to be defensive knife wounds on Xana's hands. There was a deep gash on Xana's left

claimed they didn't hear anything: [REDACTED] and [REDACTED]. I attempted contact at the following apartments with no response: [REDACTED] and [REDACTED]. There is no apartment [REDACTED] or [REDACTED].

I remained associated with the call and assisted with scene security until approximately 1800 hours.

7. Other Information

Photos attached.

8. Follow-Up Needed / Undeveloped Leads

Refer to Det. Sgt. Blaker and Cpl. Payne.

9. Case Status

Active

10. Referred to Specialty

Yes, Detectives.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Extreme Network Warrant

Case # 22-M09903  
Date: 1/5/2023

On December 12, 2022, I applied for and was granted a warrant for Extreme Networks to assist in unlocking a laptop located in the residence located at 1122 King Road. The laptop was being used by Kaylee Goncalves as a paid employee of Extreme Networks. The warrant requested permission for Extreme Networks to unlock or provide a password for the laptop.

Sgt Neil Uhrig assisted in the forensic examination of the laptop. I forwarded the warrant to Sgt Uhrig who then served the warrant on December 12, 2022, at approximately 1519 hours via email to [REDACTED]@hupd.harvard.edu.

On December 14, 2022, Sgt Uhrig received an email providing the encryption key for the laptop. This allowed the data from the laptop to be forensically acquired and examined by Sgt Uhrig.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was emailed to Extreme Networks ([REDACTED]@hupd.harvard.edu), as this was the originating email address associated with the warrant.

Release of D [REDACTED] M [REDACTED] Personal Items:

On January 4, 2023, at approximately 1030 hours, I released the remainder of D [REDACTED] M [REDACTED] personal property to [REDACTED], I [REDACTED] [REDACTED] F [REDACTED]. F [REDACTED] signed for the items (signed release attached electronically to the case file).

On January 5, 2023, I learned from Bill Thompson, per the recent signed court order to hold all evidence, D [REDACTED] items fell under that order. Thompson stated his office would contact D [REDACTED] [REDACTED] and make arrangements to have D [REDACTED] items returned to MPD.

On January 6, 2023, Sgt. Blaker traveled to Boise, ID and picked up D [REDACTED] personal belonging from I [REDACTED] F [REDACTED], and transported them back to MPD.

On January 9, 2023, I assisted Sgt. Blaker with unloading D [REDACTED] items from his vehicle back into MPD secured storage garage at the city of Moscow shop.

Narrative:

Interview with Bryan Kohberger's neighbor, F█████ A█████ and A█████ A█████,

On December 30, 2022, at approximately 0630 hours, I stood by while a search warrant was served at ██████████, the residence of Bryan Kohberger. While on scene one of the neighbors A█████ A█████, who lived in the same building, stated her husband returned home and he might have additional information to add regarding Bryan. A█████ had been interviewed earlier in the day by several FBI agents, prior to F█████ returning home. Det. Mowery and I met with A█████ and F█████ A█████ in their apartment, ██████. I recorded the conversation with my phone and informed F█████ and A█████ I would be recording our conversation, which they were fine with.

A█████ said she had been speaking with F█████ about the questions she was asked, one questions being if she had ever seen Bryan with anyone else. F█████ told me they did remember a time when they returned home and said they saw Bryan sitting on the stairs, leading up to his apartment, next to a male. F█████ and A█████ described the male as having light brown skin, a sleeve tattoo on his left arm, wearing a sleeveless shirt and shorts. F█████ said the male was riding a dark color (blue or black) Harley type motorcycle. F█████ said the motorcycle was not a sport bike and was very loud. F█████ said he and A█████ both noticed Bryan and the male talking but said as they got closer both Bryan and the male stopped talking and looked at them. A█████ said Bryan acknowledged them and asked how it was going. A█████ said it seemed as if Bryan was acting overly nice. A█████ and F█████ said when they walked away, to their apartment, Bryan and the male were still silent and did not continue their conversation. F█████ said he saw the male get up and heard the motorcycle start but did not see him drive off. F█████ and A█████ said this was the only time they ever saw this person and or saw or heard the motorcycle.

F█████ and A█████ said Bryan seemed like a quiet person and they remembered meeting Bryan's dad, when Bryan moved in. F█████ said Bryan's dad was very talkative. F█████ and A█████ said Bryan's car was always clean and neat, even on rainy days. A█████ said Bryan would often park his car right in front of their bedroom window and they would notice the headlights when he came and went. F█████ and A█████ did not notice when and if Bryan changed the plates on his vehicle.

F█████ looked through his phone and thought, on the night of the murders, he

probably went to bed around midnight. F [REDACTED] did not remember seeing lights from Bryan's car and or knowing if Bryan was home or not.

F [REDACTED] mentioned, on another occasion, seeing Bryan return home around 0100 hours, and said he was wearing dark clothing, had on a dark colored backpack, and when they said hi to him he seemed pretty short with them. F [REDACTED] did not remember what day this occurred but said it was not the night of the murders. A [REDACTED] said she worked late hours often and would also see Bryan returning home around the same time she would, around 0100 to 0200 hours.

We thanked F [REDACTED] and A [REDACTED] for their time and told them to contact us if they remembered anything else. Our conversation with F [REDACTED] and A [REDACTED] was recorded and is booked on a DVD into MPD evidence.

F [REDACTED] A [REDACTED] - [REDACTED]  
A [REDACTED] A [REDACTED] - [REDACTED]

Interview with M [REDACTED] M [REDACTED] -#157

1. WatchGuard Event: Yes

Additional Responding Officers: None

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 23, 2022, at approximately 2039 hours, M [REDACTED] M [REDACTED] came to the Moscow Police Department to be interviewed about her presence in the area of 1122 King Road during the early morning hours of November 13, 2022. M [REDACTED] was identified as being in the area through records obtained from Doordash via a search warrant and was confirmed as being in the area based off a Google Geofence warrant which was obtained as a result of this investigation. I was accompanied by FBI Special Agent Alix Skelton during this interview.

M [REDACTED] told me she worked for twelve to eighteen hours on the night November 12th to the 13th and received three orders in the King Road/Queen Road area. Two of the orders were at the [REDACTED] Queen Road apartment complex which is immediately to the east of 1122 King Road. M [REDACTED] said the delivery at 1122 King Road was her final order for the evening. M [REDACTED] said she could not find the 1122 Kind Road address as the address number was hidden by the porch light which caused her to remain in the area for approximately fifteen minutes. M [REDACTED] also stated her Google Maps told her to go to the parking lot immediately behind 1122 King Road.

M [REDACTED] stated she initially parked in the front of 1122 King Road and could see a female in the top left window (the third story bathroom). M [REDACTED] said she saw the same female a couple more times in the same window and she would duck down when M [REDACTED] looked at her.

M [REDACTED] then said she drove to the back parking lot behind 1122 King Road and parked. She stated she could see the back "courtyard" area behind the house and

noticed all of the lights were on. M█████ stated her map told her to walk into the back of the house but she did not feel comfortable doing so because there was no path. M█████ said she started to walk down the road which runs north/south immediately to the east of the residence. M█████ stated a tan sedan drove next to her while she was walking.

M█████ said there was one male driver and noticed "he did not look at me". She said he looked "completely zoned" and just drove by her. M█████ later stated the driver was white with blonde or red spikey hair. M█████ also noticed the dome light in the car was on when it went by and later told me the male was wearing a light-colored collared shirt.

M█████ stated she walked back up to her car and drove back to the front of 1122 King Road, at which point she saw the address numbers. M█████ said she placed the order at the front door, took a picture, and then left at approximately 0400 hours.

During the time M█████ was in the area of the King Road Residence, the white Elantra can be seen via the █████ King Road Camera driving back and forth on Walenta Drive and then enter the King Road/Queen Road loop at approximately 0356 hours. At the point M█████ pulled into the front parking lot before she dropped the order off, the white Elantra pulled in behind M█████ vehicle (a gray Subaru Forester) and then exited the King Road at approximately 0358 hours. M█████ did not mention seeing the white Elantra behind her at any time.

I continued to question M█████ about her time near the residence. She told me she walked down Queen Road at one point with her flashlight out. M█████ can be seen doing so on the footage from █████ King Road. M█████ also continued to tell me the female she saw in the upstairs bathroom window would duck down when M█████ looked at her. M█████ described her as having long brown hair. M█████ stated she could not identify the girl as one of the victims.

Approximately thirty minutes into the interview, SA Skelton requested M█████ take part in a cognitive interview. M█████ agreed and SA Skelton began the cognitive interview. During this interview, M█████ confirmed much of the information she already told us. M█████ was able to remember she had her dog with her during one of her walks in the area but did not clarify much more in the ways of the details of the evening. We thanked M█████ for her cooperation, offered any support she may need, and concluded our interview.

Subsequent investigation of video footage and cellular data showed the "tan sedan" M█████ saw was likely a light-colored SUV which left the area. Moreover, it does not appear M█████ saw the white Elantra at any point during her time near the residence.

Kohberger Phone Data

Case # 22-M09903  
Date: 1/10/2022

On December 29, 2022, based on the above information, the Latah County Court signed and order finding probable cause for the Criminal Complaint charging Burglary, Idaho Code 18-1401, 1403, and four counts of Murder in the First Degree, Idaho Code 18-4001, 4002, 4003, 4004, all Felonies. A warrant of arrest was issued for Bryan C. Kohberger.

On December 29, 2022, Bryan Kohberger was arrested at his family's home [REDACTED] in Albrightsville, Pennsylvania. That same day a Pennsylvania magistrate signed a search warrant for the residence which included Bryan Kohberger's cell phone. Bryan Kohberger's cell phone was taken into evidence as part of that search warrant. Kohberger's cell phone device is currently in evidence at the FBI - Philadelphia Regional Computer Forensic Laboratory (PHRCFL) located at [REDACTED]. The phone data was extracted by FBI SSA Jeffrey Tanzola subsequent to the warrant being served.

On January 9, 2023, I received a hard drive from SSA Tanzola, which contains a copy of the data extracted from the phone belonging to Kohberger. The data is saved on a Seagate 2TB External USB Drive with serial number # [REDACTED] and is labeled as Philadelphia RCFL evidence # 00043447. I applied for and was granted a warrant seeking the evidence from the hard drive provided by Pennsylvania which contains a forensic image of Bryan Kohberger's phone which was stored in the secured computer forensics lab at the Moscow Police Department.

At 1550 hours on January 9, 2023, I served the warrant on the hard drive located in the forensics lab. Pursuant to the warrant I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also left a copy of the receipt and warrant with the drive, which was placed back into

evidence.

I began examining the data for any accounts linked to the phone and Kohberger with other electronic service providers, such as Facebook, Snapchat, etc. I located the following installed applications, website history, screenshots and usernames/passwords associated with an electronic service provider:

YikYak  
Linkedin  
Reddit  
Twitter  
Tinder  
Dropbox  
Washington Trust Bank  
Paypal  
Youtube  
TikTok/Musically  
Amazon  
VisaPrePaidProcessing.com  
When2Meet  
Activision  
GroupMe  
NetTeller  
Hulu  
Instagram  
Facebook  
PSECU  
Spotify  
Booking.com  
Travelocity  
Strava  
NordVPN

These electronic service providers may be storing data relevant to the investigation, which may have been deleted from the device. I will be requesting assistance from the Latah County Prosecutor's Office to apply for warrants to these companies for any data from accounts related to the following identifiers located in the phone data:

[REDACTED]@gmail.com  
[REDACTED]@gmail.com  
[REDACTED]@desales.edu

IMEI [REDACTED]

I will complete a complete examination of the data at my earliest convenience.

Interview of E█████ A█████ #157

1. WatchGuard Event: Yes

Additional Responding Officers: NA

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1349 hours, I interviewed E█████ A█████ at the Moscow Police Department reference the quadruple homicide at 1122 King Road. I asked A█████ what her relationship to the victims was. She told me Kernodle was her best friend and the others were all her close friends as well. After I collected her information, I asked A█████ to tell me about her day on November 12, 2022.

A█████ stated she left the football game and then went to see friends of hers at an apartment near hers (█████ Taylor Avenue). A█████ stated she arrived at her apartment at approximately 2030 hours. A█████ stated she, J█████, H█████ J█████, and I█████ all went to sleep early the evening of November 12, 2022. A█████ stated they planned to go to the ██████ Lodge Party but did not end up going.

A█████ stated she and H█████ woke up at approximately 0100 hours and then stayed up watching TV until approximately 0300 hours, at which point they went back to sleep. A█████ stated she woke up at approximately 1030 hours on November 13, 2022. A█████ stated M█████ called her at approximately 1151 hours that morning and said "last night around four a.m. she heard and saw a man and she and H█████ were locked in their room sleeping" and added she wanted A█████ to come over to check the house because she was too scared. A█████ also said M█████ heard Goncalves scream and run up the stairs. A while later M█████ came out of her room and saw the man staring at her. A█████ stated the man didn't do anything to M█████. M█████ said she stayed locked in her room and heard the side door close, so she ran into E█████ room.

I asked A [REDACTED] if she asked M [REDACTED] why she didn't call anyone that night. A [REDACTED] stated M [REDACTED] told her it was because she was intoxicated and didn't want to believe what was going on. M [REDACTED] also told A [REDACTED] the man was wearing a mask and could only see his eyes and nose.

A [REDACTED] stated J [REDACTED] went over to the house just before her. When A [REDACTED] arrived, she stated she went upstairs but was stopped by J [REDACTED] who told A [REDACTED] she didn't want to see it. A [REDACTED] went back outside and officers responded.

I asked A [REDACTED] if anything seemed out of the ordinary from what she saw. She told me there was a large party at the house on Friday, November 11, 2022. A [REDACTED] stated the house was a mess due to the party.

A [REDACTED] also told me she saw a knife laying on the floor at the top of the stairs when she went inside. A [REDACTED] described the knife as a steak knife. It was later determined J [REDACTED] grabbed this knife when he entered the house. A [REDACTED] stated she remained outside after she walked out of the residence until law enforcement arrived. She also stated she then came to the Moscow Police Department to be interviewed.

I asked A [REDACTED] if she knew who would commit the murders. A [REDACTED] stated she did not know. A [REDACTED] added she and Kernodle were no longer [REDACTED] sorority members. I asked her if there had been any stalking behavior or recent suspicious circumstances. A [REDACTED] stated there had not been anything she could remember. She also stated there were no other conflicts with the other victims she knew of.

I concluded my interview with A [REDACTED] after collecting the information about her cell phone.

Interview with H [REDACTED] C [REDACTED] - 108

1. WatchGuard Event: Yes

Additional Responding Officers: no

Case number added to WG: 22-M09903

2. Evidence

none

3. Narrative

On November 13, 2022, at around 1419 hours, I conducted an interview with H [REDACTED] C [REDACTED] at the Moscow Police Department. H [REDACTED] is one of the victims.

H [REDACTED] is a student at the University of Idaho and is a member of the [REDACTED] Fraternity. H [REDACTED] lives at the fraternity. H [REDACTED] told me he and Ethan went to a formal dinner with their sister M [REDACTED] H [REDACTED]. M [REDACTED] is a member of the [REDACTED] Sorority. The formal was at around 1800 hours at Hunga Dunga. After the formal was over they went back to [REDACTED] Ethan, Xana, and H [REDACTED] were all hanging out in his apartment room at the [REDACTED] Fraternity. H [REDACTED] last saw Ethan and Xana at 2100 hours when he left his apartment to go up to the main lodge where the house party was at. H [REDACTED] returned at 2115 hours and Ethan and Xana were gone. H [REDACTED] stated he went to bed at around 2200 hours.

I asked H [REDACTED] if Ethan had any issues with anyone and he told me no. I asked H [REDACTED] if he knew if Xana had any issues with anyone and he told me no.

H [REDACTED] was not able to provide me with any further information.

Interview with J [REDACTED] I [REDACTED] - 108

1. WatchGuard Event: Yes

Additional Responding Officers: NO

Case number added to WG: 22-M09903

2. Evidence

no

3. Narrative

On November 11, 2022, at around 1427 hours. I conducted an interview on J [REDACTED] I [REDACTED] at the Moscow Police Department. J [REDACTED] told me she lives at [REDACTED] Taylor Ave [REDACTED], these apartments are referred to as the "Whites". J [REDACTED] stated she went to 1122 King Road in the afternoon of 11-12-22 and was hanging out with Xana. J [REDACTED] stated they all went to the "Whites" at around 1300 hours for different parties in the apartment complex. Ethan left to go to his sisters formal but J [REDACTED] was not sure what time that was at.

J [REDACTED] felt she got to Xana's house at around 1230 on 11-12-22. J [REDACTED] stated she saw Xana, Ethan, D [REDACTED], E [REDACTED], Kaylee, Maddie, C [REDACTED], I [REDACTED], and E [REDACTED]. J [REDACTED] told me she feels she last saw Xana and Ethan at around 1500 hours but was not sure. J [REDACTED] told me she got a text from Ethan asking for the snapchat for C [REDACTED] but she never sent it to him. J [REDACTED] did not know why Ethan wanted this information and stated as far as she knew they did not have issues with each other.

J [REDACTED] then told me where she had heard from others that Kaylee had seen some random guy behind the house when she took Murphy out to go pee. J [REDACTED] also heard of an incident where some random guy followed Kaylee around WinCo and followed her out of the store and she thought he tried to get into her car. J [REDACTED] was not sure for sure who she heard this from but either E [REDACTED] or D [REDACTED] could tell us more.

J [REDACTED] told me she knows Xana and Ethan do like to use Adderall when they drink but they did not know who they got it from or if they took any on 11-12-22.

J [REDACTED] was not able to tell me anything else related to the case.

Interview with A ■ W ■ - 108

1. WatchGuard Event: Yes

Additional Responding Officers: 2no

Case number added to WG: 22-M09903

2. Evidence

no

3. Narrative

On November 13, 2022, at around 1441 hours, I conducted an interview on A ■ W ■ at the Moscow Police Department. A ■ lives at ■ Queen Road which is in the area of 1122 King Road. A ■ was working at the U of I Football game and was at the game until around 2045 hours. A ■ did not have any interactions with any of the people who live at 1122 King Road.

A ■ saw and heard all the emergency lights and sirens and looked out and saw some of her friends standing outside with white blankets around them. A ■ went out and brought more blankets to the people outside to try and help.

A ■ told me a few weeks ago on October 14, at around 0100 hours, she heard what she thought was a male walk up to her door and try to open her door. A ■ stated she had her deadbolt and door were both locked.

A ■ told me she saw photos posted on Snapchat by Kaylee showing Kaylee and Maddie had been at the Corner Club and the Grub Truck.

A ■ was not able to tell me anything else about this case.

Plain Clothes Detail Victim Sighting - #159

1. WatchGuard Event: No

Additional Responding Officers: M177

Case number added to WG: No

2. Evidence

None.

3. Narrative

On November 12, 2022, at about 2100 hours, I began an overtime shift for a plain clothes detail on the University of Idaho campus and related areas. This patrol was for minors in possession/consumption of alcohol along with other alcohol/drug offenses. During this patrol I and the other officer with me, Ofc. Rosendahl, only had our body worn cameras. We were operating out of the Moscow Police Department Ford Fusion which I drove throughout the entire detail. This particular department vehicle did not have a dash camera or any other recording device. My street time conducting the plain clothes detail concluded at 0352 hours on November 13, 2022.

During this detail, Ofc. Rosendahl and I made several patrols through the area of King Street and Queen Road. During each patrol of the area we travelled on the north side of 500 Queen Road, heading east. We wrapped around the building heading south on the east side, then west on the south side of the complex. We then travelled north on the west side, turned west on to Queen Road and proceeded to King Street.

During one of the patrols in this areas, while approaching the southwest corner of 500 Queen Road, I recall seeing a darker colored vehicle with taillights on. This vehicle was parked facing south, on the south side of the parking lot, towards the west end. There was a short section of the parking lot which extended to the west of 500 Queen Road, south of 1122 King Street, which was where the vehicle was.

Each time we patrolled this area, I drove the same route. During the final

patrol, which to the best of my recollection was between 0200 and 0300 hours on November 13, 2022, as we travelled north on the west side of the apartment complex, I saw several individuals approaching the residence at 1122 King Street. During this detail, I was looking for alcoholic beverages, open alcoholic containers, and individuals who appeared to be intoxicated. I observed the individuals as I drove pass but did not see any reason to contact them for our related patrol. I recall my view of the individuals being obstructed by vehicles and brush on the east side of the parking lot for 1122 King Street. The individuals were walking close a vehicle which was parked in the northeast corner of the lot. As I turned onto Queen Road and travelled west, I continued to view the individuals. From my recollection, there were at least two individuals, possibly three. I recall one of the individuals having blonde hair. I do not recall exactly how many individuals there were, what they were wearing, or any other details as I quickly looked for beverages in their hands and whether they were staggering from intoxication.

Since we made several patrols through the area, I cannot say with 100% confidence I saw the vehicle on the same pass as I saw the individuals.

Upon review of my radio history, I contacted three individuals at [REDACTED] Taylor Avenue at about 0255 hours. To the best of my recollection, this was after exiting King Street after seeing the individuals at 1122 King Street. We cleared this contact at 0332 hours.

4. Other

Collection of Items from 1122 King Road-#157

1. WatchGuard Event: No

Additional Responding Officers: Numerous ISP and FBI

Case number added to WG: NA

2. Evidence

Item 437 Night Stand  
Item 438 Comforter  
Item 439 Blue Blanket  
Item 440 Pillows  
Item 441 Mattress  
Item 442 Bed Frame  
Item 443 Mattress  
Item 444 Bed Frame  
Item 445 Pillows  
Item 446 Shelf and picture  
Item 447 Night Stand  
Item 448 Pillows

3. Narrative

On January 6, 2023, I went back to 1122 King Road with several members of the Idaho State Police and the FBI in order to collect several pieces of evidence at the request of the defense counsel in this case.

Once on scene, we collected the mattress, bed frame, night stand, pillows and blankets from Kernodle's room. We also collected the mattress, bed frames (x2

folding frames), night stand, pillows and shelf from the east wall of Mogen's room.

The items were wrapped and transported separately back to the Moscow Police Department where they were placed on opposite sides of the MPD evidence bay. I completed the evidence involvement for each item and they were secured in the bay.

Interview with M█████ C█████-#157

1. WatchGuard Event: Yes

Additional Responding Officers: None

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1420 hours I interviewed M█████ C█████ at the Moscow Police Department reference the quadruple homicides at 1122 King Road. M█████ is Ethan Chapin's ██████ M█████ consented to a forensic search of her phone and I collected it from her.

I asked M█████ to tell me what her day looked like on November 12, 2022. M█████ stated she had her ██████ formal the night of November 12, 2022. M█████ stated she did not do much prior to the formal and then went to Hunga Dunga for the event at approximately 1900 hours. M█████ said she, H█████ C█████ and Ethan Chapin left the formal with several other friends at approximately 2000 hours. M█████ stated she was dropped off at her house as the group was planning to go to the ██████ lodge party. However, M█████ stated she did not go and remained at her sorority until H█████ called her the morning of November 13, 2022 at approximately 1230 hours.

M█████ stated H█████ told her to come to "Xana's" (1122 King Road) when he called her. M█████ said H█████ did not elaborate on why she needed to come to the house. M█████ stated H█████ J█████, H█████ C█████, E█████ A█████, J█████ (unknown last), H█████ and M█████ were all there when she arrived.

M█████ said someone told her when she got there that someone was in the house and "Ethan an Xana" didn't make it. M█████ told me Ethan, Xana and H█████ had been texting her the night prior asking her to come to the ██████. M█████ said she saw the texts once she woke up the morning of November 13, 2022. M█████ stated she did not go into the house that morning.

M [REDACTED] could not think of anyone who or any reason why someone would commit the homicides.

I concluded my interview with M [REDACTED] and advised her to reach out if she needed resources MPD could provide.

Interview with K [REDACTED] F [REDACTED] - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On November 14, 2022, at around 1552 hours, I called K [REDACTED] F [REDACTED] to arrange an interview with her. K [REDACTED] had already left Moscow and was heading to Southern Idaho to be with her family.

K [REDACTED] told me she had contact with B [REDACTED] and D [REDACTED] on 11-12-22. D [REDACTED] arrived at her residence at 2230 and B [REDACTED] arrived at her residence at around 2330 hours. K [REDACTED] lives at [REDACTED] Taylor Avenue. B [REDACTED] and D [REDACTED] were at her residence for 2 to 3 hours.

K [REDACTED] stated she walked them past the "Whites" sometime before 0200 hours but she could not positively tell me. K [REDACTED] stated she stayed on Taylor and then turned around and she was not sure what route they took home for sure but felt they kept walking west on Taylor toward King. K [REDACTED] stated there was a group of 3 or 4 other females with B [REDACTED] and D [REDACTED] at the time. K [REDACTED] did state she was drunk at the time and she could not recall all the events and everyone who was present with the group.

K [REDACTED] stated she thought L [REDACTED] M [REDACTED] was with the group.

K [REDACTED] was not able to tell me anything else.

Interview with E [REDACTED] G [REDACTED] - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

no

3. Narrative

On November 14, 2022, at around 1710 hours, I contacted E [REDACTED] G [REDACTED] in the front lobby of the police department. G [REDACTED] had contacted Moscow PD earlier in the day and stated he is a local Uber driver and he gave Kaylee and Maddie a ride home on 11-13-22 from the downtown area. G [REDACTED] had been in the Spokane/Coeur d'Alene area when he contacted us and stated he would not be back until 1700 hours.

I asked G [REDACTED] how he knew Kaylee and Maddie. G [REDACTED] stated he drives for Uber and Lyft and Kaylee and Maddie have become some of his regular customers and this is how he meet them.

G [REDACTED] stated he was contacted by Kaylee on 11-12-22 at around 2202 hours and asked if he could pick her and some friends up at 1122 King Road and take them to the Corner Club. G [REDACTED] arrived at the address at 2015 hours and picked up Kaylee, Maddie, and one other female. G [REDACTED] stated at 0145 hours on 11-13-22 he was contacted by Kaylee again and asked if he could pick her and some friends up at the Grub Truck. G [REDACTED] arrived at the Grub Truck at around 0149 hours. G [REDACTED] took Kaylee and Maddie home, he stated it was a 3 to 4 minute drive from the Grub Truck to 1122 King Road.

G [REDACTED] told me he has been driving for Uber and Lyft since 2019. G [REDACTED] told me Kaylee has been a regular for at least the last year. G [REDACTED] stated he was working but Kaylee did not contact him through the Uber or Lyft app but instead texted him directly both times.

G [REDACTED] stated when he got to the Grub Truck he parked in front of the Grub Truck on Main Street facing south. G [REDACTED] texted Kaylee he was there and she stated they would be there in a second and said they were at order 75 and theirs was 78. Kaylee and Maddie came to the vehicle a short time later. Kaylee was in the front passenger seat and Maddie was in the rear seat. Maddie was eating the food from Grub Truck with her hands. They all had a casual conversation. G [REDACTED] stated they appeared to be fine and nothing appeared to be out of the ordinary.

G [REDACTED] stated he still had the texts on his phone and he sent screen shots to me. I burned those screen shots to a DVD and booked it into property at a later time along with other documents I had related to this case.

G [REDACTED] was not able to give me more information at that time.

Interview with [REDACTED]-#157

1. WatchGuard Event: Yes

Additional Responding Officers: None

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1437 hours, I interviewed J [REDACTED] I [REDACTED] at the Moscow Police Department reference the quadruple homicides which occurred at 1122 King Road. I [REDACTED] was the [REDACTED]. I [REDACTED] consented to have his phone forensically searched and provided me with his cell phone at the beginning of the interview.

I asked I [REDACTED] to tell me about his day on November 12, 2022. I [REDACTED] stated he worked at [REDACTED] and worked from 1400 hours to 2210 hours on November 12, 2022. I [REDACTED] stated he left his work and dropped off some food for a friend working at the Corner Club. I [REDACTED] stated he went home ([REDACTED] King Road) then returned to the Corner Club around 2300 hours.

I [REDACTED] stated he saw Goncalves at the Corner Club and spoke to her briefly. I [REDACTED] stated he left the Corner Club but was unsure if Goncalves left before or after him. I [REDACTED] stated he went to bed when he got home. When I [REDACTED] awoke, he told me he saw "commotion down the street". 1122 King Road is visible from [REDACTED] King Road.

I [REDACTED] stated he later looked at his phone and saw several missed calls from Goncalves and Mogen from the early morning hours of November 13, 2022. I clarified I [REDACTED] timeline for the night prior. He told me he left the Corner Club at approximately 0100 hours and returned home. I [REDACTED] said he got a ride from [REDACTED] [REDACTED], the [REDACTED] of [REDACTED] ([REDACTED] fraternity). He told me he thought he went to sleep at approximately 0130 hours and awoke at approximately 1130 hours on November 13, 2022.

I asked D [REDACTED] to tell me what the "commotion" was he mentioned. D [REDACTED] told me he saw law enforcement and emergency vehicles in front of 1122 King Road, so he walked over to see what was happening. I asked D [REDACTED] to clarify the missed calls he received early that morning. D [REDACTED] told me he received multiple calls from Goncalves and Mogen, one of which was Facetime, between 0240 to 0300 hours. D [REDACTED] stated he knew Mogen for some time but she would not call him for any reason. D [REDACTED] also said Goncalves text him to tell him he could come to her house to retrieve his vape pen.

I asked D [REDACTED] if he noticed or heard anything suspicious anytime recently. D [REDACTED] stated he saw a dark gold minivan backing up King Road approximately one to two months prior. D [REDACTED] stated he did not remember any other suspicious circumstances. D [REDACTED] did add Goncalves would call him on occasion when she was walking home alone or when "she was feeling sketched out". D [REDACTED] stated there were people coming in and out of 1122 King Road frequently and "more people knew the code to their door than they should have". D [REDACTED] stated he was not sure if the residents regularly locked the rear sliding glass door.

D [REDACTED] also told me he and Goncalves owned a dog, a Goldendoodle named Murphy, with Goncalves. He also told me Goncalves was taking the dog out sometime in the past when Goncalves saw a shadowy figure behind the house. D [REDACTED] stated nothing else came of the incident.

I asked D [REDACTED] about his relationship with Goncavles. He told me they had dated for approximately five years and broke up several months prior due to a "loss of spark" coupled with Goncalves leaving for a job in Texas. D [REDACTED] stated there wasn't conflict and the breakup was mutual. I asked D [REDACTED] if there was anyone who flirted with Goncavles. D [REDACTED] stated there was a male by the name of E [REDACTED] R [REDACTED] who often flirted with Goncalves. D [REDACTED] did not know of any past stalking incidents nor did he know who would have committed the murders.

I asked D [REDACTED] about his conversation with Goncalves at the Corner Club. He said the conversation was short but normal. D [REDACTED] did not have any further information for me during this interview, so I concluded my interview with D [REDACTED].

Investigation of Glove- #157

1. WatchGuard Event: No

Additional Responding Officers: None

Case number added to WG: NA

2. Evidence

None

3. Narrative

On November 24, 2022 I collected a black "Polar Penguin" glove from the parking lot of 1122 King Road. I conducted subsequent investigation by watching the BWC of OFC Nunes, the first MPD Officer on scene, and looking over the scene photos taken by the ISP Forensic Team. None of these sources showed the glove was present upon officer's initial response to the scene or during the processing of the scene on November 13, 2022. It is unclear where the glove came from at the time of this writing.

Trip to Boise with Evidence and retrieval of property from D [REDACTED] M [REDACTED] - 108

1. WatchGuard Event: NO

Additional Responding Officers: NO

Case number added to WG: NO

2. Evidence

no

3. Narrative

On January 6, 2023, at around 0710 hours I retrieved evidence from MPD Evidence Tech T [REDACTED] S [REDACTED]. I signed for the items and transported them to the Idaho State Police Forensic Lab in Meridian Idaho. Refer to Evidence Tech T [REDACTED] S [REDACTED] records for what specific items were transported. Once I arrived in Meridian I transferred the items from MPD to the ISP Intake receptionist. All items were signed for chain of custody.

I was then given several items the lab had tested and were able to be returned to MPD for storage. I signed for all items and completed the chain of custody paperwork on the bags.

Prior to coming back to Moscow I stopped at D [REDACTED] M [REDACTED] residence in Boise to retrieve the personal items which had been released to her [REDACTED] earlier in the week by accident. I packed these belongings into my vehicle and I returned to Moscow.

Once back in Moscow I booked all the evidence from the state lab back into property.

I left D [REDACTED] personal items locked in the vehicle I was driving and on 01-09-23 I transported these items to the City Shop and I placed them in a secure garage.

One item of note is as the items were being loaded into the vehicle I was driving, a Ford Fusion, we were able to get everything into the vehicle except a

small table. We attempted several times to get the table into the vehicle but it was not going to fit. D [REDACTED] [REDACTED] stated they did not care if the table was returned so she had her husband break the table and place it in the vehicle.

On a 01-10-23 I told Ann Taylor, Defense Council for the suspect, about why and who broke the table.

Assisted Defense Team with going through items at the Police Department and City Shop - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On January 10, 2023 at around 1315 hours, I meet with Ann Taylor and her team at the Moscow Police Department. Taylor is the Defense Attorney for Bryan Kohberger. Taylor had arranged to go through the garbage sent to us from Pennsylvania by FBI investigators, items from Madison's room and Xana's room, two vehicles belonging to Ethan Chapin, and personal items belonging to Ethan, D [REDACTED], and B [REDACTED].

After looking at the garbage Taylor identified several items she felt we could discard since they contained perishable goods and they had started to spoil. We placed these items on shelf located in the north east corner of the storage garage at the police department. Taylor also identified several items she wanted us to keep until she saw reports of these items. Taylor was good with where we were keeping the mattresses, bed frames, night stands, shelf, and sheets from Madison's room and Xana's room.

I escorted Taylor and her team to the City Shop and they went through personal items were removed from 1122 King Road weeks earlier. These items belonged to B [REDACTED], D [REDACTED], and Ethan. When Taylor was done she identified several items she wanted MPD to hold and she was going to request an order from the judge to take these items and have them tested. These items were placed in cardboard boxes and placed away from the other items so they would not accidentally be released. Taylor and her team looked at both vehicles while at the shop.

Taylor stated she would contact Bill Thompson's office and would advise him when

she felt items could be released.

On 12/07/22 at approximately 10am, Lt. Mooney and I packed up personal belongings from Xana and Ethan's room and personal belongings from Madison's room.

Captain Lanier, Captain Berrett, Captain Dahlinger, Detective Vargas and Admin. Assistant K [REDACTED] P [REDACTED] helped box up personal items from the 1122 King Road residence.

Lt. Mooney and I wore protective gloves and shoe booties which were changed out after completion of Xana's room prior to going into Madison's room.

I then left the residence to rent a Uhaul truck. After loading the items into the truck I drove the vehicle to the secure storage garage at the Moscow City Shop. All listed above individuals unpacked the truck into the secured storage garage where they were kept prior to releasing them to family members.

VOICEMAIL AND PHONE CALL FROM S [REDACTED] - 109

1. WatchGuard Event: YES

Additional Responding Officers: HATHAWAY

Case number added to WG: 22-M09903

2. Evidence

N/A

3. Narrative

On 11/14/22, at about 2242 hours, dispatch advised they were forwarding a call to my cell phone. My phone briefly started ring, but then it suddenly stopped. For some reason, the call was forwarded to voicemail before I could answer. When the voicemail came through to my phone, I learned it was from J [REDACTED] S [REDACTED]. The voicemail said "Hey, how's it going, um, my name is J [REDACTED] S [REDACTED]. My phone number is [REDACTED]. I just wanted to make a statement to you guys, because I was close friends with Maddy Mogen. I was with her at the Corner Club most of the night and then after we left, we wanted to go to John's Alley and we went to, stopped at Grub Truck. They got Grub Truck, then a car picked them up and they left and went home. I just wanted to make a statement about... (unintelligible) I don't know if anything is helpful, but I was just with them like for a little bit so, if I can be any help, I would like to. Give me a call. Thank you."

Shortly after I got the voicemail, S [REDACTED] called dispatch again, and was successfully transferred to my phone.

At about 2246 hours, I talked to S [REDACTED] on the phone. S [REDACTED] essentially said the same thing he said in the voicemail he left. S [REDACTED] said he was out with "Maddy" at the Corner Club until about 0230 hours. S [REDACTED] said several times he did not know who the "other girl" was that was with them that night. S [REDACTED] described the girls getting into a "silver sedan" after they got food at the Grub Truck. I confirmed S [REDACTED] name, DOB, address and phone number. I also confirmed with S [REDACTED] he drove to his parent's house at [REDACTED] [REDACTED] in Boise. I asked S [REDACTED] how long he planned to be at his

parent's house and he said he was skipping the next week of classes and would remain in Boise until after Thanksgiving break.

S [REDACTED] said he was willing to talk to a detective about his involvement with this case.

S [REDACTED] said he does not have a roommate at his Queen Rd. apartment and that he lives alone.

I recorded our conversation with my dash camera and BWC. The videos were uploaded to the Watchguard server.

I attached the audio file of the voicemail S [REDACTED] left me to this case through Spillman.

Narrative:

Supplemental Report - Packing personal items at residence.

On December 7, 2022 at approximately 0945 hours I responded to 1122 King Road with other members of the command team to pack personal items of the residents who lived there. I worked with Det. Vargas and Admin Assistant K [REDACTED] P [REDACTED] to pack B [REDACTED] room which was on the first floor, east end. I primarily built boxes and packed up all of the clothes and shoes in the closet as well as a few bedding items.

The next room we worked on was a bed room not in use on the first floor, west end. In that room we packed a few misc. items, a computer, shoes, golf clubs and various items that were stored in the room and the owner was uncertain.

The last room we packed D [REDACTED] room on the second floor off of the kitchen at the bottom of the stairs. My role in that room was primarily taping boxes together then taping boxes shut and making them with D [REDACTED] name or the initial "D".

After completing the packing portion Chief Fry arrived with a U Haul van. I stayed in the back of the van and packed boxes as they were carried out from the residence by other team members. After the van was packed, I followed the van, driven by Chief Fry, in my patrol car to the city shop secure storage building. At that point all of the team members unloaded boxes and stacked them by room in the storage building then secured the door and left.

Phone Interview with K [REDACTED] and E [REDACTED] A [REDACTED] -#157

1. WatchGuard Event:No

Additional Responding Officers: No

Case number added to WG: NA

2. Evidence

None

3. Narrative

On 1/18/23 I spoke to K [REDACTED] A [REDACTED], E [REDACTED] A [REDACTED] reference a suspicious occurrence she and E [REDACTED] remembered at 1122 King Road. I called K [REDACTED] and asked her what she remembered. K [REDACTED] told me she came to Moscow to celebrate E [REDACTED] birthday on [REDACTED] 2022. Kaylee Goncalves had planned a party for E [REDACTED] at 1122 King Road that evening.

K [REDACTED] stated several people to include Goncalves and E [REDACTED], were on the back patio during the party. Goncalves' dog, Murphy, was also present. K [REDACTED] stated Murphy ran up into the bushes behind the house on several occasions and would not return when called. K [REDACTED] stated they called Murphy numerous times before he would come back. K [REDACTED] told me the group eventually went inside and shut the door. This was the only occurrence K [REDACTED] was present for but told me E [REDACTED] remembered more similar occasions.

I called E [REDACTED] on 1/19/23 reference these occurrences. E [REDACTED] also related the occasion on her birthday and added it was unlike Murphy to not immediately return home when called which is the reason she and Goncalves were concerned about someone being behind the house when Murphy would behave in this manner. E [REDACTED] told me about another occasion on 10/29/22 during which she was at 1122 King Road for a Halloween party. E [REDACTED] told me Mogen, Goncalves, Kernodle and Chapin were all present at the party. During the party, E [REDACTED] stated the group gathered on the back patio once again and Murphy began to run into the wood line behind the house and not come back. E [REDACTED] told me they "heard noises too". She described these noises as similar to what it would sound like if someone was moving through the woods on foot. This occasion took place midday and they did

not see anyone behind the house. However, Murphy's behavior and the noises caused them to go inside and close the door.

The last occasion E█████ remembered took place approximately two weeks prior to the homicides (E█████ was unsure of the date). E█████ stated Murphy displayed similar behavior of running into the woods and not coming back when called. E█████ also recalled an occurrence during this same time frame (exact date unknown) wherein she and Goncalves returned to 1122 King Road and found the rear sliding door standing open, and Murphy was missing. E█████ stated they had to go out and look for Murphy after they found the door open.

I asked E█████ if it was common for people who didn't live at 1122 King Road to walk in when no one was home. E█████ stated it was not uncommon and added members of ██████ and several friends of the females who lived there would come and go at will.

I thanked E█████ for her time and concluded our interview after advising her to call me if she remembered anything new.

Narrative:

Initial response; Capt. Berrett

On 11/13/22 at around 1200 hours, I received a phone call from Sgt. Gunderson, informing me his team responded to a call at 1122 King Road where they found four, deceased, college age individuals inside the residence. He said it was apparent they had all been murdered. Sgt. Gunderson said they did not know the location or identity of the suspect.

Sgt. Gunderson said his team had cleared the residence and secured the scene. He said they identified a group of college age individuals outside the residence and had started interviewing them.

I called Chief Fry, Capt. Lanier and Capt. Dahlinger to let them know about the homicide. I called Det. Sgt. Lawrence, told him about the homicide and asked him to call in detectives. Sgt. Lawrence said he would call in Sgt. Blaker and Cpl. Payne to assist as well, because they were slated to rotate into detectives soon. Sgt. Lawrence said he was also calling the Idaho State Police to ask the Region 2 detectives to process the crime scene.

I called B [REDACTED] E [REDACTED], U of I Dean of Students, and B [REDACTED] I [REDACTED] with U of I Office of Public Safety and Security to inform them of the homicide because the residence was near the U of I campus and the victims appeared to be college students.

When I arrived on scene, I met with Sgt. Gunderson and Sgt. Lawrence on the street in front of the residence. We briefly discussed the scene and I was given the names of the four individuals who were killed; Ethan Chapin, Xana Kernodel, Madison Mogen and Kaylee Goncalves. I was also told two of the witnesses outside, D [REDACTED] M [REDACTED] and B [REDACTED] F [REDACTED], were roommates and were apparently inside the residence when the incident occurred.

Sgt. Gunderson told me a dog was taken out of Kaylee Goncalves' room and transported to the humane society for safe keeping. He told me it didn't appear the dog had gone into the rooms where the murders were committed because it didn't have any visible blood on its body.

I contacted U of I Dean E [REDACTED], gave him the victims names and asked if he could verify if they were students. He contacted me later and confirmed all four were students, but didn't have any emergency contact information for them other than

their permanent addresses.

At 1304, the University of Idaho sent out a Vandal Alert via text message regarding the homicide.

At about 1330 hours, we moved the witness (who I believed were students) that patrol identified on King Road to the Moscow Police Department training room. I met with Sgt. Lawrence, Sgt. Blaker, Cpl. Payne and Det. Mowery and asked them to start interviewing each person.

I also met with C. F., U of I Associate Dean of Students, at the police department. I talked to her earlier about having the students come to the police department to be interviewed. F. had an assistant with her and they were there to comfort the students and be a resource if necessary.

While I was in the training room, I was told two of the witnesses were Ethan Chapin's M. and H. They told me their parents had been informed of Ethan's death and they were on their way to Moscow.

I asked Sgt. Lawrence to arrange death notifications for Kaylee Goncalves and Madison Mogen's parents. He later informed me a Kootenai Deputy went to the Goncalves home to notify them of Kaylee's death and they had already been made aware.

Capt. Dahlinger told me he met Xana Kernodle's father, J. on scene. Capt. Dahlinger said he asked J. to meet him at the police department where he informed him of Xana's death.

Sgt. Lawrence said a Coeur d'Alene officer went to S. and K. I. house to notify them of Madison Mogen's death; K. is Madison's Sgt. Lawrence was informed that the I. had been informed and were already on their way to Moscow. When the I. arrived at the police department I did the death notification and asked Sgt. Lawrence to interview them.

At around 1415 hours, I met with President S. G. and his staff in his office on campus. I told them about the homicide and that the suspect's location and identity remained unknown.

I returned to the police department and J. D. approached me asking if I could release the dog, Murphy, to him. He said he and Kaylee Goncalves both owned the dog. At that point I was busy working with detectives and administration and didn't release the dog.

I talked with Cpl. Payne who had interviewed J. D. He said D. had been in a relationship with Kaylee Goncalves, indicating they broke up a few months ago. Cpl. Payne said D. told him, he and Goncalves remained friends after the break up. I asked about the dog that had been removed from the residence and taken to the animal shelter. Cpl. Payne said D. told him that he and Kaylee both owned the dog.

Later that afternoon, D. approached me again and asked if I could release the dog to him. I called Capt. Lanier, who was with Sgt. Gunderson outside 1122 King Road. Capt. Lanier confirmed with Sgt. Gunderson that they understood D. co-owned the dog and the dog was taken to the animal shelter for safe keeping. I was told the dog was uninjured and didn't have any blood on it.

I agreed to release Murphy to D [REDACTED] because it was my understanding we had only taken the dog into custody for safe keeping and he was an owner. I asked to have a patrol officer meet D [REDACTED] at the animal shelter to release the dog.

I continued to work with detectives and command staff for the rest of the day.

Friends and Family Area Canvass:

On November 20, 2022, multiple friends and family of the victims gathered in Moscow, organized into several groups, and canvassed several areas in Moscow for possible evidence.

I was contacted by several people, from the groups, when they located something of interest. I met with the groups and photographed and collected the following items:

- A clear food service grade plastic glove, located at the top of the hillside, to the west of the walking path in between Nez Perce and the U of I Administration building.

Just down from where this plastic glove was located was a large, beige, metal Generac generator box. There was a plastic bag, inside of the box, which looked like it had white grease rags inside of it. I photographed this item and did not collect it.

- A light pink/beige pair of women's underwear, Warners brand. This was located in a juniper shrub by the Shattuck Amphitheater in the Charles Houston Shattuck Arboretum.

- A black winter glove, one size fits all. This items was located near the steps which lead from Memorial Gym parking lot 39 up to the tennis courts.

The items I collected were transported to MPD, stored in a temporary storage in Detectives so they could dry, and were later booked into MPD evidence.

One group located what they believed to be blood spots on several rocks in the Arboretum and Botanical Garden, near the gathering place on the north side near the kiosk. Det. Talbott, with ISP, tested the spots and determined they were not blood.

One group located what they believed to be blood on the stairs at building 5 at the Grove Apartments. Det. Talbott determined this was not blood.

The photos I took were copied to a DVD and booked into MPD evidence.

Detailed information about Kaylee Goncalves' dog during initial response - #113

1. WatchGuard Event: N/A

Additional Responding Officers: N/A

Case number added to WG: Previously labeled

2. Evidence

N/A

3. Narrative

On 11/13/2022, at approximately 1205 hours, I arrived at 1122 King Rd. reference an unconscious subject. It was quickly determined the scene was likely a quadruple homicide based on our observations. When I arrived on the third floor to assess the scene, I noticed a medium sized curly haired tan dog on the bed inside the western third floor bedroom (later identified as Kaylee Goncalves' room). The dog appeared timid/scared and didn't react to our presence. Due to the chaos surrounding the scene, my initial concern was preserving the scene. As part of that process, I asked one of the officers to shut the door, so the dog did not attempt to jump on the bed with any of the victims.

After the area was cordoned off and the area was secure, Cpl. Snyder began taking photos the scene. At some point prior to this process, the dog moved from the bed to under the desk in Kaylee's room.

After photos were completed I asked LCSO Deputy Olson to respond and assist by taking the dog to the Humane Society of the Palouse for safekeeping. I collected the dog from under the desk. The dog was timid and took some coaxing to move from under the desk, but did not appear to have any obvious injuries or stains on it's body or paws. Due to the amount of blood inside the bedrooms where the victims were located and the lack of blood on or around the dog, I don't believe the dog was on or around the victims. I walked the dog to the front door, where Ofc. Warner was stationed, and asked him to hold onto the dog until Dep. Olson arrived. A short time later, Dep. Olson arrived. I walked the dog from Ofc. Warner to Dep. Olson, who was standing in the street. At my request, Dep. Olson transported the dog to the Humane Society of the Palouse. I asked Dep. Olson to

write on the intake sheet for the Humane Society to not release the dog to anyone unless the MPD gave approval first.

After I released the dog to Dep. Olson, I resumed managing the scene until I was relieved by the Detective Unit.

4. Other

I did not take any photos of the dog specifically during my response to the scene. Some of the photos taken by Cpl. Snyder (evidence Item #1) have the dog in the background. The dog can also be seen on my BWC.

In reviewing Ofc. Nunes BWC of his initial response and clear of the residence, the door to Goncalves' bedroom was open upon his arrival and the dog was laying on the bed.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

UofI Video

Case # 22-M09903  
Date: 1/24/2023

On January 11, 2023, I met with K [REDACTED] N [REDACTED], General Counsel for the University of Idaho to facilitate the download of video footage from the campus security cameras. I previously spoke with D [REDACTED] L [REDACTED], Director of Infrastructure Services, who had preserved videos to be reviewed for any evidence related to the quadruple homicides at 1122 King Road on November 13, 2022. I provided the university with a storage device capable of storing large amounts of video.

On January 18, 2023 I received a message stating the transfer of the videos was complete and the storage device could be picked up. On January 23, 2023, I retrieved the storage device from N [REDACTED] and returned it to the Moscow Police Station where a copy of the data was transferred to the server in the secure computer forensic lab. The files were verified by hash value to ensure bit for bit copying was completed.

Financial Warrants 1

Case # 22-M09903  
Date: 1/24/2023

On November 19, 2022, I applied for and was granted several warrants for financial institutions who serve the Moscow, Idaho region. Forensic Account M [REDACTED] with the Federal Bureau of Investigations assisted in the production and service of the warrants. The warrants were approved for the financial records associated with:

Ethan Chapin, DOB [REDACTED]/2002, SSN [REDACTED]  
Madison May Mogen, DOB [REDACTED]/2001, SSN [REDACTED]  
Xana Alexia Kernodle, DOB [REDACTED]/2002, SSN [REDACTED]  
Kaylee Jade GonCalves, DOB [REDACTED]/2001, SSN [REDACTED]  
I [REDACTED] F [REDACTED] M [REDACTED], DOB [REDACTED]/2002, SSN [REDACTED]  
B [REDACTED] G [REDACTED] E [REDACTED], DOB [REDACTED]/2003, SSN [REDACTED]  
D [REDACTED] M [REDACTED] M [REDACTED], DOB [REDACTED]/2003, SSN [REDACTED]

And any video surveillance pertaining to account transactions of the previously mentioned from the following financial institutions:

Bank of America  
ATTN Legal Order Processing  
[REDACTED]  
Newark, DE 19713

The warrant was served on November 21, 2022 via FedEx. FA I [REDACTED] reported the data requested pursuant to the warrant was received on December 6, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to Bank of America at [REDACTED]@bofa.com, as this was the originating email address associated with the documents.

Block, Inc (Square, Inc - Cashapp)

ATTN Compliance Department

[REDACTED]  
San Francisco, CA 94103

The warrant was served on November 19, 2022 at approximately 2152 hours via email to [REDACTED]@squareup.com. FA D [REDACTED] reported the data requested pursuant to the warrant was received on November 20, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@squareup.com, as this was the originating email address associated with the documents.

Paypal/Venmo

ATTN Global Asset Protection Team

[REDACTED]  
San Jose, CA 95131

The warrant was served on November 19, 2022 at approximately 2127 hours via email to [REDACTED]@paypal.com. FA D [REDACTED] reported the data requested pursuant to the warrant was received on November 21, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@paypal.com, as this was the originating email address associated with the documents.

Umpqua Bank

[REDACTED]  
Moscow, Idaho 83843

The financial warrant and the video surveillance warrant were served on November 22, 2022 at approximately 1312 hours via email to [REDACTED]@umpquabank.com. FA D [REDACTED] reported the data requested pursuant to the warrant was received on November 23, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to Umpqua at [REDACTED]@umpquabank.com, as this was the originating email address associated with the documents.

Dumpster Search and Area Canvas - 113

1. WatchGuard Event: BWC

Additional Responding Officers: Ofc. House

Case number added to WG: Yes

2. Evidence

N/A

3. Narrative

On 11/14/22, I responded to the area of King Rd. and Queen Rd. I photographed and looked in the three dumpsters in the area (outside [REDACTED] King Rd., 1122 King Rd., and [REDACTED] King Rd.). All three dumpsters were located on the street. I saw nothing of evidentiary value in the dumpsters. I photographed them and cleared the area. ISP later pulled the trash pursuant to this investigation.

Some blood was located on the second floor at [REDACTED] Taylor Ave. [REDACTED] Taylor Ave is commonly referred to as "The Whites" and is a known party location. The blood was isolated to one area with no trail to either area. I photographed the blood and notified on scene investigators.

Ofc. House and I walked various areas around the crime scene looking for evidence. Ofc. House and I found nothing of evidentiary value.

Video collection and tips, D. Vargas MPD 124:

TIPS PROVIDED:

On November 17, 2022, Det. Chris Engle with PPD provided me with an e-mail, with information regarding several Pullman Home-Invasions involving a possible suspect of J [REDACTED] A [REDACTED] C [REDACTED] ([REDACTED]). I forwarded this e-mail to the FBI/Moscow tipline to be assigned and followed up with.

On December 13, 2022, I saw an article online of the recent arrest of S [REDACTED] H [REDACTED] in [REDACTED]. H [REDACTED] was arrested for stabbing multiple people at a casino in [REDACTED] and fled the area in a white sedan. I reached out and spoke with Det. M [REDACTED] A [REDACTED] with [REDACTED] County SO. Det. A [REDACTED] provided me with the description of the suspect vehicle and the weapon which was used in this offense. [REDACTED]

[REDACTED] Det. A [REDACTED] also stated the sheath for the knife was located on the passenger seat of the suspect vehicle. I determined this person was not involved in our incident and told Det. A [REDACTED] I would not need any further information regarding their incident.

Around December 15, 2022, I received a phone call from Det. F [REDACTED] from [REDACTED] County Sheriffs Office with information on an abandoned 2016 white Hyundai Elantra which was located in [REDACTED] County near a residence. I called Det. F [REDACTED] back and he provided me with the plate: [REDACTED], which is registered to C [REDACTED] C [REDACTED], out of [REDACTED]. Det. F [REDACTED] stated there was a past contact at the residence where this vehicle was seen parked involving a relative of C [REDACTED], F [REDACTED] F [REDACTED] C [REDACTED] and R [REDACTED] I [REDACTED] S [REDACTED]. Det. F [REDACTED] sent me a photo of the vehicle which I determined did not match the suspect vehicle description. Sgt. Blaker also had received this tip from Det. F [REDACTED] and spoke with him.

VIDEO OBTAINED AND DOWNLOADED TO MPD EVIDENCE:

On November 15, 2022, I called K [REDACTED] F [REDACTED], the property owner for [REDACTED] Linda Ln. and asked about video footage he has on the property. F [REDACTED] stated he did have video and later sent me an e-mail with a direct login to his

drive to MPD which contained video footage from their Nest cameras. A white sedan, matching the description of the suspect vehicle, is seen traveling west on Indian Hills Dr. and passes by [REDACTED] Indian Hills Dr. on 11-13-2022 at approximately 0325 hours.

Around the end of November and the beginning of December 2022, Det. Chris Engle, PPD, provided me with the following videos from several Pullman businesses:

[REDACTED]

On December 2, 2022, Det. Chris Engle provided me with the contact information for the [REDACTED], [REDACTED] Pullman, WA. I reached out to the Corporate Security Head, M [REDACTED] G [REDACTED], and he stated we could come to the branch in Pullman and view the video on site to see if it would be of any evidentiary value, prior to requesting a search warrant to obtain the video. FBI R [REDACTED] E [REDACTED] made arrangements to view the available video at [REDACTED] [REDACTED]. FBI R [REDACTED] E [REDACTED] called me and told me he viewed the available video and did not locate anything of evidentiary value.

On January 3, 2023, R [REDACTED] I [REDACTED], Pullman PD Records Specialist, sent me a link to PPD evidence.com and shared all videos and photos for two PPD cases, [REDACTED] and [REDACTED]. [REDACTED] was a found Buck Knife in a sheath located on Terre View in front of the WSU Technology Research Park on 12-29-2022. The photos for this case are attached in Spillman to the original call and I did not download the photos from PPD evidence.com. [REDACTED] was a hit and run/DUI accident at [REDACTED] which occurred 11-12-2022 at approximately 2340 hours. This location is on the same road leading to Kohberger's apartment complex. Multiple officers responded to this location and remained on scene for several hours with their in car cameras and body cameras capturing video. The videos span from 11-12-2022 at 2341 hours to 11-13-2022 at 0325 hours. The suspect vehicle was located on WSU Greek Row and officers responded to that location as well. C [REDACTED] E. F [REDACTED], the owner of the suspect vehicle, was contacted and arrested for this offense and booked into the Whitman County Jail. While reviewing the photos located on Kohberger's phone, I found a screen shot of F [REDACTED] Whitman County booking information taken from the Whitman County Jail Roster, last modified date, 11-13-2022 at 06:27 PM. I downloaded all of the videos from PPD evidence.com, regarding [REDACTED], and will review to see if Kohberger drove by the incident between 2341 to 0325 hours.

Tinder Kohberger Warrant

Case # 23-M09903  
Date: 1/30/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Tinder account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com  
[REDACTED]@gmail.com  
[REDACTED]@desales.edu  
phone number [REDACTED]  
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0922 hours, the warrant was served via the Tinder Law Enforcement Portal (<https://www.lert.matchgroup.com>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference [REDACTED].

Later that day, I received a call from S [REDACTED] M [REDACTED], Customer Representative for Match Group. M [REDACTED] informed me they had located a previous account linked to the email [REDACTED]@gmail.com, however, no further information was available as the account was deleted. I requested any and all information available for the deleted account.

On January 30, 2023, I received an email from Tinder stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found several unique identifiers associated with [REDACTED] associated with the [REDACTED]@gmail.com account. These UIDs were also associated with the phone number of [REDACTED]. The UIDs were as follows:

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@match.com.

Tinder Warrant MogenUsers

Case # 22-M09903  
Date: 1/30/2023

On December 22, 2022, 2022, I applied and was granted a warrant for the user subscriber information associated with accounts that communicated with Maddie Mogen's Tinder Account using the following identifiers:

On December 22, 2022, 2022, at approximately 1519 hours, the warrant was served via the Law Enforcement Portal (<https://www.lert.matchgroup.com/>).

On January 30, 2023, I received an email from Tinder stating the data requested pursuant to the warrant were available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Tinder ([REDACTED]@match.com), as this was the originating email address associated with the documents.

Arrest Warrant and Arrest of Kohberger-#157

1. WatchGuard Event: No

Additional Responding Officers: Det. Gilbertson (ISP)

Case number added to WG: NA

2. Evidence

None

3. Narrative

Based off information obtained during the course of this investigation, I applied for an arrest warrant for Bryan C. Kohberger. Magistrate Judge Marshall signed the warrant on 12/29/22.

Previous search warrants and information led investigators to believe Kohberger left Pullman, WA and returned to his parents home in Allbrightsville, PA. Sgt. Gilbertson (ISP), T [REDACTED] S [REDACTED] (FBI) and I flew to Pennsylvania on 12/29/22 and met with the Pennsylvania State Police (PSP) and FBI personnel there.

At approximately 0100 hours on 12/30/22, the PSP SERT team conducted an operation at [REDACTED] and took Kohberger into custody based off the warrant signed by Judge Marshall.

Kohberger was taken to a nearby PSP barracks where Sgt. Gilbertson and I interviewed him for approximately 45 minutes. See Sgt. Gilbertson's report on the interview for full details.

The warrant was served to Kohberger upon his extradition back to Idaho and his booking into the Latah County Jail.

Kohberger Information and Cell Phone Search Warrants-#157

1. WatchGuard Event: No

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

None

3. Narrative

As part of the investigation, an extensive search, commonly referred to in law enforcement as a "video canvass," was conducted in the area of the King Road Residence. This video canvass was to obtain any footage from the early morning hours of November 13, 2022, in the area of the King Road Residence and surrounding neighborhoods in an effort to locate the suspect(s) or suspect vehicle(s) traveling to or leaving from the King Road Residence. This video canvass resulted in the collection of numerous surveillance videos in the area from both residential and business addresses. I have reviewed numerous videos that were collected and have had conversations with the other MPD Officers, ISP Detectives, and FBI Agents that are similarly reviewing footage that was obtained.

A review of camera footage indicated that a white sedan, hereafter "Suspect Vehicle 1", was observed traveling westbound in the [REDACTED] block of Indian Hills Drive in Moscow at approximately 3:26 a.m and westbound on Styner Avenue at Idaho State Highway 95 in Moscow at approximately 3:28 a.m. On this video, it appeared Suspect Vehicle 1 was not displaying a front license plate nor did it appear the vehicle had fog lights on the lower portion of the front bumper based off video obtained from the S [REDACTED] M [REDACTED] located [REDACTED]. This was the video which captured Suspect Vehicle 1 crossing South Main Street from Styner Ave. to Lauder Ave. at approximately 3:28 a.m.

A review of footage from multiple videos obtained from the King Road Neighborhood showed multiple sightings of Suspect Vehicle 1 starting at 3:29 a.m. and ending at 4:20 a.m. These sightings show Suspect Vehicle 1 makes an

initial three passes by the 1122 King Road residence and then leave via Walenta Drive. Based off of my experience as a Patrol Officer this is a residential neighborhood with a very limited number of vehicles that travel in the area during the early morning hours. Upon review of the video there are only a few cars that enter and exit this area during this time frame.

Suspect Vehicle 1 can be seen entering the area a fourth time at approximately 4:04 a.m. It can be seen driving eastbound on King Road, stopping and turning around in front of [REDACTED] Queen Road # [REDACTED] and then driving back westbound on King Road. When Suspect Vehicle 1 is in front of the King Road Residence, it appeared to unsuccessfully attempt to park or turn around in the road. The vehicle then continued to the intersection of Queen Road and King Road where it can be seen completing a three-point turn and then driving eastbound again down Queen Road.

Suspect Vehicle 1 is next seen departing the area of the King Road Residence at approximately 4:20 a.m. at a high rate of speed. Suspect Vehicle 1 is next observed traveling southbound on Walenta Drive. Based on my knowledge of the area and review of camera footage in the neighborhood that does not show Suspect Vehicle 1 during that timeframe, I believe that Suspect Vehicle 1 likely exited the neighborhood at Palouse River Drive and Conestoga Drive. Palouse River Drive is at the southern edge of Moscow and proceeds into Whitman County, Washington. Eventually the road leads to Pullman, Washington. Pullman Washington is approximately 10 miles from Moscow, Idaho. Both Pullman and Moscow are small college towns and people commonly travel back and forth between them.

Law enforcement officers provided video footage of Suspect Vehicle 1 to forensic examiners with the Federal Bureau of Investigation that regularly utilize surveillance footage to identify the year, make, and model of an unknown vehicle that is observed by one or more cameras during the commission of a criminal offense. The Forensic Examiner has approximately 35 years law enforcement experience with twelve years at the FBI. His specific training includes identifying unique characteristics of vehicles, and he uses a database that gives visual clues of vehicles across states to identify differences between vehicles.

After reviewing the numerous observations of Suspect Vehicle 1, the forensic examiner initially believed that Suspect Vehicle 1 was a 2011-2013 Hyundai Elantra. Upon further review, he indicated it could also be a 2011-2016 Hyundai Elantra. As a result, investigators have been reviewing information on persons in possession of a vehicle that is a 2011-2016 white Hyundai Elantra.

Investigators were given access to video footage on the Washington State University (WSU) campus located in Pullman, WA. A review of that video indicated that at approximately 2:53 a.m. on November 13th, a white sedan, which is consistent with the description of the White Elantra known as Suspect Vehicle 1, was observed traveling southeast on Nevada Street in Pullman, WA towards SR 270. SR 270 connects Pullman, Washington to Moscow, Idaho. This camera footage from Pullman, WA was provided to the same FBI Forensic Examiner. The Forensic Examiner identified the vehicle observed in Pullman, WA as being a 2014-2016 Hyundai Elantra.

At approximately 5:25 a.m., a white sedan, which was consistent with the description of Suspect Vehicle 1, was observed on five cameras in Pullman, WA and on WSU Campus cameras. The first camera that recorded the white sedan was located at [REDACTED] Johnson Road in Pullman. The white sedan was observed traveling northbound on Johnson Road. Johnson Road leads directly back to West Palouse

River Drive in Moscow which intersects with Conestoga Drive. The white sedan was then observed turning north on Bishop Boulevard and northwest on SR 270. At approximately 5:27 a.m., the White Elantra was observed on cameras traveling northbound on Stadium Way at Nevada Street, Stadium Way at Grimes Way, Stadium Drive at Wilson Road, and Stadium Way at Cougar Way.

On November 25, 2022, MPD asked area law enforcement agencies to be on the lookout for white Hyundai Elantras in the area. On November 29, 2022, at approximately 12:28 a.m., Washington State University (WSU) Police Officer Daniel Tiengo, queried white Elantras registered at WSU. As a result of that query he located a 2015 white Elantra with a Pennsylvania license plate [REDACTED]. This vehicle was registered to Bryan Kohberger hereafter "Kohberger" residing at [REDACTED], Pullman, Washington. [REDACTED] is approximately three-quarters of a mile from the intersection of Stadium Way and Cougar Way (last camera location that picked up the white Elantra).

That same day at approximately 12:58 a.m., WSU Officer Curtis Whitman was looking for white Hyundai Elantra's and located a 2015 white Hyundai Elantra at [REDACTED] in Pullman in the parking lot. [REDACTED] is an apartment complex that houses WSU students. Officer Whitman also ran the car and it returned to Kohberger with a Washington tag.

Upon receipt of this information, I reviewed Kohberg's WA state driver license information and photograph via a driver's license query for that name. This license indicates that Kohberger is a white male with a height of 6' and weighs 185 pounds. Additionally, the photograph of Kohberger shows that he has bushy eyebrows. Kohberger's physical description is consistent with the description of the male D.M. saw inside the King Road Residence on November 13th.

Further investigation, including a review of Latah County Sheriff's Deputy CPL Duke's body cam and reports, showed that on August 21, 2022, Bryan Kohberger was detained as part of a traffic stop that occurred in Moscow, Idaho, by CPL Duke. At the time, Kohberger, who was the sole occupant, was driving a white 2015 Hyundai Elantra with Pennsylvania plate [REDACTED] which was set to expire on November 30, 2022. During the stop, which was recorded via a law enforcement body camera, Kohberger provided his phone number as [REDACTED], hereafter the "8458 Phone" as his cellular telephone number. Investigators conducted electronic database queries and learned that the 8458 Phone is a number issued by AT&T.

On October 14, 2022, Bryan Kohberger was detained as part of a traffic stop by a WSU Police Officer. Upon review of that body cam and report of the stop, Kohberger was the sole occupant and was driving a white 2015 Hyundai Elantra with Pennsylvania plate [REDACTED].

On November 18, 2022, according to WA state licensing, Kohberger registered the 2015 white Elantra with WA and later received WA plate [REDACTED]. Prior to this time, the 2015 white Elantra was registered in Pennsylvania, which does not require a front license plate to be displayed (this was learned through communications with a Pennsylvania officer who is currently certified in the State of Pennsylvania). Based on my own experience and communication with Washington law enforcement, I know that Idaho and Washington require front and back license plates to be displayed.

Investigators believe that Kohberger continued to drive the white Elantra as the

vehicle was captured on December 13, 2022, by a license plate reader in Loma, Colorado (information provided by a query to a database). Kohberger's Elantra was then queried on December 15, 2022 by law enforcement in Hancock County, Indiana. It was later learned this query was a result of a traffic stop in Hancock County, Indiana wherein Kohberger was the driver of the white Elantra with his father as the passenger. Kohberger was stopped again nine minutes later in Hancock County and released without citation or further enforcement.

On December 16, 2022 at approximately 2:26 p.m., surveillance video, obtained by request of FBI agents in Pennsylvania, showed Kohberger's Elantra in Albrightsville, Pennsylvania. The only visible occupant of the vehicle was a white male whose description was consistent with Kohberger. Kohberger has family in Albrightsville, Pennsylvania (learned through a TLO search and locate tool database query), namely [REDACTED], an address which is inside the gated community where the footage was captured.

Based on information provided on the WSU website, Kohberger was a Ph.D Student in Criminology at Washington State University. Pursuant to records provided by a member of the interview panel for Pullman Police Department, we learned that the fall 2022 Semester was Kohberger's first semester at WSU. Additionally, these same records indicated Kohberger's past education included undergraduate degrees in psychology and cloud-based forensics. These records also showed Kohberger wrote an essay when he applied for an internship with the Pullman Police Department in the fall of 2022. Kohberger wrote in his essay he had interest in assisting rural law enforcement agencies with how to better collect and analyze technological data in public safety operations. Kohberger also posted a Reddit survey which can be found by an open-source internet search. The survey asked for participants to provide information to "understand how emotions and psychological traits influence decision making when committing a crime."

As part of this investigation, law enforcement obtained search warrants to determine cellular devices that utilized cellular towers in close proximity to the King Road Residence on November 13, 2022 between 3:00 a.m. and 5:00 a.m. After determining that Kohberger was associated to both the 2015 White Elantra and the 8458 Phone, investigators reviewed these search warrant returns. A query of the 8458 Phone in these returns did not show the 8458 Phone utilizing cellular tower resources in close proximity to the King Road Residence between 3:00 a.m. and 5:00 a.m.

Based on my training, experience, and conversations with law enforcement officers that specialize in the utilization of cellular telephone records as part of investigations, individuals can either leave their cellular telephone at a different location before committing a crime or turn their cellular telephone off prior to going to a location to commit a crime. This is done by subjects in an effort to avoid alerting law enforcement that a cellular device associated with them was in a particular area where a crime is committed. I also know that on numerous occasions, subjects will surveil an area where they intend to commit a crime prior to the date of the crime. Depending on the circumstances, this could be done a few days before or for several months prior to the commission of a crime. During these types of surveillance, it is possible that an individual would not leave their cellular telephone at a separate location or turn it off since they do not plan to commit the offense on that particular day.

On December 23, 2022, I applied for and was granted a search warrant for historical phone records between November 12, 2022 at 12:00 a.m. and November 14, at 12:00 a.m. for the 8458 Phone held by the phone provider AT&T

(approximately 24 hours proceeding and following the times of the homicides). On December 23, 2022, pursuant to that search warrant, I received records for the 8458 Phone from AT&T. These records indicated that the 8458 Phone is subscribed to Bryan Kohberger at an address in Albrightsville, Pennsylvania and the account has been open since June 23, 2022. These records also included historical cell site location information (CSLI) for the 8458 Phone. After receiving this information, I consulted with an FBI Special Agent (SA) that is certified as a member of the Cellular Analysis Survey Team (CAST). Members of CAST are certified with the FBI to provide expert testimony in the field of historical CSLI and are required to pass extensive training that includes both written and practical examinations prior to be certified with CAST as well as the completion of yearly certification requirements. Additionally, the FBI CAST SA that I consulted with has over fifteen years of federal law enforcement experience, which includes six years with the FBI. From information provided by CAST, I was able to determine estimated locations for the 8458 Phone from November 12, 2022 to November 13, 2022, the time period authorized by the court.

On November 13, 2022 at approximately 2:42 a.m., the 8458 Phone was utilizing cellular resources that provide coverage to [REDACTED], Pullman, WA, hereafter the "Kohberger Residence." At approximately 2:47 a.m. the 8458 Phone stops reporting to the network, which is consistent with either the phone being in an area without cellular coverage, the connection to the network is disabled (such as putting the phone in airplane mode), or that the phone is turned off. The 8458 Phone does not report to the network again until approximately 4:48 a.m. at which time it utilized cellular resources that provide coverage to ID state highway 95 south of Moscow, ID near Blaine, ID (north of Genesee). Between 4:50 a.m. and 5:26 a.m., the phone utilizes cellular resources that are consistent with the 8458 Phone traveling south on ID state highway 95 to Genesee, ID, then traveling west towards Uniontown, WA, and then north back into Pullman, WA.

At approximately 5:30 a.m., the 8458 Phone is utilizing resources that provide coverage to Pullman, WA and consistent with the phone traveling back to the Kohberger Residence. The 8458 Phone's movements are consistent with the movements of the white Elantra that is observed traveling north on Stadium Drive at approximately 5:27 a.m. Based on a review of the 8458 Phone's estimated locations and travel, the 8458 Phone's travel is consistent with that of the white Elantra.

Further review indicated that the 8458 Phone utilized cellular resources on November 13, 2022 that are consistent with the 8458 Phone leaving the area of the Kohberger Residence at approximately 9:00 a.m. and traveling to Moscow, ID. Specifically, the 8458 Phone utilized cellular resources that would provide coverage to the King Road Residence between 9:12 a.m. and 9:21 a.m. The 8458 Phone next utilized cellular resources that are consistent with the 8458 Phone traveling back to the area of the Kohberger Residence and arriving to the area at approximately 9:32 a.m.

Investigators found that the 8458 Phone did connect to a cell phone tower that provides service to Moscow on November 14, 2022, but investigators do not believe the 8458 Phone was in Moscow on that date. The 8458 Phone has not connected to any towers that provide service to Moscow since that date.

Based on my training, experience, and the facts of the investigation thus far, I believe that Kohberger, the user of the 8458 Phone, was likely the driver of the

white Elantra that is observed departing Pullman, WA and that this vehicle is likely Suspect Vehicle 1. Additionally, the route of travel of the 8458 Phone during the early morning hours of November 13, 2022 and the lack of the 8458 Phone reporting to AT&T between 2:47 a.m. and 4:48 a.m. is consistent with Kohberger attempting to conceal his location during the quadruple homicide that occurred at the King Road Residence. Kohberger would likely have information on how cellular data can be utilized in criminal investigations as part of his past studies.

On December 23, 2022, I was granted a search warrant for Kohberger's historical CSLI from June 23, 2022 to current, prospective location information, and a Pen Register/Trap and Trace on the 8458 Phone to aid in efforts to determine if Kohberger stalked any of the victims in this case prior to the offense, conducted surveillance on the King Road Residence, was in contact with any of the victims' associates before or after the alleged offense, any locations that may contain evidence of the murders that occurred on November 13, 2022, the location of the white Elantra registered to Kohberger, as well as the location of Kohberger.

On December 23, 2022 pursuant to that search warrant, I received historical records for the 8458 Phone from AT&T from the time the account was opened in June 2022. After consulting with CAST SA, I was able to determine estimated locations for the 8458 Phone from June 2022 to present, the time period authorized by the court. The records for the 8458 Phone show the 8458 Phone utilizing cellular resources that provide coverage to the area of 1122 King Road on at least twelve occasions prior to November 13, 2022. All of these occasions, except for one, occurred in the late evening and early morning hours of their respective days.

One of these occasions, on August 21, 2022, the 8458 Phone utilized cellular resources providing coverage to the King Road Residence from approximately 10:34 p.m. to 11:35 p.m. At approximately 11:37 p.m., Kohberger was stopped by Latah County Sheriff's Deputy CPL Duke, as mentioned above. The 8548 Phone was utilizing cellular resources consistent with the location of the traffic stop during this time (Farm Road and Pullman Highway).

Further analysis of the cellular data provided showed the 8458 Phone utilized cellular resources on November 13, 2022 consistent with the 8458 Phone traveling from Pullman, Washington to Lewiston, Idaho via US Highway 195. At approximately 12:36 p.m., the 8458 Phone utilized cellular resources that would provide coverage to Kate's Cup of Joe coffee stand located at [REDACTED], Clarkston, WA. Surveillance footage from the US Chef's Store located at [REDACTED], Clarkston, WA and adjacent to Kate's Cup of Joe showed a white Elantra, consistent with Suspect Vehicle 1, drive past Kate's Cup of Joe at a time consistent with the cellular data from the 8548 Phone.

At approximately 12:46 p.m., the 8458 Phone then utilized cellular data in the area of the Albertson's grocery store at [REDACTED] in Clarkston, Washington. Surveillance footage obtained from the Albertson's showed Kohberger exit the white Elantra, consistent with Suspect Vehicle 1, at approximately 12:49 p.m. Interior surveillance cameras showed Kohberger walk through the store, purchase unknown items at the checkout, and leave at approximately 1:04 p.m. Kohberger's possible path of travel is depicted below (not to scale):

Additional analysis of records for the 8458 Phone indicated that between approximately 5:32 p.m. and 5:36 p.m., the 8458 Phone utilized cellular

resources that provide coverage to Johnson, WA. The 8458 Phone then stops reporting to the network from approximately 5:36 p.m. to 8:30 p.m. That is consistent with the 8458 Phone being the area that the 8458 Phone traveled in the hours immediately following the suspected time the homicides occurred.

On December 27, 2022, Pennsylvania Agents recovered the trash from the Kohberger family residence located in Albrightsville, PA. That evidence was sent to the Idaho State Lab for testing. On December 28, 2022, the Idaho State Lab reported that a DNA profile obtained from the trash and the DNA profile obtained from the sheath, identified a male as not being excluded as the biological father of Suspect Profile. At least 99.9998% of the male population would be expected to be excluded from the possibility of being the suspect's biological father.

Based on the above information, I requested an arrest warrant be issued for Bryan C. Kohberger, (DOB) [REDACTED]/1994, for Burglary at 1122 King Street in Moscow, Idaho, and four counts of Murder in the First Degree for the murders of Madison Mogen, Kaylee Goncalves, Xana Kernodle, and Ethan Chapin.

YikYak Kohberger Warrant

Case # 23-M09903  
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a YikYak account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com  
[REDACTED]@gmail.com  
[REDACTED]@desales.edu  
phone number [REDACTED]  
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0852 hours, the warrant was served via the YikYak Law Enforcement Portal (<https://yikyak.com/law-enforcement-request>).

On January 27, 2023, I received an email from YikYak ([REDACTED]@yikyak.com) with a response to the data requested pursuant to the warrant. A copy of the email was saved to a computer in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found only the following information:

Poster phone number: [REDACTED]  
Poster UID: [REDACTED] & [REDACTED]  
Date Joined: Oct 11, 2022

I responded to the email, requesting clarification on if there was any way to correlate the UID with posts from other UIDs, date logs of posts, or dates of YikYaks viewed.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@yikyak.com, as this was the originating email address associated with the documents.

Dropbox Kohberger Warrant

Case # 23-M09903  
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Dropbox account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com  
[REDACTED]@gmail.com  
[REDACTED]@desales.edu  
phone number [REDACTED]  
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. On January 30, 2023, at approximately 1203 hours, the warrant was served via the Dropbox Law Enforcement Portal (<https://dropbox-legal.force.com>). I received an internal reference [REDACTED].

On February 2, 2023, I received an email from Dropbox stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the data, it showed the account belonged to Bryan Kohberger with an email address of [REDACTED]@desales.edu. The account was created on March 5, 2021. It showed the last log-in date of March 9, 2021 0240 UTC.

there was three (3) files in the account data. Two appear to be associated with using the Dropbox service. The third was an MP4 video titled, "Kids for Cash.mp4." This appears to be a movie released in 2013 and IMDB.com provides the following as an overview:

Kids for Cash is a riveting look behind the notorious judicial scandal that rocked the nation. Beyond the millions paid and high stakes corruption, Kids for Cash exposes a shocking American secret. In the wake of the shootings at Columbine, a small town celebrates a charismatic judge who is hell-bent on

keeping kids in line until one parent dares to question the motives behind his brand of justice. This real life thriller reveals the untold stories of the masterminds at the center of the scandal and the chilling aftermath of lives destroyed in the process a stunning emotional roller coaster.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@dropboxlegal.com, as this was the originating email address associated with the documents.

Supplement report 22-M09903  
Video at Corner Club

On November 15, 2022 at 0930 hours, myself and Det. Mowery responded to the Corner Club at [REDACTED] to contact the owner, M [REDACTED] T [REDACTED]. This was a pre-arranged meeting to view video from the evening of November 12th to the early morning hours of November 13th, 2022. The purpose was to confirm that Madison Mogen and Kaylee GonCalves were at the Corner Club as had been reported and to try and identify individuals seen on the Grub Truck video later in the morning. Specifically, a male who appeared to be accompanying them.

Upon arrival T [REDACTED] already had the video up on the screen and quued to the proper time frame. Det. Mowery began scrolling through the video, which consisted of multiple views and multiple screens that were all in time sync. We determined that GonCalves and Mogen arrived at the Corner Club at 2220 hours in a Prius type vehicle with one other unidentified female. The vehicle was determined to be an Uber vehicle and the driver identified. GonCalves and Mogen mingle around the bar but spend most of their time in the front along the bar next to the left end as you face the bar. They make ocassional trips to the rest room and speak to several people as they mingle. At 0022 hours, Kaylee paid her bar tab using her CC which consisted of "9 Well vodka" and "2 Add juice". T [REDACTED] provided a copy of the receipt.

At approximately 0100 hours, Kaylee engages in a conversation with a subject identified by bar staff as J [REDACTED] "J [REDACTED]" S [REDACTED]. S [REDACTED] was seen with GonCalves and Mogen in the Grub Truck video later in the evening. This appeared to be a consensual conversation and it appeared they knew each other. At approximately 0114 hours, Mogen joins in the conversation and all three remain generally in the area of the bar near the wall. Nothing stood out during that time and both appeared to know S [REDACTED].

At 0131 hours, S [REDACTED] paid his bar tab with his CC consisting of "5 can/btl" and "2 Kamikaze". After paying, he walked to the back of the bar, went into the restroom, came back out, retrieved his coat and came back to an area near the exit where GonCalves and Mogen were waiting. S [REDACTED] waited in the background while the girls finished conversing with others then they all exited the building at 0137 hours. The parking lot camera shows them walking away together across then out of the parking lot in a westerly direction. They were all dressed the same in the Grub Truck video with S [REDACTED] wearing a white or very

light colored hoodie with a brown coat over it.

While reviewing the video we also recognized J [REDACTED] I [REDACTED] who was reported to be GonCalves' ex-boyfriend. We did not track his movements in the video but he appeared to spend most of his time at the opposite end of the business, seated with several other males. At one point there appeared to be a brief interaction with GonCalves that looked cordial and in passing. I [REDACTED] left at 0151 hours with two other males.

Also noticed in the video was a subject seen in the Grub Truck video. I recognized him because of his unique sweater and long hair and beard. He was identified as H [REDACTED] V [REDACTED] by bar staff. He checked out at 0000 hours using a CC in the name of S [REDACTED] V [REDACTED] showing "2 Micro tub". I didn't notice any interaction between V [REDACTED] and GonCalves or Mogen.

A third subject who was seen in the Grub Truck video was also observed in the Corner Club but we were not able to identify him. He is a stocky build white male with brown hair and facial hair wearing a brownish sweater. I did not observe any interaction between him and GonCalve or Mogen.

Because the video file was extremely large, Det. Mowery was unable to copy it to an external storage device. We left the business and Det. Mowery is working on obtaining a usable copy of the video for a closer review.

I have attached the bar receipts provided by T [REDACTED].

Photos of Items requested to be held by Defense Team - 108

On February 2, 2023, at around 0800 hours, Cpl. Brett Payne and myself responded to the secure storage area at the city shop to take photos of property belonging to D [REDACTED] M [REDACTED] and another unidentified female. MPD had previously removed items belonging to D [REDACTED], B [REDACTED], Xana, Ethan, Maddie, and Kaylee. Items had also been removed from a spare bedroom on the first floor.

Ann Taylor, Defense Counsel, was granted permission to go through these items to see what could be released back to the proper owners. Prior to Ms. Taylor being given a chance to look at these items property belonging to Xana, Maddie, and Kaylee had already been released. MPD had also given D [REDACTED] back her belongings but we were able to get her to return them.

Ms. Taylor requested we set aside the following items:

Items from D [REDACTED] belongings:

Hand written note  
Pink and White blanket with red hearts  
Pink and White cloth possible used as a curtain or decoration  
Black and White Van shoes  
Red and White (unknown brand) shoes  
Black and White converse shoes

Items from the spare bedroom:

Adidas black and white short sleeve t-shirt (size small)  
Green and pink coat (unknown brand)

The above items were placed in cardboard boxes and set aside until Ms. Taylor can get a court order stating she can take the items.

Additional Responding Officers: Sgt. Hathaway

Case number added to WG: 23-M00906

2. Evidence

NONE

3. Narrative

On 02/02/23, at approximately 1700 hours, I responded to a single vehicle crash at 500 Queen Rd.

While parked in the parking lot of [REDACTED] Queen Rd, (directly above the 1122 King Rd crime scene), M [REDACTED] F [REDACTED] and A [REDACTED] F [REDACTED] were attempting to push P [REDACTED] silver Nissa Versa off a frozen patch of the lot. While attempting to push the vehicle, it rolled forward off the patch of ice and down the embankment, crossing past the crime scene tape and striking a tree, approximately 20 feet from the house. P [REDACTED] stated that he crossed the crime scene tape and placed his car in park, then turned off the engine. P [REDACTED] explained that he did not go past the vehicle or near the home.

[REDACTED] came and removed the vehicle while officers were on scene. No one went past the front of the vehicle or approached the house, but the taped off scene was entered for removal of the vehicle.

The vehicle sustained damage to the front bumper but was still operable.

4. Other

The DR has been attached in the involvement files for this report. The involved parties and the crash photos can be viewed in that case file.

2. Evidence

Item 629- Apple Watch

3. Narrative

On February 9, 2023 I was notified by S G, representative of the Goncalves family, that he discovered an Apple Watch in Kaylee's belongings which had been released to the Goncalves family on December 12, 2022. G stated he took a video of himself removing the watch from the box. I told G MPD would take custody of the watch as it could be helpful to the investigation.

G brought the Apple Watch to me at the Moscow Police Department later on February 8, 2023. I had G sign the chain of custody sticker and provided him with my business card, on the back of which were instructions to send me the video of his discovery of the watch. I booked the Apple Watch into MPD evidence upon ending our conversation.

I have since sent two email requests to G for the video of him locating the watch. As of this writing, I had not received any images or videos of G finding the watch.

In addition, I spoke to several members of ISP and MPD who boxed up Kaylee's belongings, none of whom remember seeing the item.

Twitter Kohberger Warrant

Case # 23-M09903  
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Twitter account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com  
[REDACTED]@gmail.com  
[REDACTED]@desales.edu  
phone number [REDACTED]  
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. I attempted several times to serve the warrant via the Law Enforcement Portal (<https://legalrequests.twitter.com>), however Twitter would not recognize my city issued email as government issued. An extension to the warrant service was requested and granted by the court.

I was finally able to gain access February 6, 2023, at approximately 0913 hours, the warrant was served via the Twitter Law Enforcement Portal I received an email shortly after the submission, confirming the receipt of the request and assigning the internal Case # [REDACTED].

On February 12, 2023, I received an email from Twitter stating the data requested pursuant to the warrant was available to download. On February 15, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found the following data:

"accountId" : [REDACTED]  
"phoneNumber" : [REDACTED]  
"userCreationIp" : [REDACTED]  
"createdAt" : [REDACTED],

"email" : [REDACTED]@gmail.com",  
"createdVia" : [REDACTED]  
"username" : [REDACTED]  
"accountDisplayName" : [REDACTED]

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@twitter.com, as this was the originating email address associated with the documents.

J [REDACTED] M [REDACTED] Follow Up-157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On February 16, 2023, I was notified by Sgt. Blaker that J [REDACTED] M [REDACTED] had called requesting follow up on a tip he provided during the investigation. Sgt. Blaker provided me with the phone number of [REDACTED]. I called M [REDACTED] at that number and spoke to him. The conversation was not recorded.

M [REDACTED] started by stating he lived at [REDACTED] in Moscow and had called in a tip early on in the investigation about seeing a vehicle drive by his house at approximately 04:25 to 04:30 on the morning of November 13, 2022. M [REDACTED] told me he was out in front of his house at that time placing items into his recycling and trash bins. M [REDACTED] stated he was wearing a headlamp at the time because it was dark and his front house lights were not on. M [REDACTED] stated there was only one street light in the area at the corner of his property. M [REDACTED] stated he had been in and out of his house several times. On the last of these times, he told me he heard a vehicle approaching his home from the north (Connestoga Drive runs north/south in this area) headed towards West Palouse River Drive.

M [REDACTED] was adamant he could not swear to what type of vehicle he saw. However, he remembered seeing the headlights and taillights. M [REDACTED] described the taillights as being teardrop shaped and about waist high. The only thing he remembered about the headlights was they were lower to the ground than the taillights. M [REDACTED] also told me the vehicle was going faster than usual but did not seem to be driving erratically or dangerously. M [REDACTED] also told me he thought, at the time, the vehicle may have been a dark SUV but based this only off the taillight height and the fact he could not see the vehicle itself due to

lighting.

I asked M [REDACTED] if it was common for him to be out in the early hours of the morning. M [REDACTED] stated he often walked his service dog or took his trash out at that time. M [REDACTED] told me it was quite unusual for anyone to be driving in the area at that time, and said he had not seen many cars driving at that time since the morning of November 13, 2022.

M [REDACTED] told me he spoke to an ISP investigator during the investigation and told the investigator he thought the vehicle might have been a dark SUV based on the above information. However, M [REDACTED] told me he has since tried to tell the color of other vehicles driving by his house when it was dark outside and he has been unable to tell what color the vehicles are because of the poor lighting.

M [REDACTED] stated he was contacted by someone from the Kootenai County Public Defender's Office who asked him about the dark SUV he caught on security camera. M [REDACTED] told me he did not have any video footage nor was he certain the vehicle was an SUV or a sedan. M [REDACTED] expressed several times the only thing he could attest to was the shape of the taillights he saw on the vehicle that night.

I thanked M [REDACTED] for his time and told him to call me with any further information.

4. Other

Google [REDACTED] Warrant

Case # 23-M09903  
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Twitter account of Bryan Kohberger with the any of the following identifiers:  
[REDACTED]@gmail.com

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0911 hours, the warrant was served via the Google Law Enforcement Portal (<https://lers.google.com>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED].

On February 19, 2023, I received an email from Google stating the data requested pursuant to the warrant was available to download. On February 20, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found the following subscriber information:

Google Account ID: [REDACTED]  
Name: [REDACTED]  
Given Name: [REDACTED]  
Family Name: M  
Created on: [REDACTED]  
Terms of Service IP: [REDACTED]  
Terms of Service Language: en  
Birthday (Month Day, Year): [REDACTED] 1994  
Last Updated Date: 2022-07-24 00:23:52 Z  
Last Logins: 2022-07-24 00:23:52 Z, 2021-12-20 09:18:19 Z, 2021-06-23 16:43:27 Z  
Last Login IP: [REDACTED]

I then examined the Google Play Library associated with the account and located

the following:

Hinge Dating App: Meet People    Acquisition Time: 2022-02-12T20:28:13.536Z  
Bumble - Dating. Friends. Bizz    Acquisition Time: 2022-02-13T22:40:15.947Z

In examining the email content associated with the Gmail account I found emails referencing a Twitch account with the username of "[REDACTED]" I also located emails associated to a YouTube account using the Gmail account that referenced a "[REDACTED]"

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@google.com, as this was the originating email address associated with the documents.

Release of crime scene and residence at 1022 King Rd.

On February 21, 2023 I received a copy of an agreement between the University of Idaho and the owner of the residence at 1022 King Rd for the Univerity of Idaho to take over security and remediation of the house. This was done after the crime scene was released by Judge Marshall's order and in coordination with Team Idaho Property Management, the property owner's attorney, University of Idaho and Moscow Police Department. All responsibility to maintain and remediate the property was taken over by the University of Idaho.

I have attached the agreement to the case file.

Narrative:

Evidence collected from J. Talbott ISP 3431, interviews with neighbors:

On November 14, 2022, I went to 1122 Kind Rd., with Sgt. Blaker, to observe the scene. I walked through the house and around the outside of the residence, along with other investigators, looking for possible evidence. ISP investigators were on scene, walking through for a second time, looking for additional evidence. I walked around the south side of 1122 King Rd. up the hill and along the fence line for [REDACTED] Walenta. The backyard for [REDACTED] Walenta backs up to the back yard area of 1122 King Rd. I spoke with S [REDACTED] G [REDACTED], at [REDACTED] Walenta, and asked for his permission to look through his backyard area, which he said I could. G [REDACTED] told me he was a person who previously called dispatch to provide information about what he observed. I told G [REDACTED] after looking over the area and through the residence on King Rd. I would come back and get a statement from him. I did not locate anything of interest in the backyard of [REDACTED] Walenta or on the hillside behind 1122 King Rd. I walked into 1122 King Rd. and looked through the house with other investigators.

The following 4 evidence items were collected by ISP 3431 J. Talbott inside 1122 King Rd. on November 14, 2022 and turned over to me on scene. ISP took photos of the items in the places they were collected from. I booked the following items into MPD evidence. A copy of the evidence property receipt, relating to these items, is attached electronically to the case file:

Exhibit 57: Rolled \$2.00 bill, located on the desk in F2 BDR1 northwest.

Exhibit 58: Blue powder (suspected drugs), located on the desk in F2 BDR1 northwest.

Exhibit 59: Blood sample west wall F2 living room.

Exhibit 60: Blood sample F3 BDR2 NW wall.

I spoke with the following people who live at [REDACTED] Walenta. My conversations with the S [REDACTED] G [REDACTED], M [REDACTED] M [REDACTED], and T [REDACTED] M [REDACTED] were recorded and are attached electronically to the case file.

S [REDACTED] G [REDACTED] (DOB: [REDACTED]-2001)  
[REDACTED]

M [REDACTED] M [REDACTED] (DOB: [REDACTED]-2000)  
[REDACTED]

T [REDACTED] M [REDACTED] (DOB: [REDACTED]-1997)  
[REDACTED]

S [REDACTED] G [REDACTED] told me the following: He woke up a couple of times Saturday night. He looked at the clock, saw it was 0417 hours, and said after about 5 minutes of waking up he heard a dog barking, outside, from the direction of 1122 King Rd. G [REDACTED] said he was going in and out of sleep and after an hour, around 0500 hours, he still heard the dog barking outside from the direction of 1122 King Rd. G [REDACTED] said his bedroom is on the far north east side of [REDACTED] Walenta and is closest to the backyard of 1122 King Rd. G [REDACTED] said there is a motion light outside of his window and said if it turned on he would have noticed it. G [REDACTED] told me he has lived in this residence since January and has not heard the dog barking outside before in the middle of the night.

I next spoke with M [REDACTED] M [REDACTED]. M [REDACTED] told me on the 13th he woke up around 0230 hours and left the house around 0300 hours. M [REDACTED] said he had an [REDACTED] extended training day and it lasted about 12 hours. M [REDACTED] said he finished his extended training day around 1800 hours, at Buffalo wild wings, and arrived home around 1830 hours. M [REDACTED] said he was with approximately 20 [REDACTED] members and did not notice anyone, who should have been there, was not there. M [REDACTED] did not remember hearing anything in particular when he woke up or left around 0230 and 0300 hours. M [REDACTED] did not hear the dog barking.

I next spoke with T [REDACTED] M [REDACTED]. T [REDACTED] told me he did not hear a dog barking at any point. T [REDACTED] said he had been out at the bars the evening of the 12th and got home around 0230 hours. T [REDACTED] said he sleeps with ear plugs in. T [REDACTED] said his sister, M [REDACTED] M [REDACTED] mentioned she saw Madison Mogen at some point at the Corner Club. T [REDACTED] provided me with his sisters phone number.

Plates from AIMS for FBI techs working license plates - 108

1. WatchGuard Event: none

Additional Responding Officers: none

Case number added to WG: no

2. Evidence

none

3. Narrative

A few weeks after November 13th, I was at work when I was asked by M [REDACTED] T [REDACTED], analyst with the FBI, if we had a way to run our records to see if we had any license plates for a white Hyundai Elantra 2011 to 2013. I was able to run all vehicles through Spillman and I had D [REDACTED] E [REDACTED], Parking enforcement Officer, to run vehicles through AIMS. AIMS is our parking ticket software. E [REDACTED] provided me with a printout of the plates and I handed it to T [REDACTED] so it could be provided to the FBI techs who were checking plates and looking for leads.

I was recently provided with the printout of these plates and I provided to MPD records department so they could be scanned to the case.

4. Other

none

Tip from a J [REDACTED] E [REDACTED] via the Tip Line - 108

1. WatchGuard Event: None

Additional Responding Officers: None

Case number added to WG: No

2. Evidence

none

3. Narrative

On February 22, 2023, I was listening to the tip line phone calls and a tip from a J [REDACTED] E [REDACTED], from Stroudsburg Pennsylvania was left on February 16 at 0649 hours. In the tip J [REDACTED] stated her brother, S [REDACTED] E [REDACTED] and a R [REDACTED] K [REDACTED] used to be friends with Bryan Kolhberger when they were in high school. J [REDACTED] stated she felt it would be in our best interest to talk to R [REDACTED] about E [REDACTED].

I called J [REDACTED] and she confirmed her brother S [REDACTED] and R [REDACTED] were friends with Bryan in high school and Bryan has been in her mothers house during that time period. J [REDACTED] was not sure if it would be very helpful for us to talk to R [REDACTED] but wanted us to know about this.

I asked J [REDACTED] if her brother S [REDACTED] would talk to us as well. J [REDACTED] told me she was not sure but would reach out to him and see if he would call us. I was able to locate info on J [REDACTED] on TLO. I used this info to find info on S [REDACTED] and R [REDACTED].

I will provide this information to Cpl. Payne so it can be provided to the FBI in Pennsylvania so they can reach out to S [REDACTED] and R [REDACTED] for a potential interview.

4. Other

none

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

TikTok Multi Warrant

Case # 23-M09903  
Date: 2/22/2023

On December 13, 2023, I applied for and was granted a warrant for the user subscriber information and user data associated with TikTok accounts of Maddie Mogen, Kaylee Goncalves and Xana Kernodle with the any of the following identifiers:

[REDACTED]@gmail.com

[REDACTED]@yahoo.com

[REDACTED]@gmail.com

[REDACTED]@gmail.com

On December 13, 2022, at approximately 1641 hours, the warrant was served via the TikTok Law Enforcement Portal (<https://law-enforcement-tiktok-uscan.zendesk.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On January 19, 2023, I received an email from TikTok stating the data requested pursuant to the warrant was available to download. On December 20, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

After briefly reviewing the contents, I found data associated with accounts for Maddie Mogen, Kaylee Goncalves, and Xana Kernodle.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@law-enforcement-tiktok-uscan.zendesk.com, as this was the originating email address associated with the documents.

Google Search Terms

Case # 22-M09903  
Date: 2/16/2023

On November 26, 2022, I applied for and was granted a warrant to serve on Google for information on accounts searching the following search terms from August 1, 2022 to November 13, 2022:

1122 King Rd, Moscow, ID  
1122 King Rd, Moscow, Idaho  
1122 King Rd  
Kinggirls  
Kinggirlz  
Kaylee Goncalves  
Maddie Mogen  
Madison Mogen  
Xana Kernodle  
Ethan Chapin  
D [REDACTED] M [REDACTED]  
B [REDACTED] F [REDACTED]  
L [REDACTED] M [REDACTED]

On November 26, 2022 at approximately 1546 hours, the warrant was served via email to [REDACTED]@google.com.

On December 1, 2022, I applied for and was granted a warrant to serve on Google for information on accounts searching the following search terms from November 13, 2022 at 12:00 p.m. Universal Coordinated Time (UTC) to November 13, 2022 at 8:00 p.m.:

Moscow murders  
Murder in Moscow  
Murder in Moscow ID  
Murder in Moscow Idaho  
Moscow Idaho crime  
Moscow Idaho stabbing  
University of Idaho murders  
University of Idaho stabbing

King Road murder

North Idaho News  
Campus stabbing  
Campus murders  
DNA on knife  
Getting blood out of clothing  
How to get blood out of clothing  
Getting blood out of a vehicle  
How to get blood out of vehicle

On December 1, 2022 at approximately 1343 hours, the warrant was served via email to [REDACTED]@google.com.

This was done in an attempt to locate a suspect possibly searching for the victims prior to the murder, potentially gaining information on the persons, their residence, or lifestyles, which could be located on social media. The searches after, were done in an attempt to locate a suspect possibly searching for information on the murders prior to the discovery of the victims.

I was contacted by Google regarding the warrants and informed the process of the searches were extremely complicated and the large date range was problematic to their search queries. They stated they had to restart the process several times due to the complexity of the searches.

On December 19, 2022, Bryan Kohberger was identified as a possible suspect.

On February 15, 2022. After talking with other investigators and conferring with the Latah Prosecutor's Office, it was decided to return the warrant without data, as the original broad scope of these warrants was to determine a potential suspect, when none was known. New warrants, specific to Kohberger's Gmail accounts, which can include search history, have been requested.

CDA PD Phone Swab and Paper Receipt-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 639-Phone Swab

Item 640-Paper

3. Narrative

On or about February 13, 2023, MPD received a package from the Couer d'Alene Police Department. The package contained two items for Det. Mowery. I provided these items to Det. Mowery on Febraury 14, 2023 without opening the package as I thought they were digital items.

On February 23, 2023, Det. Mowery brought the two items into my office and told me they were not digital items. The two evidence items were swabs from J [REDACTED] D [REDACTED] phone and the paper used while taking the swabs. The swabs were taken before the phone was forensically downloaded. None of the seals on either of the items were broken, so I booked the packages into MPD evidence on February 24, 2023.

4. Other

None

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Receipts collected by Det. Schwecke- ISP:

Det. Schwecke, with ISP, provided me with a folder that contained the following receipts he collected during this investigation from some local businesses. The details are listed below:

-----  
WALMART- [REDACTED] PULLMAN, WA  
Bryan Kohberger's US debit card ending in #1973:

10-28-2022 @ 15:54 hours  
11-07-2022 @ 22:37 hours  
11-10-2022 @ 21:19 hours  
11-12-2022 @ 22:34 hours  
11-16-2022 @ 23:00 hours  
11-17-2023 @ 22:51 hours  
11-23-2022 @ 22:25 hours  
11-29-2022 @ 18:58 hours  
12-01-2022 @ 21:35 hours  
12-02-2022 @ 18:34 hours  
12-05-2022 @ 22:35 hours  
12-06-2022 @ 22:07 hours  
12-08-2022 @ 20:10 hours

A majority of the items purchased were food items. On 11-7-2022 Kohberger purchased a beanie hat but there was no description of the hat. I spoke with an employee from Walmart and he stated at the time he met with Det. Schwecke they were unable to locate the details of the exact beanie which Kohberger purchased. On 12-1-2022 Kohberger purchased utility clothes. I spoke with an employee from Walmart who told me this item was 9 pk hand towels which were two shades of grey. There was nothing else of interest listed on the above receipts.

-----  
TARGET- [REDACTED] MOSCOW, ID:  
Bryan Kohberger's US debit card ending in #1973:

11-10-2022 @ 17:42 hours  
11-09-2022 @ 19:24 hours

11-08-2022 @ 18:52 hours  
11-06-2022 @ 18:29 hours  
11-06-2022 @ 18:41 hours  
11-04-2022 @ 20:50 hours  
10-24-2022 @ 19:39 hours  
10-20-2022 @ 21:32 hours  
10-19-2022 @ 20:38 hours  
10-18-2022 @ 18:05 hours  
10-13-2022 @ 20:46 hours  
10-10-2022 @ 21:11 hours  
10-06-2022 @ 20:47 hours  
09-30-2022 @ 20:17 hours  
09-26-2022 @ 21:19 hours  
09-10-2022 @ 21:39 hours  
08-31-2022 @ 18:52 hours

One receipt from Target, was provided from a transaction which belonged to E [REDACTED] F [REDACTED] (last 4 debit card #3830), 11-10-2022 @ 16:09 hours. Kohberger was at Target on the same day as F [REDACTED] but made completed his transaction at 17:42 hours. It is unknown if F [REDACTED] and Kohberger were in Target at the same time.

There was nothing of interest purchased by Kohberger.

-----  
HARBOR FREIGHT- [REDACTED] PULLMAN, WA:  
Bryan Kohberger's US debit card ending in #1973:

Customer Name: Bryan Kohberger  
Customer Number: [REDACTED]  
E-mail: [REDACTED]@gmail.com

11-20-2022 @ 11:36 hours- purchased a 1000 Watt Continuous Inverter

11-23-2022 @ 15:56 hours- purchased a 2000W/4000W Power Inverter and a 1 year ITC membership. Det. Schwecke collected a copy of the owners manual for this item.

11-23-2022 @ 16:33 hours- purchased an Inverter Cable

There were several other receipts, from other customers, which Det. Schwecke collected at Harbor Freight. These receipts do not appear to be related but were collected:

Customer E [REDACTED] N [REDACTED] - 10-23-2022 @ 11:52 hours

Customer F [REDACTED] F [REDACTED] - 10-10-2022 @ 18:07 hours

Customer J [REDACTED] W [REDACTED] - 11-26-2022 @ 17:03 hours

-----  
TAJ GROCERY- [REDACTED] MOSCOW, ID:

Receipt for a purchase made by Maddie Mogen (last 4 # 1779) at Taj Grocery on

11-12-2022 @ 11:05 hours.

-----  
STORAGE UNIT INFORMATION FROM COLFAX, WA:

Det. Schwecke collected unit renter information and contact information for two separate storage units in Colfax, WA: Four Star Supply Mini Storage ([REDACTED] Colfax, WA 99111) and Clay St. Storage Units ([REDACTED] Colfax, WA 99111). The name, Bryan Kohberger, was not listed as a renter at either storage unit facility.

All of the documents, provided to me from Det. Schwecke, are booked into MPD evidence.

3. Narrative

On February 28, 2023 I emailed a formal request to Cpt. Anderson with LCSO for a copy of all video and audio obtained during CPL Duke's traffic stop of Kohberger. I was notified on March 1, 2023 that the video was ready for me to pick up.

I responded to LCSO on March 2, 2023 and retrieved a thumb drive which I later reviewed. The thumb drive contained the video of CPL Duke's traffic stop of Kohberger. In addition, SGT Blaker provided me a copy of the WSU PD traffic stop of Kohberger which I also burned to the thumb drive. I uploaded both traffic stop videos to the case digitally and maintained possession of the thumb drive.

1. WatchGuard Event: No

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

None

3. Narrative

On January 23, 2023, the FBII tip line received an email from A [REDACTED] H [REDACTED] which stated Kohberger attended PHD courses at Oklahoma State University. H [REDACTED] added she met Kohberger during this time and Kohberger had befriended a professor named J [REDACTED] D [REDACTED] who gave Kohberger a Ka Bar knife. I spoke to H [REDACTED] on the phone on March 2, 2023. I did not record the phone conversation. H [REDACTED] related that she met Kohberger when I [REDACTED] brought him to her house for a visit. H [REDACTED] stated Kohberger made her very uncomfortable and she warned I [REDACTED] about him. I asked H [REDACTED] to email me anything she had to support her claim. H [REDACTED] emailed me the following information on March 2, 2023:

"2016-2017 University of Oklahoma began offering criminal justice bachelor degrees. Kohlberger found it cheaper to take the courses here that he needed for degree.

Schools phone [REDACTED]

The dean who approved kohlberger was M [REDACTED] E [REDACTED]. Since retired. Ask for dean above E [REDACTED].

Here is the information you must have:

Subpoena: email

[REDACTED]@ou.edu

You will see the personal communication between I [REDACTED] and Kohlberger.

Pen trap phone number

[REDACTED]

D [REDACTED]'s cell phone of twenty plus years.

Witnesses:

T [REDACTED] C [REDACTED]  
C [REDACTED] W [REDACTED] C [REDACTED] instructor  
Son light martial arts b [REDACTED] ok.  
Allowed kohlberger to attend class as J [REDACTED] guest.  
M [REDACTED] I [REDACTED], allowed kohlberger to stay at home.  
Myself- advised. I [REDACTED] that Kohlberger was homicidal and had possibly had a  
psychotic break. Violent, sloppy ideation of violence towards others.  
I believe I contacted an fbi agent named C [REDACTED], J [REDACTED] alerted her.  
Kohlberger used a credit card to pay for courses and travel expenses. Subpoena  
his financial records.  
I'll have another report for you. this afternoon with addresses numbers and any  
other evidence of visit.

J [REDACTED] I [REDACTED] lies to investigators period. He lied to M [REDACTED] E [REDACTED] Virginia state  
police in a cold case murder investigation. He is a krav maga instructor and a  
predator. He encouraged kohlberger and initiated him into brutality.

I am here to help moscow idaho in any way possible and I have faith in your  
competence as a chief of police.

A [REDACTED] C [REDACTED] H [REDACTED]  
Ss# [REDACTED]  
Dob- [REDACTED]-72"  
XXX END OF EMAIL XXX

Upon further investigation, it was learned H [REDACTED] had reported thirty-six tips  
to the FBI over the past several years. In addition, there is no current  
information to support Kohberger ever attended Oklahoma State University.  
I will investigate further if information arises that Kohberger attended OSU at  
any point in time.

N/A

3. Narrative

On 11-15-2022, I [REDACTED] S [REDACTED] and C [REDACTED] F [REDACTED] came to the Moscow PD Substation to speak with Ofc. Rosinsky and I regarding an incident possibly related to the Homicide that occurred on 11-13-2022. They stated on 10-21-22 an unidentified white male came into the Woman's Center and asked to speak to someone. F [REDACTED] spoke to the male. She stated he asked for snacks and appeared to be under the influence. She stated the interaction only lasted about 5 minutes. F [REDACTED] stated the male said he had a female friend who was in an abusive relationship. The male stated he was afraid the female would be hurt by her boyfriend and was also afraid he would hurt the boyfriend due to the abusive behavior. F [REDACTED] did not gather any names and had never seen the male before. I asked both F [REDACTED] and S [REDACTED] if they had any contacts with any of the victims. They said they did not and they did not have any of their contacts documented.

On 11-15-22, at approximately 1150 hours, A [REDACTED] A [REDACTED] came into the substation to speak to me. I was told by Cpl. Payne, A [REDACTED] went to Gritman on 11-13-22 to seek medical care for cuts on his hand. I asked A [REDACTED] what happened to his hand. He stated on 11-12-22 at around 2000 hours he cut his hand attempting to cut chicken for a sandwich. A [REDACTED] stated he was intoxicated and when he was trying to cut the meat his pocket knife slipped and cut his hand. I asked when he went to the hospital. He read his wrist band from the hospital and he said he went in on 11-13-22 at 1400 hours.

A [redacted] told me he lived at the [redacted] house. The laceration was on his right hand. He sent me a photograph of the injury and I attached it to the case. I asked A [redacted] if he knew any of the victims. He stated he had seen Ethan two times at parties but did not know any of the females. He said the [redacted] sister house was [redacted]. He said it was a national standard but he had friends from multiple sororities.

A [redacted] ran me through his weekend from Saturday morning. He stated he slept in Saturday morning, 11-12-22, and woke up around 0930 hours. A [redacted] said he went to the "TreeHouse" which was a [redacted] outhouse located at [redacted] Taylor Ave. He said he spent the whole day there watching the game. He said he left the "TreeHouse" at around 1930 hours and went back to the [redacted] Elm St. He said he was drinking all night and finally went to bed on 11-13-22, at around 0400 hours. A [redacted] said he was with his friends, L [redacted] M [redacted] and C [redacted] K [redacted] all night. A [redacted] provided me M [redacted] phone number. Ofc. Rosinsky talked to M [redacted] later at the [redacted] house. M [redacted] said he and A [redacted] were walking down stairs at the [redacted] house when A [redacted] missed a step and fell into the window. M [redacted] said at the time neither he or A [redacted] saw any blood. M [redacted] said A [redacted] was cutting chicken and he saw the injury. According to M [redacted], A [redacted] was extremely intoxicated and thought he cut his hand while cutting the chicken but M [redacted] believed he cut it on the glass.

A [redacted] said he was willing to sign a consent form for medical records if we needed them. A [redacted] said he could not remember if he cut his hand on the window or with the knife. A [redacted] said his friends told him to go to the hospital to make sure there was not glass in his hand. I went with A [redacted] to the [redacted] house. He showed me the window they found broken. I photographed the window and attached it to the case.

On 11-16-22, I responded to [redacted] at [redacted] Main St. A person of interest J [redacted] S [redacted] lived at [redacted]. I [redacted] confirmed S [redacted] lived at the unit alone. They said they did offer free internet service to tenants through C [redacted] C [redacted]. I [redacted] said they could not see who used the service. I asked I [redacted] if any of their tenants tried to get out of their leases recently. They said no. They said S [redacted] started his lease on 7-18-22. The employee remembered S [redacted] because his father was adamant on getting him the apartment.

I responded to C [redacted] C [redacted] to see if S [redacted] utilized the internet service they provided. The employee gave me a paper with all tenants from [redacted] Queen Rd. that used it. S [redacted] did not use the service.

On 11-16-22, I was asked to follow-up on individuals connected to victims or people of interest. The names provided were M [redacted] E [redacted], L [redacted] E [redacted], N [redacted] E [redacted], J [redacted] E [redacted], and C [redacted] E [redacted]. I called the Dean of Students Office for phone numbers for E [redacted], E [redacted], and E [redacted]. I called E [redacted] first who stated he was at his home in Boise. E [redacted] and E [redacted] stated they lived together in Meridian. I passed the information on to Cpt. Berrett. I also TLO'd E [redacted] and E [redacted]. I got a number for E [redacted] and called him. He provided his home address in Boise and said he was willing to speak with detectives. I forwarded that information as well as a TLO of E [redacted] to Cpl. Payne and Cpt. Berrett.

On 11-16-22, I [redacted] S [redacted], and J [redacted] E [redacted] from the DOS office came to the ISub. S [redacted] stated he had information regarding the Homicide. S [redacted] first stated the DOS office had a debrief to check in on everyone. S [redacted] said J [redacted]

D [REDACTED] name was brought up. He said it got him thinking because D [REDACTED] had a recent care report put in on him. On 11-3-22, D [REDACTED] emailed the DOS saying "Had a few different circumstances in my life that have substantially decreased my mental health." On 11-4-22 S [REDACTED] called D [REDACTED]. S [REDACTED] said D [REDACTED] seemed distant, distracted and sad. S [REDACTED] also brought up the Grub Truck video. He said he was guessing but he believed it was D [REDACTED] following the victims and hovering around them. S [REDACTED] also said after finding out what had happened D [REDACTED] was more concerned with his dog. I thanked S [REDACTED] for the information. I asked H [REDACTED] if he was able to provide the care reports for D [REDACTED] they referenced. H [REDACTED] said they did not seem hugely concerning but would attempt to gather them.

H [REDACTED] Interview-#157

1. WatchGuard Event:No

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

None

3. Narrative

On Friday, March 3, 2023, I spoke to V [REDACTED] H [REDACTED] on the phone reference a tip she reported to the tip line. I did not record our conversation. H [REDACTED] originally reported the tip in January of 2023 and stated she had an encounter with someone she thought was Kohberger. I called H [REDACTED] at [REDACTED] and spoke to her about the tip.

H [REDACTED] told me she was working as a dancer at S [REDACTED] on [REDACTED] Club in [REDACTED] during the 2018-2019 timeframe. [REDACTED] is a two hour drive from [REDACTED] PA. Hoffer stated she was unsure which of those two years the encounter took place.

H [REDACTED] stated she came in to work on what she described as a slow day and noticed only one man seated next to the stage, alone. H [REDACTED] stated she got on stage and began her dance when she noticed the man seemed to be talking to himself. H [REDACTED] stated the man made her feel uneasy but she continued her dance. H [REDACTED] told me during the dance she heard the man state something about "wanting to kill people". H [REDACTED] told me she thought she misheard the man, so she did not acknowledge the statement until he said it again. H [REDACTED] said she could not remember exactly what the man said but thought it was something to the effect of wanting to kill people.

H [REDACTED] told me she engaged with the man after the second comment thinking he was trying to get attention. H [REDACTED] told me she jokingly asked the man who he was going to kill to which he replied something to the effect of "whoever I want". H [REDACTED] completed her dance and left the stage.

H [REDACTED] told me the conversation was strange enough she remembered telling the bouncers at the club to keep an eye on the man who she said sat and watched the other dancers for some time. Eventually, H [REDACTED] told me she offered the man a private dance as he was the only patron in the club. During this dance, H [REDACTED] told me the man told her to look him directly in the eyes the entire time and asked her questions about what car she drove and where she lived. H [REDACTED] told me she finished the private dance at which point the man left and did not return to the club to her knowledge.

H [REDACTED] told me she did not think about the encounter until she saw Kohberger's picture on TV upon his arrest. H [REDACTED] told me she was fairly certain Kohberger was the man she encountered in the club that day. H [REDACTED] did not have any further information to corroborate her story and told me she just wanted investigators to be aware. H [REDACTED] reiterated to me she was fairly sure Kohberger was the man and that she saw.

I concluded my conversation with H [REDACTED] after I confirmed she would be willing to speak again if I needed further information.

A [REDACTED] I [REDACTED] Tip-#157

1. WatchGuard Event: No

Additional Responding Officers: None

Case number added to WG: None

2. Evidence

None

3. Narrative

A [REDACTED] I [REDACTED] emailed a tip to the tip line on February 18, 2023 and stated he was on Johnson Road on November 13 and saw a white car parked alongside the road between five and six p.m. that day. I called I [REDACTED] on March 8, 2023 and spoke to him over the phone. Our conversation was not recorded.

I [REDACTED] told me he had gone to his sister's house in [REDACTED] Washington on November 13, 2022 and was on his way home later that evening. I [REDACTED] told me he noticed a white, foreign model car parked on the side of the road under a tree as he went by. I [REDACTED] told me he believed the time was approximately 5:30 p.m.. I [REDACTED] stated he did not pay close enough attention to see anyone in or near the car but thought it was odd. Upon release of the probable cause affidavit for Kohberger's arrest, I [REDACTED] thought it may have been Kohberger's vehicle as it was on the Kohberger's path of travel the evening of the 13th.

I had I [REDACTED] describe the location to me and he stated the car was under a large, lone tree on Johnson Road between Johnson and Pullman. He added the pull out was located where Johnson Road changed from pavement to gravel. I located the location described and responded there.

Upon receiving permission from the property owner, J [REDACTED] S [REDACTED], I began to dig in several areas which appeared to have disturbed earth but was unable to locate anything of evidentiary value. Sgt. Blaker and Det. Vargas responded with a metal detector and swept the area but did not discover anything of note. We also searched under a nearby bridge but did not discover anything of note. Further investigation will be conducted when weather permits.

While on scene, I [REDACTED] arrived and explained the vehicle was nosed in off the road, facing the farm field. I [REDACTED] also stated he and a friend came to the spot several days prior and also used a metal detector to search the area. I thanked I [REDACTED] for his assistance and cleared the area after additional visual searches were conducted.

In addition to this information, during my initial phone call with I [REDACTED], he told me he was painting the apartment of B [REDACTED] K [REDACTED], the previous tenant and person named in tips during the initial investigation. I [REDACTED] stated he could see a knife blade in the gutter of the building from the apartment window. I requested WSU PD respond and collect the item, which they later did. The blade is a serrated, cooking style knife with the handle broken off. The blade portion was approximately 8 inches long and 2 inches wide per the WSU officers who collected it. Based off this description and the condition of the knife, I do not believe it matched the wounds found on each other the victims. However, I will still collect the knife from WSU PD as soon as possible in order to properly analyze the item.

Photos of 1122 King Road from Walenta Drive-#157

1. WatchGuard Event: Yes

Additional Responding Officers: Blaker

Case number added to WG: 22-M09903

2. Evidence

NA-Photos attached to Spillman case file

3. Narrative

On March 15, 2023, I drove the most likely route Kohberger took while driving near 1122 King Road on November 13 2022. During this drive, I took photos of 1122 King Road from Walenta Drive (the road Kohberger's vehicle can be seen taking on the surveillance footage from [REDACTED] King Road) in order to record a daytime view of the residence from Walenta Drive prior to foliage returning to the trees in the area.

I took the following photos and uploaded them to this Spillman case file:

1122 From Walenta 1  
1122 From Walenta 2  
1122 From Walenta 3  
1122 From Walenta 4  
1122 From Walenta 5  
1122 from Upper lot  
Walenta from 1122

In addition, SGT Blaker and I took MPD patrol car 4 and drove the most likely route Kohberger took during the early morning hours of November 13, 2022 based off various surveillance footage recovered during the investigation. The drive was recorded out of each driver side passenger window via MPD body cameras assigned to SGT Blaker and OFC House as well as the dash mounted camera in MPD 4. The videos are attached to the Watchguard case record.

Video from Front Lobby from 11-13-22 - 108

1. WatchGuard Event: none

Additional Responding Officers: none

Case number added to WG: none

2. Evidence

Item #669 Verbatim DVD-R with video surveillance from the front lobby of MPD from 11-13-22.

3. Narrative

On March 21, 2023, I was asked to see if we still had video surveillance from the front lobby area of the PD from November 13, 2022. I was informed Kohberger's defense team had requested any video showing where we any witnesses may have been kept on the day of the homicide.

I checked the cameras to the front lobby and the camera in the training room. I was only able to recover video from 3 cameras which show the front lobby area. I burned the video to a DVD and booked it into property.

It needs to be noted none of these cameras are equipped with audio.

LCSO Knife Collection-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 668: Knife

3. Narrative

I was notified via email on Monday March 20, 2023 of a found property call reported to LCSO wherein the RP discovered a Ka Bar brand knife in some bushes in the city of Genesee, ID on the same day. Per the LCSO call records, the knife was located by a child playing in some trees at the top of Ash Street near Spruce Street. Dep. Whiting responded and booked the item into LCSO evidence.

On March 21, 2023, I responded to LCSO to look at the knife. The knife was a Ka Bar brand knife with a blade approximately four inches in length. The knife was in a black kydex sheath with cordage wrapped around the handle.

This knife did not appear to match the wounds inflicted on all four victims. I collected the knife from LCSO and booked it into MPD evidence on March 21, 2023. I also attached a photo of the knife and the LCSO call record to this case file electronically.

4. Other

Strava Kohberger Warrant

Case # 23-M09903  
Date: 3/22/2023

On February 23, 2023, I applied for a warrant for data associated with any Strava accounts linked to Bryan Kohberger by recovery email, cookie, Android ID, Creation IP or phone number with any of the following identifiers:

[REDACTED]

On February 26, 2023, the warrant was granted and signed by Magistrate Megan Marshal with 14 days to serve the legal process. On March 1, 2023, at approximately 1024 hours, the warrant was served via the email ([REDACTED]@strava.com). I received an email shortly after the submission, confirming the receipt of the request and assigning the Strava ticket # [REDACTED]

On March 15, 2023, I received an email from Strava stating the data requested pursuant to the warrant was available to download. On March 22, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found the user of the account had a DOB of [REDACTED] 1994 and logged into the account on July 31, 2022 at 0908 hours from the IP address of [REDACTED]. This IP address showed it may be located near Sammamish, WA and is sourced to Leaseweb Seattle. The mobile device ID # showed [REDACTED].

I found the two saved run routes, both located on or near the Washington State University.

In continuing to review the data, I found the account was following no other

accounts, and only had followers after December 31, 2022.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@strava.com, as this was the originating email address associated with the documents.

Lawrence - Supplemental report - Phone tips

On 11-15-2022 when I arrived at work I had several voicemails on my desk phone. I began reviewing the voicemails. Most of the voicemails were tips on the current homicide investigation. Many of the tips were about the live feed from the Grub Truck. Throughout the day I fielded several calls from people with possible information they believed may be of importance to the investigation.

I received a call from A [REDACTED] M [REDACTED]. [REDACTED] A [REDACTED] told me she was at the corner club with two of the victims, Madison and Kaytee, the night prior to the murders. She told me there was a college aged male known by Madison. A [REDACTED] told me the male was wearing a black and white flannel shirt with a black shirt underneath that had writing in white letters that said Anti-Social. A [REDACTED] told me the college aged male, who has been identified as C [REDACTED] B [REDACTED], was acting creepy. She said he was not engaging people in conversation and he was just staring at the girls in the group she was with. A [REDACTED] told me B [REDACTED] had been grabbing girls by the butt and being handsy. A [REDACTED] said she confronted B [REDACTED] and told him to stop touching girls inappropriately or she would have him kicked out of the bar. At one point Madison introduced her, A [REDACTED], to B [REDACTED] and told her she knew him. A [REDACTED] said she let her guard down a little when it came to B [REDACTED] and was later told by Madison that she only knew B [REDACTED] through class and a group project in which they had worked on together. A [REDACTED] said a short time later B [REDACTED] was kicked out of the bar.

A short time later I took a call from D [REDACTED] J [REDACTED]. [REDACTED] J [REDACTED] told me he works at the [REDACTED]. J [REDACTED] said he has a regular customer by the name of G [REDACTED] F [REDACTED] who comes in almost every day. J [REDACTED] said F [REDACTED] makes everyone feel insecure because of the way he acts and the dark things he says. J [REDACTED] told me F [REDACTED] lives in the area of the homicides. I looked up F [REDACTED] (Names Number [REDACTED]) in spillman and it shows an address on Conestoga. F [REDACTED] has had numerous involvements with MPD over the last 2 decades. Some of which relate to possible mental health issues.

Narrative:

Collection of Knives near Genesee-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 670: Knives

3. Narrative

I was notified by ISP Det. Roberts at approximately 1300 hours on March 21, 2023 that a land owner near Genesee, ID found two knives in a roadside ditch. Det. Roberts was not available, so I called to speak to the reporting party, R [REDACTED] H [REDACTED]. H [REDACTED] stated he was cleaning out irrigation ditches when he noticed two kitchen style knives with duct taped handles in the ditch. H [REDACTED] did not touch the knives and notified ISP. H [REDACTED] told me where the knives were and I responded to collect them.

The location provided was in a ditch across the road from the driveway to [REDACTED] Old Highway 95. I could immediately see the knives laying in the water and took several photos of the knives prior to collection. Upon collection, I observed one knife was a large butcher knife and the other was a small steak knife. The handles of both knives were wrapped in duct tape. Prior to leaving, I conducted one more visual search of the area and located a makeshift duct tape sheath in the culvert below where the knives were located. The sheath fit both knives at the same time. I collected the sheath as well.

Upon further examination, neither knife appeared to match the wounds on the four victims. The larger knife blade was too wide to have inflicted the wounds on the victims and the smaller stake knife appeared to be too short. However, I booked both items in case further examination was needed. I booked the knives into MPD evidence and attached photos to this case electronically.

T [REDACTED] Tip Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On March 4, 2023, C [REDACTED] T [REDACTED] called the MPD tip line and left a voicemail regarding a tip for this case in which she described seeing a man walk by her house at [REDACTED] sometime during August or September of 2022. SGT Blaker sent me the tip on March 15, 2023. I spoke to T [REDACTED] via phone on March 21, 2023. I did not record our conversation.

I asked T [REDACTED] to relay to me what her tip was in reference to. T [REDACTED] told me she used to live at [REDACTED]. This home is located approximately .13 miles due east of 1122 King Road. T [REDACTED] told me she was home one day in August or September of 2022 when her daughter came running into the house saying there was a man walking through their yard. T [REDACTED] stated she looked out the window and saw a man who "looked nervous" walking on the south side of her house from east to west. T [REDACTED] told me she frequently saw people walk by the house but not in that particular area. T [REDACTED] said the man had curly hair with a large nose, and he walked by without saying anything. T [REDACTED] stated the encounter became stranger when the same man walked back by the house in the opposite direction but taking the same route approximately fifteen minutes later. T [REDACTED] said she stepped outside and yelled to the man he was on private property. T [REDACTED] said the man didn't look at her and simply walked away.

T [REDACTED] then told me, unprompted, that she believed the male she saw was Kohberger after she saw a side profile picture of him on the news after his arrest. T [REDACTED] stated she was "92 percent sure" it was Kohberger. T [REDACTED] stated she did not see the man any other times after the occurrence in August or

September. However, T [REDACTED] told me there was another occurrence in June or July of 2022 when a white sedan was parked near her mailbox for over an hour. It should be noted [REDACTED] is a dead-end road with only residences. T [REDACTED] told me the vehicle left after her neighbor walked out to ask the man if he needed help. T [REDACTED] could not positively say what type of vehicle she saw that day. T [REDACTED] was not able to provide any further specific detail about dates.

On March 22, 2023, SGT Blaker and I went to the area where T [REDACTED] said she saw the man. There is a well-worn path from Boyd Avenue through to Blake Avenue which is likely where T [REDACTED] saw the man. In addition, I spoke to the neighbor who spoke to the man in the white car (identified only as "[REDACTED]" at [REDACTED]) who stated he remembered the encounter but could not add any further information.

```
<html><head><meta charset="utf-8"/></head><body><pre>Reddit Kohberger Warrant
```

Case # 23-M09903  
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Reddit account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0906 hours, the warrant was served via email ([REDACTED]@reddit.com).

On February 8, 2023, I received an email from Reddit stating the data requested pursuant to the warrant was available to download. On March 22, 2023 I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department. The email stated they located records related to the [REDACTED]@gmail.com and [REDACTED]@desales.edu emails.

In reviewing the contents associated with the [REDACTED]@gmail.com email, I found the account name was [REDACTED] and the registration date was September 24, 2021 at 1054 UTC. The registration IP was [REDACTED], which showed a location near Albrightsville, Pennsylvania with PenTeleData. The email address for this account showed as verified.

In reviewing these files, I located a file labelled comment\_votes.csv. This file contained the following permalinks in the data:  
[https://www.reddit.com/r/Felons/comments/v7z9kf/research\\_participation\\_needed\\_repost/ibo3maq/](https://www.reddit.com/r/Felons/comments/v7z9kf/research_participation_needed_repost/ibo3maq/)

[https://www.reddit.com/r/Felons/comments/v7z9kf/research\\_participation\\_needed\\_repost/](https://www.reddit.com/r/Felons/comments/v7z9kf/research_participation_needed_repost/)  
[https://www.reddit.com/r/Felons/comments/v85835/stopping\\_studiesresearchpollquestions\\_for\\_felons/](https://www.reddit.com/r/Felons/comments/v85835/stopping_studiesresearchpollquestions_for_felons/)  
[https://www.reddit.com/r/prisons/comments/v7zaic/research\\_participation\\_needed\\_repost/](https://www.reddit.com/r/prisons/comments/v7zaic/research_participation_needed_repost/)  
[https://www.reddit.com/r/KidsAreFuckingStupid/comments/v832d3/theres\\_accidents\\_then\\_theres\\_these/](https://www.reddit.com/r/KidsAreFuckingStupid/comments/v832d3/theres_accidents_then_theres_these/)

I sent an email to Reddit to ask for clarification on what these data file directly relate to, but have not received clarification at the time of this report.

In reviewing the contents associated with the [REDACTED]@desales.edu email, I found two accounts associated with the email. The first account name was [REDACTED] and the registration date was December 30, 2022 at 2158 UTC. The registration IP was [REDACTED], which showed a location near Tampa, Florida with Frontier Communications. This account also showed additional IP logins from Florida on January 2, 2023, January 4, 2023, January 4, 2023 and January 11, 2023. The email address showed it was not verified. During these dates, Kohberger was incarcerated and was not in Florida. With this information, I believe this account was a fake account.

The second account name was [REDACTED] and the registration date was April 1, 2022 at 2039 UTC. The registration IP was [REDACTED], which showed a location near Albrightsville, Pennsylvania with PenTeleData. A second login IP was registered as [REDACTED] on November 21, 2022 at 2210 UTC, which showed a location near Kansas City, MO with Level 3 Communications. This IP address also showed a high probability of being a VPN exit point. The email address showed it was verified.

In reviewing these files, I located a file labelled comment\_votes.csv. This file contained the following permalinks in the data:

[https://www.reddit.com/r/Felons/comments/vlyajl/research\\_participation\\_needed/ias4uew/](https://www.reddit.com/r/Felons/comments/vlyajl/research_participation_needed/ias4uew/)

To: /r/Prison

Subject: Research Survey

"Hello,

I attempted to post a survey to the r/Prison sub-reddit, but my post was automatically removed. I imagine that this may be due to the lack of activity on my account. As I have seen others post research recruitment posts on this sub-reddit within the past few months, would it be possible to obtain approval to submit a recruitment post to r/Prison? The recruitment post has my information in it, and the survey itself has an informed consent form that confirms my affiliation. I have been able to post my survey to other sub-reddits such as r/ExCons and r/Felons. You can look at the specifics of my recruitment post by looking at these posts.

Thanks in advance,

Bryan"

The text associated with these posts was:

"Hello,

My name is Bryan, and I am inviting you to participate in a research project that seeks to understand how emotions and psychological traits influence decision-making when committing a crime. In particular, this study seeks to understand the story behind your most recent criminal offense, with an emphasis on your thoughts and feelings throughout your experience. In the event that your

most recent offense was not one that led to a conviction, you may still participate. Additional surveys are included after the open-ended section as to best understand your unique traits. The study should take about 30 minutes to complete fully.

**\*\*Your identity and all answers provided are completely confidential, and the link to the survey is also an anonymous link. This research has been approved by the DeSales University IRB.\*\***

**\*\*Participants must be 18 years of age and older.\*\***

**\*\*If you opt to participate, you may terminate participation at any time and for any reason.\*\***

If you have any questions about this research, you may contact the research team via email:

Student Investigator: Bryan Kohberger at  
[REDACTED]@desales.edu (mailto:[REDACTED]@desales.edu).

**\*\*Anonymous link to the study:\*\***

[https://desales.iadl.qualtrics.com/jfe/form/SV\_ex3bk7xDldepWgC] (https://desales.iadl.qualtrics.com/jfe/form/SV\_ex3bk7xDldepWgC)

Thank you for your time!"

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@reddit.com, as this was the originating email address associated with the documents.

REVIEWED-Thu Mar 23 15:45:26 PDT 2023  
CPL Payne #157  
</pre><!--Reddit Kohberger Warrant

Case # 23-M09903  
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Reddit account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0906 hours, the warrant was served via email ([REDACTED]@reddit.com).

On February 8, 2023, I received an email from Reddit stating the data requested pursuant to the warrant was available to download. On March 22, 2023 I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department. The email stated they located

records related to the [REDACTED]@gmail.com and [REDACTED]@desales.edu emails.

In reviewing the contents associated with the [REDACTED]@gmail.com email, I found the account name was [REDACTED] and the registration date was September 24, 2021 at 1054 UTC. The registration IP was [REDACTED], which showed a location near Albrightsville, Pennsylvania with PenTeleData. The email address for this account showed as verified.

In reviewing these files, I located a file labelled comment\_votes.csv. This file contained the following permalinks in the data:

[https://www.reddit.com/r/Felons/comments/v7z9kf/research\\_participation\\_needed\\_repost/ibo3maq/](https://www.reddit.com/r/Felons/comments/v7z9kf/research_participation_needed_repost/ibo3maq/)

I sent an email to Reddit to ask for clarification on what these data file directly relate to, but have not received clarification at the time of this report.

In reviewing the contents associated with the [REDACTED]@desales.edu email, I found two accounts associated with the email. The first account name was [REDACTED] and the registration date was December 30, 2022 at 2158 UTC. The registration IP was [REDACTED], which showed a location near Tampa, Florida

with Frontier Communications. This account also showed additional IP logins from Florida on January 2, 2023, January 4, 2023, January 4, 2023 and January 11, 2023. The email address showed it was not verified. During these dates, Kohberger was incarcerated and was not in Florida. With this information, I believe this account was a fake account.

The second account name was [REDACTED] and the registration date was April 1, 2022 at 2039 UTC. The registration IP was [REDACTED], which showed a location near Albrightsville, Pennsylvania with PenTeleData. A second login IP was registered as [REDACTED] on November 21, 2022 at 2210 UTC, which showed a location near Kansas City, MO with Level 3 Communications. This IP address also showed a high probability of being a VPN exit point. The email address showed it was verified.

In reviewing these files, I located a file labelled comment\_votes.csv. This file contained the following permalinks in the data:

[https://www.reddit.com/r/Felons/comments/vlyajl/research\\_participation\\_needed/ias4uew/](https://www.reddit.com/r/Felons/comments/vlyajl/research_participation_needed/ias4uew/)

Subject: Research Survey

"Hello,

I attempted to post a survey to the r/Prison sub-reddit, but my post was automatically removed. I imagine that this may be due to the lack of activity on my account. As I have seen others post research recruitment posts on this sub-reddit within the past few months, would it be possible to obtain approval to submit a recruitment post to r/Prison? The recruitment post has my information in it, and the survey itself has an informed consent form that confirms my affiliation. I have been able to post my survey to other sub-reddits such as r/ExCons and r/Felons. You can look at the specifics of my recruitment post by looking at these posts.

Thanks in advance,

Bryan"

=====

Narrative:

Pullman PD Injury Accident video review:

On 11-12-2022, at approximately 2340 hours, Whitcom received a hit and run accident in the area of [REDACTED] Pullman, WA (DR# [REDACTED]). Multiple PPD officers arrived on scene and blocked off the area where this incident occurred. The location of this accident was near the west entrance to the [REDACTED] Apartment Complex, near Kohberger's residence.

C [REDACTED] F [REDACTED] was later arrested as the suspect in this case and booked into Whitman County Jail. F [REDACTED] was booked into Whitman County Jail 11-13-2022 at 8:54 AM.

On January 3, 2023, K [REDACTED] L [REDACTED], the Pullman PD Records Specialist, sent me a link to PPD Evidence.com so I could view and download the videos related to this case. I downloaded 35 videos which spanned between 11-12-2022 at 2341 hours to 11-13-2022 at 0325 hours. A majority of the videos were in the area of where the suspect vehicle was eventually located, NE California St. [REDACTED] I provided the downloaded videos to Det. Mowery so he could upload them to MPD evidence server.

I later viewed the videos. I did not see a vehicle matching Kohberger's vehicle in any of the videos on Brandi Way or in the videos near NE California St. The longest video recording on Brandi Way starts at 2343 hours and runs for 1 hour 21 min. All of the videos, captured on Brandi Way, span from 11-12-2022 at 2341 to around 11-13-2022 at 0100 hours. Brandi Way was closed off with cones and police tape from 11-12-2022 around 2341 hours until 11-13-2022 at 1230 hours so the scene could be processed (Det. Sgt. Chris Engle told me NE Brandi Way was cleared by 11-13-2022 at 1230 hours). This included the west entrance to the [REDACTED] Apartment Complex, which had police tape across the entrance. The east entrance to [REDACTED] Apartments was still available for access to the complex.

While reviewing Kohberger's cell phone data extraction I located a screen shot of the Whitman County Jail Roster with C [REDACTED] F [REDACTED] information. The last modified date/time for the image was 11-13-2022 @ 6:27:12 PM. This image was taken from YikYak.

In Kohberger's Chrome tab History, on his phone, I located where he searched Google for: Broadcastify.com/listen/feed, Pullman police and fire dispatch live

audio feed, on 11-13-2022 at 12:26:49 AM.

2. Evidence

Files attached to case electronically

3. Narrative

On Tuesday, March 28, 2023, I checked my official MPD email and saw I received two additional emails from A [REDACTED] S [REDACTED] from WSU. The emails contained instructions for how to access two separate secure links and download installment 4 and 5 of the WSU subpoena documents. I downloaded each of the installments to my assigned MPD computer.

Installment four contained correspondence between Kohberger and Professor D [REDACTED] M [REDACTED], and correspondence between Kohberger and professor C [REDACTED] H [REDACTED].

Installment 5 contained Kohberger's Cougar Health Records.

I attached these files electronically to this case file.

3. Narrative

On November 15, 2022, at approximately 1248 hrs, I spoke with the [REDACTED] President, R [REDACTED] H [REDACTED], about the 1122 King Road residence. I asked H [REDACTED] if she knew the people who lived at the house. H [REDACTED] said yes. She said they were a close group of friends who primarily hung out with themselves. I asked H [REDACTED] if she ever went to parties at the house. H [REDACTED] said she did a couple of times but the parties were small. She said the roommates were a pretty tight group who didn't throw big parties. I asked if she knew about any drug use or sells from the house. H [REDACTED] said she thought Xana Kernodle and Ethan Chapin may have used cocaine but nothing big and no one sold drugs. I asked her if she knew whether there were larger quantities of drugs kept at the residence. H [REDACTED] said no.

H [REDACTED] then told me she was at the Corner Club on November 13, 2022, between the midnight and 0200 hrs. She said Madison Mogen and Kalee Goncalves were also at the Corner Club during that time. H [REDACTED] said she heard a male was kicked out of the bar because he was acting "creeping" towards Mogen. I asked H [REDACTED] if she had any other details about the male or incident. H [REDACTED] said no.

I told H [REDACTED] to get ahold of me if she had any more information she believed would be helpful.

Snapchat Technical Issue

Case # 22-M09903  
Date: 4/11/2023

On April 7, 2023, I received an email from Snapchat in reference to the warrant served on November 21, 2022 for the accounts of xana [REDACTED], ethan [REDACTED], [REDACTED] (associated with kaylee [REDACTED]), [REDACTED] (associated with [REDACTED]), [REDACTED] (associated with [REDACTED]), [REDACTED] (associated with [REDACTED]).

This email stated Snap Inc. discovered a "technical issue appears to have impacted the records produced on or about November 28, 2022." The email continued by stating, "As a result of the technical issue, Snap may not have produced certain data responsive to your Search Warrant. Therefore, after remediating the technical issue, Snap is regenerating the production responsive to your Search Warrant." This was in linked to Snapchat reference # [REDACTED] which was the reference for the warrant served on Snapchat for the previous accounts.

I was able to log into the law enforcement portal and download the data. This data was stored in the secure forensic computer lab at the Moscow Police Department.

Snapchat Extended Warrant

Case # 23-M09903  
Date: 4/13/2023

On March 30, 2023, I applied for a warrant for user data from June 23, 2022, to August 1, 2022 associated with the Snapchat accounts with the any of the following identifiers:

Xana Kernodle with identifier "[REDACTED]"  
Kaylee Goncalves with identifier "[REDACTED]"  
Ethan Chapin with identifier "[REDACTED]"  
D. M. [REDACTED] with identifier "[REDACTED]"  
B. [REDACTED] with identifier "[REDACTED]"  
Madison Mogen with identifier "[REDACTED]"

A previous warrant to Snapchat requested the date range "August 1, 2022, to November 20, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On March 30, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On April 3, 2023, at approximately 1036 hours, the warrant was served via the Snapchat Law Enforcement Portal (<https://less.snapchat.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On April 13, 2023, I received an email from Snapchat stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@snapchat.com, as this was the

originating email address associated with the documents.

ATT Extended Warrant

Case # 23-M09903  
Date: 4/13/2023

On March 29, 2023, I applied for a warrant for the Call Data Records for M [REDACTED]  
Mogen [REDACTED] and Xana Kernodle [REDACTED] between the time period of:  
June 23, 2022, to August 1, 2022.

A previous warrant requested the date range "August 1, 2022 to present." Based  
on information obtained from Washington State University, Bryan Kohberger moved  
to the Pullman, Washington on or about June 23, 2022. I requested both  
historical records and real time/provisional records in order to determine if  
Kohberger had any interactions with the victims leading up to the November 13,  
2022 crime.

On March 30, 2023, the warrant was granted and signed by Magistrate Megan  
Marshal with fourteen (14) days to serve the legal process. On April 3, 2023, at  
approximately 0912 hours, the warrant was served via email ([REDACTED]@att.com). I  
received an email shortly after the submission, confirming the receipt of the  
request.

On April 12, 2023, I received an email from AT&T with the data requested  
pursuant to the warrant was available to download. On April 13, 2023, I  
downloaded the files to the  
forensic computers located in the secure forensic computer lab at the Moscow  
Police Department.

A copy of the data was provided to the FBI CAST Team for analysis.

A warrant return receipt and affidavit were completed and these documents were  
sent to the Latah County Prosecutor's Office to be returned to the court. A copy  
of the receipt was sent to AT&T Global Legal Demand Center ([REDACTED]@att.com),  
as this was the originating email address associated with the documents.

Narrative:

Release of personal property from City Shop:

On April 14, 2023 I was contacted by S [REDACTED] C [REDACTED] via phone. S [REDACTED] told me she was in town and was informed MPD may still be in possession of some of Ethan's belongings. I told S [REDACTED] I was not aware of any but told her I would respond out to the City Shop where personal belongings retrieved from 1122 King Rd. were stored and see what was there. When I arrived at the City Shop I found there were 5 boxes of items labeled as being from both the living room area and the spare bedroom of the home. There was also a clear plastic tote which had miscellaneous clothing items in it. I advised S [REDACTED] she could come to the City Shop and look through the items if she wished.

S [REDACTED] arrived a short time later with her husband and daughter. The family looked through all of the boxes and collected three items they believed belonged to Ethan:

1. Sigma Chi Banner
2. Black sweat pants
3. Brown belt

I created a receipt for the items utilizing a MPD supplemental statement form which S [REDACTED] and I signed. I scanned and attached the receipt to this case.

3. Narrative

On Friday, April 21, 2023 I received an email from A [REDACTED] S [REDACTED] from WSU with a secure link to download installment eight of the WSU records requested via subpoena. I had already checked out of service for the day and did not access the link until Wednesday, April 26, 2023 at which time I followed the secure link and downloaded the files to my department computer.

The files contained several screenshots of text conversations between professors referencing Kohberger as well as meeting minutes from a meeting between Kohberger and W [REDACTED] on August 19. One of the screenshots shows a conversation between someone titled "M [REDACTED]" in the text window and an unknown person. The first message from "M [REDACTED]" reads "Do you want to take Kohberger? He listed you and A [REDACTED] as people he was interested in working with". The other person replied "If I must...".

Another screenshot of a message thread from M [REDACTED] on September 14 reads "A [REDACTED] tells me we need to do an intervention with Kohberger. She's going to try to gather information but apparently he's offended several of our female students. Assuming we get some details, how do you want to handle this?" The reply reads "Let's see when we have more info."

There are two more text thread screenshots, the meeting notes, and a self evaluation form completed by Kohberger in the files.

I attached the files to this case electronically.

Narrative:

Neighborhood canvas - 103 supplemental

On November 14, 2022 at approximately 1000 hours, I responded back to 1122 King Rd to conduct a neighborhood canvas in the daylight. Chief Fry was with me. We started from the rear of the residence and covered the small hill area just behind 1122 King Rd. Right behind the residence there was a small black bag that had obviously been out in the weather for some time. There was nothing in it. We searched up to the parking lot of [REDACTED] Queen Rd then worked southwest along the hillside below the parking lot. We searched the fenced backyard of [REDACTED] Walenta Dr. and continued west above [REDACTED] King Rd.

From there I was joined by Sgt. Gunderson and we went through the south side of [REDACTED] King Rd, around the back then back west between [REDACTED] King Rd. and [REDACTED] King Rd. I worked over to Queen Rd. going north then between [REDACTED] Queen Rd. and [REDACTED] King Rd. out to Taylor Ave. We crossed the open play field from Taylor Ave, north to Nez Perce Dr. at the crosswalk near [REDACTED]. We walked the pathway north to the WWI Memorial grove and stopped at that point.

I returned to the intersection of Taylor Ave. and King Rd. where I met with Chief Fry again. From that point we proceeded east along the south side of Taylor Ave. looking in the shrubbery and around the cars parked along the curb. At the entrance to the parking lot of [REDACTED] Taylor Ave. I located a black vest laying on the grass next to the fire hydrant. The vest appeared to be weathered with leaves and debris on it. It appeared to have been there for several days. I checked the pockets and examined the vest but did not find anything of note. As we continued to walk east along the south side of Taylor Ave. I noted a large amount of trash and various items on the grass and in the bushes including; various glass and plastic bottles, pipes of various types, some articles of clothing such as T-shirt and underwear (men's and women's) and various papers and litter. All appeared to have been in the area for several day or weeks and I did not determine any evidentiary value for any items I saw.

From there I went south down Linda Ln. and walked west between [REDACTED] Taylor Ave. and [REDACTED] Linda Ln. then north of the eastern most building of [REDACTED] Queen Rd. Then up to the parking lot on the north side of Queen Rd. back to [REDACTED] Queen Rd. where I started.

End of report.

Facebook Extended Warrant

Case # 23-M09903  
Date: 5/2/2023

On March 30, 2023, I applied for a warrant for user data from June 23, 2022, to August 1, 2022 associated with the Facebook accounts with the any of the following identifiers:

Madison "Maddie" Mogen with the following IDENTIFIER "[REDACTED]"  
[REDACTED] M [REDACTED] with the following IDENTIFIER "[REDACTED]"  
[REDACTED] F [REDACTED] with the following IDENTIFIER "[REDACTED]"  
Kaylee Goncalves with the following IDENTIFIER "[REDACTED]"  
Ethan Chapin with the following IDENTIFIER "[REDACTED]"  
Xana Kernodle with the following the IDENTIFIER "[REDACTED]"

A previous warrant to Facebook requested the date range "August 1, 2022, to November 19, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On March 30, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On April 3, 2023, at approximately 1002 hours, the warrant was served via the Facebook Law Enforcement Portal (<https://www.facebook.com/records/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On April 26, 2023, I received an email from Facebook stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@records.facebook.com, as this was the

originating email address associated with the documents.

Verizon Extended Warrant

Case # 23-M09903  
Date: 5/2/2023

On March 30, 2023, I applied for a warrant for Call Data Records from June 23, 2022, to August 1, 2022 associated with the T-Mobile accounts with the any of the following identifiers:

Verizon Wireless Number: [REDACTED]

Verizon Wireless Number: [REDACTED]

A previous warrant to Snapchat requested the date range "August 1, 2022, to November 20, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On March 30, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On April 3, 2023, at approximately 1104 hours, the warrant was served via the Verizon Law Enforcement Email ([REDACTED]@one.verizon.com).

On May 1, 2023, I received an email from Verizon stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@sf-notifications.com, as this was the originating email address associated with the documents.

Instagram Extended Warrant

Case # 23-M09903  
Date: 5/10/2023

On March 30, 2023, I applied for a warrant for user data from June 23, 2022, to August 1, 2022 associated with the Instagram accounts with the any of the following identifiers:

B [REDACTED] with identifier "[REDACTED]"  
D [REDACTED] with identifier "[REDACTED]"  
Ethan Chapin with identifier "[REDACTED]"  
Xana Kernodle with identifier "[REDACTED]"  
Kaylee Goncalves with identifier "[REDACTED]"

A previous warrant to Facebook requested the date range "August 1, 2022, to November 20, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

In attempting to serve the warrant, I found the identifier for Kernodle should have been "[REDACTED]" without the "." Separator. I requested assistance for a new warrant from the Latah County Prosecutor's Office for the correct account.

On March 30, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On April 3, 2023, at approximately 1055 hours, the warrant was served via the Facebook Law Enforcement Portal (<https://www.facebook.com/records/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On May 9, 2023, I received an email from Meta stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I was able to download the account data for:

[REDACTED]

However, the data files for "[REDACTED]" were not available. I ensured the account was on the warrant served to Meta, and it was. I then went to verify the account was listed in the online portal, which it was not. During service of the warrant, the portal required me to list the accounts on the warrant. This account did not get listed on the form. I sent a follow-up response to Meta asking for the data requested on the warrant.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@records.facebook.com, as this was the originating email address associated with the documents.

Narrative:

Interview with Kohberger in PA-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA-video/audio and transcript of interview added to case file

3. Narrative

On December 29, 2022, ISP Detective Sergeant Gilbertson, FBI Special Agent Shirley and I arrived in Albrightsville, PA in preparation for the service of the arrest and search warrants for Kohberger and his family's residence at [REDACTED], Albrightsville, PA. After several coordination meetings, Det. Gilbertson, SA Shirley and I drove to the Pennsylvania State Police Barracks at Stroudsburg, PA to await the arrival of Kohberger after his arrest and to interview him upon his arrival.

At approximately 0200 hours on December 30, 2022, Kohberger was brought to the PSP Stroudsburg Barracks and placed in an interview room. The interview was recorded on the built-in video system at the barracks as well as Det. Gilbertson's pocket recorder. Det. Gilbertson and I were the interviewers present. This is a summary of our interview with Kohberger and is not a verbatim transcript of the interview. A full interview transcription will be attached to this case file.

Det. Gilbertson and I began by introducing ourselves and stating which agencies we represented. When I stated who I was, Kohberger stated "you do look familiar". Det. Gilbertson and I prepared our note taking materials and Det. Gilbertson read Kohberger his Miranda Rights Advisement. Det. Gilbertson asked Kohberger if he understood his rights to which he replied he did. After collecting Kohberger's personal information and inquiring about any medications, Det. Gilbertson and I began to speak to Kohberger. Det. Gilbertson asked Kohberger about the SWAT operation at the house to which Kohberger replied he was concerned about his parents and his dog.

Det. Gilbertson asked Kohberger if he was going to Washington State University to which he replied he was. We made small talk with Kohberger about sports for some time. Kohberger stated he didn't follow WSU football much but was a baseball fan. Det. Gilbertson asked Kohberger if he had only been at WSU for one semester. Kohberger confirmed this and said he came to WSU with his father on July 1st. Kohberger then went on to say he was a first-year PHD student in criminal justice and criminology. Det. Gilbertson asked Kohberger what the process was to apply for a PhD. Kohberger stated he applied to two places: UC Irvine and WSU. Kohberger said he was going to graduate with his Masters in Criminal Justice from De Sales and was inspired. Kohberger then asked if it was OK to engage in small talk like we were to which we replied it was. After briefly mentioning he was strengthened by the fact his mother and father were OK, Kohberger said he applied to the two aforementioned schools because they did not require the GRE exam. Kohberger then spoke about the GRE for a brief time and then said he was accepted by WSU.

Det. Gilbertson then asked Kohberger what lead him down the road of becoming a professor. Kohberger stated it was because he loved being in college and stated knowledge was far more important to him than money. Kohberger added WSU had a good program to study under, and then said "you guys know all about this more than likely". Kohberger then asked questions about University of Idaho and other Idaho Universities before stating he didn't know much about Idaho or Washington and had not left the "tri state area much". Kohberger then returned to speaking about his focus on learning and how he thought he could obtain his doctorate degree. Kohberger then said he recently returned home to see his family.

Det. Gilbertson then asked Kohberger about his time at De Sales University. Kohberger spoke for some time about his time at Northampton Community College and De Sales. Kohberger then spoke about how he became interested in criminal justice and stated he thought about being a police officer but did not want to make that commitment unless he was absolutely sure. Kohberger then continued to speak about his education and universities. Kohberger also spoke more about the process to get into a PhD program and how competitive it can be.

Det. Gilbertson then asked Kohberger about his move to Washington. Kohberger said he drove across country and wanted the challenge of driving cross country and experiencing it with his father. Kohberger then said he took a different route back home with his father for Christmas Break to avoid snow. Kohberger spoke about his travels and the risks of such travels in winter. Kohberger then began to speak about the beauty of the environment and its relationship to God and a higher power. We spoke about this for some time and Kohberger said he was raised Christian but was always a skeptic except when confronted with the beauty of the natural world. Det. Gilbertson asked Kohberger if he had ever been to the Pacific Northwest prior to coming to WSU, and Kohberger said he had not.

I asked Kohberger if he and his father made any stops along their way back to Pennsylvania. He told me they visited Colorado but the main goal was to just drive. Kohberger then told a story about seeing an unmarked police car near Kansas City speed up behind him, catch up to another vehicle, turn on its emergency lights, then drive away. Kohberger thought this was strange and was unsure why it occurred.

Det. Gilbertson then asked Kohberger about the job he mentioned. Kohberger stated he was a teaching assistant. Kohberger then talked about how busy he was and how the funding package that comes along with being a teaching assistance is

what makes the extra work worth it. Kohberger then discussed ongoing projects with WSU PD and Pullman PD. Kohberger spoke more about how being a TA is essentially assisting the professors and the department. Kohberger stated he did not get to assist with teaching with the exception of assisting with office hours. Det. Gilbertson asked Kohberger if he would be a TA again next semester and Kohberger replied he would.

Kohberger then stated he understood why we were engaging in small talk but would appreciate it if we explained to him what he was doing there. Det. Gilbertson asked Kohberger why he thought we were there. He said he wanted Det. Gilbertson to tell him. Det. Gilbertson said we were there because of what occurred in Moscow but did not provide any further detail. Det. Gilbertson asked Kohberger if he watched the news. Kohberger said "I watch the news". Det. Gilbertson then asked Kohberger why he thought I looked familiar. Kohberger said he wasn't sure and stated I had a familiar face and looked like someone he used to know. Det. Gilbertson then said we were there because of what happened in November just off the University of Idaho Campus. Det. Gilbertson asked Kohberger if he knew what that was to which Kohberger replied "of course". When prompted to elaborate, Kohberger said it was the incident we had been investigating for "how long has it been?" Kohberger said there were probably several incidents, and then said he was aware of a homicide because of a WSU alert he received. Det. Gilbertson asked when Kohberger received the alert. Kohberger said he wasn't sure but thought it was sometime the previous month. Det. Gilbertson confirmed that was why we were there and asked if Kohberger wanted to talk about that. Kohberger replied "well, I think I would need a lawyer". Kohberger then asked if we would explain to him what we were there for specifically and added he was tired. Det. Gilbertson again stated we were investigating the homicides of the four students and that we had questions and things we hoped Kohberger would help us understand.

Kohberger sat back and said he had the utmost respect for law enforcement but stated it was a constitutional right to speak to an attorney. Det. Gilbertson affirmed this. Kohberger then reengaged and said the only thing he heard of from Moscow was an alert that came to his phone. Kohberger then said he wanted to talk to an attorney. Det. Gilbertson said we would stop now because Kohberger wanted to speak to an attorney. Kohberger then asked where his parents were and where his dog was. Kohberger reengaged again and asked what questions we would have for him. Det. Gilbertson then asked Kohberger again if he understood his rights and asked specifically what Kohberger wished. Kohberger asked what specifically we wanted to talk to him about and the reason. I told Kohberger he invoked his Fifth Amendment Rights and we were not going to ask him any further questions. Kohberger asked again for the reason he was there but added he would like to talk to an attorney. At this point, we concluded our interview with Kohberger and left the room.

Kohberger AT&T Data

Case # 22-M09903  
Date: 5/3/2023

I was assigned the task of examining the Call Detail Records (CDRs) that were obtained from AT&T pursuant to a warrant served by Cpl Brett Payne for the time frame of November 12, 2022 at 0000 hours through November 14, 2022 at 0000 hours PST. These records were requested for the account associated with the phone number [REDACTED], known the "8458 phone." This phone showed the subscriber as Brian Kohberger.

I was specifically requested to examine the records showing connectivity to cell towers between the hours of 0200 and 0600 PST (1000 and 1400 UTC), as this was the timeframe surrounding the homicides at 1122 King Road. Although the records contained records for voice, data, and SMS usage in the 48-hour data set, I only located 27 data usage records in the specified timeframe.

To assist in mapping the location of the cellular towers and the direction of their sector antennas I imported the data into CASTViz version # 30.0.0.

The 8458 phone connects with several different cell towers in Pullman, Washington between 0200 hours and 0225 hours. The phone appears to be traveling within or near the city of Pullman, Washington.

At 0242 hours the phone connects to a tower near North East Skyview Drive on the Washington State University Campus.

At 0247 hours, the phone connected to a tower on Observation Drive on the Washington State University Campus.

In continuing to examine the data, I found an approximately 2-hour period with no interactions between the 8458 phone and the AT&T network between 0247 and 0448 hours.

The phone connects to a tower located near Paradise Ridge, south of Moscow, Idaho at 0448 hours.

The phone connects with towers south of Moscow, Idaho, which is consistent with travel back to Pullman, Washington utilizing towers along the route.

From my training and experience, I know cellular devices can send and receive data to cellular towers with the user's input (such as surfing the internet) or without the user's input (system data). The normal reasons for a cellular device to not show connections to a cellular tower are the device is not in range of the tower's signal, the device is physically blocked from receiving/sending (such as a faraday bag), the device is in airplane mode, or the device is powered off.

I contacted AT&T Global Legal Demands Center and confirmed devices on the AT&T network connect at least every 60 minutes, if no user connectivity is initiated.

I verified the location of the several towers shown in CASTViz and confirmed their locations with the data in the Call Detail Records.

Google Linked Accounts Warrant

Case # 22-M09903  
Date: 5/23/2023

On February 23, 2023, I applied for a warrant for any Gmail accounts linked to Bryan Kohberger by recovery email, cookie, Android ID, Creation IP or phone number associated with any of the following identifiers:

[REDACTED]

On February 24, 2023, the warrant was granted and signed by Magistrate Megan Marshal with 14 days to serve the legal process. On February 25, 2023, at approximately 1635 hours, the warrant was served via the Google Law Enforcement Portal (<https://lers.google.com>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On February 27, 2023, I received an email from Google stating the data requested pursuant to the warrant was available to download. I was unavailable to download the data, and requested assistance from Cpl Brett Payne. Cpl Payne logged into the Law Enforcement Portal and began downloading the files and they were retained at the Moscow Police Department.

A warrant return receipt and affidavit were completed by Cpl Payne and these documents were sent to the Latah County Prosecutor's Office to be returned to the court.

Rosinsky interview with K [REDACTED] N [REDACTED]

1. WatchGuard Event: BWC

Additional Responding Officers: 112 Deane

Case number added to WG: Yes

2. Evidence

None

3. Narrative

On 11/16/22, I spoke with K [REDACTED] N [REDACTED] at the sub station on the University of Idaho (UI) campus. I asked K [REDACTED] if she had any special relationships with any of the victims and K [REDACTED] said she was really good friends with Xana Kernodle and met Xana freshman year. K [REDACTED] said she was also close friends with Kaylee Goncalves and met her freshman year during recruitment. K [REDACTED] said she knew Kaylee the best.

I asked K [REDACTED] if Kaylee hung out or associated with anyone with violent tendencies. K [REDACTED] said no, and expressed she was confused about the incident because what she saw on the news. K [REDACTED] said Kaylee mainly stuck together with her roommates (Xana, E [REDACTED] F [REDACTED], Madison Mogen, D [REDACTED] M [REDACTED]).

K [REDACTED] said that Kaylee also hung out with the "King Girls" which were J [REDACTED] T [REDACTED], N [REDACTED] F [REDACTED], E [REDACTED] I [REDACTED], and A [REDACTED] V [REDACTED]. I asked K [REDACTED] if Kaylee was involved in using illegal substances and K [REDACTED] said "just coke probably." I asked K [REDACTED] if she saw Kaylee doing cocaine and K [REDACTED] said no, but she knew Xana was pretty into it.

Det. Deane asked if Ethan Chapin (Xana's boyfriend) was into cocaine and K [REDACTED] said she did not know. K [REDACTED] said she didn't know Ethan that well. Det. Deane asked if drugs were being sold from the house or if the drugs were more used for parties. K [REDACTED] said they were used but not sold. Det. Deane asked if there were large quantities of drugs at the house or if the house was known as a drug house and K [REDACTED] said no.

I asked K [redacted] if Kaylee ever mentioned about having a stalker or having concerns about anyone and K [redacted] said no. K [redacted] also said Kaylee never mentioned anything to the girls. K [redacted] asked if we saw the Twitch stream. I asked K [redacted] what she saw in the stream and she mentioned there were two guys. I asked K [redacted] if she recognized the two guys and K [redacted] said she did not. K [redacted] said her friend E [redacted] and "G [redacted]" were at the Grubtruck and saw Kaylee and Madison. K [redacted] said E [redacted] mentioned that the two males were being weird. I asked K [redacted] if she or anyone recognized anyone from the Grubtruck stream and K [redacted] said no. I asked K [redacted] if she was familiar with the fraternity members of [redacted] and she said yes.

I asked K [redacted] if there was anything mentioned why the males were labeled as weird. K [redacted] said she thought one of the males nudged the other male like "oh those are your girls go and get them." K [redacted] said that E [redacted] would be worth talking to because she was there during that time. I asked K [redacted] if E [redacted] spoke with Kaylee and K [redacted] said she might have said hi but wasn't sure. K [redacted] also mentioned that Z [redacted] M [redacted] hung out with Kaylee and Madison all night at the Corner Club.

I asked K [redacted] if any of the victims had any issues with anyone and K [redacted] said that Kaylee was un-problematic and peaceful. K [redacted] said she cant imagine someone with violent tendencies around her. K [redacted] said she felt the same way about Madison. K [redacted] said if anything maybe Ethan and Xana. I asked if Ethan and Xana associated with violent people. K [redacted] said this because K [redacted] said that Xana and Ethan were more outgoing and hung out with different friend groups.

Det. Deane asked if Kaylee or Madison recently had a boyfriend or ex-boyfriend. K [redacted] said Kaylee dated a guy named "J [redacted]" (J [redacted] D [redacted]) for a couple years and Kaylee and J [redacted] were high school sweethearts. K [redacted] said J [redacted] was a really nice person. K [redacted] said she spoke to Kaylee a couple days before the incident and Kaylee said once she graduated, she was looking for a apartment in Texas. K [redacted] said Kaylee met a guy from Texas that is already living in Texas and they were going to be roommates. I asked K [redacted] if Kaylee and J [redacted] were still together when Kaylee mentioned that to her and K [redacted] said no that they were already broken up.

K [redacted] said that J [redacted] mentioned that Kaylee attempted to call J [redacted] around 0300 hours asking if he was up. K [redacted] said she didn't think that J [redacted] replied to Kaylee because he thought it was some type of "booty call." Det. Deane asked how they knew that Kaylee attempted to reach out to J [redacted] and K [redacted] said because J [redacted] told them. K [redacted] said she thought they found out after people were asking J [redacted] if he knew anything about what happened.

Det. Deane asked if Madison had a boyfriend, and K [redacted] said yes, and they call him "S [redacted]" and said she thought his first name was J [redacted]. K [redacted] said they are still together. K [redacted] said she does not think they had problems and S [redacted] was a good guy. Det. Deane asked what he looked like and K [redacted] said S [redacted] was short, maybe 5'7", and balding. K [redacted] said he had brown hair and was skinny. K [redacted] thought he lived in Coeur d'Alene.

K [redacted] said E [redacted] was Madison's "little." K [redacted] said Kaylee and Madison were the closest out of all the roommates. Det. Deane asked if I [redacted] had a boyfriend. K [redacted] said yes. K [redacted] said his name is Q [redacted] K [redacted] and lived in Boise. K [redacted] said that Q [redacted] was nice and hardworking. K [redacted] said Q [redacted] had epilepsy and was not a violent person.

K [redacted] said she was not aware of any issues between roommates. I asked if Kaylee

hung out with any other males. K said Kaylee was talking to a guy named M. E who was a member of . K said they had a sexual relationship and would "hook up" here and there. K described M to be over six feet, brunette, and medium build. K said he was serving as vice president to .

I asked K if there was anyone else Kaylee spent time with and K said no unless Kaylee met someone at the bar that night. K did not know if Kaylee met anyone in particular, but heard a male got kicked out for being creepy towards Madison. K said J or Z could probably have more info because they were also at the bar.

K said the last time she spoke to Kaylee was at about 1700 hours on 11/13/22. K said Kaylee showed up with all of Kaylee's roommates at her apartment "The Whites" sometime between 1430-1500 hours. K said they left sometime between 1700-1800 hours. I told K I was aware of a social media post of all the roommates pictured together and K said that was at her apartment. I asked K if she has been over to Kaylee's house before. I asked if people usually the wifi and K was unsure. K said they usually leave their doors unlocked and everyone knows it's a out of house. I asked why Kaylee lived in a house with a different sorority and K said that Kaylee and Madison have been best friends for several years and spoke about living with each other. K said that Kaylee was still close with her freshman/sophomore friend group.

I asked K if she was aware of any cameras in the area and K said no. Det. Deane asked K if she saw anyone in the area that seemed out of pace and K said she thought while she was at her apartment, and does not remember who, but said somebody mentioned about a random kid carrying a bb gun but no one thought anything of it.

K said she has reached out to E on 11/13/22 after the incident but she did not reply. K said maybe E has reached out but was unsure. I asked if anyone has reached out to L or E and K said maybe E.

I concluded my interview.

Initial Response & Scene Security #171

1. WatchGuard Event: Yes

Additional Responding Officers: Sgt. Gunderson, Cpl. Snyder, Ofc. Warner, Ofc. Nunes

Case number added to WG: Yes

2. Evidence

None

3. Narrative

On 11/13/2022 at about 1200 hours, I responded to 1122 King Road in reference to possible homicide victims. Ofc. Nunes had arrived on scene and found a total of 4 deceased individuals. Ofc. Nunes informed other units he believed this to be a homicide.

When I arrived I entered the residence and went to the second floor. I observed a female wearing a sweatshirt and underwear laying in middle of the bedroom floor covered in blood. I observed deep lacerations, indicative of defensive wounds, on the female's hands. The female was surrounded by blood on the floor. I observed a male laying on the bed. The male appeared to have suffered from stab wounds and a laceration to the neck. The male was covered in blood and the bedding around him was soaked in blood.

In a third floor bedroom, I observed two females laying in bed which appeared to have been stabbed to death. The female laying on the left half of the bed, as I looked at it from the doorway, was unrecognizable. Her face was completely disfigured and was stabbed several times. I was unable to comprehend exactly what I was looking at while trying to discern the nature of the injuries. The second female, on the right half of the bed, had multiple stab wounds. The comforter was soaked in blood and a pool of blood was still present.

I was assigned to hold security at the rear slider door. This was the alleged point of entry of the suspect. I observed very large footprints in the snow. I used a tape measure and the shoe size measured approximately 13.5 to 14 inches.

The foot steps went to and from the rear slider door. I observed the trail of foot steps head away from the slider then turn right, around a stump, in the back yard and lead toward the front of the house. I observed a set of small hand prints on the window to the east of the slider. The screen to this window appeared damaged and was laying on the ground. I located smudged finger prints on the glass slider door. There was a discarded black backpack in the backyard. I photographed these items and attached them to the case

I maintained rear security until I was relieved by Ofc. Warner. The only person to enter from this point was Captain Lanier at about 1527 hours.

Instagram Extended Warrant

Case # 22-M09903  
Date: 5/23/2023

On April 18, 2023, I applied for a warrant for user data from June 23, 2022, to November 21, 2022 associated with the Instagram accounts with the any of the following identifiers:

Xana Kernodle with identifier "[REDACTED]"  
Madison Mogen with identifier "[REDACTED]"

A previous warrant to Facebook requested the date range "August 1, 2022, to November 20, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

In attempting to serve the previous warrant, I found the identifier for Kernodle should have been "[REDACTED]" without the "." Separator. I requested assistance for a new warrant from the Latah County Prosecutor's Office for the correct account. The account for Mogen had not been previously requested.

On April 19, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On April 20, 2023, at approximately 0808 hours, the warrant was served via the Facebook Law Enforcement Portal (<https://www.facebook.com/records/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On May 12, 2023, I received an email from Instagram stating the data requested pursuant to the warrant was not available. It appears the user designation "u/" was being considered part of the username. This occurred with the KayleeGoncalves request previously as well.

A warrant return for no data and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A

new warrant with only the usernames will be requested.

TikTok Kohberger Warrant

Case # 22-M09903  
Date: 4/3/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with TikTok account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0830 hours, the warrant was served via the TikTok Law Enforcement Portal (<https://law-enforcement-tiktok-uscan.zendesk.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On March 3, 2023, I received an email from TikTok stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

The email received from TikTok also stated:

Please note that after a diligent search we are unable to locate any TikTok accounts associated with the identifiers "[REDACTED]@gmail.com, [REDACTED]@desales.edu, [REDACTED]"

In reviewing the contents, I found the account subscriber information of:

Username: [REDACTED]  
Signup Device: [REDACTED]  
Signup date: 11/18/2022 05:01:11PM (UTC +00)  
Signup IP: [REDACTED]  
Signup method: Google

Binding ID Google: [REDACTED]  
Phone number: None  
Email: [REDACTED]@gmail.com

In searching for the geolocation of the IP address [REDACTED], I found it returned to NordVPN out of Seattle, Washington. NordVPN had been located as an installed app on Kohberger's phone.

No information was provided by TikTok regarding messages sent or received, followers or following accounts, or user created content.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@law-enforcement-tiktok-uscan.zendesk.com, as this was the originating email address associated with the documents.

3. Narrative

On Friday, May 26, 2023 I received an email from A [REDACTED] S [REDACTED] containing installment 11 of the WSU records requested via subpoena in this case. The email contained a secure link and password which I used to access a downloadable zip file titled "INSTALLMENT-11\_CCS-DOS\_ToProsc". I downloaded the zip file to my department computer.

Upon review, the files contained email correspondence which appear to be from after Kohberger's arrest. In addition, there is a risk assessment file which contains several pages of the results of WSU's risk assessment of Kohberger after his arrest.

I attached the file to this case electronically.

Amazon Return Items in Kohberger's Vehicle-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Photos added to case electronically

3. Narrative

On Thursday, June 8, 2023 I accessed Kohberger's white Hyundai Elantra in order to photograph items in the trunk compartment. The items were identified as being ordered via Amazon by the same account Kohberger used to purchase the Ka Bar knife with sheath.

I was able to identify three items from the trunk compartment which I could positively identify as the same items ordered from Amazon per the return obtained via subpoena in this case. The first item was a bottle of supplements named "Amandean Vitamin D3 K2. Vegan" on the Amazon return. The bottle was in the trunk compartment and was contained in a small plastic bag. The bottle's label read "Amandean Vegan D3+K2 Dietary Supplements".

The second item I positively identified was labeled as "LEADBRAND Scissor Jack 1.5 Tons" on the Amazon return. I found a 1.5 ton scissor jack in the trunk compartment but it did not have any brand markings. I searched the same name on Amazon and found the same item I located in the trunk compartment. It should be noted the jack came with a ratchet handle as well. This item was booked previously.

The third item I located was labeled "CARTMAN Warning Triangle DOT Approved" on the Amazon return. I located a red, rectangular plastic box with warning triangles inside. On the side of the box was a sticker which read "cartman" on the top of the sticker and "Cartman Warning Triangle DOT Approved (3pk) New" on the bottom of the sticker.

I photographed these items and attached the photos to this case electronically.

WSU Installment 13 and 14- #157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Files attached to case electronically

3. Narrative

When I reported for duty on Tuesday, June 13, 2023 I had two emails in my department inbox from A [REDACTED] S [REDACTED]. Each email contained a secure link and assigned password for installments thirteen and fourteen of the WSU documents requested via subpoena in this case.

I accessed the link for installment thirteen and downloaded a zip file titled "INSTALLMENT-13\_S [REDACTED]". I downloaded the file to my department computer and attached it to this case. The file contained several essays written by Kohberger, a self-evaluation done by Kohberger and additional miscellaneous documents.

I accessed the link for installment fourteen and downloaded a zip file titled "INSTALLMENT-14\_T [REDACTED]". I downloaded the file to my department computer and attached it to this case. The file contained a writing sample written by Kohberger, various email correspondence and Teams notes.

Both files were attached to this case electronically.

ISP Amazon Purchase Items- #157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 733 Ka Bar

Item 734 Ka Bar Sharpener

Item 735 Vegan Supplements

3. Narrative

On Tuesday, June 13, 2023 Det. Darren Gilbertson from ISP provided me with three packages he obtained by ordering the items from Amazon. Det. Gilbertson stated he purchased the items in the same fashion used by Kohberger to purchase a Ka Bar with sheath, a Ka Bar Sharpener and a bottle of supplements.

I photographed each of the packages and their content along with the order paperwork Det. Gilbertson provided. The packages contained one Ka Bar straight fighting knife with a leather USMC sheath, a Ka Bar sharpener and a bottle of vegan supplements. I attached all photos to this case and booked all of the items into MPD evidence on June 13, 2023. The paperwork was included in the package containing the knife itself.

Interview J [REDACTED] N [REDACTED]  
- #172

1. WatchGuard Event:BWC

Additional Responding Officers: Det. Deane

Case number added to WG: Yes

2. Evidence

None.

3. Narrative

On 11-17-22, at 1430 hours, I responded to the University of Idaho Kibbie Dome to interview J [REDACTED] N [REDACTED]. Cpt. Berrett stated N [REDACTED] possibly had information regarding the homicide. N [REDACTED] took Det. Deane and myself to a conference room to speak.

N [REDACTED] stated on Sunday 11-13-22, between 0900 hours and 1000 hours he was walking his dog. He stated when he walked by the first time he noticed the front door to 1122 King Rd. on the north side of the building facing campus was wide open. He stated he knew it was a party house so assumed someone was too intoxicated and forgot to close the door the night prior. N [REDACTED] stated he walked his dog up Taylor Ave. to Blake Ave then down Sweet Ave. He said the walk took him approximately 1 hour. N [REDACTED] stated when he walked back to his apartment around 1100 hours the front door was still wide open. N [REDACTED] said he was unsure if the information was known or not but thought he should report it.

I asked N [REDACTED] if he knew anyone who lived in the house. He said not personally but in passing. I thanked N [REDACTED] and cleared.

4. Other

None.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Narrative:

Meeting with Spokane County Medical Examiner:

On June 7, 2023, I reached out to Dr. V. S. [REDACTED], Chief Medical Examiner for the Spokane County Medical Examiner's Office, to arrange a meeting with the Latah County Prosecutor's team. Dr. S. [REDACTED] stated she could meet on June 28, 2023, which worked for the Prosecuting Team.

On June 27, 2023, I met with T. S. [REDACTED], MPD Evidence Technician, and had item # 733 (23M-1025), Ka Bar knife, temporarily released to me so I could bring it to the meeting with Dr. S. [REDACTED]. I locked item #733 into a temporary lock box in MPD Detectives, as our meeting was on the following day.

On June 28, 2023, I removed item #733 from the lock box in MPD Detectives and brought it with me to Spokane.

On June 28, 2023, at approximately 1030 hours, myself, along with Bill Thompson, Ashley Jennings, Jeff Nye, and Ingrid Batey met with Dr. S. [REDACTED] at the Spokane County Medical Examiner's Office. Dr. S. [REDACTED] had pre-selected several photos, from each victim, to go over with us so she could describe the shape of a weapon which would have caused the injuries. I removed the Ka Bar knife from the sealed package and showed it to Dr. S. [REDACTED]. Dr. S. [REDACTED] stated, the shape and size of the Ka Bar knife was consistent as being the weapon which could have caused the injuries on all four of the victims.

Dr. S. [REDACTED] described how some of the wounds had two points on either end and how some wounds had a point on one end and a square shape at the other end. Dr. S. [REDACTED] explained how the Ka Bar knife could have created these wounds, depending on the depth of the injury. Dr. S. [REDACTED] explained the tip of the knife, having sharp edges on either side, would show a wound with the points on either end. Dr. S. [REDACTED] described a deeper wound would show a point on one side and the square on the other, and how it matched the shape of the knife blade, having the single sharp edge on one side and a square edge on the other, below the tip. Dr. S. [REDACTED] pointed out some of the wounds had a mark that was consistent with the guard of the Ka Bar knife. Dr. S. [REDACTED] described how the wounds could look different, depending on the skin stretching, the dynamics of the situation at the time, the angle or position the knife was in when it was inserted and or removed, and how a victim was moving or not moving at the time.

Dr. S [REDACTED] described some injuries depicted that the strength of the weapon itself, and the forced used, would have been great.

We concluded out meeting with Dr. S [REDACTED]. I brought item #733 back to MPD and booked it back into MPD evidence on June 28, 2023.

Indian Mountain Lakes and Aerial Surveillance-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 755: Thumb Drives

3. Narrative

On Thursday, June 29, 2023 I located two thumb drives containing video surveillance footage of the access gates at Indian Mountain Lakes gated community wherein Kohberger's parents' home was located and aerial surveillance footage and photos of the Kohberger residence.

I verified the thumb drives contained the correct footage and videos and booked them into MPD evidence on June 29, 2023. It should be noted the thumb drives were in a locked cabinet in my office since they were received. The thumb drives were not initially booked as they were in an envelope not recognized as containing them.

Facebook Warrant Additional

Case # 22-M09903  
Date: 7/5/2023

On June 29, 2023, I received several emails from Facebook with a reference # of [REDACTED]. These emails stated:

Hello,

We became aware of an issue that may have affected our previous production of IP addresses in this case. The updated IP records are now available for download. Please rely on these updated records going forward. We apologize for any inconvenience this may have caused.

Thank you,

Law Enforcement Response Team

On July 5, 2023, I logged into the Facebook Law Enforcement Portal and downloaded the files provided. These files were copied to the forensic computers located in the secure forensic computer lab at the Moscow Police Department and a copy was placed into evidence.

Concatenation of Videos

Case: 22-M09903  
Officer: Det. Fox #185  
Date: 7/5/2023

On June 15th, 2023, I was provided the entirety of the 1112 King Road surveillance videos. This included 1,464 (5) minute videos that ranged from 0055 hours on 11/13/22 to 1722 hours on 11/17/2022. Using Axon Investigate version 3.1.0 software I was able to concatenate (stitch) the videos together to multiple hour clips.

As a result, I was able to compile the videos down to 17. The videos were placed on a portable hard drive and entered into evidence.

End of Report,  
Det. Andrew Fox #185

Amazon Warrant Kohberger

Case # 22-M09903  
Date: 7/5/2023

On April 26, 2023, I applied and was granted a warrant for data related to Amazon purchases and click activity for of the following identifiers:  
Bryan C Kohberger

[REDACTED]@gmail.com  
[REDACTED]

On April 27, 2023, at approximately 1411 hours, the warrant was served via <https://ler.amazon.com/us>. Forensic Account M [REDACTED] D [REDACTED] with the Federal Bureau of Investigations assisted in the production and service of the warrants.

Later it was found the warrant was dated "March" instead of April. An amended warrant was requested and granted. This warrant was served on May 10, 2023 at approximately 0905 hours, with the assistance of Forensic Account M [REDACTED] D [REDACTED].

On June 27, 2023, I received an email from FA D [REDACTED]. The email was a response from [REDACTED]@ler.amazon.com stating the data was available to download. This email from FA D [REDACTED] included the data return. A copy of the data was copied to a DVD and placed into evidence.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Amazon ([REDACTED]@ler.amazon.com), as this was the originating email address associated with the documents.

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, July 12, 2023 I spoke to R [REDACTED] D [REDACTED] who previously called in a tip about possibly seeing Kohberger at the Clarkston Safeway the morning of November 13, 2022. I asked D [REDACTED] to tell me what he knew. D [REDACTED] told me he was at the Clarkston Safeway between 9:30 and 11:30 am the morning of November 13, 2023 and noticed a man in front of him in line. D [REDACTED] said he saw the man's face because D [REDACTED] made a comment to the store clerk which caused the man to turn and look at him.

D [REDACTED] stated he didn't think anything of the encounter until he saw Kohberger's face on the television upon his arrest. D [REDACTED] told me he was sure the person he saw was Kohberger and that he was wearing a black hoodie with the hoodie down.

D [REDACTED] told me that was all he knew and he wanted to make sure law enforcement was aware of it.

Narrative:

U of I documents from General Counsel; Capt. Berrett

On 11/19/22, I emailed K [REDACTED] N [REDACTED] at the U of I Office of General Counsel requesting a list of vehicles with parking permits on campus or had been ticketed between 08/01/22 and 11/13/22. The request was made to assist investigators locate persons who owned vehicles of interest in the on-going homicide investigation. On 12/08/22, I received an email from N [REDACTED] that contained a spread sheet showing U of I records for parking passes and parking tickets for any white Elantras, dating back to 2017. The email containing the spread sheet was forwarded to the investigation team.

On 11/30/22, I emailed K [REDACTED] N [REDACTED] and requested the rosters for all the fraternity and sororities on campus to assist investigators in this case. On 12/08/22, I received an email from N [REDACTED] with spread sheets containing the rosters for all Greek living groups for the fall, 2022 semester. On 12/06/22, N [REDACTED] sent me an email with spread sheets containing the individual chapter rosters for Greek organizations on the U of I campus from fall 2019 to fall 2022. I forwarded the information to the investigation team.

On 12/02/22, I received an email from K [REDACTED] N [REDACTED], responding to a request from the FBI, that contained spread sheets detailing the following regarding the six occupants of the house on 11/23/22;

List 1: All classes back to initial enrollment under dual credit enrollment in high school

1. Name, class, location, instructors

List 2: Specific information for each class in list 1

1. Additional information not included in list : Class location

List 3: Class rosters for each class in list 1

1. Term, class descriptions, student names and id numbers, student email (at the time) final grades

The email containing the spread sheets was forwarded to the investigation team.

On 12/01/22, I received an email from K [REDACTED] N [REDACTED], responding to a request from the FBI, that contained spread sheets with data relating to card-swipe lock on the U of I campus. I forwarded the information to the investigation team.

On 12/02/22, I received an email from K [REDACTED] N [REDACTED], responding to a request from the FBI, that contained data relating to card-swipe doors on the U of I campus. The information was forwarded to the investigation team.

On 12/06/22, I received an email from M [REDACTED] T [REDACTED] with the FBI, who was requesting the U of I pay schedule. I contacted K [REDACTED] N [REDACTED] and he emailed an explanation of the pay scale, and I forwarded to [REDACTED].

On 01/17/23, I received an email from K [REDACTED] N [REDACTED], indicating the U of I had completed downloading data from their security camera system, onto a server MPD provided. I relayed this information to our forensics detectives and they were put in contact with U of I staff to take possession of the server.

Kohberger Paypal OneDrive

Case # 22-M09903  
Date: 7/25/2023

In an attempt to locate further online accounts or online service providers utilized by Bryan Kohberger, I began previewing the data forensically acquired from the desktop computer seized from the residence of Bryan Kohberger, located at [REDACTED], Pullman, Washington.

On this device I located references to both Paypal and OneDrive.

Paypal is a commonly used financial service and Paypal reports its services as a "financial technology company operating an online payments system in the majority of countries that support online money transfers, and serves as an electronic alternative to traditional paper methods such as checks and money orders." This service could be linked to additional accounts or show potential transactions important to the case.

Internet artifacts were located on the computer with the following URLs referring to Paypal:

[https://www.paypal.com/signin/authorize?ssoKey=\[REDACTED\]](https://www.paypal.com/signin/authorize?ssoKey=[REDACTED])  
<https://paypalcredit.syf.com/ESecuritySSOPayPal/PayPal/login.action>  
<https://www.paypal.com/myaccount/money/flow-transfer/addBank/banks/new>

OneDrive is owned by Microsoft and is reported by Microsoft to be "a file hosting service operated by Microsoft. First launched in August 2007, it enables registered users to share and synchronize their files. OneDrive also works as the storage backend of the web version of Microsoft Office." This service could be linked to additional accounts or show potential transactions important to the case.

The OneDrive app appeared to be installed and set to autorun on the computer. The program appeared to be installed at the following location on the computer:  
C:\Program Files\Microsoft OneDrive\ [REDACTED]  
And appeared to be listed in the Startup Items folder:  
C:\Program Files\Microsoft OneDrive\OneDrive.exe

The artifacts located showed OneDrive software was set to run after a reboot/start of the computer. And the program appeared to be last run on November 28, 2022.

The URLs located seem to refer to a specific "resid":

[https://onedrive.live.com/View.aspx?resid=\[REDACTED\]](https://onedrive.live.com/View.aspx?resid=[REDACTED])

I sent an email to Microsoft in an attempt to clarify if the "resid" was a unique identifier to the user's OneDrive account, but have not received a response at the time of this report.

The OneDrive artifacts also included SharePoint links to URLs, which included references to Washington State University:

[https://emailwsu-my.sharepoint.com/personal/bryan\\_kohberger\\_wsu\\_edu/Documents](https://emailwsu-my.sharepoint.com/personal/bryan_kohberger_wsu_edu/Documents)

Microsoft states Sharepoint "empowers teamwork with dynamic and productive team sites for every project team, department, and division. Share files, data, news, and resources. Customize your site to streamline your team's work. Collaborate effortlessly and securely with team members inside and outside your organization, across PCs, Macs, and mobile devices."

From my training and experience I know cloud-based storage, like OneDrive, can contain files not located on local computers, hard drives, or other storage media. These files could be created entirely online or moved to the cloud storage and then deleted from the local device. Because of this, I am requesting a warrant to Microsoft OneDrive to identify any accounts used by Kohberger and request the located data within the account be provided to assist in the investigation. This is to include all accounts linked by recovery email, cookie, Microsoft IDs, creation IPs or phone numbers associated with these known identifiers associated with Kohberger:

[REDACTED]

I also know the online payment service Paypal was referenced and appears to have been utilized on the computer, I am requesting a warrant for Paypal for data related to the following account identifiers, which have been previously known to be used by Kohberger, between June 23, 2022 and December 31, 2022:

Information from P [REDACTED] P [REDACTED] - 108

1. WatchGuard Event: no

Additional Responding Officers: none

Case number added to WG: no

2. Evidence

Item #836 DVD-R with information about past tenants for P [REDACTED] P [REDACTED] in the area of King and Queen

Item #837 DVD-R with information about Hyundai Elantra's from P [REDACTED] P [REDACTED]

3. Narrative

During the course of this investigation I had D [REDACTED] S [REDACTED], manager for P [REDACTED] P [REDACTED], reach out to me and ask if we wanted information about his past tenants and information of anyone who might own an Hyundai Elantra for the properties he manages. I told D [REDACTED] I would accept any information he was legally and willing to provide to us.

I provided the Hyundai Elantra information to the FBI as they were collecting any vehicle info and making lists of potential suspects who might have any relationship to the victims.

I was later asked to burn all information I had to a DVD and book it into property.

4. Other

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Spotify Kohberger Warrant

Case # 23-M09903  
Date: 8/1/2023

On July 25, 2023, I applied for a warrant for user data from June 1, 2022, to present associated with the Spotify accounts with the any of the following

[REDACTED]

Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On July 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. At approximately 1406 hours, the warrant was served via email ([REDACTED]@spotify.com.).

On July 26, 2023, I received an email from Spotify stating the data requested pursuant to the warrant was not available.

A warrant return and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court.

Narrative:

Soil Sample Collection-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 839 Soil Sample Kit

3. Narrative

On Wednesday, August 2, 2023 I responded to several locations around the Palouse in order to collect soil samples. These areas were identified as points of interest for soil collection from pictures and cellular data recovered from Kohberger's phone. A plastic shovel with dirt wedged into several locations was recovered during the search of Kohberger's white Elantra, and these samples were taken in order to compare them to the samples on the shovel.

I responded to the following locations to collect the samples:

|    |          |       |                           |            |
|----|----------|-------|---------------------------|------------|
| #1 | 8/2/2023 | 9:30  | Kamiak Butte:             | [REDACTED] |
| #2 | 8/2/2023 | 10:30 | Colfax Park:              | [REDACTED] |
| #3 | 8/2/2023 | 10:54 | Klemgard Park:            | [REDACTED] |
| #4 | 8/2/2023 | 11:33 | Wawawai Park (East):      | [REDACTED] |
| #5 | 8/2/2023 | 11:33 | Wawawai Park (West):      | [REDACTED] |
| #6 | 8/2/2023 | 12:48 | Johnson Road/Staley Road: | [REDACTED] |

Each sample was placed into a clean container, covered with a paper filter and then later sealed with evidence tape. I placed all the samples into the original hard case with a list of the above location information and sample numbers and sealed the case with evidence tape. I later booked the hard case into MPD evidence for it to be shipped to the FBI for analysis. It should be noted all of the samples except #6 were collected from public property. I obtained verbal permission from J [REDACTED] S [REDACTED], the owner of the property where # [REDACTED] was collected, to do so.

Narrative:

A [REDACTED] G [REDACTED] Files

Case # 22-M09902  
Date: 11/17/2022

On November 15, 2022, I received an email from S [REDACTED] G [REDACTED], the [REDACTED] of Kaylee Goncalves. He stated he had access to some of Kaylee's messages and phone calls. S [REDACTED] stated he would have [REDACTED], A [REDACTED], contact me about those files.

I was able to speak to A [REDACTED] and she sent me various files, including an image from the Spokesman Review showing a camera on a nearby residence, text messages between Kaylee and J [REDACTED] D [REDACTED], text messages between Kaylee and her Uber driver (E [REDACTED]), a recent phone call list, and video from the Grub Truck Twitch.tv feed.

I attached these files to the case file. The communication between Kaylee and D [REDACTED] was located on D [REDACTED] phone examination and the Twitch feed was previously downloaded.

In the image showing the camera, it was found that residence was at [REDACTED] King Road. The SD Card from the camera was brought to the Moscow Police Department, but the file system of the card was not recognized by any of the forensic computers. The card was returned to the owner and reinstalled into the camera.

On November 17, 2022, Ofc John Rosinsky re-contacted the owner of the camera, P [REDACTED] C [REDACTED] via phone. C [REDACTED] stated she was out of town, but sent a video to Ofc Rosinsky showing a figure walk to the dumpster and appear to look inside.

To preserve any potential evidence on the camera, I asked C [REDACTED] if we could seize the entire device, including the SD Card, to which she stated yes. C [REDACTED] stated she would not be back in Moscow until approximately November 28, 2022. I directed C [REDACTED] to contact me when she returns to her residence, at which time I will attempt to connect the camera back to her WIFI router and view video from the device.

Forensic Examination of Device

Case: 22-M09930  
Officer: Det. Fox #185  
Date: 8/8/2023

On August 8th, 2023, I began a forensic examination of evidence# 22M-2120. This item was a Silver Samsung S8 that was located in a dumpster at [REDACTED]. The phone was recovered on November 17th, 2022, by ISP Trooper Justin Klitch and transported to the Moscow PD Forensic lab where it was stored securely.

I was able to use Cellebrite UFED version 7.62.2.9 to extract the data and Cellebrite Physical Analyzer to examine the data. While reviewing the phone the last account email was "[REDACTED]@gmail.com" and "[REDACTED]@ymail.com". The phone had multiple messages and call logs that I was able to review. The last date of activity was October 15th, 2020. I was able to cross reference the known victims in this case and was unable to locate any connection to this device.

At this time, after reviewing the data I was unable to locate any evidence that is connected or involved in this case. The phone was located 1.5 miles away from the crime scene and appears to have not been active since October of 2020.

This conclusion is based on the evidence that is known currently. This is subject to change if more or different evidence is presented.

End of Report,

Forensic Examination of iPhone in Closet.

Case: 22-M09903  
Officer: Det. Fox #185  
Date: 8/16/23

On August 11th, 2023, I was able to complete a forensic examination of the evidence# 22M-2073. This was identified as Item#246, a black iPhone that was in a drawer, closet of W bedroom F3.

Using GrayKey and Magnet Axiom version 7.2 I was able to acquire the data from the iPhone XR. The iPhone serial number was identified as [REDACTED]. The account registered with the iPhone was [REDACTED]@outlook.com. The name of the iPhone user was listed as E [REDACTED] T [REDACTED]. Other emails associated with the iPhone included [REDACTED]@gmail.com and [REDACTED].

I was able to view the contents of the iPhone and the phone was last used on August 26th, 2021. There was no user activity on the device until it was reactivated by me on August 7th, 2023.

It appeared E [REDACTED] T [REDACTED] was friends/roommates with Kaylee Goncalves and had several communications with her from 8/2020-2/2021. It appeared E [REDACTED] and Kaylee were in the same sorority.

During the examination of the phone, I was unable to locate anything of evidentiary value. The phone was secured back into evidence for safe keeping.

Forensic examination of Xana's old iPhone

Case: 22-M09903  
Officer: Det. Fox #185

On August 10th, 2023, I was able to use GrayKey and Axiom Magnet version 7.2 to examine an iPhone XR that had extensive damage to the rear of the phone. This iPhone was identified as evidence# 22M-2077, Item# 250. The serial number of the iPhone is [REDACTED]. The name associated with the phone was Xana Kernodle and the account email was identified as [REDACTED]@gmail.com and [REDACTED]@gmail.com.

In examining the phone, the phone had not been used since May 11th, 2022. The contents of the phone belonged to Xana. After examination of the phone, I was unable to find anything of evidentiary value. The phone was secured in evidence.

End of Report,

Det. Andrew Fox #185

TikTok Multi2 Warrant

Case # 23-M09903  
Date: 8/22/2023

On July 20, 2023, I applied for a warrant for user data from June 1, 2022, to November 14, 2022 associated with the TikTok accounts with the any of the following identifiers:

Ethan Chapin's TikTok account with any of the following email address(es):  
[REDACTED]; and/or phone number [REDACTED];

D [REDACTED] M [REDACTED] TikTok account with any of the following email address(es):  
[REDACTED]; and/or phone number [REDACTED];

B [REDACTED] F [REDACTED] with any of the following email address(es):  
[REDACTED], and/or [REDACTED] and/or phone number [REDACTED]

A previous warrant to TikTok requested the data for Madison Mogen, Kaylee Goncalves, and Xana Kernodle. Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On July 24, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On July 25, 2023, at approximately 1145 hours, the warrant was served via the TikTok Law Enforcement Portal (<https://law-enforcement-tiktok-uscan.zendesk.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On August 17, 2023, I received an email from TikTok stating the data requested pursuant to the warrant was available to download. In an accompanying email, TikTok disclosed the following:  
Please note that after a diligent search we are unable to locate any TikTok

accounts associated with the identifier "[REDACTED]"

On August 22, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@law-enforcement-tiktok-uscan.zendesk.com, as this was the originating email address associated with the documents.

OneDrive Kohberger Warrant

Case # 23-M09903  
Date: 8/24/2023

On July 20, 2023, I applied for a warrant for user data from January 1, 2022, to December 30, 2022 associated with the Microsoft accounts with the any of the following identifiers:

[REDACTED]

On July 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. At approximately 1420 hours, the warrant was served via the Microsoft Law Enforcement Portal (<https://leportal.microsoft.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED].

On August 23, 2023, Cpl Payne received an email from Microsoft stating the data requested pursuant to the warrant was available to download. Cpl Payne logged into the Law Enforcement Portal and downloaded the files. These files were decrypted using the provided password and stored in the secure forensic computer lab at the Moscow Police Department. A copy was placed into evidence

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@microsoft.com, as this was the originating email address associated with the documents.

FBI Tip 9237 Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, September 13, 2023 FBI Tech Specialist T█████ forwarded me tip serial #9237 via email. The tip was called in on August 22, 2023 to the FBI tip line. The caller, R█████ T█████, advised the call taker he saw a person whom he thought was Kohberger at 1122 King Road on two occasions in July on 2022. T█████ advised he came to 1122 King Road as he was a real estate agent looking for property for clients. T█████ stated on both occasions he saw Kohberger and Kohberger's father.

On Wednesday, September 13, 2023 I called T█████ on the telephone after verifying his identity via TLO. T█████ was a licensed real estate agent living in Florida. I asked him to relate to me what he reported to the FBI. T█████ told me he drove his nephew, "T█████", to the western US from Florida as his nephew was dying from cancer. T█████ advised he came through Moscow and saw a sign for property for sale, so he followed the sign to 1122 King Road to look at the property for clients. While he was parked out front, T█████ said a brown "Jeep type pickup" pulled into the parking lot driven by an older man with a red beard. T█████ said he then saw a male who he was sure was Kohberger get up from the back seat. T█████ and the driver exchanged small talk, and T█████ said he walked to the back door to speak to the tenants but no one answered. T█████ said he left the area with his nephew shortly after that.

T█████ said he returned to 1122 King Road on his way back to Florida. T█████ said he was parked in front of the house when a white car, which he described as "the same one they've shown on television", drive by the house. T█████ said he was sure the driver was Kohberger's father and Kohberger was in the passenger seat. T█████

said the vehicle sped away and he did not see where it went.

I asked T[REDACTED] if he remembered when this took place. T[REDACTED] asked me what month the homicides occurred. I told him it was November to which he replied it must have been around then. T[REDACTED] previously told the FBI he was in Moscow in July. T[REDACTED] then told me his nephew passed away a short time after he returned from his trip. I asked T[REDACTED] when his nephew passed away. T[REDACTED] told me his nephew passed away eight years ago. I thanked T[REDACTED] for his time and told him I would call him with further questions if needed.

At this time, there is nothing to corroborate T[REDACTED] statements based off inconsistencies in his timeline. Further investigation will be completed if necessary.

This is a summary of my conversation with T[REDACTED]. Our conversation was not recorder.

Second K [REDACTED] C [REDACTED] (I [REDACTED]) Interview-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Audio digitally attached to this case

3. Narrative

On Tuesday, October 10, 2023 I met with WSU student K [REDACTED] C [REDACTED], hereto referred to as I [REDACTED], in reference to this case. I was accompanied by FBI Agent Hille for this interview as well as an FBI interpreter who was present via phone call as I [REDACTED] is from [REDACTED]. This is a summary of my interview with I [REDACTED] and is not a verbatim representation of the interview. The interview was recorded and attached to this case digitally.

I [REDACTED] was interviewed once previously by FBI Agent Zahaczewsky in December of 2022. I [REDACTED] was a former teaching assistant with Kohberger and shared an office with him for the fall semester of 2022 at WSU.

I began by asking I [REDACTED] to tell me how he met Kohberger. I [REDACTED] stated they were both TA's for the Criminology program at WSU and shared an office in Wilson Short Hall. I [REDACTED] considered Kohberger a friend and stated he thought Kohberger was very intelligent but also selfish. I [REDACTED] said Kohberger would often mislead him when it came to their shared work and would have I [REDACTED] complete work meant for Kohberger.

I [REDACTED] said Kohberger came to his dorm room on one occasion around the time of the homicides (I [REDACTED] was unsure on the exact date) after I [REDACTED] asked him for a ride to class. I [REDACTED] also added Kohberger began to talk much more than usual after the homicides. I [REDACTED] characterized Kohberger's conversations as those coming from someone who wanted to vent.

I [REDACTED] stated Kohberger attempted to use his authority as a TA to inappropriately

interact with female students. I [REDACTED] stated he thought Kohberger wanted a girlfriend and added they talked about Kohberger wanting a girlfriend on many occasions.

I [REDACTED] said Kohberger told him he might lose his TA position over an issue with Dr. S [REDACTED]. Kohberger asked I [REDACTED] to help fight the allegations but I [REDACTED] stated he refused to help Kohberger. I [REDACTED] characterized Kohberger as a dishonest person. To support this, I [REDACTED] stated he spoke to Kohberger in late December of 2022, and Kohberger said he was packing his bags to catch a flight back to Pennsylvania. I [REDACTED] later learned Kohberger had been back in Pennsylvania for some time and drove back with his father.

I [REDACTED] then told us about some injuries he witnessed on Kohberger's face and hands. I [REDACTED] was unsure of the date but stated he thought he noticed the injuries on two separate occasions in October and November of 2022. I [REDACTED] stated one injury was large scratch on Kohberger's face which I [REDACTED] described as looking like the scratches from fingernails. I [REDACTED] said he also saw wounds to Kohberger's knuckles on two separate occasions. When I [REDACTED] asked Kohberger about what happened to him, Kohberger replied he had been in a car accident. I [REDACTED] also stated Kohberger was frequently twenty minutes late to their classes. I asked I [REDACTED] what he and Kohberger would talk about. I [REDACTED] said Kohberger liked to discuss his area of study which was criminal decision making and burglary type crimes.

SA Hille and I advised I [REDACTED] to reach out if he wished to add anything to what he told us and concluded our interview.

H [REDACTED] R [REDACTED] tip follow up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Tuesday, October 24, 2023 I received a tip from TS T [REDACTED] which needed to be followed up on (tip #7280). The tip was originally captured in the FBI's VCC system. The tip stated A [REDACTED] I [REDACTED] thought her friend, H [REDACTED] R [REDACTED], drove a white Hyundai Elantra and was around 1122 King Road the night of the homicides. SA Shirley spoke to R [REDACTED] in December, but there were no details in VCC as to what he found out.

I called R [REDACTED] on Tuesday, October 24, 2023. R [REDACTED] confirmed she spoke to SA Shirley in December. I asked R [REDACTED] what kind of car she drove. R [REDACTED] said she drove a 2014 white Ford Focus. I confirmed this by running R [REDACTED] license plate through the Idaho DMV which showed a white 2014 Ford Focus. I asked R [REDACTED] if she had been driving near King Road the night of the homicides. R [REDACTED] said she was not and said her car was parked on the street near her sorority at [REDACTED] [REDACTED] Street in Moscow. R [REDACTED] said she saw Kernodle briefly at a frat the night prior to the homicides but otherwise had nothing else to talk about.

I thanked R [REDACTED] for her time and ended our conversation. I did not record our conversation.

Additional Video Downloads

Case# 22-M09903  
Date: 10/25/2023

On October 17, 2023, I received an email from the Latah County Prosecutor's Office in reference to downloading additional video from the security camera seized from the residence located at [REDACTED] King Road in Moscow, Idaho.

Previously video had been downloaded from the camera for the approximately time frame of 0230 to 0430 hours on November 13, 2022. These videos were downloaded and contained audio. Through different methods using forensically acquired data from the camera's SDcard, additional videos were downloaded, however, they did not include the audio.

I was requested to download videos, to include audio, from the approximate time frames of 0445 to 1200 hours on November 13, 2022. Due to the fact the camera light bulb connection was inadvertently broken previously, a repair to the device to allow it to be powered on was needed. In the email received on October 17, 2023, Defense Counsel Anne Taylor provided approval of the repair. Prior approval was provided by the Latah County Prosecutor's Office.

I was able to request and receive the camera and wireless router from evidence. I was successful in replacing the light-bulb threaded connection with a standard wall-plug to power the device. The device powered up and I was able to download videos from 0445 hours to 1205 hours from the device. Upon reviewing the videos, they appeared to contain audio.

The videos were saved to a forensic computer located in the secure Moscow Police Department. These videos were concatenated using Axon Investigate (formerly called Input-Ace) version# 3.2.0. These files were placed onto Blu-Ray disks and placed into evidence. I returned the camera and router to evidence after resealing their respective containers.

Twitch Video

Case # 22-M09903  
Date: 11/18/2022

On November 13, 2022, I was informed two of the victims had been patrons at the Grub Truck, located on Main Street in Moscow, Idaho. I was also informed Grub Truck streams live feeds of their customers and sales via Twitch.tv.

I was able to locate the Twitch account "GrubTruckers" and locate the stream from the November 12-13, 2022. This stream was labelled, "The Carbonara effect... we'll never reveal our secret ingredient" and located at <https://www.twitch.tv/videos/1651413498>.

In the video, Kalyee Goncalves and Maddie Mogen are seen walking into camera view on the video at 3:43:01 timestamp. They are accompanied by a male, later identified as J [REDACTED] "J [REDACTED]" S [REDACTED]. Goncalves orders and receives food.

At the 3:53:31 timestamp, the girls are seen walking around the truck and leave the area. S [REDACTED] appears to be talking to another patron and does not see the girls leave. S [REDACTED] then raises his arms in a "What?" fashion and walks away in a different direction than the girls.

A copy of this video was captured and saved as evidence.

Soil Provenance Report-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

File attached to Spillman case file

3. Narrative

On Friday, March 1, 2024 I received an email from FBI Geologist I [REDACTED] S [REDACTED] containing the report completed reference the soil found on the shovel recovered from Kohberger's white Elantra. I attached the PDF of this report to the Spillman case file.

The summary of the report is as follows. The soil on the shovel is consistent with spoil found in the Moscow area based off of S [REDACTED] analysis. The report also stated the soil was likely not from anywhere east of Moscow. This finding also excluded Pennsylvania as a likely source for the soil.

The report stated the soil from the shovel displayed characteristics of soil carried to the area via a water source. Though this could have been recent or any point in the areas geologic history.

During conversation with S [REDACTED], he stated the exact area the sample came from would likely not be attainable due to the prominence of the mineral compounds from the sample that are found throughout the Moscow area.

See attached report for further details.

Report of Potentail Juror Survey-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Friday, March 8, 2024, I received an email from PA Thompson reference the receipt of a phone survey. The recipient, N [REDACTED] B [REDACTED], stated someone called her and began to ask questions about the Kohberger trial to include questions about how B [REDACTED] felt about the case. See below for B [REDACTED] information provided via emailed Word document:

"Phone number #1 [REDACTED], lasted 18 minutes.

Stated they were a company performing a survey among the community in relation to the Brian Kohberger case. They verified if I was a Latah County resident and which city I considered myself a resident.

Here is a small list of the questions that I can remember. These questions are not verbatim but of the general sense of what I can remember being asked.

1. Have I read, listened to, or seen any news reels regarding Brian Kohberger and/or the families of the victims?

2. Have I read, listened to, or seen any television or movie documentaries regarding Brian Kohberger and/or the families of the victims?

3. Were you aware of any television, movies or documentaries concerning Brian Kohberger on sources like Netflix?

4. What sources have you listened to, read or seen as a source of information?

5. Can you name the specific newspapers, news stations, or source of information that you received your knowledge of the case?
6. Have I heard or participated in any rumors surrounding Brian Kohberger, the victims or their families? (I responded "no" but that I've heard rumors regarding law enforcement involved in the case).
7. In a general statement, how would you describe how the community has been affected by the murders?
8. Has the murders caused anyone you know or yourself any excess stress?
9. Do you feel the community has felt an excess of stress since the murders?
10. Do you know a student that attends University of Idaho?
11. Do you know or are related to law enforcement and/or anyone directly involved with the case?
12. In a general statement, do you feel Brian Kohberger could receive a fair trial?
13. Do you think if you were asked to serve on a jury would you be able to serve fairly weighing the evidence and the case presented?
14. Have you ever driven past the residence in which the murders were committed?
15. Did you ever read, watch or listen to any reports of Brian Kohberger's arrest in Pennsylvania?
16. How would you describe how closely you've been following the Brian Kohberger case?

I can't remember much more but I felt the questions were sometimes redundant just changing some words here and there and they were focused on my personal opinion and my opinion of the community surrounding BOTH the victims, their families and Brian Kohberger. There were several questions regarding if I felt Kohberger could get a fair trial and if I felt I could impartially or fairly sit on a jury. The questions were just worded differently but that was the general sense they were trying to feel out from me in my responses."

XXX End of Word Document XXX

On Monday, March 11, 2024 I received another report from PA Thompson stating J [REDACTED] M [REDACTED] received a similar phone call. I called Mrs. M [REDACTED] and learned the following. The business that called M [REDACTED] went by the name Research Strategies Inc.. The company's website, <https://researchstrategiesinc.com>, states they conduct various types of surveys to include public opinion surveys and post-trial jury analysis. The phone number provided to Ms. M [REDACTED] shows up on the Better Business Bureau website for the same company out of Alabama. I checked TLO and found the number used to be associated with a woman in Alabama who passed away 2011 which further lends to it being the correct number, just reassigned to this business.

I spoke to Mrs. M [REDACTED] who stated she received the call appx. 4:51 pm on 3/10/24. The first question she was asked was if she was a Latah County resident. There were several questions that followed which asked generic questions about trials and the criminal justice system. Then she stated the woman asked her specifically if she was aware of the Kohberger trial. Mrs. M [REDACTED] stated she refused to answer, asked the woman who she worked for (Research Strategies, with the number provided), who was paying for the survey, and asked for her supervisor. The woman gave her the company's number and stated she was unaware of who was responsible for the survey. Mrs. M [REDACTED] also stated the number the woman called from was [REDACTED]. This number is not found in TLO and is likely a Google voice type number not associated with a person. This is also the number that called B [REDACTED].

Mrs. M [REDACTED] stated she posted to her Facebook page asking if anyone else had received similar calls. She stated several people in the Potlatch area had received calls from the same number that called her but most were not answered. I asked her to keep me posted if she became aware of any further information.

My conclusions are this is a legitimate survey requested via this company. Open source searches suggest a study like this would cost into the tens of thousands of dollars. I called the number provide for Research Strategies Inc. and was directed to leave a message. The recording also stated I had reached Research Strategies Inc.

Post Review of BWC and Details: M140

1. WatchGuard Event: YES

Additional Responding Officers: See original DR

Case number added to WG: YES

2. Evidence

NONE

3. Narrative

On 03/12/24, I received an email from Detective Cpl. Payne asking for a review and detail of my BWC regarding this case and my involvement. Due to my minimal involvement and lack of discovered information, I had not completed a supplement at the time.

On 11/13/22, at approximately 1420 hours, I responded to 1122 King Rd to assist with canvassing the immediate area and I was tasked with conducting door to door contact in the [REDACTED] Queen Rd. area. I was informed that a likely time of the incident was between approximately 0400 and 0445. I was advised that other officers had already covered the south facing apartments of Queen Rd and I began going door to door on the center and north facing portions of the apartment complex with Cpt. Lanier. I spoke with several tenants who stated they did not hear anything strange and their only attention to 1122 King Rd. was brought upon by the increased police presence through the day. I did not identify the tenants I spoke to who stated they had not been awake or alerted to any unusual sounds, people or events. Of the tenants I spoke with and did not identify, all gave a similar account of standard party activity and nothing out of the ordinary for a typical Saturday night/Sunday morning.

While Cpt. Lanier and I were conducting door to door canvassing, our attention was drawn to dark red colored drops and splotches on several portions of the walkway of the building (particularly on the upper level near apt [REDACTED] and after further inspection, I could see that this same colored substance appeared to be rust which ran down the walls and was on several door jams as well as the siding throughout the apartment complex. I checked the walkway back from the area and

did not see any other drops or splotches indicating a blood trail leading toward 1122 King Rd. There was no answer at apartment [REDACTED]. Based on those observations, I determined the drops and splotches to be uninvolved or unrelated.

I spoke with the tenants in apartment [REDACTED] who stated they went to bed around 0100 hours and music was present at 1122 King Rd. during that time, which they stated was "pretty much every weekend". Both tenants said they woke up around 0930 hours and there were no strange or alarming sounds. Due to having no information aside from standard weekend behavior from 1122 King Rd, I did not identify the two contacts.

I spoke with the tenants in apartment [REDACTED] identified as J [REDACTED] G [REDACTED] ([REDACTED]/2000) and I [REDACTED] B [REDACTED] [REDACTED]/03). The two stated they were at a birthday party on Blake St. (approximately 1.5 blocks away) and got to bed in the early morning hours, estimated to be approximately 0400 hours. I asked which way they walked back from the party and B [REDACTED] described them as walking back, west on Taylor Ave, then cutting up a stair path just west of [REDACTED] Taylor Ave. (the stairs travel from the parking lot of [REDACTED] Taylor Ave. up to Queen Rd, facing straight at the gravel parking lot of 1122 King Rd.). Both B [REDACTED] and G [REDACTED] stated they did not see anyone outside or pass anyone as they were walking. I asked if there was still a party or music going on at 1122 King Rd. when they walked by and they stated there was. Nothing seemed out of the ordinary and they did not hear anything that alarmed them in any way.

I spoke with the female tenant of apartment [REDACTED] who stated she works a "red eye" and she got home at 0630 hours and had left for work at 2145 hours on 11/12/22. She stated that there was activity, people coming and going from 1122 King Rd at that time but there was no one walking around at 0630 when she returned home.

After conducting the canvas through my assigned area, I cleared the scene. At no time during my involvement in the area did I cross into the designated crime scene.

Several days later, I passed on my notes to the ISP investigations team assigned with a the more thorough canvass of the area, highlighting the address and names of B [REDACTED] and G [REDACTED] who stated they were on foot in the area near the approximate time of the incident, which seemed to be the only substantial contact from my canvas.

Phone Survey Investigation-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA- Audio Uploaded to Spillman Files

3. Narrative

On Friday, March 8, 2024, I received an email from Prosecuting Attorney Bill Thompson advising of a telephone survey received by N [REDACTED] B [REDACTED]. N [REDACTED] provided a typed summary of the phone survey which stated the following:

"Phone number #1-[REDACTED], lasted 18 minutes.

Stated they were a company performing a survey among the community in relation to the Brian Kohberger case. They verified if I was a Latah County resident and which city I considered myself a resident.

Here is a small list of the questions that I can remember. These questions are not verbatim but of the general sense of what I can remember being asked.

1. Have I read, listened to, or seen any news reels regarding Brian Kohberger and/or the families of the victims?

2. Have I read, listened to, or seen any television or movie documentaries regarding Brian Kohberger and/or the families of the victims?

3. Were you aware of any television, movies or documentaries concerning Brian Kohberger on sources like Netflix?

4. What sources have you listened to, read or seen as a source of information?

5. Can you name the specific newspapers, news stations, or source of information that you received your knowledge of the case?

6. Have I heard or participated in any rumors surrounding Brian Kohberger, the victims or their families? (I responded "no" but that I've heard rumors regarding law enforcement involved in the case).

7. In a general statement, how would you describe how the community has been affected by the murders?

8. Has the murders caused anyone you know or yourself any excess stress?
9. Do you feel the community has felt an excess of stress since the murders?
10. Do you know a student that attends University of Idaho?
11. Do you know or are related to law enforcement and/or anyone directly involved with the case?
12. In a general statement, do you feel Brian Kohberger could receive a fair trial?
13. Do you think if you were asked to serve on a jury would you be able to serve fairly weighing the evidence and the case presented?
14. Have you ever driven past the residence in which the murders were committed?
15. Did you ever read, watch or listen to any reports of Brian Kohberger's arrest in Pennsylvania?
16. How would you describe how closely you've been following the Brian Kohberger case?

I can't remember much more but I felt the questions were sometimes redundant just changing some words here and there and they were focused on my personal opinion and my opinion of the community surrounding BOTH the victims, their families and Brian Kohberger. There were several questions regarding if I felt Kohberger could get a fair trial and if I felt I could impartially or fairly sit on a jury. The questions were just worded differently but that was the general sense they were trying to feel out from me in my responses."

XXX End of Statement XXX

On Monday, March 11, I received an email from PA Thompson advising another Latah County resident had received the same call. I began to investigate the origin of these calls and discovered the following. The business appeared to be a legitimate survey company out of Alabama called Research Strategies Inc. Their website, <https://researchstrategiesinc.com/>, stated the company specialized in public opinion surveys and post-trial jury analysis among many other types of phone surveys. The phone number used to call Ms. M [REDACTED] shows on the Better Business Bureau website for the same company out of Alabama. I checked TLO and found the number used to be associated with a woman in Alabama who passed away in 2011 which further lends to it being the correct number, just reassigned to this business.

I spoke to Mrs. M [REDACTED] on Monday, 3/11, and she stated she received the call at approximately 4:51 pm the day prior. The first question she was asked was if she was a Latah County resident. There were several questions that followed which asked generic questions about trials and the criminal justice system. Then she stated the woman asked her specifically if she was aware of the Kohberger trial. Mrs. M [REDACTED] stated she refused to answer, asked the woman who she worked for (Research Strategies, with the number provided), who was paying for the survey, and asked for her supervisor. The woman gave her the company's number and stated she was unaware of who was responsible for the survey. Mrs. M [REDACTED] also stated the number the woman called from was [REDACTED]. This number is not found in TLO and is likely a Google voice type number not associated with a person. Mrs. M [REDACTED] stated she posted to her Facebook page asking if anyone else had received similar calls. She stated several people in the Potlatch area had received calls from the same number that called her but most were not answered. I asked her to keep me posted if she became aware of any further information. I later learned six people on her Facebook post from the Potlatch area had received a call from the same number. Additionally, Mrs. M [REDACTED] stated the call

made her very uncomfortable and she did not think it was right for people to be calling and asking such questions.

I later learned of two additional people in the Moscow Police Department and Latah County Prosecutor's Office who received the call and confirmed the same questions were asked. On Thursday, March 14, 2024 I also received a phone call. The caller ID showed as "Political Call". I answered the phone call and listened to the questions. I've attached the call to this case and a transcript of the conversation is as follows (note the recording started approximately 15 seconds after the beginning of the call):

Payne: Uh, [REDACTED]. Okay,

Caller: and we got the serrancia, hispanic Latino or spanish region.

Payne: No.

Caller: Yeah, race please?

Payne: Uh, [REDACTED]

Caller: Okay. Before we get started, I'd like you to know that there are no right or wrong answers. You're always free to respond, I don't know or no opinion.

Caller: Answer to any question and all of your answers remain confidential. So, i'm going to start with three statements about the criminal justice system, and then we'll get to the case itself. And for each one of these, please tell me whether you Agree. Strongly agree. Somewhat disagree or disagree strongly.

So here's the first one. If the government brings someone to trial that person is probably guilty. Payne: No opinion.

Caller: Okay. And the next one is it is better for societies to let some guilty people go free than to risk convicting an innocent person.

Payne: No opinion.

Caller: Okay, and then the last one is even the worst criminal should be considered for mercy.

Payne: No opinion.

Caller: Okay. And now I'm going to ask you about an upcoming jury trial in your community. Back in 2022 four students attending the University of Idaho and Moscow were stabbed to death in their home. About a month later. Brian Kohberger was arrested and charged with murder. So, have you rent seen or heard anything about this case?

Payne: So, I'm about to stop you right there. I actually work for the city of Moscow Police Department. So i can't answer any more of your questions. I would like to know who is requesting you guys conduct this survey?

Caller: Okay, well we're actually never told to hires us to do the survey. Now I do have a toll-free number. If you'd like to call her front office to see if you can get more information about the survey. From our supervisors.

Payne: I've tried to call them but I'll take the number down anyways.

Caller: Oh okay, yes sir. And again just because you work for the police department doesn't automatically disqualify you from doing this survey if you're still interested doing it.

Payne: Uh no I'm not.

Caller: Oh, okay. All right, that doesn't give you the answer. But yeah, our toll-free number is 1- [REDACTED]. And we're research strategies. And then I can also give you our website if you want.

Payne: I already found it actually, believe it or not.

Caller: Oh okay. The research strategy inc.com?

Payne: Yep.

Caller: Okay, yes. All right, well, I'm sorry it didn't work out but hopefully

like i said, if you call we're on Central Time. So I believe we're two hours ahead of you Um, but if we call during business hours central time, then, I hopefully, without to give you more information about, you know, but what the case has been used for and so forth.

Payne: Okay can i ask you how many people you guys have been requested to call like how widespread this survey is?

Caller: That I unfortunately don't know. Um we're kind of told everything on that need to know basis here in the cubical. So yeah i got you don't know how many even we're supposed to get as far as like complete surveys and everything.

Payne: How many have you called alone? Do you have any idea about that number?

Caller: Yeah, I don't really have a number and I can say we've been working on this for two weeks now and you know, we're just like three and a half hours a night for two weeks, so You know, just not everybody wants to do the survey of course, but Right? I get people who don't live in the county, too. That's a whole other thing, right?

Payne: Certainly yep.

Caller: Okay, well uh, appreciate your time sir.

Payne: Yeah, i don't mean to be rude to you, or anything, just wanted to uh, be up front with the, I can't answer any questions or anything and I wouldn't prefer to do that if I could.

Caller: So, Um, oh okay. That's fine. I understand where you're coming from and you know it, unfortunately, you know, I wish I could answer some of your questions but I think I said, I'm operating on very limited information as far as how that information.

Payne: Yeah, totally. Totally get it. Yep, well, I appreciate it, sir. Thanks for giving me what information you could and I'll reach out to that number. See if i can get some more info.

Caller: Okay, great. All right. Well again, hope you have a good night and it was nice talking to you.

Payne: Hey you too, take care.

XXX End of Transcript XXX

I attempted to call the number provided and was greeted by a telephone prompt. I was unable to connect with anyone in order to ascertain any further details from the company. It would appear the survey is relatively widespread, asks the same questions, and originates with Research Strategies Inc. I will add additional reports as they are received.

K [REDACTED] G [REDACTED] and S [REDACTED] S [REDACTED] Tip Follow Up- #157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, March 13, 2024 I received an email from Cpt. Blaker who still receives voicemail tips reference this case. Cpt. Blaker sent me two tips for additional follow up. The first tip was called in by K [REDACTED] G [REDACTED]. G [REDACTED] stated she thought she had matched with Kohberger in September or October of 2022 on Tinder.

I called G [REDACTED] and asked her to elaborate on her voicemail. G [REDACTED] stated she signed up for Tinder in September or October of 2022, but she was unable to match with anyone in her area. G [REDACTED] stated she paid for the additional Tinder feature which allowed her to move a pin anywhere in the country to see if she could match with someone. G [REDACTED] stated she matched with Kohberger a short time later and began to talk to him. G [REDACTED] said Kohberger told her he was a criminology student at WSU. The two communicated via Tinder and planned for Kohberger to visit G [REDACTED] when he came home for Christmas break that year.

G [REDACTED] then told me she had a friend who had been murdered in her town a couple of years prior. She said she discussed this with Kohberger. The conversation turned to horror movies and which ones G [REDACTED] liked the most. G [REDACTED] told Kohberger she liked the Rob Zombie Halloween movies. To this, G [REDACTED] said Kohberger asked what she thought would be the worst way to die. G [REDACTED] said she thought it would be a knife. G [REDACTED] said Kohberger then asked her something to the effect of "like a Ka Bar?" G [REDACTED] said she didn't know what that was and had to Google it. G [REDACTED] said she eventually stopped talking to Kohberger because his questions made her uncomfortable.

C [REDACTED] said when Kohberger was arrested she recognized his photo and remembered the comment about the Ka Bar knife. C [REDACTED] said she attempted to call the tip line, but I have been unable to verify whether or not C [REDACTED] called the MPD tip line. There is no record of C [REDACTED] calling the FBI tip line. C [REDACTED] said she no longer had access to her Tinder profile and could not get her user ID. This would be needed to compare the Tinder records located on Kohberger's phone. At this time, there is nothing to corroborate C [REDACTED] tip.

The second tip was reference a [REDACTED] driver, S [REDACTED] S [REDACTED], who thought he saw Kohberger. I called S [REDACTED] and asked him to tell me what he saw. S [REDACTED] said he delivers packages to the area of Pullman where Kohberger resided during 2022. S [REDACTED] said he recognized Kohberger and had seen him while delivering packages to the area on prior occasions. S [REDACTED] told me on the occasion he referenced in his tip, he noticed a man dressed in all black, with "boxing or elf shoes" standing on a footpath behind [REDACTED] Terre View Drive. This footpath provided an unobstructed view of apartment [REDACTED] where S [REDACTED] said the female tenants would be visible through a large window. S [REDACTED] said seeing the man, who he said looked like Kohberger from what he could see, was unusual given the location. S [REDACTED] said he was not positive the man was Kohberger but he resembled Kohberger's appearance.

S [REDACTED] told me he spoke to an FBI investigator early on but wanted to make sure the information was passed on. I concluded my phone interview with S [REDACTED] and thanked him.

Neither of the two conversations above were recorded.

3. Narrative

On 11/12/2022, at 1853 hours, there is a 4RE vehicle video saved under my name and badge number. The video depicts a patrol car transporting two Moscow Police cadets to the Kibbie Dome. Some time later, the vehicle returned to the Police Department. I do not know who was actually driving the vehicle, but it was not me.

On 11/13/2022, at 2051 hours, I responded to 1122 King Road. I was asked to maintain a written scene access log. [REDACTED] arrived on scene. Two of the victims were prepared for transport. Captain Lanier advised he wanted a marked patrol unit to escort [REDACTED] to the funeral home.

Officer Morris arrived on scene and relieved me at the door. I handed Officer Morris the scene access log. I escorted [REDACTED] to the funeral home. I stopped the recording on my BWC while driving at approximately 2130 hours.

I reactivated my BWC at 2137 hours at [REDACTED]. I remained at [REDACTED] as the two victims were offloaded. I deactivated my BWC at approximately 2145 hours.

I cleared the scene.

2. Evidence

Files attached to Spillman

3. Narrative

On Tuesday, March 19, 2024, I received an email from CPT. Blaker containing two attachments. The first attachment was titled "Vehicle List". This document contained all information on MPD's fleet of vehicles to include non-patrol and unmarked vehicles. The second attachment, "MPD Schedule 11.12 to 11.13.22". This document contained the entire shift schedule for MPD officers from those dates. These two documents were provided in response to defense counsel request. I attached both files to the Spillman case file.

Later on 3/19/22 I received an email from Whitcom Director W [REDACTED] B [REDACTED] with four attachments. The attachments were as follows:  
"MPD-Calls-11-12-to-11-13-22.txt", "MPD-Radiolog-11-12-22-to-11-13-22.xlsx",  
"IM-Payne-by-Conversation.pdf", and "IM-Payne-by-Thread.pdf".  
These documents contain additional information requested by defense counsel. I attached them to the Spillman case file.

FBI Lead 249, R [REDACTED] V [REDACTED], Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

None

3. Narrative

On March 6, 2024, I conducted follow up on a tip from the FBI database. The tip stated a male, R [REDACTED] V [REDACTED], had posted in a hiking group on Facebook that he found a Ka Bar knife with the sheath while hiking in the Cascade Mountains. Investigation into this area of the country did not yield a link to any known travel path of Kohberger for the timeline in question. In addition, the knife was found with a sheath.

I attempted to get in contact with V [REDACTED] using the numbers provided by the FBI tip as well as TLO. None of the numbers were viable and I was unable to contact V [REDACTED]. This tip is closed as of this report.

Uber Location Request

Case # 22-M09903  
Date: 11/18/2022

On November 18, 2022, I logged into the Uber Law Enforcement Portal (lert.uber.com) and submitted an exigent preservation request for any location data associated with the Uber driver named E [REDACTED] G [REDACTED] with the phone number of [REDACTED]. Due to the nature of the investigation, Uber recommended an exigency request for the preservation.

In a screen shot received from A [REDACTED] G [REDACTED], it showed messages which appear to be from G [REDACTED] phone between Kaylee Goncalves and himself. The name of the recipient is "Kaylee Uber."

It is unknown if G [REDACTED] was "on duty" with Uber at the time of him picking up Goncalves and Maddie Mogen. Uber stated if the driver was "on duty" it would show the location of the vehicle. If the driver was not "on duty," Uber would not have the data. I was informed by Uber Customer Service this is common if the driver provides personal transportation services.

At 1434 hours, I received an email from Uber stating they received my request.

I received an email at approximately 1617 hours from Uber, which contained files regarding the Uber logs of E [REDACTED] G [REDACTED]. The records showed his location up until approximately 0115 hours, where it appears no other information is found and G [REDACTED] goes "off duty." These records were attached to the case file. No warrant was requested or returned as Uber provided the data via the exigent request.

E [REDACTED] A [REDACTED] Interview-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Thursday, April 11, 2024, I contacted E [REDACTED] A [REDACTED] by phone reference a tip in the FBI system. The tip stated a friend of A [REDACTED] may have photos of the victims in this case from the night prior to the homicides. I spoke to A [REDACTED] on the phone. I did not record my conversation, and this is a summary of my interview with A [REDACTED].

I asked A [REDACTED] to tell me what he remembered from the night before the homicides. A [REDACTED] told me he saw the victims at "The Whites" party that had been previously mentioned in this case. A [REDACTED] told me he saw Chapin and Kernodle at approximately 2000 hours before they went home. I asked A [REDACTED] if he had taken any photos. A [REDACTED] told me he did not but he remembered V [REDACTED], an [REDACTED] sorority member, was there and taking pictures. A [REDACTED] told me he thought she might have photos that would show the victims. I asked A [REDACTED] if there was anything else he could remember from that night and he said there was not. I thanked him for his time and concluded my conversation with A [REDACTED].

I attempted to call V [REDACTED], but was only able to leave a voicemail. A short time later, V [REDACTED] left me a return voicemail stating she was out of the area and would call me back when she was available. I will interview V [REDACTED] upon her return as well as add any photos she may have to this case.

K [REDACTED] Interview-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 876 CD

3. Narrative

On Friday, April 12, 2024 I met with K [REDACTED] D [REDACTED] at the Moscow Police Department reference a tip D [REDACTED] had called in during this investigation wherein D [REDACTED] said he was with some of the victims the night before the homicides and wished to provide his whereabouts. I recorded my interview with D [REDACTED] and burned them to a CD which I booked into MPD evidence. The following is a summary of my interview with D [REDACTED].

I began by asking D [REDACTED] to tell me what his background with the victims was. D [REDACTED] told me he hung out with Kernodle frequently during his freshman year of college prior to Kernodle dating Chapin. D [REDACTED] told me he was in the circle of friends with the other victims and causally saw F [REDACTED] in the fall of 2022. D [REDACTED] later told me he spent the night with F [REDACTED] on approximately three prior occasions. I asked D [REDACTED] if he remembered any of the victims telling him about any strange occurrences. He told me he did not. I asked him if he went to any of the parties at 1122 King Road. D [REDACTED] told me he did and that there were roughly twenty people at the parties when he went. I asked D [REDACTED] if he and the other party attendees would have noticed someone unwelcome in the party. D [REDACTED] told me they would have and that did not occur at any point when he was there.

I asked D [REDACTED] to tell me what he remembered about what he did the day prior to the homicides. D [REDACTED] told me he went to 1122 King Road the morning of 11/12/22 at approximately 1000 hours to have a couple of drinks with the residents prior to going to the football game. D [REDACTED] said they all went to "The Whites" for a party prior to going to the football tailgate. D [REDACTED] said they left that party and went to the football tailgate at half time of the game (he was unsure of

what time) and stayed out in the parking lot. I asked D [REDACTED] what he did after the tailgate. He told me the victims all left, and he went back to [REDACTED] [REDACTED] (his fraternity). D [REDACTED] said he ate some food and went to sleep for the night.

I asked D [REDACTED] what he remembered about the next morning. D [REDACTED] said a fraternity brother woke him up around noon to check on him since he had stayed at 1122 King Road prior and the Vandal Alert had been issued for homicides there. D [REDACTED] said from then on, he and his fraternity brothers stayed in the house together until they all left town the next day. I asked him if F [REDACTED] told him anything about what happened. He said she did not and he did not ask F [REDACTED] about it.

I asked D [REDACTED] if there was anything else he thought I should know and he told me there was not. I thanked D [REDACTED] for his time, provided him my business card and asked him to call me with any further concerns or questions.

U Tip Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Thursday, April 11, 2024 I requested assistance from MPD campus officers with locating information on P U who had called a tip into the FBI tip line stating he worked for UI security and had found knife packaging but no knife.

OFC Rosinsky requested contact information for U from UI Security, however their records showed U never worked for UI Security nor did they have any contact information for him. OFC Rosinsky also advised he looked for U in TLO but could not locate any information for him.

Due to the lack of contact information or further reports from U, this tip will be closed.

Soil Pollen Provenance report-#157

1. WatchGuard Event: NA  
Additional Responding Officers: NA  
Case number added to WG: NA

2. Evidence

File attached to case

3. Narrative

On Thursday, April 18, 2024 I received an email from I ■ S ■■■■■, Geologist, FBI. The report details the findings of the exam of the pollen contents of the soil found on the shovel as well as its comparisons to the samples sent in for comparison.

The report states none of the samples are match with the soil from the shovel. Additionally, the report states the soil from the shovel contained high amounts of pine pollen, and "single pollen grains from plants that are not naturally distributed in the Moscow, Idaho area (Basswood and Red Maple) were found in the soil recovered from the shovel (Item 83-1), however both are commonly planted ornamental species".

I attached this report to digitally to this case file.

C [REDACTED] T [REDACTED] Tip-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 879- CD of Interview

Item 880- Map

3. Narrative

On Thursday, April 25, 2024, I received a note from MPD reception to call C [REDACTED] T [REDACTED] (1943) in reference to this case. I called T [REDACTED] who agreed to come to MPD to speak to me. I spoke to T [REDACTED] in interview room #1. This is a summary of my conversation with T [REDACTED] and not a verbatim transcription.

I asked T [REDACTED] what made her decide to speak to me on this date. T [REDACTED] told me her good friends had convinced her to come talk to MPD to make sure what she knew was at least conveyed to law enforcement. I asked T [REDACTED] to tell me what she knew. T [REDACTED] told me she and her husband went to the Costco in Clarkston, WA on 11/13/22 to pick up new glasses for T [REDACTED]. She told me they left Costco around 1400-1430 hours that afternoon and drove north across Red Wolf Bridge. T [REDACTED] told me when they turned Eastbound on the highway from the bridge she saw a man walking in the grassy area between the river and the highway.

T [REDACTED] stated she thought this was strange as there was nothing for anyone to be doing there. T [REDACTED] stated the man was walking eastbound and noticed her staring at him. T [REDACTED] said the man looked up at her and then appeared to look down and avoid her gaze. I asked T [REDACTED] what the man looked like. T [REDACTED] told me she had seen much of the news coverage regarding Kohberger and that was what came to her mind, but that she was not certain he was the person she saw. I asked her if the man she saw would match Kohberger's appearance and she said it would. I asked T [REDACTED] what the man was wearing. She told me she thought it was strange as the man was wearing nice clothes. I asked if business casual was a fair classification and she said it was.

T■■■■ stated she did not see a car the man was walking to and thought that was strange. T■■■■ said they drove away and that was all she knew. T■■■■ had drawn a map of the location. I booked the drawing into MPD evidence.

On Tuesday, April 30, 2024 I drove the area T■■■■ described with CPT. Blaker. The area T■■■■ described as where she saw the man is not visible from the highway once you turn east off the bridge. Anyone walking in the area would have to be very near the guardrail as the hill is relatively steep and drops away from the highway almost immediately.

I called T■■■■ back on Thursday, May 2, 2024 and asked her to clarify. T■■■■ told me the man was on the hill roughly in the middle. T■■■■ called me back a short time later and told me the man may have been further east along the hillside. I will continue to validate whether or not T■■■■ recollection of events is plausible.

C [REDACTED] T [REDACTED] Audio Issue-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, May 8, 2024, I was notified by the Latah County Prosecutor's Office that the audio portion of my interview with C [REDACTED] T [REDACTED] did not appear to be working as it was provided to them. Evidence Custodian S [REDACTED] also stated he could not get the audio stream to work on the recording.

I logged into ExacqVision, the program used to record interviews at MPD to ascertain why the audio stream did not get downloaded. After attempting to re-download the interview, I learned the audio recording for the interview room did not work. I reviewed the footage and could see where I flipped the audio switch on prior to the interview. In addition, I ensured both audio and video streams were downloaded for the duration of the interview. However, it appears the microphone recording system did not function and did not record any audio for this interview.

CastViz Working Files

Case: 22-M09903  
Date: 5/23/2024

Previously, the Latah County Prosecutor's Office requested any CastViz session logs pertaining to the phone number [REDACTED]. I did not locate, nor remember creating, any session logs pertaining to the screenshots I created previously using CastVIZ Version #30.0.0 as described in my previous report.

While preparing for the Motion to Comply Hearing, set for May 23, 2024, I found the following files. They appear to be two .Zip files containing what appear to be CastVIZ session files:

Kohberger 48 HR Records.zip  
Kohberger Full Records.zip

I also located the following files with the session data files:  
LocDBoR Near Crime Scene.csv  
Working CDRs.xlsx  
Export (1).kmz

I located emails from FBI Special Agent Nick Ballance providing me with the files above.

In trying to open these session files in CastVIZ to verify them, I received an error message. In reviewing the metadata, it showed the version of CastVIZ used to create them was 28.0.0. In speaking with FBI Agent Sean Kennedy, who teaches CastVIZ trainings, he informed me I would not be able to open a previous version session file (28) in a newer version of the software (30).

In examining the drawings.json file, I found references to 1122 King Road and [REDACTED], Pullman, WA.

Out of the abundance of caution, I placed these files into a folder named, "CastVIZ."

I then located the folder in which the data I used for the CastVIZ session where

I saved screenshots for exhibits. No session files were located. The screen shots created had a date of 4/19/2023.

Out of the abundance of caution, I placed these files into a folder named, "Mowery."

These files were then place onto a DVD and put into evidence. I contacted the Latah County Prosecutor and informed them of the records.

Weather Data for 11/12/22-11/13/22-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

File attached to Spillman File Under "Weather Data 11.12.22 to 11.13.22"

3. Narrative

On July 2, 2024 I accessed the National Oceanic and Atmospheric Administration's website for historical weather data titled National Centers for Environmental Information. Within this website I accessed the local climatological data tool and selected the state of Washington to search for weather stations. I located the Pullman Moscow Regional Airport weather station in the search results and requested data for the dates of 11/12/22 to 11/13/22.

Within this tower data I selected the following information: Daily Output, Hourly Output, Hourly Precipitation Output, Hourly Remarks Output, and Documentation. I completed the above-mentioned date range and requested the data be sent to my department email.

Later that same day I received an email saying the data was prepared for download. I downloaded the file onto my department laptop and attached it to this case file electronically. The PDF document provided was nineteen (19) pages in length. Upon review of the document and the provided information key at the bottom I was able to determine what portions of the report were reporting on the requested dates.

The most pertinent information was located on pages two and three. These pages were a report on Local Climatological Data Hourly Observations. The hours from 1433 hours on 11/12/22 until 0653 hours on 11/13/22 show the observation of "OVC:08" under sky conditions. Each entry also has a single number after "OVC:08". On page ten of the document is a section detailing what these values mean. The following is from the document:

"Sky Conditions: A report of each cloud layer (up to 3) giving the following information. Each layer given in the following format: ccc:ll-xxx where: 1) ccc is Coverage: CLR (clear sky), FEW (few clouds), SCT (scattered clouds), BKN (broken clouds), OVC (overcast), VV (obscured sky), 10 (partially obscured sky). 2) ll is Layer amount used in conjunction with coverage code above. Given in eighths (aka "oktas") of sky covered by cloud. Specifically 00-08 indicates the number of oktas that cloud layer takes up in the total sky. 00 corresponds to CLR, 01-02 corresponds to FEW, 03-04 corresponds to SCT, 05-07 corresponds to BKN and 08 corresponds to OVC. 09 indicates an obscuration (i.e. the sky cannot be seen due to obscuring phenomena - e.g. due to smoke, fog, etc.). 10 indicates a portion of the sky is obscured (i.e. partial obscuration). For additional information see Integrated Surface Data documentation. ([http://www1.ncdc.noaa.gov/pub/data/ish/ish-format document.pdf](http://www1.ncdc.noaa.gov/pub/data/ish/ish-format%20document.pdf)) in Cloud and Solar Data portion of Additional Data Section."

This information appears to show the sky was overcast for the requested time period.

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On June 26th, 2024 I requested assistance from City of Moscow IT Manager C [REDACTED] with determining what logins may have been created for use on MPD computers by other agency personnel (i.e. FBI or ISP).

C [REDACTED] told me the following names were created during the time frame of 11/13/22 to 12/30/22: [REDACTED]

[REDACTED]. C [REDACTED] also told me numerous MPD computers have been rotated out since that time frame and the drives on those computers have been wiped clean. I requested C [REDACTED] access those username accounts and make sure there was nothing case related on them.

I spoke to C [REDACTED] on 7/2/24, and he told me he had checked those usernames and there was nothing related to this case pertaining to any of those accounts. I will request all MPD personnel access the workstations they remember using during that time to further verify there is nothing of evidentiary value found.

H [REDACTED] Tip Attempt to Contact-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On 6/20/24 I received an email containing a voice tip reference this case. I listened to the attached file. The woman stated her name was H [REDACTED] H [REDACTED] with a phone number of [REDACTED]. H [REDACTED] stated she had information that would clear Kohberger of the homicides. She did not state what this information was and requested a phone call.

On 7/1/24 I attempted to call H [REDACTED] to interview her about her statements. H [REDACTED] did not answer but there was the option to leave a voicemail though the message did not state who the number belonged to. I left a voicemail with my work cell phone number and identified who I was. I requested H [REDACTED] call me back. At the time of this report, I have not received a phone call from H [REDACTED]. I will author an additional report if I am able to contact H [REDACTED].

M [REDACTED] Interview about green jacket-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, July 10, 2024, SGT Gilbertson and I met via Zoom with M [REDACTED], her [REDACTED] and their [REDACTED], R [REDACTED] M [REDACTED] reference the green and pink jacket that was tested by defense counsel in this case. The interview was not recorded. It should be noted the jacket was initially not collected as evidence and was turned over to the M [REDACTED] family as personal property. The box the garment was in was later returned to MPD upon defense counsel request.

I asked M [REDACTED] if she had seen the jacket in question. M [REDACTED] told me the jacket did not look familiar at all, and her mother stated the same thing.

M [REDACTED] told us it was not uncommon for other sorority members to come to the house and leave clothes to use later, but she said she did not remember seeing the jacket.

M [REDACTED] did not have any further information on the jacket, so we ended our interview.

Pole Camera Hard Drives received from FBI-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 907

Item 908

Item 909

3. Narrative

On Tuesday, July 16, 2024, SA Hille delivered three internal hard drives to Moscow PD. These drives were prepared by the FBI IT and turned over to SA Hille for delivery. The drives were delivered to MPD and secured in secure temporary evidence storage until they were turned over to me by Evidence Technician S [REDACTED] on Jul 25, 2024.

The three drives were labelled with the following information:

Drive ID#: ID21- (U) Pole Camera Footage DTD - 23Dec2022 - 2Jan2023 - Front Entrance

Drive ID#: ID22- (U) Pole Camera Footage - 23Dec2022 - 2Jan2023 - Lansden Intersection

Drive ID#: ID23- (U) Pole Camera Footage DTD - 23Dec2022 - 2Jan2023 - Read Entrance

I booked these drives into MPD evidence on July 25, 2024 with the following numbers: ID21-Item 907, ID22-Item 908, ID23-Item 909.

Supplemental #73 Correction-#157

1. WatchGuard Event: NA  
Additional Responding Officers: NA  
Case number added to WG: NA

2. Evidence

NA

3. Narrative

On July 25, 2024 I was asked by the prosecution in this case to review my supplement number #73 to clarify where the "94" samples were in relation to this supplement as I only listed four samples as being booked into evidence. I reviewed my supplemental and readily recognized there was a typing error. The sentence reads "In addition, there were more blood spatter spots on the wall on the entryway into the living room. Samples of each were collected 94 in total) and ISP Det. Talbott took photos of the residence." The error occurred when I typed "94 in total)". This was supposed to read "(4 in total)". I failed to hold the shift key to select the parentheses on the "9" key which resulted in a "9" being typed instead of a "(".

The sentence was meant to read as follows: In addition, there were more blood spatter spots on the wall on the entryway into the living room. Samples of each were collected (4 in total) and ISP Det. Talbott took photos of the residence.

S [REDACTED] G [REDACTED] Tip Follow Up Attempts- #157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On June 29, 2024 I attempted to contact a S [REDACTED] G [REDACTED] at [REDACTED] reference a tip G [REDACTED] had emailed into the tip line. G [REDACTED] claimed to have information about Kohberger and a man named N [REDACTED] T [REDACTED]. G [REDACTED] claimed to have tangible proof Kohberger was framed. G [REDACTED] did not answer when I called her on 6/29/24, so I left her a voicemail. I did not receive a return phone call from G [REDACTED].

I attempted to call G [REDACTED] again on 7/30/24. Upon calling, someone answered the phone, did not say anything and then hung up quickly before I could speak. At the time of this writing I am unable to contact G [REDACTED]. I will investigate further if I am able to get in contact with her.

Narrative:

██████████ King Video

Case # 22-M09903  
Date: 11/19/2022

On November 13, 2022, I was informed of a possible surveillance camera located at ██████████ King Road. Cpl Ryan Snyder had spoken with one of the residents at this location, ██████████ C██████████, who had a camera using the Homeye Pro app on the porch of their dwelling.

Cpl Snyder provided me with the username and password for the Homeye Pro account associated with ██████████. I asked Cpl Snyder if this video was stored on a cloud-based system for me to view or if ██████████ could download a copy of the video.

I was provided a 32GB SDCard from the camera, but the file format was not recognized by any of my forensic computers and prompted me to format the disk. Cpl Snyder informed me ██████████ could screen capture the video from her phone, and the card was returned to ██████████ to enable her to assist in the acquisition of the data.

On November 17, 2022, I requested the assistance of Ofc John Rosinsky to recontact ██████████ and see if she could provide the video from the camera. Ofc Rosinsky contacted ██████████ who stated she was in Boise, Idaho until November 28, 2022. Ofc Rosinsky ██████████ sent him a video of a male subject walking by the camera at approximately 0320 hours towards the dumpster on Ofc Rosinsky contacted me and I spoke to ██████████ and requested permission to remove the camera from the residence and she consented.

Based on my training and experience I know many of the different video surveillance cameras use a First-In, First-Out storage retention system. This means the newer data overwrites the older data. I was concerned data may be lost the longer the camera continued to record footage. I requested assistance from Ofc Aaron Morris to go to the residence and unscrew the camera from its location. The camera screws into a common light bulb base, commonly found on patio/porch fixtures. Ofc Morris returned a short time later with the camera and the SDCard.

On November 18, 2022, I again attempted to view the contents of the SDCard, I plugged the card into a write-blocker and it still was not recognized by the computer. I used FTK Imager version# 4.7.1.2 to make an image of the SDCard. Now that the data was on a drive recognized by the operating system, I then used Axiom Magnet version# 6.5.0.32778 to parse data from the card.

In reviewing the data, I found over 13,000 individual images from the card. They appear to be individual video frames from the camera.

While attempting to view the data on the card, I received a forwarded email from C [REDACTED] N [REDACTED], whose sister M [REDACTED] K [REDACTED] resides at the residence. The email stated that he was viewing the video remotely when Ofc Morris removed the camera. He stated he saw a suspicious vehicle in the area and was concerned with the video footage stored on the device being overwritten.

I was then put in touch with T [REDACTED] I [REDACTED], another resident at [REDACTED] King Road. I [REDACTED] stated she would be back in Moscow at approximately 2000 hours. I met with I [REDACTED] at her residence and asked again if she would be willing to assist in recording screen captures on her phone from the device. I explained to I [REDACTED] I would replace the camera, gather the information and then take the camera as evidence. I also explained to I [REDACTED] I needed to take the wireless router, since the camera was already linked to the WIFI network. I [REDACTED] stated she would consent and allow both items to be seized.

I reinstalled the camera in the light socket and it powered on. I was able to watch as I [REDACTED] accessed the footage on the camera. During this time, the camera showed a vehicle entering the area at approximately 0356 hours and leaving at a high-rate of speed at approximately 0420 hours. I [REDACTED] provided the videos to me. I uninstalled the camera and seized the wireless router. Both items were then taken back to the Moscow Police Department as evidence.

On November 19, 2022, while reviewing the videos located at 0356 and 0420, it appeared the vehicle left the area and may have travelled on Walenta Drive, however, the video stopped. In an attempt to see further, and gain perhaps a better resolution, I reconstructed the wireless network the camera operated on by powering on the wireless router. I downloaded the Homeye Pro app on my work phone.

I was able to use the app and download the video clips. These clips included audio, which were not a part of the screenshots completed and were able to capture a longer duration. In the clips, the vehicle's exhaust and acceleration can be heard, as well as seeing the vehicle leave at a high rate of speed on Walenta Drive.

After capturing the clips, I disconnected the camera and wifi router and placed them into evidence. The videos were placed onto a DVD and placed into evidence.

T [REDACTED] J [REDACTED] Tip Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Tuesday, July 30, 2024 I contacted T [REDACTED] J [REDACTED] from Clarkston, WA. J [REDACTED] emailed a tip to Chief Dahlinger saying she had information about seeing Kohberger the morning after the homicides. I called J [REDACTED] and asked her to tell me what she knew. I did not record our conversation.

J [REDACTED] stated she was in Clarkston on 11/13/22 at approximately 1000 hours and went to the Albertsons there to pick up coffee and doughnuts. J [REDACTED] said she had seen the U of I alert on Facebook as she was standing in line and called her boyfriend to tell him about it. J [REDACTED] said it was at this point she noticed the man in front of her, who she thought could have been Kohberger. J [REDACTED] said the man was wearing khaki pants, brown shoes, a salmon colored button up shirt, a surgical COVID type mask, and purple surgical gloves.

J [REDACTED] said she didn't think anything of it at the time but thought she should let law enforcement know after seeing the photos of Kohberger. J [REDACTED] did not have further information regarding the incident. I thanked her for the information and ended our conversation.

Devices to Evidence

Case: 22-M09903  
Date: 8/8/2024

On July 22, 2024, I transferred four items, previously secured in the Moscow Police Department digital forensic lab, to the MPD evidence room. I received these items from the FBI and they were placed into a secure storage area upon receipt.

No further analysis or extractions were completed on the devices as the extractions were previously completed by the FBI and that data had been placed onto hard drives and provided separately.

These four items were listed as:

Samsung Phone belonging to Brian Kohberger  
Samsung Hard drive belonging to Brian Kohberger  
Samsung & Seagate Hard drives belonging to Brian Kohberger  
Acer Laptop belonging to Brian Kohberger.

Narrative:

Contact with Kitsap County in reference to a tip given to the FBI - 108

1. WatchGuard Event: NO

Additional Responding Officers: NO

Case number added to WG: NO

2. Evidence

none

3. Narrative

On December 8, 2022, I was asked to follow-up on a tip submitted to the FBI from an unknown person in Kitsap County. The tip provided a male in his 60's was seen trying to entice children in Kingston WA and he was driving a white Hyundai Elantra with Washington plate [REDACTED]. The report also stated the male possibly worked or hung out near the ARCO gas station in Kingston WA. The tip also stated the male had reported he was thinking of moving to Moscow Idaho.

I contacted a Deputy Aaron Logdahl and asked him if anyone had made a report to them from 2021 about an older male trying to entice children. Deputy Logdahl advised me they did have a report and stated the case was closed and he did not believe they ever identified a suspect in the case.

The plate returned to a C [REDACTED] or J [REDACTED] B [REDACTED] from [REDACTED] WA. Deputy Logdahl provided me with this info and then told me he would go to ARCO gas station and do some follow-up.

Deputy Logdahl called me back a short time later and told me he talked to several employee's at the ARCO and none of them remember any older male matching that description or anyone who drove a white Hyundai Elantra.

Deputy Logdahl provided me with a report number in case I needed it.

On August 6th I received an email for discovery and it was asking if we had any reports from this tip. Once I remembered what the tip was and what I did with it I realized I never called Kitsap County back to get a copy of the report.

On August 8, 2024, I called Kitsap County and received a copy of Deputy Logdahl's agency assist report he completed for his assistance with me and I also received a copy of the original report submitted to Kitsap County on April 15, 2021.

No suspect was ever identified in the case from Kitsap County. Nothing from this tip lead us to believe it was related to this homicide case.

I have electronically attached both of these cases to this report.

Eugene, OR White Elantra Follow Up-#157

1. WatchGuard Event: NA  
  
Additional Responding Officers: NA  
  
Case number added to WG: NA

2. Evidence

Files Attached Under Following Names:

EventReport EPD  
EventReport 2 EPD  
EventReport 3 EPD  
Press Releases EPD

3. Narrative

On Tuesday, August 6, 2024 I received another discovery request from the defense counsel in this case asking for documentation about a tip received, and later acknowledged in an MPD press release, about a white Hyundai Elantra that was found in Eugene, OR. The FBI tip line also received numerous tips about this vehicle. It was found that no report was written at the time which documented what information was obtained by the investigative team. However, the vehicle was deemed to be irrelevant to the investigation.

In order to obtain the information likely used to make this determination, I contacted Eugene PD on August 8, 2024 and requested any information they had about the white Elantra. I later received a secure email from EPD containing four attachments. The first was a press release reference the vehicle. The other three were incident reports about the vehicle. The following information was obtained from the incident reports:

The white Elantra, bearing Colorado license plate [REDACTED] was involved in a crash on 12/17/22 in Eugene, OR. Law enforcement and fire responded and contacted the driver. The vehicle was reported two other times (hence the other two reports). One driver's license was run during the report and was listed as A [REDACTED] R [REDACTED]. The vehicle was crashed and had extensive front end damage.

The RO of the vehicle was determined to be A [REDACTED] G [REDACTED]. It is unclear who contacted G [REDACTED] at the time of the report, but the determination was made that the vehicle was of no interest to investigators. The information provided by EPD is attached to this case.

Pullman PD Information-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 915 CD

3. Narrative

On August 7, 2024, I emailed P [REDACTED] R [REDACTED], Support Services Manager for the Pullman Police Department, in order to request the following information related to this case: all reports, videos, photographs, notes, and communications from Pullman Police Department regarding their involvement in this case including but not limited to all records from Sergeant Chris Engle; Copy of "Luv's Spreadsheet" as referenced in Sergeant Engle's email to Pullman PD Officers.

This information was requested by defense counsel in this case. On Monday, August 19, and Tuesday, August 20, I received the requested information from R [REDACTED]. The files provided contained extensive email correspondence related to the search for Kohberger's name in the PPD email system, spread sheets from OFC Luv St Andre and SGT Engle, MPD vehicle list, and an Axon body camera download. PPD also advised they searched their IM database for the key word "Kohberger" for everything greater than 00:00:00 02/16/23 and found zero results.

All of these items were burned to a CD and booked into MPD evidence for discovery on 8/22/24.

Surveillance video downloads - M107

1. WatchGuard Event: N/A

Additional Responding Officers: N/A

Case number added to WG: N/A

2. Evidence

None

3. Narrative

On November 19, 2022 at approximately 1200 hours, I met with Det. Mowery who tasked me with downloading surveillance video footage from several usb memory drives. Det. Mowery gave me multiple small manila envelopes which contained usb memory drives collected from multiple different investigators. Det. Mowery asked me to download the videos from all the drives and to place them on an external harddrive which he provided to me. Once that task was complete, Det. Mowery asked me to copy all of the videos from the portable harddrive to the M:/ drive on our City of Moscow network where he created a folder were working copies of the videos could be stored.

After downloading the videos from the individual usb memory drives, I placed them back into the manila envelopes they came from and sealed them with evidence tape. I did find two of the usb memory drives, which came from the same envelope, did not contain any video footage and I returned them to Det. Mowery. Once all the videos were downloaded to the portable harddrive, I then copied them all to the M:/ drive on the City network and returned the harddrive to Det. Mowery.

Initial response, Clearing Home, Interview with H [REDACTED] J [REDACTED]: M146

1. WatchGuard Event: Felony Event

Additional Responding Officers: Sgt. Gunderson, Cpl. Snyder, Ofc. Smith, Ofc. Nunes

Case number added to WG: Yes

2. Evidence

None

3. Narrative

On 11-13-22, at approximately 1158 hours, I responded to a report of an unconscious person at 1122 King Rd. Dispatch advised a female was passed out from intoxication and not waking up. Dispatch advised there was a male seen in the room with the female last night. A short time later, dispatch advised the female was not conscious and not breathing.

As I arrived, Ofc. Nunes advised over the air it appeared to be a homicide. I saw a small group of females outside the home in the parking lot. One female advised their roommate was on the second floor and needed help. I went to Ofc. Nunes' location at the west bedroom on the second floor and passed a male in the living room later identified as H [REDACTED] J [REDACTED]. Ofc. Nunes advised the female and a male in the bedroom had blood on them and appeared to be beyond help. I walked out of the bedroom toward J [REDACTED] and saw a clean steak knife on a beer pong table. I pointed out the knife to Nunes. J [REDACTED] said he got the steak knife from the kitchen because he arrived and saw the female on the bedroom floor covered in blood and did not know if there was anyone else present in the room. J [REDACTED] said he checked the room with the knife for protection.

Ofc. Nunes and I walked to the first floor entrance with H [REDACTED]. I asked the females and H [REDACTED] if there was anyone else in the apartment and they did not know. I told Ofc. Nunes the home was not secure and we started the process of clearing it.

On the third floor in the south east bedroom I saw two clothed females laying on

a bed on their backs who appeared deceased. One female on the left side of the bed in relation to the bedroom door had an extreme amount of lacerations to her face and upper body which made her unrecognizable. The other female had multiple lacerations on her upper body and some blood on her face. I walked to the far side of the bed to determine if the female on the right was beyond help.

I saw the female's leg was off the edge of the bed and it had lividity. Once I noticed the lividity in the female's leg, I backed out of the room.

Ofc. Nunes and I checked the rest of the third floor and saw it was clear. There was a poodle in the west bedroom on the bed which was later taken to the Humane Society by LCSO.

After clearing the home, I briefly interviewed J [REDACTED]. J [REDACTED] said he was at his apartment, [REDACTED], and his girlfriend, E [REDACTED] A [REDACTED], received a phone call from one of the girls who lived at 1122 King Rd. J [REDACTED] said A [REDACTED] was called by one of the residents who said they could not wake the female on the floor. J [REDACTED] said he came over to the home at approximately 1155 hours. J [REDACTED] said he saw the female on the floor in the bedroom and did not see the male on the bed, who he identified as Ethan, before grabbing the knife. J [REDACTED] said he entered the bedroom and checked the female's pulse and found none. J [REDACTED] said he did not check Ethan and left the home. I thanked J [REDACTED] for talking with me and told him he could go stand with A [REDACTED], who was with the other residents in front of the home.

I stood by at the front door and started the crime scene log at 1215 hours. Sgt. Gunderson relieved me for approximately 3 minutes so I could get my gloves during my time at the front door. At approximately 1502 hours, I was relieved by Ofc. Rosinsky who took possession of the crime scene log and returned to the station.

At approximately 1528 hours, I came back to the scene and relieved Ofc. Smith, who was standing at the rear sliding glass door which was found open when officers arrived. I remained at the back door until I was relieved by Ofc. Nunes at approximately 1628 hours.

Inmate [REDACTED] [REDACTED] Transport Video Review-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On August 21, 2024, I received an email from Dep. Prosecutor Ashley Jennings containing a link to a recent inmate transport wherein one inmate mentioned Kohberger. I accessed the secure link and watched the video. The male inmate, [REDACTED], was being transported to southern Idaho and was talking to a female inmate, [REDACTED].

During their conversation, [REDACTED] stated he was housed in "max" (maximum security) to which [REDACTED] replied "Oh you were in there with Kohberger?" [REDACTED] stated he was. [REDACTED] asked "how is he?" [REDACTED] stated "A fucking weirdo". [REDACTED] continued to say if he wasn't worried about further legal repercussions he would have physically assaulted Kohberger. [REDACTED] then asked [REDACTED] if Kohberger "did it" referencing the homicides. [REDACTED] affirmed this statement and added he had pretty good judgement of people and that "his (Kohberger's) eyes tell a story." This was the extent of the conversation about Kohberger.

Based off the limited information conveyed by [REDACTED] and the fact that he did not mention speaking to Kohberger about the homicides, there will be no further follow-up conducted with [REDACTED].

Narrative:

██████████ interview-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Monday, September 16, 2024, I spoke to ██████████. ██████████ was an inmate at the Latah County Jail at the time and had been housed next to Kohberger since August of 2024 until Kohberger's transport to Ada County on September 15, 2024. I was made aware by Det. Vargas that ██████████ spoke about Kohberger while on a phone call with his mother.

I responded to the Latah County Jail and spoke to ██████████. I began by asking ██████████ what he thought of Kohberger having had to live next to him. ██████████ told me Kohberger was highly intelligent and polite for the most part. ██████████ told me Kohberger would often question him about his past criminal offenses and why he was in the maximum-security wing of the jail. I asked ██████████ what he thought of Kohberger's intelligence. ██████████ stated Kohberger was the smartest person he had encountered while in confinement.

██████████ told me Kohberger quickly became annoying because of some of his habits. He told me Kohberger would wash his hands dozens of times each day and would spend 45 minutes to an hour in the shower. I asked ██████████ if Kohberger slept at night. He told me Kohberger would be awake almost all night and would only take a nap during the day. ██████████ said he could hear Kohberger moving around all night which also annoyed ██████████.

I asked ██████████ if Kohberger ever lost his temper. He told me on one occasion Kohberger was video chatting with his mother (which ██████████ said he did for hours each day) while ██████████ was watching sports. ██████████ said "you suck" to one of the players on the team at which point Kohberger immediately got up and put his face

to the bars and aggressively asked if [REDACTED] was talking about him or his mother. [REDACTED] said this was the only time Kohberger lost his temper.

I asked [REDACTED] if Kohberger had mentioned anything about the crimes he was charged with. [REDACTED] said Kohberger did not mention his alleged offenses at all. [REDACTED] also told me Kohberger was excited to move to Ada County. [REDACTED] stated he had served time at Ada County and noted he did not think Kohberger would like to be there.

I thanked [REDACTED] for speaking with me and advised him to notify the Latah County Detention Deputies if he remembered anything else he wished to tell me.

Instagram Indian Cliffs Tip Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Monday, September 16, 2024, I received an email tip from the Latah County Prosecutor's Office. The tip contained an image from an Instagram account titled "[REDACTED]" which was taken from the Indian Cliffs area of Heyburn State Park. The photo is looking east over the lake with trees and mixed terrain in the fore and mid-ground. The person who sent the tip (not the person who posted the image) circled an area of the image and wrote they thought it was a white vehicle parked in the trees. Upon review, it did not appear to be a vehicle parked in the trees and the image was blurry when zoomed in.

I was able to locate the person who posted the image, R [REDACTED] I [REDACTED]. I called I [REDACTED] and asked her if she was the owner of the "[REDACTED]" Instagram account and if she remembered posting the image. She affirmed both. I asked her if she remembered seeing any vehicle that struck her as being out of the ordinary. She told me she did not and thought she would certainly have noted a vehicle in the area circled in the tip as there is no realistic way a vehicle would get there.

I asked her what time she thought she took the photo. I [REDACTED] told me it was approximately 1100 hours on 11/13/22. I [REDACTED] reiterated there was nothing that struck her as being out of the ordinary on their hike or drive through the park. I thanked I [REDACTED] for her time and ended our phone call.

H [REDACTED] Tip-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Monday, November 11, 2024, I was notified via an email from SGT Gunderson that a woman named H [REDACTED] H [REDACTED] had called Whitcom with information relating to this case. More specifically, she alleged she could exonerate Kohberger. H [REDACTED] hung up with dispatch prior to them gathering further information. The call notes were as follows:

"Caller is advising that she is trying to reach the attorney for Bryan Kohberger. She was a mandated reporter/victim advocate and is advising that she has information that would prove his innocence. She sent the attorney a letter on to reach someone that can confirm they are representing Kohberger. Attorney/Anne Taylor Law Offices"

I called H [REDACTED] when I returned to duty on November 14, 2024. I advised her of who I was and asked if she could relate the information she claimed to have. H [REDACTED] told me she sent a letter to Anne Taylor's office with the information and would not disclose what she knew to me. I advised her it was my obligation to learn of possible exculpatory evidence. She told me she had never met Kohberger or spoken to him but she knew he was not the person who committed the murders. I attempted to explain why it was important for me to know of the information she had, but H [REDACTED] would only tell me to do a "FOIA request so you can learn my maiden name." She also stated if I did so, the FBI would immediately contact me. I asked her if she had contacted the FBI to which she replied she had not but they would know as soon as I searched her name. H [REDACTED] then said she did not want any further involvement and hung up on me.

Based off H [REDACTED] inability or unwillingness to offer any information to be substantiated or investigated further, there is no further avenue to proceed reference this call.

"[REDACTED]" Instagram tip follow up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On December 5, 2024, I was made aware of a tip reported during this investigation. The tip contained a screenshot of a thread of comments on an Instagram post. The user, "[REDACTED]" had posted about progress pictures for weightlifting. A person by the name of "[REDACTED]" posted a response that stated "Why did you kill those kids" to which "[REDACTED]" responded by saying "for fun".

I searched this Instagram profile and could not locate the post in question nor the comments associated. I called S [REDACTED] on Monday, December 9, 2024, and asked him about the post. He said the "[REDACTED]" account was not his. S [REDACTED] stated he only had one Instagram account under the username "[REDACTED]" and he rarely used it. I was able to find this profile which was private, and the profile photo appeared to more closely resemble S [REDACTED] than the "[REDACTED]" account. I asked S [REDACTED] if he ever lifted weights or posted about it. He said he has never been much of a weightlifter and again stated the "[REDACTED]" account was not his. I thanked S [REDACTED] for talking to me and ended our conversation.

██████████ Park Ranger Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Monday, December 9, 2024, I spoke to Park Ranger D██████ M██████, the park ranger for ██████████. I asked M██████ if he was the park ranger in 2022, and he said he was. I asked him what his normal routine was for the park. He told me he would check the park numerous times a day during the summer camping season, but the frequency of checking the park would decrease as the fall season proceeded and there were fewer visitors.

I asked M██████ if he remembered seeing anything suspicious surrounding the time of the homicides. M██████ told me he lives on site at ██████████ and did not remember anything out of the ordinary. He told me he would close the gate most nights, but not always and he would not lock the gate. I asked him if he ever saw any suspicious vehicles to include a white Elantra. M██████ said he did not. M██████ also told me he did not remember any suspicious people in the area either. I asked M██████ if there was anything about the time of the homicides he thought I should know. He told me there was not. M██████ stated there were not security cameras or anything else he could think of that would be of help to the investigation.

M█████ M█████ Tip Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Files attached digitally to this case

3. Narrative

On Friday, December 2, 2024, M█████ M█████ came into MPD and requested to speak to me reference a tip concerning the homicides. I spoke to M█████ in the PD lobby. I did not record our conversation. M█████ began by sliding me a note that asked if MPD was looking for a second person who could be responsible for the homicides. The note described a male, and the bottom said if MPD was not looking for another person to slide the note back to M█████ and she would leave. I told M█████ it was our duty to investigate tips that could result in exculpatory information.

M█████ reluctantly slid me another stack of handwritten letters. I read most of these letters, and learned they concerned Z█████ F█████, M█████. The letters described how F█████ had lived near 1122 King Road approximately six months prior to the homicides and had made comments to M█████ about how the parties kept him up at night. M█████ also wrote F█████ had behaved strangely after the homicides and had injuries to his hands. The rest of the letters concerned F█████ other behavior and suspected hacking activities according to M█████. M█████ also stated she gave consent for her DNA kits she submitted in reference to a past, unrelated report from August of 2022 to be used.

In talking with M█████, I learned F█████ strange behavior (not talking to M█████ for extended periods of time, showing her memes at strange times, riding his scooter to Pullman) had been ongoing for several years prior to the homicides. M█████ seemed concerned that F█████ had psychotic tendencies and made her nervous at times. M█████ stated F█████ wore gloves almost always and had wounds on his hands and face on more than one occasion which he stated were

from scooter crashes.

Aside from the fact that F [REDACTED] lived near 1122 King Road (I later confirmed he lived at [REDACTED] until June of 2022) and behaved strangely, M [REDACTED] did not have further reason to suspect [REDACTED] as being involved. She was mostly concerned about his ongoing strange behavior. I told M [REDACTED] if his behavior ever made her fear for her life to call 911. She said she would do so. I thanked M [REDACTED] for her time, and she left the letters with me (which I have attached to this case).

Based off M [REDACTED] statements and lack of corroboration for F [REDACTED] being involved in this crime, I will not be investigating further.

Narrative:

Evidence Refrigerator - #203.

On Friday, January 24th at approximately 0750hrs, I arrived at the Moscow Police Department to start my shift. When I reached my door, I could hear an electronic beeping noise. Upon entering I determined the noise was an alarm sounding from the evidence refrigerator unit. The digital temperature display read 60 degrees Fahrenheit. When I left work the day before, Thursday January 23rd, at 1200hrs, there was no alarm sounding. The evidence freezer, which is a separate unit, was not effected.

I immediately contacted my supervisor, Capt. Hathaway. Capt. Hathaway recommended I transfer the items stored in this refrigerator to our secure outbuilding where other evidence is kept, due to the lower temperatures outside. I turned off the heating units inside this storage area, and opened the large garage door to allow the inside temperature to drop quickly. The outside temperature was freezing that morning, and within 10 minutes the inside temperature dropped below 50 degrees, which is the lowest number on the thermostat. All items were transferred by 0800 hrs.

At approximately 1230hrs on the same day, Capt. Hathaway brought a new 20 cubic feet refrigerator to the outbuilding, which he plugged in and set the temperature. An hour or so later I checked the temperature of this refrigerator; the thermostat read 40 degrees. I transferred all the items to this refrigerator, where they will be temporarily stored until the primary refrigerator unit is repaired.

No DNA Extracts were stored in the evidence refrigerator; those are stored in the evidence freezer. Below is a list of items effected, that were being stored in the evidence refrigerator:

|          |    |                    |

Narrative:

Ofc. Rosinsky phone interview with F [REDACTED] C [REDACTED]

1. WatchGuard Event: BWC

Additional Responding Officers: NA

Case number added to WG: Yes

2. Evidence

None.

3. Narrative

On 11/15/22, at about 1348 hours, I spoke with F [REDACTED] C [REDACTED] on the phone. F [REDACTED] said she was good friends with Kaylee Goncalves, but was also friends with Xana Kernodle and Ethan Chapin. F [REDACTED] said she was a member of the sorority [REDACTED]. F [REDACTED] is currently a junior at the University of Idaho (UI).

F [REDACTED] said she was not aware of anyone that Kaylee associated with that had violent tendencies. F [REDACTED] said she was not aware if Kaylee being involved in drugs in anyway. F [REDACTED] said she knew people partied with drugs but doesn't know of Kaylee or any of her other roommates being involved in drugs. F [REDACTED] said she did not know if drugs were being sold from their residence.

F [REDACTED] said she was at a party earlier in the day at a friend's apartment at "The Whites". F [REDACTED] said at the apartment she saw Kaylee, Madison, Xana, and Ethan. F [REDACTED] said they were all just hanging out, and there were other people there as well. F [REDACTED] said there was nobody of concern at the apartment, and everyone present was a familiar person.

F [REDACTED] said she last saw Kaylee at the Grub Truck. F [REDACTED] said she arrived after Kaylee, and said Kaylee was there with Madison Mogen. F [REDACTED] said Kaylee's demeanor was good and they struck up a conversation. F [REDACTED] said Kaylee seemed really happy, and said Kaylee and Madison were laughing. F [REDACTED] said she did not have a conversation with Madison and only Kaylee. F [REDACTED] said they did not mention what their plans were after the Grub Truck.

P [REDACTED] said Kaylee and Madison seemed a little intoxicated and believed they came from the club. P [REDACTED] said Kaylee seemed coherent and was not stumbling or slurring her words. P [REDACTED] did not know if Kaylee and Madison showed up to the Grub Truck with anyone. P [REDACTED] said she later watched the Twitch video and it appeared someone showed up with Kaylee and Madison, but she did not recognize the individual. P [REDACTED] said her friends did not either. P [REDACTED] said after Kaylee got her food, she saw Kaylee and Madison walk in the direction of campus. P [REDACTED] did not see anyone follow them. P [REDACTED] mentioned that she saw in the Grub Truck video someone walking in the same direction.

P [REDACTED] said she heard that there was someone concerning at the Corner Club. P [REDACTED] said she heard the individual was being "creepy" towards Madison and was kicked out. P [REDACTED] was not aware of any other males that Kaylee spent time with. P [REDACTED] said she knew that Kaylee had an ex-boyfriend that went to UI but she understood they were on good terms. P [REDACTED] said she knew Madison had a boyfriend that graduated from UI. P [REDACTED] did not know his name. P [REDACTED] did not know of anyone that Ethan and Xana hung out with it.

P [REDACTED] said she wished she had more to share. I thanked P [REDACTED] for her time and concluded the interview.

4. Other

None.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Narrative:

Vitamin Supplement seized from Kohberger Vehicle:

On April 3, 2025, I assisted T S [REDACTED], and the Prosecution team, with reviewing the evidence in this case. A question was brought up if a Amandean Vegan D3+K2 vitamin supplement bottle, which had been seen in several photographs, had been booked into evidence and S [REDACTED] stated it had not. S [REDACTED] checked with Det. Payne and was informed the vitamin bottle was still located in the trunk of Kohberger's white Elantra, MPD ID#: 23M-0204.

I broke the evidence seal on the driver's side door of the Elantra and opened the trunk with the release lever (also breaking the evidence seal on the trunk).

I located the Amandean D3-K2 vitamin bottle in the trunk in a plastic zip lock baggie. I collected the bottle out of the trunk, counted the soft gel capsules in the bottle (22 capsules out of 120), and booked the bottle into MPD evidence.

I placed new evidence seals on the driver's side door and trunk of the vehicle.

I took photos of the seals, and of the bottle, and copied the photos to a DVD and booked the DVD into MPD evidence.

Item booked: Amandean Vegan D3+K2 Dietary Supplement, 125 MCG Vitamin D3 5000 IU/100 MCG vitamin K2 as K2VITAL, 120 Vegan soft gels: 22 capsules remaining.

Narrative:

Transfer of J [REDACTED] D [REDACTED] Fingerprints

Case: 22-M09903  
Officer: Det. Fox #185  
Date: 5/29/2025

On May 29th, 2025, Idaho State Patrol (ISP) Lieutenant Darren Gilbertson called and advised that J [REDACTED] D [REDACTED] was scheduled to provide fingerprints at the ISP Lab in Coeur d'Alene at 1300 hours. Lt. Gilbertson requested that I respond to the ISP Lab at that time and take custody of the fingerprints so they could be booked into evidence at the Moscow Police Dept. and then be sent to the ISP lab in Boise.

I responded to the ISP lab and met with ISP staff and observed J [REDACTED] provide the requested prints. The prints were sealed in an ISP envelope by ISP staff and provided to me. The chain of custody was filled out on the envelope and sealed with evidence tape.

I transported the envelope immediately back to the Moscow Police Dept. where it was secured in an evidence transfer locker.

End of Report,

Forensic Det. Andrew Fox #185

Narrative:

Interview with E████ A████ - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

None

3. Narrative

On May 22, 2025, I received an e-mail from prosecutor Bill Thompson with a request for contact from a I████ A████. I████ wanted to report her daughter E████ A████ and one of her friends, A████ N████, saw photo's of them on Dateline from the latest special in reference to the Moscow murders.

I contacted I████ on May 22, 2025 and she responded and stated she would be available on May 23, 2025 but I was not able to contact her on that date.

On May 29, 2025 I called I████ and spoke to her by phone. I████ told me her daughter E████ watched the Dateline special and when they were talking about photos of WSU students on Bryan Kohberger's phone E████ was able to identify several of the photos of her and one of her friends, A████, as being photos reported to have been found on Kohberger's phone. I asked I████ if I could talk to E████ and she provided E████ her phone.

E████ told me the following. E████ was a student at WSU in the Fall of 2022 and was in a class where Kohberger was the TA. E████ was in a class with her friend A████. A████ was interviewed by ISP Detective Jacob Schwecke on March 2, 2023.

E████ told me she had never talked to Kohberger during the class but he did sit in close proximity to her on the rare occasions he would attend class. E████ told me she thought Kohberger was socially awkward but was not able to provide me any other information about him.

I asked E████ how she knew the photos were of her and A████. E████ told me she

watched the Dateline episode and she was able to tell the photos which she believed had been taken off of her Instagram account. E████ told me during 2022 her account was public and this was possibly how Kohberger found her photos.

E████ was not able to provide me any other information related to this case.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Narrative:

Additional Amazon Purchases Located in Kohberger's Vehicle:

On June 26, 2025, I searched through Kohberger's vehicle looking for the following items, which were on his Amazon purchase history, ordered on 06/20/2022. I previously looked up all of the items ordered and had a photo of what the products looked like:

- Leadbrand Scissor Jack 1.5 tons (3,307 lbs) Capacity Ratchet Handle Saving Strength Design
- EP Auto 14" Heavy Duty Universal Lug Wrench, 4-Way Cross Wrench
- Dorman 926-021 Spare Tire for Select Hyundai/Kia Models
- Worksite Tire Inflator Air Compressor Portable, 20V cordless tire pump 150 PSI with Digital pressure gauge, rechargeable Li-ion battery and 12V car power Adapter
- Orcish 70 Pcs Tire repair kit, heavy duty tire plug kit flat tire repair kit tire patch kits puncture repair kit (70pcs)
- Cartman Warning Triangle DOT approved, identical to: United States FMVSS 571.125, reflective warning road safety triangle kit, pack of 3.

T S [REDACTED], MPD Evidence Technician, unlocked the secured garage, where Kohberger's Hyundai Elantra was being stored. I took photos of the vehicle and the intact evidence seals, prior to entering the vehicle. I opened the driver's side door and opened the trunk, using the trunk release lever, breaking both the driver's side door and trunk evidence seals. I took photos of the trunk and the items in the trunk. I removed all of the items from inside of the trunk. I located the following items in the trunk, which matched the Amazon purchased items, and took photos of them:

- No Brand, 70 Pcs Tire repair kit, heavy duty tire plug kit flat tire repair kit tire patch kits puncture repair kit (70pcs), in a black case.
- Cartman warning triangle DOT approved, identical to: United States FMVSS 571.125, reflective warning road safety triangle kit, pack of 3, in a red plastic case.

- No Brand, Scissor Jack 1.5 tons.

I located a brand new spare tire in the trunk which did not have a brand name on it. There was a barcode sticker on the back of the rim with the product number 926-016. I searched the Internet for this item number (926-016) and was directed to Partsgeek.com, Dorman Spare Tire- 2011-2017 Hyundai Accent. I searched the Internet for Dorman 926-021 Spare Tire for 2011-2019 Hyundai Elantra and located a photo of the product, on Partsgeek.com. Both 926-016 and 926-021 photos, from Partsgeek.com, were identical to the spare tire located in the trunk. I took multiple photos of the spare tire and left it in the trunk.

I did not find the following items in the trunk:

- (3,307 lbs) Capacity Ratchet Handle Saving Strength Design (purchased with the Scissor Jack)

- EP Auto 14" Heavy Duty Universal Lug Wrench, 4-Way Cross Wrench

- Worksite Tire Inflator Air Compressor Portable, 20V cordless tire pump 150 PSI with Digital pressure gauge, rechargeable Li-ion battery and 12V car power Adapter.

I placed all of the items I had removed from the trunk, with the exception of the Scissor Jack, Cartman Warning Triangles, and the Tire repair kit, back into the trunk of Kohberger's car. I closed the trunk and driver's side door and placed signed evidence seals on both. I took photos of the vehicle and the evidence seals.

I booked the items removed from Kohberger's trunk into MPD evidence.

S [REDACTED] and I looked through the evidence, which had already been removed from Kohberger's vehicle when first searched in Pennsylvania, and located the following:

- 3,307 lbs Capacity Ratchet Handle Saving Strength Design (purchased with the Scissor Jack). Item #23M-0246. I took photos of this item and resealed the package.

- EP Auto 14" Heavy Duty Universal Lug Wrench, 4-Way Cross Wrench. Item #23M-0232. I took photos of the item and resealed the package.

I opened item #23M-0207, looking for one of the above items and did not locate either. I resealed the item.

The one Amazon purchased item, which was not located in Kohberger's vehicle, was the Worksite Tire Inflator Air Compressor Portable, 20V cordless tire pump 150 PSI with Digital pressure gauge, rechargeable Li-ion battery and 12V car power Adapter.

I downloaded all of the photos taken of the items, copied them to a DVD, and booked the DVD into MPD evidence.

Narrative:

M. M. [REDACTED] agency reports and video collection:

PULLMAN PD:

On June 26, 2025, I reached out to Pullman PD Records Technician, R. [REDACTED] R. [REDACTED], and requested any reports, charging documents, and all recordings involving M. [REDACTED] M. [REDACTED] (DOB: [REDACTED]-1980) from June 1, 2022 through May 31, 2025. I informed R. [REDACTED] I had located the following reports involving M. [REDACTED] in Spillman, related to PPD:

[REDACTED]

R. [REDACTED] responded and provided me with a link to GovQA, where I downloaded all of the reports, bodycam video, and other recordings provided. I reviewed the bodycamera footage from DR: [REDACTED], [REDACTED]. In the following video, AXON FLEX 2, 2024-9-4, 2050 MP4, at approximately 08:30 min into the video, M. [REDACTED] talks about having to testify in the upcoming murder trial, involving the 4 college girls, because she is the Door Dash Driver. M. [REDACTED] voice is muffled but it sounds like she says, "I saw Bryan there, parked right next to him".

-----  
MOSCOW PD:

On June 26, 2025, I contacted MPD Property/Records Coordinator, M. [REDACTED] A. [REDACTED], and requested any reports, charging documents, and all recordings involving M. [REDACTED] M. [REDACTED] M. [REDACTED] (DOB: [REDACTED] 1980) from June 1, 2022 through May 31, 2025. I informed A. [REDACTED] I had located the following reports involving M. [REDACTED] in Spillman, related to MPD:

[REDACTED]

A. [REDACTED] replied and provided me with the two reports. No recordings were provided for the reports.

-----

WHITMAN COUNTY SHERIFFS OFFICE:

On June 26, 2025, I contacted Whitman County SO Records Technician, S [REDACTED] M [REDACTED], and requested any reports, charging documents, and all recordings involving M [REDACTED] M [REDACTED] (DOB: [REDACTED]-1980) from June 1, 2022 through May 31, 2025. I informed M [REDACTED] I had located the following reports involving M [REDACTED] in Spillman, related to WCSO:

[REDACTED]

M [REDACTED] responded and provided me with copies of the four reports. No recordings were provided for the reports.

-----  
I downloaded all of the reports and recordings, provided by the three agencies, and copied them to several DVD's. All of the reports are copied onto DVD #1. The videos, provided by PPD, were divided amongst 3 DVD's due to their size. The video described above, AXON FLEX 2, 2024-9-4, 2050 MP4, is copied onto DVD #3, labeled: PPD AXON video, M.McMichaels, 9-4-2024. I booked the DVD's into MPD evidence.

Narrative:

Transporting electronic devices to Post Falls PD and Coeur D Alene PD:

On November 16, 2022, I transported the four cell phones, belonging to Goncalves, Mogen, Kernodle, and Chapin to Coeur D' Alene PD and gave them to Det. Dustin Taylor at approximately 0700 hours.

On November 17, 2022, at approximately 1249 hours, I picked up the cell phones from Det. Taylor, at CDA PD, and brought them back to MPD and gave them back to Det. Mowery.

On November 21, 2022, I transported the phones belonging to Chapin, Mogen, and Kernodle to CDA PD and dropped them off with Det. Jesse Welch at approximately 1100 hours.

On November 21, 2022, I transported two separate charging cords belonging to electronic devices (22M-2070 and 22M-2071) to Post Falls PD and dropped them off with Det. Brad Johnston at approximately 1030 hours. I told Det. Johnston the cords were for the devices with Det. Neil Uhrig received from Det. Mowery.

Narrative:

Spokane County Medical Examiner- Autopsies:

On November 16, 2022, at approximately 0745 hours, Latah County Coroner Cathy Mabbutt and I attended the four autopsies for Xana Kernodle, Ethan Chapin, Madison Mogen, and Kaylee Goncalves at the Spokane County Medical Examiners office, [REDACTED] in Spokane, WA. The four autopsies were all performed by Dr. V [REDACTED] S [REDACTED]. Gary Tolleson, a detective with ISP, observed three of the autopsies, Kernodle, Mogen, and Goncalves, as he arrived after the autopsy for Chapin was performed.

During the autopsies, the following items of evidence were collected:

KAYLEE GONCALVES:

- DNA Card
- Hand Swabs (4- right hand wet/dry, left hand wet/dry)
- Writs Swabs (4- right wet/dry, left wet/dry)
- Forearm Swabs (4- right wet/dry, left wet/dry)
- Foot Swabs (4- right wet/dry, left wet/dry)
- Ankle Swabs (4- right wet/dry, left wet/dry)
- Anal swab (1)
- Oral Swab (1)
- Vaginal Swab (1)
- Head Hair
- Nail Clippings (2- right, left)
- Neck Swab (2- wet/dry)
- Hand Bags (2- right, left)
- T-Shirt, Corner Club "nasty and inebriated" black
- Pants, Joe Boxer gray and black flannel
- Silver earring
- Sock, 1, white Addidas
- SD Photo card- autopsy photos

All of the above listed items were released to me by K [REDACTED] S [REDACTED] on 11-16-2022 at approximately 1927 hours.

MADISON MOGEN:

- DNA Card
- Hand Swabs (4- right hand wet/dry, left hand wet/dry)
- Writs Swabs (4- right wet/dry, left wet/dry)

- Forearm Swabs (4- right wet/dry, left wet/dry)
- Foot Swabs (4- right wet/dry, left wet/dry)
- Ankle Swabs (4- right wet/dry, left wet/dry)
- Anal swab (1)
- Oral Swab (1)
- Vaginal Swab (1)
- Head Hair
- Nail Clippings (2- right, left)
- Neck Swab (2- wet/dry)
- Hand Bags (2- right, left)
- Short Sleeve Shirt, Pink
- Pants, Black Vandal Russell brand sweat pants, M
- Silver rings (3)
- Hair tie, black
- False Eyelashes (2)
- SD Photo card- autopsy photos

All of the above listed items were released to me by K S on 11-16-2022 at approximately 1938 hours.

XANA KERNODLE:

- DNA Card
- Hand Swabs (4- right hand wet/dry, left hand wet/dry)
- Writs Swabs (4- right wet/dry, left wet/dry)
- Forearm Swabs (4- right wet/dry, left wet/dry)
- Foot Swabs (4- right wet/dry, left wet/dry)
- Ankle Swabs (4- right wet/dry, left wet/dry)
- Thigh swabs (2- right wet, left wet)
- Anal swab (1)
- Oral Swab (1)
- Vaginal Swab (1)
- Head Hair
- Pubic Hair
- Nail Clippings (2- right, left)
- Neck Swab (2- wet/dry)
- Hand Bags (2- right, left)
- Foot Bag, (1- left)
- Sweatshirt, Under Armor, grey
- Underwear, Calvin Klein, beige, S
- Trace Evidence, Left Hand
- Trace Evidence, from body bag
- SD Photo card- autopsy photos

All of the above listed items were released to me by K S on 11-16-2022 at approximately 1949 hours.

ETHAN CHAPIN:

- DNA Card
- Hand Swabs (4- right hand wet/dry, left hand wet/dry)
- Writs Swabs (4- right wet/dry, left wet/dry)
- Forearm Swabs (4- right wet/dry, left wet/dry)
- Ankle Swabs (4- right wet/dry, left wet/dry)
- Anal swab (1)
- Oral Swab (1)

- Penile Swabs (2, wet/dry)
- Head Hair
- Pubic Hair
- Nail Clippings (2- right, left)
- Neck Swab (2- wet/dry)
- Hand Bags (2- right, left)
- Trace evidence from right hand
- Necklace
- Bracelet
- Socks, (2- Puma brand, right/left)
- SD Photo card

All of the above listed items were released to me by K [REDACTED] S [REDACTED] on 11-16-2022 at approximately 1941 hours.

#### MAJOR CRIME PRINTS:

As part of the autopsies, major crime prints were taken from each of the victims by the Spokane County Forensic Unit. Chapin's prints were taken on 11-16-2022 and released to me by T [REDACTED] E [REDACTED] on 11-16-2022. Kernodles's prints were taken on 11-16-2022 and were released to me by E [REDACTED] on 11-16-2022. Mogen's and Goncalves prints were both taken on 11-17-2022, in the morning, by C [REDACTED] L [REDACTED] and I [REDACTED] E [REDACTED] and were left at the Spokane County Medical Examiners office with L [REDACTED]. On 11-17-2022 I responded to the Spokane County Medical Examiners Office and collected Mogen's and Goncalves prints from A [REDACTED].

Major Crime Prints taken by the following:

Ethan Chapin (FEET), prints taken on 11-16-2022 by:

T [REDACTED] E [REDACTED], Forensic Specialist: [REDACTED] #2

I [REDACTED] J [REDACTED], Spokane Co. Forensic Unit Supervisor: [REDACTED]

Xana Kernodle (HANDS AND FEET), prints taken on 11-16-2022 by:

L [REDACTED] E [REDACTED], Forensic Technician: [REDACTED]

S [REDACTED] M [REDACTED], Forensic Technician: [REDACTED]

Madison Mogen (HANDS AND FEET), prints taken on 11-17-2022 by:

C [REDACTED] L [REDACTED], Forensic Technician: [REDACTED]

L [REDACTED] E [REDACTED], Forensic Technician: [REDACTED]

Kaylee Goncalves (HANDS AND FEET), prints taken on 11-17-2022 by:

C [REDACTED] L [REDACTED], Forensic Technician: [REDACTED]

I [REDACTED] E [REDACTED], Forensic Technician: [REDACTED]

At the conclusion of the four autopsies, Dr. V [REDACTED] S [REDACTED] met with Cathy Mabbutt, Gary Tolleson, and myself and told us the following:

Ethan Chapin's fatal injury was from a stab wound under his left clavicle which severed his subclavian vein and subclavian artery, and also his jugular vein was severed. Ethan only had sharp force injuries.

Xana Kernodle's fatal injuries were from 1 laceration in her right lung and 2 lacerations in her heart. Kernodle had 50 + stab wounds, mostly defensive. Xana only had sharp force injuries.

Madison Mogen's fatal injuries included a left lung laceration and a liver

laceration. Madison only had sharp force injuries.

Kaylee Goncalves's fatal injuries included a left lung laceration, a liver laceration, 2 subdural bleeds, and a stab behind her clavicle which cut her subclavian vein and artery. Kaylee had signs of sharp force injuries, asphyxial injuries, and blunt force injuries. Kaylee had 20+ stab wounds.

Dr. S said the weapon used was not serrated, single edged, very sharp, and said a lot of force was used by the suspect. I will be uploading Dr. S final autopsy reports to the case file when they are completed.

On November 16, 2022, at approximately 1955 hours, I drove from Spokane County Medical Examiners Office to the FBI office, located at , Coeur d' Alene, ID, and met with Special Agent Bryant Gunnerson. Several of the clothing items, collected during the autopsies, were still wet and needed to dry in evidence dryers overnight. SA Gunnerson and I placed the following items in two separate dryers (dryer 1 and dryer 2) in their evidence room, and I released the items to SA Gunnerson. SA Gunnerson signed for the items on 11-16-2022 at approximately 2102 hours. The items belonging to Goncalves and Mogen were placed into Dryer 1 and the items belonging to Kernodle and Chapin were placed into Dryer 2:

#### DRYER 1

##### KAYLEE GONCALVES:

- Hand Bags (2- right, left)
- T-Shirt, Corner Club "nasty and inebriated" black
- Pants, Joe Boxer gray and black flannel
- Sock, 1, white Addidas

##### MADISON MOGEN:

- Hand Bags (2- right, left)
- Short Sleeve Shirt, Pink
- Pants, Black Vandal Russell brand sweat pants, M

#### DRYER 2

##### XANA KERNODLE:

- Hand Bags (2- right, left)
- Foot Bag, (1- left)
- Sweatshirt, Under Armor, grey
- Underwear, Calvin Klein, beige, S

##### ETHAN CHAPIN:

- Hand Bags (2- right, left)
- Socks, (2- Puma brand, right/left)

I transported the remainder of the evidence items back to MPD and placed them into the evidence fridge in the MPD evidence room.

On November 17, 2022, in the morning, I drove to the FBI office, located at , Coeur d' Alene, ID, and met with Special Agent Bryant Gunnerson. I removed the dried items from dryer 1 and dryer 2 and packaged them back into their original bags. Along with the items I turned over to SA Gunnerson on 11-16-2022, I collected two additional items from SA Gunnerson: 1 bag which contained the drop sheet, filter, and security tag from dryer 1, and 1 bag which contained the drop sheet, filter, and security tag from dryer 2. SA

Gunnerson released the items to me on 11-17-2022 at approximately 1128 hours. I transported these items back to MPD.

On November 17, 2022, I worked with T S , MPD Evidence Technician, and booked in all of the items collected from the autopsies into MPD evidence.

University of Idaho camera footage; Capt. Berrett

On 11/21/22 at around 1430 hours, I met with U of I Deputy Director of Public Safety and Security, B [REDACTED] I [REDACTED], regarding saved security camera footage on campus. We provided I [REDACTED] an external hard drive to recover the footage and he'd completed the transfer of information. After receiving the hard drive, I immediately turned it over to FBI Agent, Dave Bodily so his team could review the data.

2. Evidence

Item 252 Cigarette Butt

Item 253 Cigarette Butt

3. Narrative

On 11/21/22, I was asked by Det. Adams with the Idaho State Police (ISP) to book two cigarette butts into evidence that he collected. Det. Adams brought the two cigarette butts to the Moscow Police Department (MPD) evidence room where I watched him place them both into two separate ISP envelopes. I sealed the envelopes with evidence tape and signed the tape for both. The chain of custody was filled out on both envelopes. I booked the two envelopes into MPD evidence and requested they be sent to the state lab. I took photographs of the cigarette butts and attached them to this case file.

3. Narrative

On November 21, 2022, at approximately 1157 hours (hrs), I was asked by Captain Tyson Berrett to follow up on a possible lead in the 1122 King Road (Rd) homicide case. I was told a Mexican drug dealer with the moniker "C[REDACTED]" was possibly selling drugs to several fraternities and sororities on the University of Idaho campus. I told Captain Berrett I would contact several of my contacts to see if anyone knew of "C[REDACTED]".

At approximately 1204 hrs, I began contacting my fellow Quad Cities Drug Task Force (QCDTF) detectives: Bret Dammon, Colby Martin and Bryson Aase. None of the detectives had heard of a "C[REDACTED]" selling cocaine in the Quad Cities.

At approximately 1211 hrs, I reached out to Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) Special Agent (SA) TJ Wihera out of the Spokane, Washington office reference "C[REDACTED]". SA Wihera hadn't heard of "C[REDACTED]", but said he would reach out to other agencies in the area about him.

I also spoke to C[REDACTED] at approximately 1313 hrs, and J[REDACTED] at approximately 1725 hrs. H[REDACTED] and F[REDACTED] said they never heard of a "C[REDACTED]" selling cocaine in the area. F[REDACTED] said he would contact me if he heard anything.

I also spoke with Branden DeMyer with Benton County Sheriff's Office in Washington at approximately 1625 hrs. Deputy DeMyer hadn't heard of "C[REDACTED]" but said he would contact his local detectives about the name and let me know if he

found out anything.

I will be waiting to see if any information can be found about "C[REDACTED]".

Ebay Sales Warrant

Case# 22-M09903  
Date: 11/28/2022

On November 26, 2022, I requested and was granted a warrant for Ebay for the sale of the following items between January 1, 2022 to present:

1. ASIN [REDACTED] 4938, Ka-Bar Full Size US Marine Corps Fighting Knife
2. ASIN [REDACTED] 4661, Ka-Bar 1217S, Leather Sheath, USMC Logo

On November 26, 2022 at approximately 1907 hours, I logged into the Ebay Law Enforcement eRequest System located at <https://le.corp.ebay.com>. I received an email from [REDACTED]@ebay.com providing me with an internal case number of [REDACTED].

On November 28, 2022 at approximately 1105 hours, I received an email from Ebay stating the files were ready to download. I logged into the portal and downloaded the files.

In examining the files, Ebay showed no (zero) purchases for the ASIN [REDACTED] 4938, Ka-Bar Full Size US Marine Corps Fighting Knife.

However, in examining the files, Ebay showed several user IDs associated with the sale of the ASIN [REDACTED] 4661, Ka-Bar 1217S, Leather Sheath, USMC Logo:

|    |            |            |
|----|------------|------------|
| US | AZ         | [REDACTED] |
| US | ID         | [REDACTED] |
| US | PA         | [REDACTED] |
| US | WA         | [REDACTED] |
| US | OH         | [REDACTED] |
| US | WI         | [REDACTED] |
| US | NY         | [REDACTED] |
| JP | [REDACTED] | [REDACTED] |
| US | TX         | [REDACTED] |
| US | OH         | [REDACTED] |
| US | WA         | [REDACTED] |
| US | AZ         | [REDACTED] |

No subscriber information, IP Addresses, payment information, or customer records were provided.

As these user IDs are associated with a knife sheath purchase before or after November 13, 2022, I am requesting the assistance of the Latah County Prosecutor's Office to apply for a warrant for the following:

- Account information for the above-named eBay UserIDs subscriber information to include: contact information, billing information, account opening date, account closing date, and any other information retained in connection with the identified accounts;
- Order details and purchase history for all transactions conducted by the above-named eBay UserIDs or any eBay affiliated storefront/webstore, including IP address information for purchases made, shipping addresses, and issuing bank card used;
- Payment information for payments made (or facilitated by) eBay to or from the abovenamed UserIDs including payments through eBay or eBay supported platforms;
- All customer interaction records between eBay and the above-named individuals/entities and their representatives to include call notes, call recordings, emails and/or written correspondence;

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Ebay [REDACTED]@ebay.com), as this was the originating email address associated with the documents.

Initial Response/Interviews/Search Warrant Application/Patio Entry Log - #170

1. WatchGuard Event: BWC and 4RE

Additional Responding Officers: Gunderson, Snyder, Warner

Case number added to WG: Yes.

2. Evidence

None.

3. Narrative

On 11/13/2022, at approximately 1156 hours, I responded to an unconscious subject at 1122 King Road in Moscow, Idaho. Upon my arrival, I found a large gathering of people in the parking lot immediately north of the 1122 King Road residence. 1122 King Road is a white, three story, single family residence with multiple bedrooms. The "1122" designation is located directly above the front door, facing north. I was directed to a bedroom on the second floor by H [REDACTED] J [REDACTED] in the northwest corner, to locate the unresponsive female.

Upon entering the room, I observed a female laying supine on the floor, next to a bed. According to D [REDACTED] M [REDACTED], this female was likely Kaylee J. Goncalves. D [REDACTED] also lived at 1122 King Rd. I observed dried blood surrounding Kaylee's body and signs of cutting trauma to her face. Kaylee was covered in so much blood, I wasn't able to immediately discern where any additional injuries would have likely been. Kaylee was apparently deceased due to her pale skin color, rigid body tone and apparent blood loss.

On the bed, in the same room I observed Kaylee, I observed a male lying supine on the bed. According to D [REDACTED], the male was likely Ethan J. Chapin. D [REDACTED] said Ethan was commonly at the residence. I observed blood covering portions of Ethan's legs, surrounding his body into the bed sheets, and drops of blood on the wall near Ethan's head. As I backed out of this room, H [REDACTED] showed me a kitchen knife and said he had it in his possession. I told H [REDACTED] to leave the knife and go back down the stairs to the front entrance.

Ofc. Warner and I moved to visually clear the residence for any suspects or

additional victims. On the third floor, Ofc. Warner and I found two additional apparently deceased females, both laying supine in a bed. This bedroom was on the southwest corner of the third floor. According to D [REDACTED], these two females were likely Xana A. Kernodle and Madison M. Mogen. One female showed an apparent traumatic injury to her face due to the basic facial structure being unrecognizable. Both females showed very pale skin. Both females were covered in dried blood and apparently deceased. After the residence was deemed safe, Ofc. Warner and I exited the residence to secure it and the immediate area, to include the parking lot immediately to the north of the residence.

I walked outside and began interviewing D [REDACTED]. D [REDACTED] told me at approximately 0400 hours she heard a voice scream and believed it to be Kaylee's. D [REDACTED] said she heard Kaylee scream and announce there was "somebody" inside the residence. D [REDACTED] said she could hear Kaylee run from the third floor, down the stairs to the second floor, into the northwest bedroom. D [REDACTED] said she locked herself in her bedroom and continued to hear a commotion. D [REDACTED] said eventually she stopped hearing a struggle and heard a male voice say, "you're gonna be fine. I'm gonna help you." D [REDACTED] said she did not recognize the male's voice. D [REDACTED] said after a few minutes, she peeked out of her bedroom and observed a male described as approximately 6-feet tall, slim build, with a black ski mask leave the second-floor patio area. This patio door was likely left open as it was found open upon my arrival.

I interviewed an additional roommate, B [REDACTED] F [REDACTED], who told me she was at the residence during the commotion. B [REDACTED] said she was on the second floor, in the living room, watching Vampire Diaries with D [REDACTED], and an unidentified person named I [REDACTED]. B [REDACTED] said at approximately 0200 hours on 11/13/2022, Madison and Kaylee came home from a night out at the Corner Club bar, located at [REDACTED] in Moscow, Idaho. B [REDACTED] said she also believed Madison and Kaylee went to the Grub Wandering Kitchen truck that was commonly located in the 300 Block of South Main Street. B [REDACTED] said she and Madison let Madison's dog out, "Murphy," sometime between 0200 hours and 0230 hours. B [REDACTED] said during this time she observed no suspicious activity. B [REDACTED] said she returned inside while Madison was still outside with Murphy. B [REDACTED] said she went to bed around 0230 hours. B [REDACTED] said Madison came into her bedroom sometime after 0230 hours to ask if she knew where Murphy was. B [REDACTED] said she told Madison no and Madison left. B [REDACTED] said she woke up in her bedroom, which was located on the first floor, to a sound she described as a firecracker and a flash. B [REDACTED] said she initially thought the sound was a prank.

According to B [REDACTED] phone log she showed me, B [REDACTED] called Xana at 0421 hours, Ethan at 0422 hours, Madison at 0422 hours, Madison again at 0430 hours, and then Kaylee at 0431 hours. B [REDACTED] said she never received an answer on each phone call. B [REDACTED] said she went back to sleep and woke up around 1156 hours, when 911 was called.

Initially, I was told Kaylee was likely located on the second floor bedroom, with Ethan. After comparing D [REDACTED] initial statement with other investigations officer's observations, it appeared to actually be Xana that was located on the floor of that bedroom and Kaylee was one of the other females located in the third floor room.

I also observed the following vehicles in the gravel parking lot that was immediately north of the 1122 building:

-Silver 2015 Land Rover Range Rover with Washington license plate "[REDACTED]"

registered to J [REDACTED] S [REDACTED].

-Blue 2010 Honda Civic with Arizona license plate "[REDACTED]" registered to J [REDACTED] K [REDACTED].

-White 2014 Chevrolet Cruze with Idaho license plate "[REDACTED]" registered to K [REDACTED] L [REDACTED].

-Red 2011 Jeep Wrangler Unlimited with Washington license plate "[REDACTED]" registered to J [REDACTED] C [REDACTED].

-Black 2017 Ford Explorer with Washington license plate "[REDACTED]" registered to J [REDACTED] C [REDACTED].

I was originally assigned to identify all of the people in the area. However, I was reassigned by Sgt. Gunderson to begin the search warrant application process. I provided the above information in the search warrant application.

At approximately 1628 hours, I returned to 1122 King Road to assist with securing the southwest patio entrance. I took responsibility from Ofc. Warner in documenting who entered and exited the residence. I provided this documentation on a note pad and maintained the log until I was relieved by Ofc. Morris at approximately 1750 hours. The following information is the rear patio entry log from 1517 hours until 2115 hours:

SW Corner Patio Entry Log  
11/13/2022

Ofc. Smith recording entry.

1517 - Cpt. Lanier.

1520 - Ofc. Warner arrived to relieve Ofc. Smith.

1628 - Ofc. Nunes arrived to relieve Ofc. Warner.

1709 - Sgt. Gunderson entered.

1709 - Sgt. Gunderson exited.

1710 - Cpl. Payne, Ofc. Smith, ISP Detective Talbott, Prosecutor Ashley Jennings exited.

1711 - Cpl. Payne, Ofc. Smith, ISP Detective Talbott, Prosecutor Ashley Jennings entered.

1748 - Ofc. Morris relieved Ofc. Nunes.

2115 - Ofc. Morris relieved. Patio door was locked and sealed.

End of entry log.

4. Other

None.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Router Interrogation

Case # 22-M09903  
Date: 11/15/2022

On November 13, 2022, I responded to 1122 King Road in Moscow, Idaho in an attempt to interrogate the wireless router located at this residence. After speaking with Cpl Brett Payne, he informed me the wireless router and cable modem were located in the living room on the second floor.

After arrival, I used an ethernet cable to connect my laptop to the Local Area Network (LAN) ports on the back of the Spectrum WiFi 6 router with the Serial # [REDACTED]. The router then provided my laptop with an IP address and Gateway IP, which resolved to the router.

I attempted to locate a web-based management portal for the device but was prompted to download the Spectrum app and use the account username and password to access the device. I contacted Spectrum technical support and found this was the only way for the client to access the data on the device.

I then called the Charter Law Enforcement Response Team (LERT) and spoke with a representative and tried to ascertain if Charter/Spectrum could retrieve data from the router via their diagnostic portal. After several days and phone calls to Charter, I spoke with T [REDACTED] D [REDACTED], the manager of the Legal Response Operations Center. D [REDACTED] stated her team was working on verifying if the router hardware was able to be accessed.

On November 17, 2022, I again called Charter and left a voicemail. D [REDACTED] returned my phone call and stated her technicians were able to access and download the data from the router, however, the did not preserve the correct timeframe specified in my request. I was told she would have her technicians retry and preserve the data.

On November 17, 2022, I again called Charter and left a voicemail for D [REDACTED]. I received a call back from D [REDACTED] who stated the technicians were able to retrieve data for the time periods of September 14, 2022 to November 7, 2022 and November 11, 2022 to November 14, 2022. I was informed there was a problem with

their cloud services and that resulted in the data loss for November 8-10. I informed [REDACTED] I would be applying for a warrant and requesting that data with the legal process.

From my training and experience, I know wireless routers (WIFI routers) allow wireless devices (phones, tablets, laptops, etc) to connect to them for access to the internet or other devices on the local area network (LAN). During this process, after a device has successfully connected to the wireless router, a log of this connection, and the specific MAC address (Media Access Control) of each device, is kept on the device. If a user previously selected the "connect automatically" setting while connecting to the wireless router, which is a common default setting, the device will connect to the router automatically without any user input. These devices would have to be in close proximity of the router to be shown on the MAC address log.

The data previously stored on the wireless router, located at 1122 King Road, and preserved by Charter/Spectrum, may show individual MAC addresses of devices connected to the device. If the suspect had previously connected to the wireless router, was in close proximity to the wireless router located in the residence, this device may have automatically connected and appear on the MAC address logs. This could provide evidence of when a device was in close proximity of the router on the night Madison Mogen, Kaylee Goncalves, Xana Kernodle and Ethan Chapin were murdered.

I requested the assistance of the Latah County Prosecutor's Office in applying for a warrant to serve on Charter for the data records preserved and stored at Charter Communications, associated with the Spectrum Wireless Router with Serial Number [REDACTED] and MAC [REDACTED], and Spectrum Cable Modem with MAC [REDACTED] and Serial Number [REDACTED] from the time frame of September 14, 2022 to November 14, 2022.

On November 21, 2022, I was granted a warrant for the data preserved by Charter and served the warrant at approximately 2039 hours via email to [REDACTED]@Charter.com.

On November 22, 2022, I received an email from M [REDACTED] stating the files were ready to download via the Charter Portal. I logged into the portal, downloaded the files and saved them to a computer in the secure forensic lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the M [REDACTED] Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Charter [REDACTED]@charter.com), as this was the originating email address associated with the documents.

Narrative:

D [REDACTED] Phone Warrant

Case # 22-M09903  
Date: 11/17/2022

On November 17, 2022 J [REDACTED] I [REDACTED] was interviewed by Sgt Mike VanLeuven from the Idaho State Police at the ISP District One Office. At that time, he provided his phone to Sgt VanLeuven along with consent to the search the phone. That phone is an iPhone XR with IMEI [REDACTED] transported to the Coeur d'Alene Police Department Forensic Lab at [REDACTED], in Coeur d'Alene Idaho 83815. I applied for and was granted a search warrant to access the contents of the iPhone.

The phone was to be extracted by Det Dustin Taylor of the Coeur d'Alene Police Department. Det Mike VanLeuven had taken the phone to Dustin Taylor at the computer forensic lab at Coeur d'Alene Police Department. I emailed a copy of the warrant to him at 1643 hours on November 17, 2022.

On November 18, 2022, while confirming Det Taylor received the warrant, I was informed the phone was no longer at Coeur d'Alene Police Department. Idaho State Police Lieutenant Paul Berger picked up the phone from Taylor and delivered it to the Spokane County Sheriff's Office, where Investigative Analyst V [REDACTED] J [REDACTED] received it. The data on the phone was forensically extracted at that location.

On November 19, 2022, Idaho State Police Det. Richalderson retrieved the phone from the forensic lab and delivered the phone to I [REDACTED] mother per the attorney's wishes.

On November 21, 2022, Det Anderson of the Idaho State Police provided Sgt VanLueven with a USB drive containing the extraction. Sgt VanLueven then provided the USB drive to me and it was placed into the secure forensic lab at the Moscow Police Department. An examination will be completed at my earliest convenience.

Since the warrant was not served, I did not complete a warrant return receipt as nothing was collected. Court documents were sent to the Latah County Prosecutor's Office to be returned to the court.

Initial Interviews

Case # 22-M09903  
Date: 11/15/2022

On November 13, 2022, I was directed to interview potential witnesses in regards to the incidents at 1122 King Road. The following interviews were conducted at the Moscow Police Department.

Interview 1:

D ■■■ M ■■■ DOB: ■■■/2003 PH: ■■■  
Address: 1122 King Rd

On 11/13/2022 D ■■■ M ■■■ was interviewed in regard to the homicide investigation at 1122 King Road. D ■■■ said she was a resident of the house where the incident occurred. D ■■■ said she was at a ■■■ party, at around 1030 hours on 11/12/2022, where she was drinking. D ■■■ said she went to "■■■ house". D ■■■ said she believed she arrived home between 0030 hours and 0100 hours on 11/13/2022. D ■■■ said she thought E ■■■ arrived home at around 20 minutes after she arrived.

D ■■■ said she believed Maddie and Kaylee arrived home at around 0130 or 0200 hours on 11/13/2022. D ■■■ said up to this nothing weird had happened during the night. D ■■■ said she and her friend "L ■■■ (?)" came home, followed by E ■■■ from ■■■. D ■■■ said L ■■■ lived at the ■■■ house and E ■■■ was her roommate at the residence. D ■■■ said when Maddie Mogen and Kaylee Gonclaves came home from the corner club at the same time, and everyone went to bed.

D ■■■ was asked about the layout of her house. D ■■■ said Kaylee's room was directly above her room. D ■■■ said she lived on the 2nd floor and Kaylee lived on the 3rd floor. D ■■■ said Kaylee and Maddie both live upstairs on the 3rd floor in separate rooms. D ■■■ said Xana lived closest to the bathroom on the 2nd floor and E ■■■ lived on the first floor.

When asked about Murphy, D ■■■ said it was a dog owned in common between Kaylee and her ex-boyfriend J ■■■. D ■■■ said there were no apparent issues between Kaylee and J ■■■. D ■■■ said Maddie had a boyfriend named J ■■■ S ■■■ who was

in Boise at the time of the incident. [REDACTED] indicated Xana was dating Ethan Chapin who was in the room with her at the time of the incident. [REDACTED] did not know of anyone who would want to hurt Ethan, when she was asked. [REDACTED] was asked if she saw any cars in the area that should not be there. [REDACTED] said "No I was not really looking at that."

[REDACTED] said she woke up at around 0400 hours on 11/13/2022, where she could here Kaylee and Murphy, the dog, dancing. [REDACTED] said she knew it was Kaylee because she recognized her voice and could hear Murphy barking. [REDACTED] said she heard Kaylee go upstairs and say "There is someone here." [REDACTED] said thought she heard Kaylee run back down the stairs. [REDACTED] said Kaylee sounded scared when she made this statement.

[REDACTED] said at this time she jumped up locked the door because she did not know what else to do. [REDACTED] said she called out Kaylee's name and did not indicate if she got a response. [REDACTED] said she then tried to call Kaylee, Xana and Maddie on their phones. [REDACTED] was asked if she saw anyone come downstairs or heard anything. [REDACTED] said, "No, I don't even know how they got in. We're usually pretty good about locking doors and never had problems before. I was just really random."

When asked again about the series of events, [REDACTED] said she opened the door when she cried out to Kaylee, then closed the door because she was scared. [REDACTED] said she then opened the door again and heard who she thought was Kaylee, but could have been Xana, crying in the bathroom. [REDACTED] said she then heard a man's voice say "It's OK I'm gonna help you." [REDACTED] said it was weird because the statement was not in a nice way and the voice was one she had never heard before.

[REDACTED] said she called out to Kaylee again and there was no crying after and she did not know what happened after that. [REDACTED] said she opened the door again and "the guy" is right there. [REDACTED] described the male as approximately her height (5'10") or a few inches taller, not skinny but athletic build. [REDACTED] said the suspect was wearing all black with masks that covered just his forehead and goes around his face. [REDACTED] showed with her hands the mask exposed his nose but covered the mouth area.

[REDACTED] said she believed the suspect was white but did not remember eyebrow color or what his eyes looked like. [REDACTED] said when she saw the suspect, he saw her and just left. [REDACTED] said she believed he was holding something near his stomach or belt line. [REDACTED] used both hands to point straight out from her abdomen. [REDACTED] then moved her hands apart and back together to simulate a bulge. [REDACTED] said this area was black in color and she thought now maybe it was a gun. [REDACTED] said the unknown object had an arrow shape. [REDACTED] seemed really unsure and said she was tired during the event.

[REDACTED] was asked how long she believed it was from the time Kaylee said "Someone is here", to when she saw the suspect. [REDACTED] said she thought it was about 10 or 20 minutes. [REDACTED] went on to say she was "in and out of it" and she did not fully remember the incident. [REDACTED] was asked where the suspect was at in the residence when [REDACTED] saw him. [REDACTED] said the suspect was between her bedroom door and the kitchen. [REDACTED] said she remembered watching the suspect go out the kitchen door and leave. [REDACTED] said at this time she closed her door and locked it as fast as she could. [REDACTED] said the suspect did not walk toward her or say anything.

[REDACTED] said once the suspect left she immediately called B [REDACTED]. [REDACTED] said

B [redacted] informed her she heard a sound that sounded like a firework. D [redacted] then said she told B [redacted] she called everyone and they are not answering. D [redacted] said she was in and out of it and believed everyone was just asleep. D [redacted] said she then went to B [redacted] room locked the door and went to bed. D [redacted] said she woke up at around 1100 or 1200 hours and called her roommates and no one answered. D [redacted] said she called H [redacted]. H [redacted] came to the residence, went upstairs and told D [redacted] they needed to call law enforcement immediately. D [redacted] was asked if there was anything else she wanted to share. D [redacted] said the noise B [redacted] described the noise as a "loud boom", but D [redacted] did not hear it.

D [redacted] was asked if any of her roommates shared any weird experiences in the last couple weeks, or calls or texts. D [redacted] said "No, it's been all normal. Nothing weird at all. Nothing really weird happens in Moscow usually." When asked if there were any altercations at the [redacted] party. D [redacted] said no everything was normal. D [redacted] mentioned again she was with D [redacted] and Xana at the party. D [redacted] was asked if anyone was having sexual relations with anyone they shouldn't be. D [redacted] said no.

D [redacted] brought up an incident which occurred about a month prior. D [redacted] said she and B [redacted] remembered Kaylee saw a shadow while she was taking Murphy at side. D [redacted] said Kaylee also mentioned when she was at [redacted] 2 or 3 weeks prior, an individual was following her. D [redacted] also said she arrived home one time and the door to the residence at 1122 King Road was found open. D [redacted] said she did not believe the slider door was locked the night 11/12/22. D [redacted] said she hear Murphy barking a lot around 0400 hours 11/13/22 when Kaylee went upstairs. D [redacted] said she heard Murphy go outside barking as well. D [redacted] was unsure if Murphy would chase a suspect outside. D [redacted] said she did not remember if the suspect who ran left the slider door open.

#### Interview 2:

H [redacted] DOB: [redacted]/1999 PH: [redacted]  
Address: [redacted]

H [redacted] said around 1200 hours on 11/13/2022, D [redacted] called B [redacted] (H [redacted] Girlfriend). D [redacted] told B [redacted] she thought something "was not right in her house" D [redacted] also told B [redacted] she heard or saw a man in her house the night prior. D [redacted] asked B [redacted] and H [redacted] to come over and make sure everything was OK because she locked herself in B [redacted] room. H [redacted] said he was the first person to get to the residence. H [redacted] said he entered the code to the front door where B [redacted] and D [redacted] were in B [redacted] room on the first floor. D [redacted] and B [redacted] were telling H [redacted] they did not know what was going on.

H [redacted] said he went up the stairs and immediately went into Xana's room. H [redacted] said this was the only room he went into. H [redacted] said when he approached the door it was only partially open. H [redacted] said when he opened it, he saw Xana and Ethan. H [redacted] said he initially did not realize all the blood was dried blood in the room. H [redacted] said he thought at first they had been drunk and left a mess. H [redacted] said when he stood there for a moment he began to realize what he was seeing. H [redacted] said B [redacted] and D [redacted] were uncontrollably crying. H [redacted] said he told them to get out of the house and call law enforcement.

H [redacted] said he then went to the kitchen and grabbed a knife from the drawer. H [redacted] said he then went into the room and checked the closet to make sure there was not anyone else in the room. H [redacted] said he checked for a pulse on both Xana and Ethan. H [redacted] said both of the bodies had rigor mortis and were cold with no breath or pulse. H [redacted] said he believed the two had been deceased for a while.

H [redacted] said he believed he left the knife on the folding table in the living room. H [redacted] said E [redacted], J [redacted] and L [redacted] started to enter the house and come up the stairs. H [redacted] told them to get out of the residence. H [redacted] said this was about the time Moscow PD arrived on scene. H [redacted] said the officer told him to stay where he was at. H [redacted] said he did not know if anyone else was upstairs as he had not gone anywhere else in the house. H [redacted] said he had trouble comprehending what he was seeing.

H [redacted] said he was not at the [redacted] party the night prior. H [redacted] said he and Ethan were texting the night prior (11/12/22) by phone. H [redacted] said Ethan wanted him to come over but H [redacted] chose not to. H [redacted] said he knew Ethan since Fall of 2021. H [redacted] said he was in [redacted] and Ethan was a member of [redacted]. H [redacted] indicated J [redacted] and E [redacted] were in the same sorority and were roommates. H [redacted] said L [redacted] who was also present was in the fraternity [redacted] and was currently dating J [redacted]. H [redacted] said he and L [redacted] stayed at J [redacted] apartment with E [redacted] and J [redacted] the night of 11/12/22. H [redacted] was asked when was the last time he was at 1122 King Road.

H [redacted] indicated he was last at the residence on 11/12/22 where he was "pre-gaming for the vandals football game." H [redacted] said he got to the residence at around 1200 hours or 1300 hours and left at about 1430 hours to go to a different party. H [redacted] said the last time E [redacted] was at 1122 King Road was Friday 11/11/22. H [redacted] did not know of anyone who had issues with E [redacted] and Xana dating. H [redacted] estimated Xana and Ethan were dating for 8 months. H [redacted] said he knew Xana very well through his girlfriend E [redacted]. H [redacted] said he was not very familiar with Maddie or Kaylee. H [redacted] allowed pictures to be taken of his phone of the conversations between him and Ethan.

#### Interview 3

J [redacted] M [redacted] DOB: [redacted]/2003 PH: [redacted]  
Address: [redacted]

J [redacted] said she text E [redacted] at 1120 hours, on the morning of 11/13/22. J [redacted] asked E [redacted] if she was awake. J [redacted] said E [redacted] called her back at 1149 hours. E [redacted] told J [redacted] she and L [redacted] were in E [redacted] room. J [redacted] said E [redacted] was freaked out because her roommates were not answering the phone. J [redacted] said she heard D [redacted] on the phone in the background saying "I saw something." J [redacted] said E [redacted] asked her to come over to 1122 King Road and pick her up. J [redacted] said E [redacted] text her while she was driving there, and said E [redacted] and H [redacted] were on the way as well. J [redacted] said as she arrived MPD units were arriving as well. J [redacted] said she did not go to the [redacted] party but went to a different one instead. J [redacted] said E [redacted] and L [redacted] came to this other party after she left [redacted]. J [redacted] estimated D [redacted] left her party at 0030 hours and E [redacted] left her party at about 0100 hours on 11/13/2022.

J [redacted] said she was in [redacted] with D [redacted], L [redacted], E [redacted] and Xana. J [redacted] said Xana and Maddie were both in [redacted] but the dropped out and Kaylee was in [redacted] but dropped as well. J [redacted] suspected they girls dropped their respective sororities because of issues with other girls in the houses. J [redacted] specifically cited girls on the "executive board" who tell other members what to do. J [redacted] suspected this was what they did not like. J [redacted] confirmed she, L [redacted], E [redacted] and D [redacted] were still active members in [redacted]. J [redacted] said the girls who were still active members of the sorority who chose to not live in the house did so because of money issues. J [redacted] said Maddie was E [redacted] Big Sister in the sorority house.

J [redacted] said she knew Kaylee saw a dark figure staring at her from the tree line when she took her dog Murphy out to pee. J [redacted] said this occurred about a month ago at 1122 King Road. J [redacted] said there has been light hearted talk and jokes made about a stalker in the past. J [redacted] said all the girls were slightly nervous about it being a fact though. J [redacted] did not indicate any social media issues or issues between the girls who lived together. J [redacted] said there was no issue with girls from the [redacted] sorority and the residence at 1122 King Road. J [redacted] said the front door had issues with locking and sometimes it could be opened without a code. J [redacted] said she did know the code to the front door. J [redacted] said she was unsure if the residence kept the back-sliding door locked regularly.

#### Interview 4

I [redacted] E [redacted] /2002 PH: [redacted]  
Address: [redacted]

I [redacted] said he did not go to the [redacted] Party. I [redacted] said he went to sleep at 2000 hours 11/12/22, at J [redacted] apartment on Taylor Ave. I [redacted] said he woke up around 0200 or 0300 hours I [redacted] said he J [redacted] and E [redacted] were up talking in the living room of the apartment until about 0500 hours on 11/13/22. I [redacted] indicated H [redacted] was present but not awake during this time. I [redacted] said I [redacted] said they all went to bed at this time and woke up again around what he thought was 0900 hours.

I [redacted] said H [redacted] and E [redacted] came into the room where he and J [redacted] were. I [redacted] said I [redacted] had called E [redacted] around 1000 hours, and sounded scared. I [redacted] said D [redacted] told E [redacted] someone had been in her house last night. I [redacted] said I [redacted] and E [redacted] ran down stairs and locked themselves in a room. I [redacted] said, I [redacted] informed them she did this because of her seeing someone in the house and I [redacted] could only see his nose and his chin. I [redacted] said I [redacted] was freaking out and wanted them to come over to 1122 King Road.

I [redacted] said he walked with E [redacted], J [redacted] to 1122 King road from J [redacted] apartment on Taylor Ave. I [redacted] said I [redacted] and E [redacted] walked out of the house crying. I [redacted] said H [redacted] arrived to the residence first, because he left before them. I [redacted] said he went into the downstairs door and H [redacted] told him not to come up the stairs. I [redacted] said he did not know Ethan very well. I [redacted] said he did not recall any talk between Xana and J [redacted] about boy issues. I [redacted] said he did not see anything on social media. I [redacted] recalled an incident from about a month prior, where I [redacted] said there was a guy stalking her. I [redacted] said he did not hear anything from the night prior.

My interviews were video recorded and have been uploaded to case file.

Ebay User Warrant

Case# 22-M09903  
Date: 11/29/2022

On November 29, 2022, I found I had received two (2) emails from Snapchat dated November 28, 2022 at approximately 1700 hours. These emails provided links to download the data requested pursuant to the two warrants served on Snap on November 21, 2022. The files were downloaded and saved onto a computer located in the secure computer forensic lab located at the Moscow Police Department.

In examining the files, I located the userID [REDACTED], who showed subscriber information of:

R [REDACTED] W. E [REDACTED]  
[REDACTED] ID [REDACTED]  
(Born 1967)

The data showed R [REDACTED] purchased a "KA-BAR USMC Brown Leather Sheath for 7" Blades, Marines #1217S" on August 14, 2022 at 0329 hours UTC.

I located two younger males associated with R [REDACTED] in TLO. I have found TLO to be generally reliable in previous investigations. Those males appear to be

R [REDACTED] sons:  
T [REDACTED] (born 1996) - [REDACTED], ID [REDACTED]  
K [REDACTED] (born 1994) - [REDACTED], ID [REDACTED]

In reviewing R [REDACTED] eBay account, it appears he purchases and sells military memorabilia and equipment. I informed Sgt Dustin Blaker of this information for follow-up.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Ebay ([REDACTED]@ebay.com), as this was the originating email address associated with the documents.

Snapchat Warrants

Case # 22-M09903  
Date: 11/29/2022

On November 21, 2022, I requested and was granted a warrant for Snap, Inc (Snapchat) for the accounts associated with the following identifiers:

[REDACTED]  
(Kaylee Goncalves)  
(J [REDACTED])  
(D [REDACTED])  
(E [REDACTED])

On November 21, 2022, at approximately 1827 hours, I logged into the Snap, Inc Law Enforcement Portal located at <https://less.snapchat.com/> and served the warrants.

I received an email from [REDACTED]@snapchat.zendesk.com providing me with internal CaseID# [REDACTED] and CaseID [REDACTED].

On November 28, 2022, Snap, Inc sent two emails stating the files were ready to download. On November 29, 2022, I logged into the portal and downloaded the files provided pursuant to the warrant. These files were downloaded to a computer in the secured computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Snap (mailto:[REDACTED]@snapchat.zendesk.com), as this was the originating email address associated with the documents.

Cellphone Warrant Return

Case # 22-M09903  
Date: 11/17/2022

On November 17, 2022, I received I began to receive data from the cell phone providers in response to the warrants served on them.

At approximately 1352 hours, I received an email from [REDACTED]@sf-notifications.com informing me the files from Verizon for the requested phone Call Detail Records and Tower Dump Data was ready to be downloaded. I logged into the ShareFile portal and downloaded the corresponding files.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to the Verizon at [REDACTED]@sf-notifications.com, as this was the originating email address associated with the documents.

At approximately 1530 hours, I received an email from R [REDACTED] E [REDACTED] [REDACTED]@inlandcell.com) of Inland Cellular. This email included files containing the data requested regarding the tower dump data.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to the R [REDACTED] E [REDACTED] ([REDACTED]@inlandcell.com), as this was the originating email address associated with the documents.

At approximately 1530 hours, I received an email from AT&T ([REDACTED]@att.com) informing me the files from AT&T for the requested phone Call Detail Records and Tower Dump Data. I logged into the Global Legal Demand Center portal and downloaded the corresponding files.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to AT&T ([REDACTED]@att.com), as this was the originating email address associated with the documents.

On November 18, 2022, at approximately 1323 hours, I received two emails from T-Mobile ([REDACTED]@T-Mobile.com). These emails included files containing the data requested regarding the T-Mobile Call Data Records and Tower Dump Data requested.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to T-Mobile ([REDACTED]@T-Mobile.com), as this was the originating email address associated with the documents.

TMobile Amended Warrant

Case # 22-M09903  
Date: 11/29/2022

On November 26, 2022, I requested and was granted an amended TMoblle Tower Dump Data Warrant to include devices within a 2-mile radius. The original warrant included only .5 miles.

On November 26, 2022, at approximately 2059 hours, the warrant was served on T-Mobile via email at [REDACTED]@t-mobile.com. On November 28, 2022 I received an email with the files provided pursuant to the warrant. These files were downloaded to a computer in the secured computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to T-Mobile [REDACTED]@T-Mobile.com), as this was the originating email address associated with the documents.

Witness Phones

Case # 22-M09903  
Date: 11/30/2022

On November 13, 2022, I was directed to interview potential witnesses in regards to the incidents at 1122 King Road. During this process, I was tasked with extracting data from the following phones:

D [REDACTED]  
B [REDACTED]  
J [REDACTED]  
E [REDACTED]  
M [REDACTED]

I received signed consent forms from M [REDACTED], I [REDACTED], A [REDACTED] and C [REDACTED]. I was informed by Cpl Brett Payne, F [REDACTED] provided verbal consent for her phone to be extracted. The phones were extracted using the following forensic software:  
UFED Cellebrite version# 7.58.0.172  
Magnet Axion version# 6.5.0.32778

Upon completion of the extractions, the phones were returned to their owner as promptly as possible. The data extracted was saved to a computer located in the secure forensic computer lab at the Moscow Police Department.

A forensic examination on the phones will be completed at my earliest convenience.

Narrative:

Cpl. Ryan Snyder Initial Response and Canvas Interviews

1. WatchGuard Event: BWC & 4RE

Additional Responding Officers: M113 M146 M170 M171

Case number added to WG: Yes

2. Evidence

Photos burned to a CD and booked into evidence

3. Narrative

On 11/13/22 at about 1200 hours I responded to 1122 King Rd for the report of a unresponsive subject. Upon my arrival I noticed there were several college aged subjects out front of the address. I was directed to use police caution tape to cordon off the crime scene. As I was working around the residence I noticed the back door was open and there were footprints in the snow coming from the back door on the back porch. Ofc. Smith took photos of these prints with a measuring tape. He watched the back yard area to make sure no one else came in to the area. I noticed there were a few foot prints that left toward the west of the back yard. This portion of the back yard is connected to two other residences, 1118 King Rd and 1126 King Rd, both directly to the west. The foot prints appear to lead west toward King Rd. between the residences, but I was unable to see where the foot prints went after the yards connected due to the amount of rock landscaping. I also was unable to discern how old these prints were. There had not been recent snow fall.

With Sgt. Gunderson, I entered the residence to continue taking photos of the scene. I entered through the bottom floor main door, on the north side. I took photographs of the rooms and living areas of the residence. The photos were downloaded onto a CD and booked into evidence. The photos were labeled in this report with a brief description of each photo.

As I was down the road of the address near the King Rd and Queen Rd intersection, I was approached by a college aged male who identified himself as J[REDACTED]. He informed me he lived at [REDACTED] King Rd apartment [REDACTED]. He stated his [REDACTED], lived upstairs at 1122 King Rd and they share a dog that was there

currently. J [REDACTED] did not appear to have obvious wounds on his hands, as I would assume the suspect possibly would. Ofc. Nunes was interviewing subjects about the situation. I asked J [REDACTED] if he would wait inside Ofc. Nunes' police car so we could talk with him. He agreed to. I informed Sgt. Gunderson of the circumstance involving J [REDACTED]. J [REDACTED] later responded to the police department to be interviewed and then picked up the dog from the Moscow Humane Society Shelter.

I continued to canvas the area and speak with neighbors at [REDACTED] [REDACTED] and [REDACTED] Queen Rd. who stated they did not hear or see anything relevant. I spoke with subjects at [REDACTED] King Rd. One resident, [REDACTED] [REDACTED], stated she was walking home from the Corner Club at about 0300 hours and thought she could hear music or some type of noise, but she couldn't give any clarifying information more than that due to her level of intoxication that night.

I spoke with subjects at [REDACTED] King Rd. The majority of them stated they were out drinking at the Corner Club and got a ride back to their place at about 0130 hours and went to sleep about 0200. They did not hear anything out of the ordinary. [REDACTED] King Rd [REDACTED] resident, [REDACTED] [REDACTED], stated at about 0400 hours he heard a barking dog coming from the east of his residence. He believed it was the dog at 1122 King Rd. as he thought that was the only dog in the area. He stated the dog sounded like it was outside and was barking for about 45 minutes until he believed someone must have let it inside at 0445 when it stopped. [REDACTED] stated he had a female with him in bed at the time who also heard the dog barking at this time.

I spoke with the residents at [REDACTED] King Rd. [REDACTED] [REDACTED] informed me they had a camera facing the west of the address that they believed captures a portion of the road. They first provided me with the sim card out of the camera, however they could not get it to work and neither could I. They gave me the user name and password to the camera. I informed Detective Mowery of the information and they gave me permission to access the camera footage and record the necessary surveillance video.

I cleared the scene at about 1749 Hours.

3. Narrative

On November 29, 2022, I was asked to pick up three cell phones and a hard drive from Detective (Det) Chris Ruchert of the Walla Walla Police Department. I met with Det. Ruchert at approximately 1155 hours (hrs) and took possession of the four items. I drove back to the Moscow Police Department where I handed the items to Det. Lawrence Mowery at approximately 1430 hrs.

- Item 51 Bedding Packaging
- Item 52 Game Bags

3. Narrative

At approximately 1600 hours on 11/13/22, SGT Blaker and I responded to 1122 King Road to assist with scene security processing. Upon our arrival, the ISP

Forensic Team was on scene and was preparing to begin processing the scene. OFC Smith, one of the initial responding officers to the incident, advised he would walk me through the scene.

OFC Smith and I entered 1122 King Road through the bottom floor door on the north side of the building. Upon entering, I observed a small bedroom on the west side of the bottom floor. The door was ajar and I could see a bed with covers and several other miscellaneous personal items strewn about. The room did not appear to have been occupied by anyone as I did not see any clothes inside. I followed OFC Smith down the hall where there was a small bathroom. Next to the small bathroom to the east was what I later learned was a utility closet. This closet had a pin code style lock and was secured. I looked into the bedroom on the east end of the bottom floor, which I later learned belonged to B [REDACTED] F [REDACTED]. The room had normal clothes and personal items about but otherwise did not seem out of the ordinary.

OFC Smith and I then walked upstairs to the second floor. The stairs ended in a small living room. There was a sectional style couch along the east and south wall of the room. There was also a small TV in a void on the northeast corner of the room. I also saw a black backpack on the floor just east of the top of the stairs. OFC Smith then directed me down the hallway to the west bedroom on the second floor, which I later learned was Xana Kernodle's room. Just before this room there was a bathroom door on the south wall of the hallway. As I approached the room, I could see a body, later identified as Kernodle's, laying on the floor. Kernodle was laying on her back with her feet facing the east and her head was facing west. Kernodle had thong-type underwear on and a gray sweatshirt. There was a large amount of blood on the floor around Kernodle as well. I could see numerous wounds on Kernodle's arms, hands and face which appeared to have been caused by an edged weapon. Just next to Kernodle on the west wall was a small white night stand which appeared to have been moved as it was pushed against the wall at an odd angle. There was blood on this night stand in various locations.

The bed in Kernodle's room was situated on the south wall of the bedroom with the head of the bed appearing to be towards the west wall. I could see a male, later identified as Ethan Chapin, laying on his back in the bed with some type of blanket pulled over his mid section. Chapin's body was at an angle on the bed so that his head was up against the south wall and his feet were hanging off the bed on the north side. I could not clearly see the wounds to Chapin's head and neck area but could see a very large amount of blood on the bed as well as what appeared to be blood spatter on the wall next to Chapin's head and neck. I also noticed two large cuts to the back of Chapin's legs. The wounds appeared to be deep into the tissue but were difficult to see due to Ethan's body position.

OFC Smith then took me through the house and pointed out D [REDACTED] M [REDACTED] bedroom which was situated on the southeast side of the second floor of the house. M [REDACTED] bedroom door opened to the kitchen area as well as the staircase which led to the third floor of the house. Upon my brief visual inspection, M [REDACTED] room was disheveled but did not appear to have any blood or evidence of a struggle within.

I then followed OFC Smith upstairs to the third floor of the residence. The third floor consisted of two bedrooms and one bathroom. The bedroom on the west side of the floor was later determined to be Kaylee Goncalves' room. This room appeared neat and picked up. The only thing of note was the sheets on the bed were pulled back in a manner which suggested someone had been laying in the bed

and then gotten out of it. OFC Smith then pointed out a small bathroom on the east side of the third floor. This bathroom shared a wall with Maddison Mogen's bedroom which was situated on the southeast corner of the third floor. As I entered this bedroom, I could see two females in the single bed in the room. The bed was situated along the north wall of the bedroom and both females, later identified as Mogen and Goncalves, were laying on their backs with their heads towards the east and their feet towards the west which was also the direction of the only door into the room. Both Goncalves and Mogen had numerous visible stab wounds and were covered in a significant amount of blood. I also later noticed what appeared to be a tan leather knife sheath laying on the bed next to Mogen's right side (when viewed from the door). I remained in the room for a moment and then proceeded back outside.

I remained on scene and conducted several more thorough walk-throughs of the scene with the ISP forensic team, the Latah County Coroner and the Latah County Prosecutor. Upon receipt of the search warrant prepared by OFC Nunes, the ISP forensic team lead by Det. Sergeant Darren Gilbertson, processed the scene and collected an initial fifty-six pieces of evidence. The ISP team turned these items over to me that evening and I transported them to the MPD temporary evidence storage. On the morning of 11/14/22, I booked the items into MPD evidence with the help of evidence custodian T [REDACTED] S [REDACTED].

Vehicle Test Runs and Glove Collection-157

1. WatchGuard Event: No  
  
Additional Responding Officers: None  
  
Case number added to WG: NA

2. Evidence

Item 266 Glove

3. Narrative

At approximately 1700 hours on 11/24/22, I took the MPD school car, a silver Ford Fusion, and drove the route of the suspect vehicle. I drove two separate routes in front of the camera located at [REDACTED] Ridge Road, once westbound on Lauder Avenue and then twice on Ridge Road, southbound and northbound. I advised the command post of the times of these runs and requested the video from the point of contact at [REDACTED] Ridge Road in order to compare the color of the test vehicle to that of the suspect vehicle.

Once I completed these runs, I drove to 1122 King Road and walked the route M [REDACTED] M [REDACTED] stated she took while on foot near the house on 11/13/22. I also parked the MPD school car on Queen Road immediately to the east of 1122 King Road in order to observe the effects of the orange-tinted street lights located in the area. The lights appeared to make the silver vehicle look tanner in color than it would under white street lights.

I also walked down and spoke to OFC Tesdahl who was providing scene security at this time. I spoke to OFC Tesdahl for a moment and then began to walk back to my patrol vehicle. As I did so, I noticed a black glove laying in the parking lot approximately 25 feet from the front door. The glove was laying palm-up and appeared to have been laying in that spot for a couple of days as it did not have any snow on it. I nudged the glove with the toe of my boot and found it was frozen to the ground. I asked OFC Tesdahl for rubber gloves and his flashlight. Upon further examination, there appeared to be a dark, fluid like substance on the glove. This substance's color and consistency was consistent with dried blood. OFC Tesdahl provided me with an evidence bag and I collected the glove as

evidence. The glove is a "Polar Penguin" brand glove with a rubberized palm and fingers. This type of glove is often used for concrete work. I brought the glove back to MPD and booked it into MPD evidence for submission to the state lab.

The videos of the vehicle test runs were later collected and added to the FBI video files for this case.

Tinder Warrant Goncalves

Case # 22-M09903  
Date: 12/5/2022

On November 29, 2022, I applied and was granted a warrant for any data associated with Kaylee Goncalves' Tinder Accounts using the following identifiers:

[REDACTED]  
phone number of [REDACTED]  
[REDACTED]@yahoo.com  
[REDACTED]@gmail.com

On November 29, 2022, at approximately 1709 hours, the warrant was served via email at [REDACTED]@match.com.

On December 2, 2022, I received an email from N [REDACTED] R [REDACTED], Sr Paralegal and Director of the Legal department for Match Group, the parent company for Tinder. In this email, I was directed to use the Law Enforcement Portal (<https://www.lert.matchgroup.com/>) and re-submit the warrant.

On December 4, 2022, I registered for access to the portal and received an email stating I was approved to use the portal and served the warrant. I logged into the LERT portal and submitted the warrant again, per R [REDACTED] request.

On December 5, 2022, I received an email from Tinder stating the data requested pursuant to the warrant were available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Tinder ([REDACTED]@match.com), as this was the originating email address associated with the documents.

Department of Labor Warrant

Case# 22-M09903  
Date: 12/5/2022

On December 4, 2022, I found I had received an email forwarded to me from K [REDACTED] W [REDACTED] of the Idaho Department of Labor. The email was from Michael Douglass of the Federal Bureau of Investigation. SA Douglass assisted in the service of the warrant to the Department of Labor.

The email contained a single file with the data requested pursuant to the warrant served on the IDoL. The file was downloaded and saved onto a computer located in the secure computer forensic lab located at the Moscow Police Department.

In examining the file, it showed the requested parties name, DOB and SSN with a corresponding screen shot of their reported income.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to W [REDACTED] ([REDACTED]@labor.idaho.gov), as this was the originating email address associated with the documents.

KaBar Warrant

Case# 22-M09903  
Date: 12/4/2022

On December 4, 2022, I found I had received an email forwarded to me from E [REDACTED] M [REDACTED] of Cutco Corporation, the parent company of KaBar knives. The email was from Michael Douglass of the Federal Bureau of Investigation. SA Douglass assisted in the service of the warrant to KaBar.

The email contained a single file with the data requested pursuant to the warrant served on KaBar. The file was downloaded and saved onto a computer located in the secure computer forensic lab located at the Moscow Police Department.

In examining the file, I located numerous individuals and companies who had purchased products matching the descriptions in the warrant. In the state of Idaho, the following sales of 1217 knives were located:

2/9/2022 D [REDACTED] BOISE ID  
2/9/2022 R [REDACTED] SAINT CHARLES ID  
3/7/2022 D [REDACTED] LEWISTON ID 83501-5554  
5/26/2022 C [REDACTED] MOUNTAIN HOME ID 83647-6286  
7/7/2022 E [REDACTED] REXBURG ID 83440-4989  
8/23/2022 M [REDACTED] COEUR D ALENE ID 83814-4725  
  
9/29/2022 J [REDACTED] CALDWELL ID 83607-5468  
11/3/2022 D [REDACTED] CASCADE ID 83611-5073  
11/8/2022 M [REDACTED] PAYETTE ID 83661-2103  
11/17/2022 R [REDACTED] JEROME ID 83338-6060  
12/2/2022 J [REDACTED] NAMPA ID 83686-1359

In Washington, the following sales of 1217 knives were located:

1/10/2022 E [REDACTED] FIFE WA 98424  
1/20/2022 B [REDACTED] VASHON WA 98070-8402  
1/27/2022 C [REDACTED] PORT ANGELES WA 98362-2514  
1/31/2022 R [REDACTED] ARLINGTON WA 98223-8737  
2/8/2022 A [REDACTED] WEST RICHLAND WA 99353-8115

2/14/2022 C [REDACTED] ISSAQUAH WA 98029-5218  
 2/25/2022 A [REDACTED] OLYMPIA WA 98502-5107  
 2/28/2022 A [REDACTED] PORT ORCHARD WA 98366-1817  
 3/21/2022 K [REDACTED] SPOKANE VALLEY WA 99216  
 3/28/2022 V [REDACTED] SPOKANE VALLEY WA 99016-9366  
 3/29/2022 V [REDACTED] REDMOND WA 98052-6130  
 4/8/2022 R [REDACTED] BREMERTON WA 98312-3615  
 4/11/2022 J [REDACTED] TACOMA WA 98404-3525  
 4/18/2022 E [REDACTED] FIFE WA 98424-1926  
 4/20/2022 E [REDACTED] FIFE WA 98424-1926  
 4/26/2022 E [REDACTED] SEATTLE WA 98116-4672  
 5/4/2022 E [REDACTED] SEATTLE WA 98116-4672  
 5/18/2022 L [REDACTED] SHELTON WA 98584-8194  
 5/27/2022 E [REDACTED] SHELTON WA 98584-6603  
 6/13/2022 M [REDACTED] CHEHALIS WA 98532-3826  
 6/24/2022 C [REDACTED] COLBY WA 98384-0458  
 6/27/2022 B [REDACTED] BATTLE GROUND WA 98604-5207

 11/21/2022 S [REDACTED] BREMERTON WA 98311-3905  
 11/21/2022 R [REDACTED] MARYSVILLE WA 98270-3319  
 11/22/2022 L [REDACTED] SEATTLE WA 98125-6654  
 11/22/2022 T [REDACTED] EVERETT WA 98203-5634  
 11/25/2022 Z [REDACTED] CLARKSTON WA 99403-1363  
 11/28/2022 T [REDACTED] LONGVIEW WA 98632-9727  
 11/28/2022 M [REDACTED] MONROE WA 98272-7911  
 11/28/2022 A [REDACTED] SEATTLE WA 98136-1523  
 11/28/2022 M [REDACTED] NEWCASTLE WA 98056-1130

The following sales of the 1217S - KaBar Sheath were also located:

8/3/2022 D [REDACTED] MALAD CITY ID 83252-1334  
 9/12/2022 J [REDACTED] MCCALL ID 83638-5408  
 11/20/2022 E [REDACTED] STANWOOD WA 98292-6202  
 4/8/2022 R [REDACTED] BREMERTON WA 98312-3615  
 8/2/2022 D [REDACTED] SEATTLE WA 98109-5582  
 9/12/2022 J [REDACTED] MOUNT VERNON WA 98273-6015

Other models were also listed on the return data.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also

emailed a copy of the receipt to M [REDACTED] ([REDACTED]@cutco.com), as this was the originating email address associated with the documents.

Google GeoFence Warrant

Case # 22-M09903  
Date: 12/4/2022

On November 18, 2022, I applied and was granted a GeoFence warrant for any data associated with anonymized information located within the following latitude/longitude points:

Point 1:  
Point 2:  
Point 3:  
Point 4:

SA Nick Balance with the Federal Bureau of Investigations assisted in the production and service of the warrant.

On November 18, 2022, at approximately 2330 hours, the warrant was served email at [REDACTED]@google.com.

On November 20, 2022, SA Balance received notice the data requested pursuant to the warrant was available. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

Based on the information received, and in correlation with cell tower records previously reviewed, two of the anonymous identifiers were found to be of interest. Those identifiers were:

1. [REDACTED]
2. [REDACTED]

On November 20, 2022, I applied and was granted a warrant for any data associated with the previous identifiers, including subscriber information. SA Nick Balance with the Federal Bureau of Investigations assisted in the production and service of the warrant.

On November 20, 2022, at approximately 2214 hours, the warrant was served email at [REDACTED]@google.com.

On November 20, 2022, SA Balance received notice the data requested pursuant to the warrant was available. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department. It was found one of the identifiers came back to the phone number of [REDACTED].

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Google ([REDACTED]@google.com), as this was the originating email address associated with the documents.

Meta Warrants

Case # 22-M09903  
Date: 11/30/2022

On November 21, 2022, I requested and was granted a warrant for Meta (the parent company for Facebook and Instagram) for the accounts associated with the following identifiers:

Instagram: [REDACTED]

Instagram: [REDACTED]

Instagram: [REDACTED]

Instagram: [REDACTED]

Facebook: [REDACTED]

Facebook: [REDACTED]

Facebook: [REDACTED]

On November 21, 2022, I logged into the Meta Law Enforcement Portal located at <https://www.facebook.com/records/> and served the warrants at the following times:

|            |            |
|------------|------------|
| [REDACTED] | 1112 hours |
| [REDACTED] | 1803 hours |
| [REDACTED] | 2039 hours |
| Instagram  | 1820 hours |

During the service of the warrant, I found I was not able to add the phone number of [REDACTED] as an identifier for J [REDACTED] I [REDACTED] account. This information was not entered into the portal.

I received an email from [REDACTED]@records.facebook.com> providing me with internal CaseIDs#:

[REDACTED]

On November 30, 2022, Meta sent emails stating the files were ready to download. On November 30, 2022, I logged into the portal and downloaded the files provided

pursuant to the warrant. These files were downloaded to a computer in the secured computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience.

No information was returned for the account associated with the phone number [REDACTED].

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Meta ([REDACTED]@records.facebook.com), as this was the originating email address associated with the documents.

Narrative:

Victim Phone Extractions

Case # 22-M09903  
Date: 12/4/2022

On November 15, 2022, I contacted Det David Taylor of the Coeur d'Alene Police Department with a request for an agency assist. I requested assistance unlocking the cell phones of Kaylee Goncalves, Maddie Mogen, Xana Kernodle and Ethan Chapin, the victims in this case. I emailed Det Taylor a copy of the signed warrant describing the phones as being searchable.

On November 16, 2022, the phones were transported to the CDA Police Department for a forensic brute force attempt to unlock them, however Det Taylor stated he was not able to extract any information from the locked phones and the phones were not supported for the brute force pin code extraction. The phones were then returned to the Moscow Police Department on November 17, 2022.

I then asked for assistance from Cpt Tyson Barrett in attempting to gain pin codes from family members to access the data on the devices. I was provided pin codes for Mogen, Kernodle and Chapin, which successfully unlocked the devices. The pin codes provided for Goncalves' phone did not unlock the device.

On the three devices I was able to unlock, I performed advanced logical extractions on the devices at the Moscow Police Department. A report for each device will be completed separately.

On November 20, 2022, I again requested the assistance of Det Taylor in gaining a full-file system extraction on the three unlocked devices. The phones were delivered to CDA Police Department on November 21, 2022. On November 22, 2022, Det Taylor stated he would not be able to complete the extractions.

On November 23, 2022, I went to the CDA Police Department and picked up the phones. I then took them to the Post Falls Police Department and spoke with Det Neil Uhrig. Det Uhrig informed me his forensic tools would not support a full-file system extraction.

On November 25, 2022, I went to the Walla Walla Police Department and spoke with

Det Chris Ruchert. Det Ruchert stated her forensic tools would be able to support full-file system extractions on the unlocked devices, and would be able to complete limited extraction on Goncalves' locked phone. I left the phones with Det Ruchert to be extracted.

On November 28, 2022, Det Ruchert informed me the phone extractions were complete and ready to be picked up. On November 29, 2022, Det Justin Deane picked up the phones and returned them to the Moscow Police Department. I received the four devices and placed them in the secure computer forensic lab. The extracted data was copied to the forensic computers and verified by hash values.

An examination of the data will be completed at my earliest convenience.

J [REDACTED] and J [REDACTED] K [REDACTED] Interview - M107

1. WatchGuard Event: None

Additional Responding Officers: None

Case number added to WG: N/A

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1253 hours, I arrived on scene at 1122 King Rd. and spoke with Sgt. Gunderson and Sgt. Lawrence who gave me a brief overview of the information gathered at that time. Sgt. Lawrence informed me the Idaho State Police were going to assist in the investigation and were organizing to respond to the scene. Sgt. Lawrence responded to the police department to begin interviews. I remained on scene on the perimeter awaiting further information.

Approximately one hour later, a male approached the scene and began speaking with Sgt. Gunderson. The male was identified as J [REDACTED] K [REDACTED]. I overheard J [REDACTED] state his daughter lived in the 1122 King Rd. and he had been trying to get in touch with her but was unsuccessful. It was also learned J [REDACTED] daughter J [REDACTED] R. K [REDACTED] was nearby the scene. I asked J [REDACTED] if he and J [REDACTED] could come to the police department to speak with me. J [REDACTED] agreed and I returned to the police department. I contacted Sgt. Lawrence at the police department and asked if he had the names of the victims. Sgt. Lawrence stated he did and gave me the list. I saw one of the victim's names was Xana A. Kernodel. I then met with J [REDACTED] and J [REDACTED] in the interview room off of the police department lobby. Once in the room, I activated the audio and video recording equipment.

I asked J [REDACTED] and J [REDACTED] for their information and they both handed me their Arizona driver's licenses. After writing down their information, I asked J [REDACTED] what the name of his other daughter was. J [REDACTED] told me her name was Xana. I then informed J [REDACTED] and J [REDACTED] that Xana was identified as one of the victims

and that she was deceased. Both J [REDACTED] and J [REDACTED] became very upset and were crying heavily.

I asked J [REDACTED] and J [REDACTED] when the last time they communicated with Xana was. J [REDACTED] stated she texted with Xana on 11/11/22 at approximately 1700 hours. J [REDACTED] said the text messages were brief and were not of any substance. J [REDACTED] said he texted Xana on 11/11/22 at around 1540 hours and she responded stating she was at work. J [REDACTED] then told me he last spoke with Xana on the phone on 11/11/22 at approximately 2140 hours, when they spoke about going to the WSU football game. I asked J [REDACTED] where Xana worked and he said at Mad Greek.

I asked both J [REDACTED] and J [REDACTED] if Xana had mentioned anything about having any issues with anyone or anything strange occurring lately. Both J [REDACTED] and J [REDACTED] said Xana had not said anything. J [REDACTED] said Xana had a boyfriend, Ethan Chapman, who she had been dating for about six months or so. J [REDACTED] said everything seemed fine with their relationship and J [REDACTED] added how he had met Ethan's parents in passing this weekend. It should be noted, J [REDACTED] was in town visiting as he resides in Avondale, AZ and it was Washington State University's Parent's Weekend. I asked J [REDACTED] and J [REDACTED] if there was anyone they wished me to contact for them or if they wished to speak with anyone such as a member of clergy. Both told me no. I gave them both my business card and informed them our detectives would be in contact with them in the near future. J [REDACTED] and J [REDACTED] then left the police department.

4. Other

Video and audio recording of interview attached to case.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Yahoo Warrant Goncalves

Case # 22-M09903  
Date: 12/4/2022

On December 1, 2022, I applied and was granted a warrant for any data associated with Kaylee Goncalves' Yahoo Account using the following identifiers:

[REDACTED]@yahoo.com

On December 1, 2022, at approximately 1355 hours, the warrant was served via the Yahoo Law Enforcement Portal located at <https://lawenforcementrequests.oath.com>.

On December 4, 2022, I received an email from Yahoo stating the data requested pursuant to the warrant were available to download. I received an email with a link to download the data. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to K [REDACTED] V [REDACTED] ([REDACTED]@yahooinc.com), as this was the originating email address associated with the documents.

Verizon Pen Warrant

Case # 22-M09903  
Date: 12/4/2022

On November 22, 2022, I applied for and was granted a pen warrant for any data associated with the phone number [REDACTED], which was linked to a possible witness, M [REDACTED] M [REDACTED]. SA Nick Balance with the Federal Bureau of Investigations assisted in the production and service of the warrant.

On November 22, 2022, at approximately 2026 hours, the warrant was served via fax [REDACTED] and email to [REDACTED]@sf-notifications.com.

On November 22, 2022, SA Balance received notice the data requested pursuant to the warrant was available. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department. The pen register trap and trace data were terminated on November 30, 2022.

M [REDACTED] was subsequently identified, located and interviewed as a witness by Cpl Brett Payne.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Verizon ([REDACTED]@sf-notifications.com), as this was the originating email address associated with the documents.

Disposable Camera Seized and Vehicle Keys - M107

1. WatchGuard Event: N/A

Additional Responding Officers: N/A

Case number added to WG: N/A

2. Evidence

Item # 295: Kodak Powerflash disposable camera

3. Narrative

On December 7, 2022 at approximately 1000 hours, I was assisting with the packing and moving of personal belongings out of the residence at 1122 King St. Capt. Berrett and I were in the process of packing items from Kaylee Goncalves' room on the third floor. Inside the closet I was removing items from a black plastic three drawer oraganizer. In the bottom drawer I located a Kodak Powerflash disposable camera and a GoPro camera in a small black zippered pouch. I was unaware if these items had been located during any of the previous searches of the residence so I took custody of them until I could learn that information. I advised Capt. Berrett of the items and showed them to him. After completing the packing and moving of personal belongings I brought the GoPro and the Kodak camera back to the police department. Prior to leaving the residence I also took possession of the keys to all the vehicles belonging to the deceased. Once back at the police deparment I locked the items into a temporary storage locker in the evidence processing room.

I later contacted the investigative team and learned the memory card from the GoPro was seized during a previous search of the residence so the camera itself was of no evidentiary value. I was told the Kodak disposable camera should be booked into evidence.

On December 8, 2022 I met with Property Coordinator T [REDACTED] S [REDACTED]. S [REDACTED] assisted me in booking the Kodak camera into evidence. I then took the vehicle keys and the GoPro camera to the City Shop where the rest of the personal belongings from the 1122 King St. residence were being stored. I placed the GoPro camera into one of the boxes containing Kaylee Goncalves' belongings. I

left the vehicles keys (contained in a ziplock bag) also in the storage area with the other belongings.

Narrative:

Removing personal items from 1122 King Rd; Capt. Berrett

On 12/07/22 at about 0945 hours, I met with MPD Command Staff members at 1122 King Road to package and remove personal items of the victims. Capt. Dahlinger and I packaged the belongings in Kaylee Goncalves' room. I worked along the north and west sides of the room, Capt. Dahlinger worked along the south and east sides.

While I was packaging items, I noticed \$125 dollars in cash on the dresser; 1- \$100 bill, 1 - \$10 bill, 2 - \$5 bill, and 5 - \$1 bills. Capt. Dahlinger and I both counted the money, and I put the it in a small clutch. I placed the clutch in one of the boxes and marked the box that it had cash in it. Capt. Dahlinger and I both intitialed the box.

After all the personal items that were recoverable were packaged, we moved them to a U-Haul van and transported them to the Moscow City shop. At the shop we unloaded the packages in a secure building.

Tinder Warrant Users

Case # 22-M09903  
Date: 12/5/2022

On December 6, 2022, 2022, I applied and was granted a warrant for the user subscriber information associated with accounts that communicated with Kaylee Goncalves' Tinder Accounts using the following identifiers:

 (Snapchat: )

(Snapchat: )

On December 6, 2022, 2022, at approximately 1519 hours, the warrant was served via the Law Enforcement Portal (<https://www.lert.matchgroup.com/>).

On December 7, 2022, I received an email from Tinder stating the data requested pursuant to the warrant were available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent

to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Tinder ([REDACTED]@match.com), as this was the originating email address associated with the documents.

Tinder Warrant Mogen

Case # 22-M09903  
Date: 12/8/2022

On December 6, 2022, 2022, I applied and was granted a warrant for the user subscriber information associated with the Tinder account of Madison "Maddie" Mogen with the following IDENTIFIERS: [REDACTED]@gmail.com and/or phone number [REDACTED].

On December 6, 2022, 2022, at approximately 1519 hours, the warrant was served via the Law Enforcement Portal (<https://www.lert.matchgroup.com/>).

On December 7, 2022, I received an email from Tinder stating the data requested pursuant to the warrant were available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found no recent communications with other accounts. The newest communication appears to have happened in 2021.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Tinder ([REDACTED]@match.com), as this was the originating email address associated with the documents.

Narrative:

Goncalves property release; Capt. Berrett

On 12/12/22 at about 0830 hours, I met with the Goncalves [REDACTED], S [REDACTED] G [REDACTED] at the City Shop. I had previously arranged to release Kaylee Goncalves' personal property to G [REDACTED], at the family's request.

I unlocked the secure evidence building and we moved 22 boxes containing Kaylee's personal items that had been removed from 1122 King Road, into G [REDACTED] vehicle. There wasn't enough room in the vehicle for all the items, so G [REDACTED] made a return trip. At that point we loaded the remaining items, two purple totes, a clear plastic tote and a yellow suitcase.

G [REDACTED] signed for the items and Ofc. Rosinsky took a photo of his ID to attach to the form at a later date.

I secured the evidence storage building and cleared.

Later that morning I scanned the form and emailed it to G [REDACTED]. I provided MPD records with the original property release form.

DoorDash Warrant

Case # 22-M09903  
Date: 12/12/2022

On December 6, 2022, I applied and was granted a warrant for the all information in DoorDash's possession related to sales, deliveries, purchases, and/or transactions made to 1122 King Road in Moscow, Idaho for the period of January 1, 2022 to present.

On December 6, 2022, 2022, at approximately 1535 hours, the warrant was served via email to [REDACTED]@DoorDash.com.

On December 7, 2022, I received an email from DoorDash containing the data requested pursuant to the warrant. The files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to DoorDash ([REDACTED]@DoorDash.com), as this was the originating email address associated with the documents.

Uber Location Request

Case # 22-M09903  
Date: 12/12/2022

On November 18, 2022, I logged into the Uber Law Enforcement Portal (lert.uber.com) and submitted an exigent preservation request for any location data associated with the Uber driver named E [REDACTED] G [REDACTED] with the phone number of [REDACTED]. Due to the nature of the investigation, Uber recommended an exigency request for the preservation.

In a screen shot received from A [REDACTED] G [REDACTED], it showed messages which appear to be from G [REDACTED] phone between Kaylee Goncalves and himself. The name of the recipient is "Kaylee Uber."

It is unknown if G [REDACTED] was "on duty" with Uber at the time of him picking up Goncalves and Maddie Mogen. Uber stated if the driver was "on duty" it would show the location of the vehicle. If the driver was not "on duty," Uber would not have the data. I was informed by Uber Customer Service this is common if the driver provides personal transportation services.

At 1434 hours, I received an email from Uber stating they received my request.

I received an email at approximately 1617 hours from Uber, which contained files regarding the Uber logs of E [REDACTED] G [REDACTED]. The records showed his location up until approximately 0115 hours, where it appears no other information is found and G [REDACTED] goes "off duty."

Narrative:

Interview with M [REDACTED] C [REDACTED]:

On December 1, 2022, Cpl. Payne asked if I would assist with interviewing [REDACTED] members of Ethan Chapin at the Latah County Annex building. I arrived and spoke with M [REDACTED] C [REDACTED], Ethan's [REDACTED]. I introduced myself to M [REDACTED] and told her I would be recording our conversation so I would not miss anything she said. M [REDACTED] had filled out an adult victim background questionnaire which I reviewed before speaking with M [REDACTED].

M [REDACTED] listed Ethan as being easy going, positive, friendly, funny, and stated he did not have any negative issues or negative feelings with anyone. M [REDACTED] listed the following people as being the people whom Ethan spent the most time with: Xana, K [REDACTED], F [REDACTED], E [REDACTED], E [REDACTED] C [REDACTED] ([REDACTED]), F [REDACTED] J [REDACTED], and E [REDACTED] A [REDACTED]. M [REDACTED] told me the following about the people who Ethan was closest to:

Xana:

Ethan and Xana have been dating for about one year and met through school. M [REDACTED] has known Xana for one year and met her through Ethan. M [REDACTED] talked with Xana once, during rush, but never hung out with her until Xana started dating Ethan. She partied with Xana but never hung out with her outside of that. Xana was a junior, had a lot of friends, and knew most of campus. M [REDACTED] met Xana's dad briefly during parents weekend, never met Xana's sister, and never heard anything factual about Xana's mom but knew Xana did not have contact with her. Ethan would often spend time with Xana while she was at work at Mad Greek. Ethan and Xana never mentioned having weird feelings about anyone (customers or employee) at Mad Greek. Ethan never said anything negative about his relationship with Xana to her.

F [REDACTED] E [REDACTED]:

F [REDACTED] is a [REDACTED] and in the [REDACTED] fraternity. M [REDACTED] does not know much about F [REDACTED]. M [REDACTED] thought F [REDACTED] was a farmer and from California but she was not sure. Ethan would spend a lot of time with F [REDACTED] and they met through the fraternity. Ethan and F [REDACTED] were very similar and would often watch football together on Sundays. F [REDACTED] lives at [REDACTED]. Ethan would hang out with F [REDACTED] 3, 4, or 5 days out of the week. When Ethan would be with F [REDACTED] they would spend time at Xana's residence, F [REDACTED] residence, and several apartments at the "Whites" ([REDACTED]). F [REDACTED] A [REDACTED] and J [REDACTED] I [REDACTED] apartment [REDACTED] on the second floor, left side. The [REDACTED] apartment at the

"Whites" - C [REDACTED] A [REDACTED], T [REDACTED] R [REDACTED] (Ethan's [REDACTED]), and H [REDACTED] (unknown last name) the top floor, on the right.

K [REDACTED] E [REDACTED]:

K [REDACTED] was one of Ethan's closest friends. K [REDACTED] lives in [REDACTED] at [REDACTED]. M [REDACTED] stated K [REDACTED] and E [REDACTED] were Ethan's closest friends. M [REDACTED] did not see any drug use amongst any of Ethan and his friends but said they drank a lot, which was normal for the fraternity life.

H [REDACTED] J [REDACTED]:

H [REDACTED] J [REDACTED] is dating E [REDACTED] A [REDACTED] and was the person who E [REDACTED] and D [REDACTED] called to come to their house the morning of the homicide. Ethan golfed a lot with J [REDACTED] and J [REDACTED] and E [REDACTED] came to their house over the past summer several times and hung out. Ethan never had any issues with J [REDACTED].

M [REDACTED] never heard of or observed Ethan get into fights with anyone. Ethan never confided in her about having problems or frustrations with anyone. Ethan never mentioned having any issues with any of the girls who lived with Xana. M [REDACTED] spent time at Xana's house and never observed any issues between any of the roommates. M [REDACTED] said she did not know Madie or Kaylee well and said she knew E [REDACTED] and L [REDACTED] better. M [REDACTED] thought, if Ethan did have anything he needed to talk to someone about, he would most likely speak with their [REDACTED] H [REDACTED] or Xana because he saw them daily. M [REDACTED] said Ethan was an "open book" and was not a private person.

I asked M [REDACTED] if she knew what Ethan did on Friday and Saturday, November 11th or 12th. M [REDACTED] said she was not sure what Ethan did on Friday. M [REDACTED] said on Saturday, Ethan did not go to the football game or tailgate and thought he spent that time at the "whites", possibly at J [REDACTED] and E [REDACTED] apartment. M [REDACTED] said in the evening Ethan went with her to her formal event, which was at Hunga Dunga from 1900 to 2000 hours. M [REDACTED] said they drove to Hunga Dunga in their vehicle with Ethan, H [REDACTED] C [REDACTED] with his date R [REDACTED] S [REDACTED], L [REDACTED] (D [REDACTED] M [REDACTED]) and his date H [REDACTED] E [REDACTED], and J [REDACTED] K [REDACTED] and his date R [REDACTED] E [REDACTED]. M [REDACTED] said D [REDACTED] and J [REDACTED] are both [REDACTED] members. M [REDACTED] said Hunga Dunga was rented by her sorority and this was a private event. M [REDACTED] told me she knew the majority of everyone who was at Hunga Dunga and nothing out of the ordinary occurred while they were at the event.

M [REDACTED] said they all left Hunga Dunga, in the same car, and drove to her sorority where the girls (including her) got out, went inside, and changed clothes. M [REDACTED] said R [REDACTED], H [REDACTED], and E [REDACTED] all got back into the car and left with Ethan, H [REDACTED], L [REDACTED], and J [REDACTED] to go to a party at [REDACTED]. M [REDACTED] said she texted Ethan at approximately 2014 hours telling him she did not want to go with them to [REDACTED] and was going to stay at her sorority. M [REDACTED] said Ethan texted her several times, trying to convince her to come to [REDACTED], but she did not go and eventually fell asleep around 2200 hours. M [REDACTED] said the [REDACTED] party was just a normal Saturday evening party.

I asked M [REDACTED] if she saw any weird comments on Ethan's social media. M [REDACTED] said she recently logged into Ethan's Instagram account and made it private because it was public and a lot of random people were making bad comments on it. M [REDACTED] said people were speculating this was a drug related thing or something to do with the girls. M [REDACTED] told me she did not notice the names of the people who were commenting but said they were weird accounts with just one follower. M [REDACTED] said people were making bad comments on all of the other victims accounts as well.

I asked M[REDACTED] if the girls had any bad feelings with any of their neighbors. M[REDACTED] said she did not think so. M[REDACTED] told me she was at Xana's house a lot of the weekends and said they would often get noise complaints. M[REDACTED] said she was present for two of the noise complaints. M[REDACTED] thought the person making the complaint lived in a house behind 1122 King Rd. but was not certain. M[REDACTED] told me she never witnessed any retaliation from any of the neighbors. I asked M[REDACTED] if Xana and her roommates knew everyone who lived around them and she said she did not know. I thanked M[REDACTED] for speaking with me and told her if she thought of anything else to let us know. My conversation with M[REDACTED] was recorded and is copied onto DVD which I have booked into MPD evidence.

Additional Responding Officers: Gunderson, Snyder, Nunes, Smith, Warner, Rosinsky, Blaker, Payne, Stirk.

Case number added to WG: Yes

2. Evidence

N/A

3. Narrative

On 11-13-22, at around 1300 hours, I was advised by Cpt. Berrett to respond to work due to a homicide investigation. I was told to remain available for calls for service. At around 1630 hours, I relieved Ofc. Rosinsky on the north side of 1122 King Rd. I was stationed for scene security and helped keep a log of who entered and exited the crime scene. Ofc. Smith entered at 1700 hours and exited at 1725 hours. ISP Talbott entered at 1700 hours and left at 1740 hours. Cpl. Payne entered at 1700 hours and exited at 1723 hours. PA Jennings entered at 1703 hours and exited at 1723 hours. ISP Jake entered at 1725 hours and left at 1738 hours. ISP Gideon entered at 1725 hours and exited at 1739 hours. Sgt. Blaker entered at 1728 hours and exited at 1740 hours. Cpl. Payne entered at 1728 hours and exited at 1738 hours.

Ofc. Stirk relieved me from the north side of the residence and I went to the south side to relieve Ofc. Nunes at around 1800 hours. I stood at the rear of the residence for scene security. I assisted Sgt. Blaker in putting evidence tape on the sliding glass door on the south side of the residence. The tape was to ensure no persons tried to access the scene overnight.

I returned to the north side of the residence for the remainder of the night. Once ISP and investigators made their final walk through the residence was secured at 2344 hours. Ofc. Rosendahl relieved me and I cleared. NFI

Walmart Warrant Service

Case # 22-M09903  
Date: 12/8/2022

On November 21, 2022, I applied for, and was granted, a warrant to Wal-Mart for related sales of the following items for the period of January 1, 2022 to present:

1. Ka-Bar KA1217S, USMC Fighting Knife Sheath;
2. Ka-Bar Full Size USMC Straight Edge Knife;

On November 28, 2022, at approximately 1316 hours, the warrant was served via the Law Enforcement Portal ([REDACTED]@walmartlegal.com). Forensic Account M [REDACTED] D [REDACTED] with the Federal Bureau of Investigations assisted in the production and service of the warrants.

On December 8, 2022, I received a packet from Walmart containing paper documents and two (2) DVDs with sales data on them from the local Walmart in Moscow, Idaho. These files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

On December 9, 2022, I received notice from FA D [REDACTED] the data requested pursuant to the warrant was received. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit was completed. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Tinder ([REDACTED]@walmartlegal.com), as this was the originating email address associated with the documents.

Interview of E [REDACTED] J [REDACTED] from Ka Bar-157

1. WatchGuard Event: No  
  
Additional Responding Officers: None  
  
Case number added to WG: NA
2. Evidence  
  
None
3. Narrative

Interview with E [REDACTED] J [REDACTED]  
On 12/2/22, the FBI tip line received a call from Ka Bar employee M [REDACTED] D [REDACTED], reference a I [REDACTED] M [REDACTED]. M [REDACTED] had been contacted earlier on 12/1/22 by ISP Detectives Boone and Barrett due to his name being provided by Ka Bar on a list of people who had placed orders from Ka Bar. D [REDACTED] stated a call taker, E [REDACTED] J [REDACTED], from Ka Bar received a strange phone call from M [REDACTED] on 12/1/22. J [REDACTED] provided a written statement about what the conversation entailed.

J [REDACTED] stated she answered the call with the normal greetings directed by Ka Bar. M [REDACTED] interjected when she asked about his concerns about the call and stated "we will get to that later". J [REDACTED] went on to tell M [REDACTED] why the order was cancelled. M [REDACTED] stated he understood and never put his phone number on orders to prevent phone solicitation. M [REDACTED] then abruptly asked "what can you tell me about the two feds that showed up at my door today questioning my recent Ka Bar order?" J [REDACTED] stated she did not know what M [REDACTED] was talking about as she had no knowledge of the investigation. M [REDACTED] then stated something to the effect of "you know a Ka Bar sheath was left at the scene?" J [REDACTED] stated she did not know anything about the situation and asked M [REDACTED] if he wanted to complete his order. M [REDACTED] stated he was "a collector" and "had enough for now". He also added he "better hold off until things die down a little." M [REDACTED] then ended the phone call.

I spoke with Detectives Boone and Barrett on 12/2/22 and asked them if they mentioned the knife sheath. Both detectives stated they did not mention anything

about the sheath and that the conversation with M [REDACTED] was very routine. They did not record their conversation.

I called J [REDACTED] back on 12/13/22 and asked her to tell me about the call with M [REDACTED]. J [REDACTED] reiterated the contents of her statement. However, she stated M [REDACTED] told her "a Ka Bar sheath was left at the scene" and added M [REDACTED] told her one of the investigators told her that. Investigation into M [REDACTED] continues.

Search Warrant for [REDACTED] Queen Road, [REDACTED] part 2-157

1. WatchGuard Event: No

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 261-Blood Swab  
Item 262-Blood Swab  
Item 263-Blood Swab  
Item 264-Blood Swab

3. Narrative

On 11/23/22 I applied for and was granted a search warrant for [REDACTED] Queen Road, [REDACTED], the residence of J [REDACTED] S [REDACTED]. The warrant was based off the following information:

OFC House and I responded to [REDACTED] Queen Road at approximately 1000 hours on 11/15/22. We walked on the common walkway in front of the door to S [REDACTED] apartment and observed the exterior of the door. The area around the door had numerous spots of a dried fluid which appeared to be rust drops from a metal roof above the apartment's door. These drops were mainly on the wall next to the door frame, not on the frame itself. I observed what appeared to be a different fluid spot on the door approximately eight inches up from the bottom of the door under the door knob. I also noticed the dead bolt plating was clean, polished silver and had no dirt on it. I walked away from the door in order to conduct an interview on a possible witness. OFC House and several members of the ISP forensics unit to include Detective Hugh Powell, walked back to [REDACTED] Queen Road, [REDACTED].

I met back up with OFC House and Det. Powell a short time later and they told me they believed the spot of dried fluid on the door displayed similar characteristics to that of dried blood. Namely, Det. Powell stated the spot displayed a cracking texture common when blood dries on a surface. The spot also displayed a similar drop pattern to the blood spots found on the banister wall and the wall on the stairwell to the ground floor which I observed inside 1122

King Road. OFC House also told me he looked at several other door knobs and dead bolt plates on doors in the same apartment complex, all of which had a fine layer of dust. OFC House also confirmed S [REDACTED] door did not have the same layer of dust as though it had been cleaned off.

I returned to MPD and was notified by Det. Vargas, who was reviewing security camera footage provided by the owners of [REDACTED] Linda Lane, of possible footage of someone walking by the cameras at 0350 hours on 11/13/22. I watched the film with Det. Vargas. The cameras show the parking lot of [REDACTED] Linda Lane which is situated directly south of [REDACTED] Queen Road, [REDACTED]. The frame captures a portion of the [REDACTED] Queen Road parking lot in front of [REDACTED] but does not capture the apartments themselves. The area of [REDACTED] Queen Road [REDACTED] is also much darker than [REDACTED] Linda Lane. The video is infra-red and is thusly displayed in black and white. At approximately 0350 hours on 11/13/22, per the time stamp on the video, a figure clad in dark clothing can be seen walking from the building which houses [REDACTED] Queen Road, [REDACTED]. The figure walks to the west out of the parking lot and leaves the frame of the video as the figure enters the sidewalk area between the two other apartment buildings at [REDACTED] Queen Road. The terminus of this sidewalk is immediately east of 1122 King Road. The figure is not captured by the cameras any further.

Based off the information above, MPD and ISP Officers served a search warrant on the exterior of the front door to [REDACTED] Queen Road, [REDACTED]. Access to the residence per this search warrant was granted only if a presumptive positive test for blood was found on the exterior door. Nothing was found during this search and the warrant was returned.

On 11/23/22, MPD Officer Morris was contacted by J [REDACTED] S [REDACTED], a maintenance worker for [REDACTED] which manages [REDACTED] Queen Road, [REDACTED]. S [REDACTED] told OFC Morris he conducted a routine maintenance order on [REDACTED] Queen Road, [REDACTED] on 11/22/22, wherein he discovered something of note.

I had OFC Morris call S [REDACTED] and place him on speaker phone so I could talk to him. I asked S [REDACTED] to tell me what he found. S [REDACTED] told me he and another maintenance worker entered the apartment on 11/22/22 in order to check on a water quality complaint made by the tenant. Both men checked the kitchen and did not notice any issues. S [REDACTED] said he entered the only bathroom in the residence and began to inspect the drain when the other maintenance worker advised there appeared to be blood on the shower curtain. S [REDACTED] said he looked and discovered what appeared to be two separate smudge marks on the shower curtain which appeared to be dried blood. S [REDACTED] described the smudges as "one inch, by one inch". S [REDACTED] said he then noticed another smudge of what appeared to be dried blood on the toilette flusher handle. S [REDACTED] added there appeared to be "spatter" of dried blood near the light switch on the interior wall of the bathroom. I asked S [REDACTED] to describe the marks. He told me they appeared to be reddish, brown in color. S [REDACTED] added "I've seen dried blood before" and the marks appeared to be similar that. S [REDACTED] added the only thing he did in the restroom was flush the toilet in order to check the water quality. S [REDACTED] said the toilet appeared clean but became clogged when he flushed it. S [REDACTED] noted it was odd the toilet became clogged. S [REDACTED] said he and his counterpart then left the apartment. I asked S [REDACTED] if anyone else had reason or means to access the apartment beside he or S [REDACTED] between the time he left and the current time. S [REDACTED] said no.

I served the search warrant with ISP Investigators Jeff Talbott, Hugh Powell and Jake Schweke. We discovered the blood smears and spots in the locations S [REDACTED] described. In addition, there were more blood spatter spots on the wall on the

entryway into the living room. Samples of each were collected 94 in total) and ISP Det. Talbott took photos of the residence. Upon completion, I left the required paperwork on the couch in the living room and Det. Talbott took a photo of it. All units cleared without further incident.

The search warrant was returned on 12/4/22.

Search Warrant for [REDACTED] Queen Road, [REDACTED] part 1-157

1. WatchGuard Event: Yes

Additional Responding Officers: NA

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On 11/15/22, I applied for and was granted a search warrant for [REDACTED] Queen Road, [REDACTED] based off the following information as well as previous investigation:

Based off this information, OFC House and I responded to [REDACTED] Queen Road at approximately 1000 hours on 11/15/22. We walked on the common walkway in front of the door to S [REDACTED] apartment and observed the exterior of the door. The area around the door had numerous spots of a dried fluid which appeared to be rust drops from a metal roof above the apartment's door. These drops were mainly on the wall next to the door frame, not on the frame itself. I observed what appeared to be a different fluid spot on the door approximately eight inches up from the bottom of the door under the door knob. I also noticed the dead bolt plating was clean, polished silver and had no dirt on it. I walked away from the door in order to conduct an interview on a possible witness. OFC House and several members of the ISP forensics unit to include Detective Hugh Powell, walked back to [REDACTED] Queen Road, [REDACTED].

I met back up with OFC House and Det. Powell a short time later and they told me they believed the spot of dried fluid on the door displayed similar characteristics to that of dried blood. Namely, Det. Powell stated the spot displayed a cracking texture common when blood dries on a surface. The spot also displayed a similar drop pattern to the blood spots found on the bannister wall and the wall on the stairwell to the ground floor which I observed inside 1122 King Road. OFC House also told me he looked at several other door knobs and deadbolt plates on doors in the same apartment complex, all of which had a fine layer of dust. OFC House also confirmed S [REDACTED] door did not have the same

layer of dust as though it had been cleaned off.

I returned to MPD and was notified by Det. Vargas, who was reviewing security camera footage provided by the owners of [REDACTED] Linda Lane, of possible footage of someone walking by the cameras at 0350 hours on 11/13/22. I watched the film with Det. Vargas. The cameras show the parking lot of [REDACTED] Linda Lane which is situated directly south of [REDACTED] Queen Road, [REDACTED]. The frame captures a portion of the [REDACTED] Queen Road parking lot in front of [REDACTED] but does not capture the apartments themselves. The area of [REDACTED] Queen Road [REDACTED] is also much darker than [REDACTED] Linda Lane. The video is infra-red and is thusly displayed in black and white. At approximately 0350 hours on 11/13/22, per the time stamp on the video, a figure clad in dark clothing can be seen walking from the building which houses [REDACTED] Queen Road, [REDACTED]. The figure walks to the west out of the parking lot and leaves the frame of the video as the figure enters the sidewalk area between the two other apartment buildings at [REDACTED] Queen Road. The terminus of this sidewalk is immediately east of 1122 King Road. The figure is not captured by the cameras any further.

Based off the information above, MPD and ISP Officers served a search warrant on the exterior of the front door to [REDACTED] Queen Road, [REDACTED]. Access to the residence per this search warrant was granted only if a presumptive positive test for blood was found on the exterior door. Nothing was found during this search and the warrant was returned.

-----  
Narrative:

Phone interview R. F█████, J. C█████, C. W█████ on 11-15-2022:

On November 15, 2022, I had a phone message from the front desk to contact R█████ F█████ ██████, as she may have information regarding Kaylee Goncalves having a stalker.

R█████ F█████:  
On November 15, 2022, at approximately 1115 hours, I called and spoke with R█████. I introduced myself to R█████ and told her I was given her message to call about possible information regarding Kaylee having a stalker. R█████ told me she and some friends had lunch with Kaylee around September 11, 2022, and she thought Kaylee said something about having a stalker. R█████ thought Kaylee mentioned receiving something in the mail but some of the other friends at the lunch thought Kaylee mentioned getting a strange message through facebook messenger. R█████ told me she had been speaking with all of the friends who were at the lunch and they were trying to remember what was said. R█████ provided me with the names of the other friends who were at lunch with Kaylee on or around September 11, 2022:

C█████ W█████ ██████, graduated last year U of I.  
M█████ E█████: ██████ - left U of I last semester  
S█████ F█████: ██████ - student at WSU  
B█████ D█████: unknown phone #, current U of I student

R█████ provided me with the name, J█████ C█████, and told me J█████ and Kaylee were very close friends and had plans to live together in June. R█████ said J█████ was not at the lunch but she thought Kaylee would have spoken with her the most. R█████ said Kaylee spoke with J█████, C█████, and B█████ the most.

I asked R█████ if she could think of anyone who Kaylee had any issues with and she said, no. R█████ told me Kaylee was very kind hearted to everyone.

I asked R█████ how the conversation came up regarding the stalker at the lunch with Kaylee. R█████ said Kaylee would always talk about things in a light hearted manner and said one time she was speaking about childhood trauma in a joking manner and they did not think much of it. R█████ thought the stalker topic just got brought up at some point during the lunch conversation but she could not remember how specifically. I thanked R█████ for the information and told her to contact us if she remembered anything else.

J [REDACTED] Q [REDACTED]:

On November 15, 2022, at approximately 1430 hours, I called and spoke with J [REDACTED] Q [REDACTED]. J [REDACTED] told me she and Kaylee had plans to move in together in June and said she spoke with Kaylee often. I asked J [REDACTED] about the topic of Kaylee saying she had a stalker. J [REDACTED] told me she remembered Kaylee mentioning something about a stalker but could not remember any of the details. J [REDACTED] said she last saw Kaylee the weekend of October 3, 2022, when she came for a visit to attend the U of I football game. J [REDACTED] said she also visited Kaylee around the weekend of June 14, 2022 and did not think Kaylee mentioned having a stalker on either of these weekends. J [REDACTED] thought the topic was brought up sometime during the previous school year, in May.

I asked J [REDACTED] if Kaylee shared any information with her of having problems with anyone and she said, no. J [REDACTED] told me she did not know of anyone who did not like Kaylee or would have it out for her. I asked J [REDACTED] if Kaylee mentioned having any potential love interests or said she was seeing anybody. J [REDACTED] told me when she last saw Kaylee on the weekend of October 3, 2022, Kaylee said she was not seeing anyone or sleeping with anyone.

I asked J [REDACTED] what she knew about J [REDACTED] D [REDACTED], Kaylee's ex-boyfriend. J [REDACTED] told me Kaylee and J [REDACTED] both loved each other and did not have any hard feelings against one another. J [REDACTED] said J [REDACTED] and Kaylee started dating when they were younger and Kaylee broke up with J [REDACTED] so she could grow up a bit and experience other things. J [REDACTED] said at first, the break up was hard for J [REDACTED] but they remained friends. J [REDACTED] said she did not know the other roommates that well who lived with Kaylee. J [REDACTED] said when she visited during the weekend of October 3, 2022, there were a bunch of people at Kaylee's house but no one who stood out. J [REDACTED] told me she was with C [REDACTED] W [REDACTED] and handed the phone to C [REDACTED] so I could speak with her.

C [REDACTED] W [REDACTED]:

I told C [REDACTED] I had spoken with R [REDACTED] about the lunch they had with Kaylee and the topic of the stalker. C [REDACTED] said she and her friends have all discussed the stalker topic and could not remember exactly what was said. I asked C [REDACTED] if there was anyone Kaylee spoke to her about and she said, no. C [REDACTED] told me she graduated from the University last year, was not in Moscow, and did not spend that much time with Kaylee. C [REDACTED] said she did not know anyone who did not like Kaylee or had it out for her and she did not know Kaylee's roommates. I thanked C [REDACTED] for speaking with me. C [REDACTED] gave the phone back to J [REDACTED] who told me I should speak with Kaylee's friend, N [REDACTED] G [REDACTED], and said N [REDACTED] and Kaylee spent a lot of time together. C [REDACTED] and J [REDACTED] both provided me with their current addresses:

C [REDACTED] W [REDACTED]  
[REDACTED]  
[REDACTED]

J [REDACTED] Q [REDACTED]  
[REDACTED]  
[REDACTED]

I thanked both J [REDACTED] and C [REDACTED] for speaking with me and told them to contact us if they remembered anything else. My conversations with R [REDACTED], J [REDACTED], and

C [REDACTED] were all recorded and are copied to a DVD and booked into MPD evidence.

Forensic Extraction A

Case # 22-M09903  
Date: 12/15/2022

On December 13, 2022, I was requested to complete a forensic extraction on an iPhone provided by J. A. A. signed a Consent to Search form for the device and it was provided to me by ISP Detective Hugh Powell. The form has been uploaded to the case file.

The phone was powered on and I placed it into Airplane Mode to protect any potential evidence on the phone from being removed or remotely deleted. I took photos of the device and attached them to the case file. The phone required a passcode to access the data on the device. A. provided a passcode of "A".

In examining the iPhone, I first looked for identifiers, indicia of use and ownership. The device was black in color with a black colored case. The device was running iOS 15.1 and showed a model number of MGFF3LL/A. The name of the phone was "J. A. iPhone." The phone had a serial number of [REDACTED] and IMEI # [REDACTED]. It showed the user as "A." with an email of [REDACTED]@gmail.com. The phone number assigned to the phone was [REDACTED].

In continuing with my examination of the phone, I made the following changes to the phone's settings:  
Auto-Lock was turned off.

These changes allow the phone and the forensic computer to communicate and share information properly. The phone was then connected to the forensic computers running the following forensic software tools:  
Magnet Axiom version# 6.5.0.32778  
Cellebrite UFED Physical Analyzer version# 7.57.1.9

This extraction was saved to a computer located in the secure computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience. The phone was returned to A.

Narrative:

Interview with S [REDACTED] P [REDACTED]

S [REDACTED]  
[REDACTED] 1953  
[REDACTED]

On 12/13/22 at approximately 2000 hrs. I interviewed S [REDACTED] P [REDACTED] in [REDACTED] Idaho at the [REDACTED]. P [REDACTED] had called me several days earlier to report some information he had regarding the quadruple homicide.

I asked P [REDACTED] if the information he would be sharing would be dealing with one person. P [REDACTED] told me it would. I asked P [REDACTED] if I could get the individuals name. P [REDACTED] told me the persons name was G [REDACTED] or G [REDACTED]. Later identified as (G [REDACTED] M [REDACTED], [REDACTED]-2003) P [REDACTED] told me he did not know the individuals last name, but believed he knew where he lived. P [REDACTED] told me he lived in the [REDACTED] Apartments. P [REDACTED] told me this apartment is just off of [REDACTED] Ave, then turn onto [REDACTED] Lane and then right onto [REDACTED] St. and the apartment is across from the [REDACTED] [REDACTED] P [REDACTED] told me G [REDACTED] lives in the [REDACTED] apartments.

P [REDACTED] began by explaining to me that he had done a lot of work for D [REDACTED] K [REDACTED] who is the prior owner of [REDACTED]. P [REDACTED] told me he has been a friend of the family for many years and has done handyman jobs in the past for D [REDACTED]. P [REDACTED] told me in 2020 he drove D [REDACTED], his daughter L [REDACTED], and G [REDACTED] up to [REDACTED] to a place the family goes to have a vacation almost every year. P [REDACTED] told me after they got there, P [REDACTED] who is one of D [REDACTED] sisters, got into an altercation with a male who was camped near where they were. P [REDACTED] told me it was a heated argument but everyone eventually went back to their camp sites. P [REDACTED] told me later in the evening he noticed P [REDACTED] and L [REDACTED] were walking past the male's camp site so he went up on the hill where he could observe and make sure nothing was going to happen. P [REDACTED] told me he had been up on the hillside for several minutes in the dark when all of a sudden G [REDACTED] just appeared out of nowhere. P [REDACTED] told me it startled him for a minute because he never heard or saw where G [REDACTED] came from. P [REDACTED] told me G [REDACTED] pulled out a knife to show him.

P [REDACTED] told me this was hunting style knife. P [REDACTED] told me he had spoken to

G [redacted] who had showed a great interest in having a career in the Military. I asked F [redacted] if he could describe the knife to me. F [redacted] told me it was a typical 7 inch blade hunting/skinning knife.

F [redacted] told me he had heard that G [redacted] grades in school had dropped and that I [redacted] had been extremely verbally abusive to him.

I asked how I [redacted] and G [redacted] would travel to Moscow from Boise. F [redacted] told me he believed they would ride the bus when they traveled. F [redacted] told me when they stayed in Moscow at I [redacted] house, G [redacted] and his sister would stay in the basement and I [redacted] would sleep outside or in one of the two sheds in the back yard.

F [redacted] told me the significance of this was that G [redacted] would keep his knives in the basement of I [redacted] house, in the wood pile that was outside, or in one of the two sheds in the back yard.

F [redacted] told me around the end of May, or sometime into the middle of June, after COVID was letting up, he was at the Mad Greek having a late lunch or early dinner. F [redacted] told me this was on a Saturday or a Sunday. F [redacted] told me he had ordered a glass of wine which he is sure that Ethan brought him. F [redacted] told me he is not sure if Ethan worked at Mad Greek or was just helping out. F [redacted] told me a bit later he noticed that G [redacted] had come into the restaurant with possibly I [redacted] who is G [redacted] cousin. F [redacted] told me Xana and Madison had gone over to G [redacted] table and Ethan later joined them.

F [redacted] told me it appeared to be a heated conversation but he could not tell what it was about. F [redacted] suspected it may have had to do with the "Cancel Culture." and that G [redacted] was stirring them up with conservative comments. F [redacted] told me G [redacted] left without eating anything.

Later that night around 9pm-10pm F [redacted] was at I [redacted] house in his backyard. F [redacted] said that I [redacted] was extremely drunk and she was yelling at G [redacted]. F [redacted] said she stated, "You are just a looser and you are going to spend your life in jail, you are ruining your life." F [redacted] was not sure what I [redacted] was referencing when she said this. F [redacted] told me G [redacted] left right after this altercation and he did not see him again. F [redacted] told me G [redacted] goes on long walks and does not return until the early morning hours.

F [redacted] told me he was over at I [redacted] the next morning picking up some tarps from a job he had been doing and G [redacted] showed up. F [redacted] told me he asked G [redacted] what he does after he leaves when his mom is yelling at him. G [redacted] told him he goes over to the college. F [redacted] told me G [redacted] believes the college is to blame for how his mom is. F [redacted] explains that I [redacted] went to parties at the college and began drinking. F [redacted] told me he does not know for sure but believes that I [redacted] may have been raped at one of the college parties.

F [redacted] told me he asked G [redacted] about the conversation that took place at the Mad Greek Restaurant. F [redacted] said that G [redacted] told him that he had followed the girls to the Mad Greek from the college. G [redacted] told F [redacted] that the two girls were lesbians. G [redacted] told F [redacted] he had went back to the girls' house and when they came home he was inside the house and made the statement, "They had no idea that I was there, I could have killed them all if I had wanted to."

F [redacted] told me G [redacted] then went and got a larger knife from out of the back shed and showed him.

F█████ told me every time he was around G█████ and G█████ mom would explode on him he always stayed very calm and would not react to her.

Packing up personal items at 1122 King Rd:

On December 7, 2022, I assisted with packing up and moving personal belongings from 1122 Kind Rd. to the MPD secured storage garage. K [REDACTED] P [REDACTED] Cpt. Lanier, and I packed up the items in F [REDACTED] F [REDACTED] room and D [REDACTED] M [REDACTED] room.

On December 8, 2022, I spoke with F [REDACTED] M [REDACTED], who is an [REDACTED] for M [REDACTED]. M [REDACTED] initially wanted to retrieve some items for M [REDACTED] but then stated M [REDACTED] would come retrieve all of her items sometime after the holidays.

On December 15, 2022, I spoke with T [REDACTED] V [REDACTED], who is an [REDACTED] for F [REDACTED]. V [REDACTED] asked if we could send F [REDACTED] her reading glasses, passport, and iPad to [REDACTED] with the investigator who would be coming to interview her. Cpt. Lanier and I retrieved the reading glasses and passport from F [REDACTED] personal items at the MPD secured storage. I sent an e-mail to V [REDACTED] stating we would be sending the glasses and passport but could not release the iPad yet as it was one of the items seized during the search warrant. V [REDACTED] asked when F [REDACTED] could get the rest of her personal belongings and I told him she could contact me and we could make arrangements to return all of her items which are in our secured storage.

I gave F [REDACTED] glasses and passport to ISP Mike Mooney, who would be giving the items to the appropriate ISP investigator who would be traveling to [REDACTED] to speak with F [REDACTED].

Meta Warrants

Case # 22-M09903  
Date: 12/8/2022

On December 1, 2022, I requested an amended warrant for Meta (the parent company for Facebook and Instagram) for the accounts associated with the following identifiers:

[REDACTED]

On December 2, 2022 I received a signed warrant. On December 4, 2022, at approximately 1331 hours, I logged into the Meta Law Enforcement Portal located at <https://www.facebook.com/records/> and served the warrant.

During the service of the warrant, I found I was not able to add the phone number of [REDACTED] as an identifier for J [REDACTED] I [REDACTED] account. This information was not entered into the portal.

On December 8, 2022, Meta sent an email stating the files were ready to download. I logged into the portal and downloaded the files provided pursuant to the warrant. These files were downloaded to a computer in the secured computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Meta ([REDACTED]@records.facebook.com), as this was the originating email address associated with the documents.

Narrative:

Lawrence - Supplemental report - Initial response

On 11-13-2022, at about 1200 hours, Capt. Berrett called me and informed me there had been multiple victims of a homicide located in a residence on King Road and requested all available detectives. I called Det. Vargas and was informed she was out of town and would be back in Moscow on Monday morning. I called Det. Mowery and he informed me he would be on his way shortly. I called ISP Lt. Mike Mooney and told him I need assistance from ISP detectives in processing the crime scene. Lt. Mooney put me in contact with Sgt. Gilbertson. I briefed Sgt. Gilbertson on what I knew and he told me he would start to assemble his team.

I responded to the scene where I met with Sgt. Gunderson. Sgt. Gunderson informed me that officers were dispatched to an unconscious person at 1122 King Road and that is when they found four deceased college aged people in the residence. I told Sgt. Gunderson I needed someone from his team to return to the Police Department to start writing an affidavit for a search warrant. Sgt. Gunderson asked Officer Nunes to handle that task.

I then did a very brief walk through of the residence. I entered the residence from the entrance on the North side of the building. Officer Warner who was securing the scene logged my entrance into the residence. I then went up the stairs and located a deceased female on the floor and male in the bed in the West bedroom on the second floor. I climbed the stairs to the third floor and located 2 deceased females in the south east bedroom. They were both in the bed. I spoke with Officer Smith who was securing the residence at the south entrance for a moment then I exited the residence through the north entrance. Officer Warner noted my departure.

I called Sgt. Gilbertson and informed him of the additional information provided to me and what I had seen. I told him MPD would be needing their assistance. I also told Sgt. Gilbertson MPD had an officer writing an affidavit for a search warrant.

I returned to the Police Department where I met with Sgt. Blaker and Cpl. Payne whom I had called earlier and requested they respond to the PD. At this time Det. Mowery was at the Police Department. I requested they interview the other occupants of the residence where the deceased were located. There were also several friends of the deceased who had been with the deceased the night before

and may have had information of their whereabouts and who they were with prior to the murders. Those interviews started at about 1348 hours. Those to be interviewed arrived at the PD about 1330 hours. I put them in the training room and provided them with drinks and snacks.

Capt. Lanier arrived and asked me how he could help. I requested he find officers that were not already tasked and complete a canvas of the neighborhood. Capt. Lanier took care of the neighborhood canvassing.

At about 1423 hours J [REDACTED] K [REDACTED], the [REDACTED] Xana, arrived at the PD. He was informed of Xana's death by Capt. Dahlinger. Capt. Berrett informed me Ethan Chapin's family had been notified of Ethan's death. Capt. Berrett asked me to take care of the death notifications for Maddie Mogen and Kaylee Gonclaves. Capt. Berrett provided me with the information the university had on file for Mogen and Gonclaves. There was no emergency contact information for either so I called Kootenai County Dispatch due to Mogen and Gonclaves home addresses being in Kootenai County. I provided M [REDACTED], the KCSO dispatcher of the addresses listed with the university for Madison Mogen and Kaylee Gonclaves.

M [REDACTED] told me she had the names S [REDACTED] and C [REDACTED] G [REDACTED] listed as residents of the address provided for Kaylee Gonclaves. I requested a death notification for them. I was contacted by Deputy Mitch Jan from KCSO. He asked what he could tell the parents and I informed him we knew very little at this time. A short time later Deputy Jan called me and told me that when he arrived to give the notification the parents were already aware.

I also provided Madison Mogen's address and M [REDACTED] was not able to locate anyone with the name Mogen at that address. M [REDACTED] said she would send an Coeur d'Alene PD officer by the residence to make contact. A short time later Officer Matt Sychis request I call him. When I made contact with Ofc. Sychis he told me S [REDACTED] and K [REDACTED] L [REDACTED], [REDACTED] of Madison Mogen were driving to Moscow. About 20 minutes after my conversation with Ofc. Sychis the L [REDACTED] arrived at the PD. Capt. Berrett gave the death notification. Capt. Berrett requested I interview them.

I spoke with S [REDACTED] and K [REDACTED] in the lobby interview room. They told me they had a great relationship with Madison. She got along with everyone. She had a strong relationship with her boyfriend, J [REDACTED] S [REDACTED] who lives in Boise and that she had just gone to Boise to see him the weekend prior. Madison and J [REDACTED] had been dating for about a year and a half and J [REDACTED] is from [REDACTED]. I asked if there were any problems with past boyfriends and there were none to their knowledge. I asked if Madison had mentioned any stalking behavior from anyone or anyone that made her uncomfortable and she said she never spoke of anything.

The rest of my shift was spent allocating resources where they were needed.

Reddit Warrant Service

Case # 22-M09903  
Date: 12/19/2022

On December 1, 2022, I applied and was granted a warrant for all information in Reddit's possession consisting of information related to the crime of homicide on the Reddit account of Kaylee Goncalves with any of the following Identifiers: Kaylee Goncalves, mobile phone number of [REDACTED], email address(es) [REDACTED]@yahoo.com and/or [REDACTED]@gmail.com between January 1, 2021 to December 1, 2022

On December 1, 2022, at approximately 1409 hours, the warrant was served via email to [REDACTED]@reddit.com

On December 19, 2022, I received an email from Reddit containing the data requested pursuant to the warrant. The files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Reddit ([REDACTED]@reddit.com), as this was the originating email address associated with the documents.

Reddit Warrant Service

Case # 22-M09903  
Date: 12/19/2022

On December 1, 2022, I applied and was granted a warrant for all information in Reddit's possession consisting of information related to the crime of homicide on the Reddit account of Kaylee Goncalves with any of the following Identifiers: Kaylee Goncalves, mobile phone number of [REDACTED], email address(es) [REDACTED]@yahoo.com and/or [REDACTED]@gmail.com between January 1, 2021 to December 1, 2022

On December 1, 2022, at approximately 1409 hours, the warrant was served via email to [REDACTED]@reddit.com

On December 19, 2022, I received an email from Reddit containing the data requested pursuant to the warrant. The files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the data, I found the account was registered on November 18, 2020, There was one message post located, which was posted on January 22, 2021 under the subreddit "[REDACTED]" with the following text:  
any idea what would cause this type of acne? never struggled with acne before. I started developing these types of bumps on my jawline, chin& down my neck. The rest of my face is clear. I am on a non hormonal birth control (copper iud). tried everything to get rid of it and nothing helps.

The only other message I located appeared to be an automated message from Reddit on December 11, 2021, with the subject line of "Your 2021 Reddit Recap is here!"

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Reddit ([REDACTED]@reddit.com), as this was the originating email address associated with the documents.

Forensic Extraction K [REDACTED]

Case # 22-M09903  
Date: 12/19/2022

On December 14, 2022, I was requested to complete a forensic extraction on an iPhone provided by C [REDACTED] K [REDACTED]. K [REDACTED] signed a Consent to Search form for the device and it was provided to me by FBI SA Travis Shirley. The form has been uploaded to the case file.

The phone was powered on and I placed it into Airplane Mode to protect any potential evidence on the phone from being removed or remotely deleted. I took photos of the device and attached them to the case file. The phone required a passcode to access the data on the device. K [REDACTED] provided a passcode of "[REDACTED]".

In examining the iPhone, I first looked for identifiers, indicia of use and ownership. The device was black in color with a black colored case. The device was running iOS 15.6.1 and showed a model number of MWG22LL/A. The name of the phone was "iPhone [REDACTED]". The phone had a serial number of [REDACTED] and IMEI # [REDACTED]. It showed the user as "[REDACTED]" with an email of [REDACTED]@cableone.net. The phone number assigned to the phone was [REDACTED].

In continuing with my examination of the phone, I made the following changes to the phone's settings:  
Auto-Lock was turned off.

These changes allow the phone and the forensic computer to communicate and share information properly. The phone was then connected to the forensic computers running the following forensic software tools:  
Magnet Axion version# 6.5.0.32778  
Cellebrite UFED Physical Analyzer version# 7.57.1.9

This extraction was saved to a computer located in the secure computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience. The phone was returned to K [REDACTED].

Forensic Extraction B [REDACTED]

Case # 22-M09903  
Date: 12/19/2022

On December 15, 2022, I was requested to complete a forensic extraction on a Samsung cellphone provided by I [REDACTED] E [REDACTED]. E [REDACTED] signed a Consent to Search form for the device and it was provided to me by ISP Detective Hugh Powell. The form has been uploaded to the case file.

The phone was powered on and I placed it into Airplane Mode to protect any potential evidence on the phone from being removed or remotely deleted. I took photos of the device and attached them to the case file. The phone required a passcode to access the data on the device. E [REDACTED] provided a passcode his swipe code of [REDACTED].

In examining the Samsung Z Flip4, I first looked for identifiers, indicia of use and ownership. The device was black in color with a black colored case. The device was running AndroidOS 15.1 and showed a model number of SM-F721U. The name of the phone was [REDACTED]. The phone had a serial number of [REDACTED] and IMEI # [REDACTED]. It showed the user as [REDACTED] with an email of [REDACTED]@gmail.com. The phone number assigned to the phone was [REDACTED].

In continuing with my examination of the phone, I made the following changes to the phone's settings:

Developer mode was turned on.  
USB Debugging was turned on.  
Stay Awake was turned on.  
Auto Update System was turned off.  
Verify Apps was turned off.

These changes allow the phone and the forensic computer to communicate and share information properly. The phone was then connected to the forensic computers running the following forensic software tools:

Magnet Axion version# 6.5.0.32778  
Cellebrite UFED Physical Analyzer version# 7.57.1.9

This extraction was saved to a computer located in the secure computer forensic lab at the Moscow Police Department. An examination of the data will be conducted at my earliest convenience. The phone was disconnected from the forensic machine and returned to E [REDACTED].

Amazon Warrant Return

Case # 22-M09903  
Date: 12/19/2022

On November 26, 2022, I applied and was granted a warrant for any data associated with knife sales of the following items:  
ASIN number [REDACTED] - Ka-Bar Full Size US Marine Corps Fighting Knife  
ASIN number [REDACTED] - Ka-Bar 1217S, Leather Sheath, USMC Logo

On November 26, 2022, at approximately 1532 hours, the warrant was served via FedEx and <https://ler.amazon.com/us>. Forensic Account M [REDACTED] D [REDACTED] with the Federal Bureau of Investigations assisted in the production and service of the warrants.

On December 8, 2022, I received an email from FA D [REDACTED]. The email was a response from [REDACTED]@ler.amazon.com stating the data was available to download. I received a second email from FA D [REDACTED] with the data return.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Amazon (<https://ler.amazon.com/us>), as this was the originating email address associated with the documents.

Kernodle property release; Capt. Berrett

On 12/13/22, I e-mailed J [REDACTED] K [REDACTED] a property release form for Xana's personal property and her car. K [REDACTED] told me he was going to have a [REDACTED] drive down from [REDACTED] and retrieve the items, since he was in [REDACTED].

On 12/17/2022, K [REDACTED] e-mailed the form back, indicating he was giving permission for K [REDACTED] to take custody of the property and car.

On the morning of 12/20/22, N [REDACTED] called me and said he would be in Moscow later that morning to collect Xana's property and car. I met with N [REDACTED] at the Moscow City shop around 1130 hours that day. I released nine boxes containing Xana's personal property from the house and the 2010, blue Honda Civic, AZ license [REDACTED] N [REDACTED] signed for and took custody of the items.

Video Capture

Case # 22-M09903  
Date: 12/22/2022

On December 22, 2022, I was tasked with re-installing the exterior camera, known as the "Lightbulb Camera" at [REDACTED] King Road, to capture some comparison video and audio. I contacted one of the tenants, T [REDACTED] I [REDACTED], who gave me permission to access her residence and conduct the recording.

Upon arrival, I unplugged the power to the current router and removed the camera from the light socket on the exterior of the residence. I then powered on the router I had secured from the residence earlier and installed the camera I secured as evidence earlier into the light socket. While installing the camera, I hear a crack and felt the lightbulb base mount become loose. It should be noted the approximate temperature outside while installing the camera was between 5 and 9 degrees.

I previously had installed a new SD Card into the camera and powered on the router and camera at the Moscow Police Department to ensure the camera was functional.

I then was able to monitor the camera using the Homeye Pro app on my phone. Cpl Brett Payne was able to drive a white colored vehicle into the view of the camera. Sgt Dustin Blaker parked a vehicle near the residence and closed the doors and trunk on a vehicle for audio comparison. A K9 Unit from Lewis County Sheriff's Office was utilized to capture barking audio comparison from the residence.

Upon completion of the data collection, I powered off the evidentiary router and removed the camera from the light socket. In doing so, the base detached from the camera and a wire became disconnected. I gathered the router and camera, placed them back into their evidentiary bags and returned them to the secure computer forensic lab.

I reinstalled the current camera and reconnected the power to the new router. I contacted I [REDACTED] to ensure she could access her camera, and she responded in the

affirmative. Cpl Payne and I then ensured the residence was locked and left the residence without further incident.

Upon returning to the Moscow Police Department, I was able to download the videos collected and they were saved to the server located in the secure computer forensic lab.

Initial Interview with E [REDACTED] F [REDACTED] - 108

1. Watchguard video and video from department interview room.
2. Evidence

All Video will be burned to one DVD and booked under this case number

3. Narrative

On November 13, 2022 at around 1347 hours, I interviewed E [REDACTED] F [REDACTED] at the Moscow Police Department, in regards to the death of 4 of her roommates. E [REDACTED] is a resident of 1122 King Road. F [REDACTED] was home sleeping in her room located on the basement floor of the residence. E [REDACTED] has an I-Phone 11 Pro cellphone with passcode [REDACTED].

E [REDACTED] went to the [REDACTED] party at around 2030 hours with Ethan Chapin and Xana Kernodle. They hung out in an apartment for a while together and then E [REDACTED] went up to the main part of the fraternity to hang out at the party. Maddie and Kaylee went to the corner club together, not sure when they left. E [REDACTED] did not see Ethan and Xana at the party and left to go to E [REDACTED] residence at [REDACTED] Taylor Avenue. E [REDACTED] walked home at around lish and when she got back to 1122 King Road D [REDACTED] and I [REDACTED] M [REDACTED] were at the residence and they all watched a movie together. Maddie and Kaylee got to the house at around 0145 or 0200 hours. I [REDACTED] left the house and D [REDACTED] went to bed. E [REDACTED] hung out with Maddie and Kaylee for a while in Kaylee's room. E [REDACTED] and Maddie took Murphy (Kaylee's dog) out to go to the bathroom between 0230 and 0300 hours. E [REDACTED] did not stay outside for very long as it was cold. Maddy then went to bed and watched a TV show to help her sleep (Baby Daddy). At around 0400 or 0420 hours, E [REDACTED] heard what she thought was a firework and saw a spark on the ground from under her door. E [REDACTED] then heard Murphy barking. D [REDACTED] called E [REDACTED] and stated she had seen someone in the house and E [REDACTED] told her she could come down to her room and sleep with her. I [REDACTED] went to E [REDACTED] room and went to bed. They woke up at around 1100 hours and talked to other friends who came over and they checked on Xana and Ethan and found them deceased. E [REDACTED] originally called 911 and stated her friend was passed out and would not wake up.

E [REDACTED] talked about an incident with Kaylee who stated about a month ago she

saw an unknown male up above their house to the south who was starring at her when she took Murphy out to go potty.

B [REDACTED] stated Kaylee broke up with her long-time boyfriend about 3 months ago because she was planning on moving to Texas.

B [REDACTED] could not provide me with anything else at that time.

Narrative:

Rosinsky scene security, Ka-Bar follow-up, and P [REDACTED] R [REDACTED] interview

1. WatchGuard Event: BWC

Additional Responding Officers: See attached supps

Case number added to WG: Yes

2. Evidence

None.

3. Narrative

On 11/13/22, I received a phone call advising me there was a quadruple homicide at 1122 King Road. I arrived to the Moscow Police Department, put on my police issued uniform, and relieved Ofc. Warner at the above address who was currently holding scene security and maintaining a log of who came in and out of the apartment at the front door which is on the north side of the apartment. I was on scene for about two hours until I was relieved by Ofc. Morris who took over my duties.

The following day on 11/14/22, I learned that a sheath was found inside the apartment. The sheath was tan in color and had a Marine Corps Eagle, Globe, and Anchor (EGA) symbol on the sheath. The words USMC were located under the EGA and "KA-BAR" was above the EGA. I was tasked to follow-up with businesses in town to see if that particular knife was sold there. I followed up with Tri-State Outfitters, Big-5 Sporting goods, Moscow Building Supply, Spence Hardware, and Walmart. Each of the above stores does not sell a Ka-Bar brand knife.

While at Walmart, I was speaking with a staff member S [REDACTED] (name listed on name tag), who was showing me the knives on display. She told me about two to three weeks ago, a white college aged male, asked for a black ski-mask that would cover his face. S [REDACTED] was unable to provide much detail other than he was taller than she was and maybe had tan skin complexion. S [REDACTED] said she advised the male they did not have any black ski-masks and only camo. S [REDACTED] said the male then walked away.

On 11/14/22, at about 1145 hours, I spoke with P [REDACTED] R [REDACTED] at the Memorial Gym

sub station. R [REDACTED] is currently the [REDACTED] for the fraternity [REDACTED]. I asked R [REDACTED] if he could walk me through what he did on the night of 11/12/22 and the early morning of 11/13/22. R [REDACTED] said at about 1830 on 11/12/22, he was at a party. R [REDACTED] said the party was at the "Tree House" which is an off-site campus house for the sorority [REDACTED]. R [REDACTED] did not know the specific address but said the house is near "The Whites" apartments.

R [REDACTED] said at the party he saw E [REDACTED] A [REDACTED], who was with E [REDACTED] boyfriend (unknown name maybe H [REDACTED]). R [REDACTED] said A [REDACTED] was the only member of [REDACTED] that he recognized at the party. R [REDACTED] said he left around 2200 or 2300 hours. R [REDACTED] said he went back to [REDACTED] and watched a movie with C [REDACTED] D [REDACTED]. T [REDACTED] R [REDACTED], and K [REDACTED] S [REDACTED].

R [REDACTED] said he went to the Corner Club around 0149 hours on 11/13/22 to pick up J [REDACTED] G [REDACTED], J [REDACTED] D [REDACTED], and N [REDACTED] R [REDACTED]. R [REDACTED] said they were alone and not with anyone. R [REDACTED] said he dropped the three above individuals off at their apartment off of King Rd. R [REDACTED] said after he dropped them off, he went back home.

Second Interview with E [REDACTED] F [REDACTED] - 108

1. Digital Audio recorded used to record interview
2. Evidence

Audio will be booked onto a DVD and booked into property

3. Narrative

On November 16, 2022, at around 1155 hours, I meet with E [REDACTED] F [REDACTED] at her [REDACTED] office at [REDACTED]. Present during the interview beside me and E [REDACTED] were her [REDACTED] [REDACTED], and Matthew When with the Nevada State Police Investigation Division. This was a follow up interview with E [REDACTED] related to the homicide in Moscow Idaho.

I asked E [REDACTED] who had the front door code. E [REDACTED] told me the following people had the door code.

- E [REDACTED] F [REDACTED]
- D [REDACTED] M [REDACTED]
- Maddie Mogen
- Kaylee Goncalves
- Xana Kernodle
- Ethan Chapin
- J [REDACTED] M [REDACTED]
- C [REDACTED] C [REDACTED]
- I [REDACTED] M [REDACTED]
- H [REDACTED] J [REDACTED]
- E [REDACTED] A [REDACTED]
- J [REDACTED] I [REDACTED]

E [REDACTED] stated the above named people were the only ones she knew had the code. E [REDACTED] stated the code for the front door was the same code from the year before. I asked E [REDACTED] what the code was and she stated it was [REDACTED]. E [REDACTED] stated Maddie was the only roommate who lived in the residence the year before. E [REDACTED] stated her, D [REDACTED], and Kaylee moved in around August 3rd, 2022. E [REDACTED] stated Ethan had his own apartment but she was not sure where it was located. E [REDACTED] stated Maddie kept her same room from the year before. Maddie's room was located on the 3rd floor on the east side of the residence next to the

bathroom.

I asked E [REDACTED] about Murphy's routine. Murphy was Kaylee's dog she had purchased when she was still dating J [REDACTED] D [REDACTED]. E [REDACTED] stated Kaylee would primarily take Murphy out but Maddie would also help. E [REDACTED] stated they never just left the door open because he would run away so they would have to use a leash when they took him out. E [REDACTED] stated Murphy would not bark that often and was very friendly. E [REDACTED] stated Murphy would primarily sleep in Kaylee's room and if Kaylee was not home he would be left in the room.

I asked E [REDACTED] about the Uber driver Maddie and Kaylee used on a regular basis. E [REDACTED] stated Kaylee knew him from other [REDACTED] who used him on a regular basis. E [REDACTED] stated they would either contact the Uber driver through the app or contacted him directly. E [REDACTED] stated the Uber driver was very friendly and was always nice to everyone and everybody trusted him. E [REDACTED] was able to tell me the Uber driver was married and his wife had just had a baby. E [REDACTED] told me he drove a small car, possibly gray or black but she could not tell me more about the car.

I asked E [REDACTED] who in the house had a boyfriend. E [REDACTED] told me Xana was dating Ethan. D [REDACTED] was dating a boy named C [REDACTED] who lived in Boise and went to BSU. Maddie was dating a J [REDACTED] S [REDACTED] who lived in Boise. Kaylee was dating J [REDACTED] D [REDACTED] but had recently broke up with him. Kaylee was possibly hanging out with M [REDACTED] E [REDACTED]. E [REDACTED] stated M [REDACTED] was Xana's big in the Greek system. E [REDACTED] stated the relationship was new and that he had never stayed over at the house but Kaylee had stayed with him possibly more than once. E [REDACTED] stated Kaylee was also talking too an E [REDACTED] F [REDACTED], also a [REDACTED]. E [REDACTED] stated she did not have a boyfriend but did mention she was kind of hanging out with a K [REDACTED] D [REDACTED] who is a [REDACTED] but they were not serious.

I asked E [REDACTED] if she had ever heard of a C [REDACTED] G [REDACTED]. E [REDACTED] stated she knew of a C [REDACTED] and he was also a [REDACTED]. E [REDACTED] stated C [REDACTED] was a nice guy and knew D [REDACTED].

I asked E [REDACTED] if she knew a C [REDACTED] E [REDACTED] and she stated she did not. I asked E [REDACTED] if she knew the person behind Kaylee and Maddie on the Grub Truck video. E [REDACTED] stated she did not know who the person was. I asked E [REDACTED] if she knew a guy buy the name of S [REDACTED]. E [REDACTED] stated she did not know him but stated she had heard from a friend of Maddie's, S [REDACTED], that her boyfriend J [REDACTED] F [REDACTED], also a [REDACTED], that he would never want to get in a fight with S [REDACTED] as he had anger issues.

I asked E [REDACTED] about who paid for the Spectrum wifi account. E [REDACTED] told me it was Kaylee who paid for the account. E [REDACTED] told me the log in for the password was [REDACTED] and the wifi name was [REDACTED]. E [REDACTED] stated she did not know what the actual user name and log in was for the account.

I asked E [REDACTED] if she knew of anyone who had gotten asked to leave any of the parties thrown at the house. E [REDACTED] stated two guys from the [REDACTED] house, J [REDACTED] H [REDACTED] and another guy only she knew as F [REDACTED] got in a fight and were told to leave. E [REDACTED] stated this fight occurred about a month before the incident at the house.

I asked E [REDACTED] about an A [REDACTED] C [REDACTED]. E [REDACTED] said A [REDACTED] used to live at the house but moved out. I asked E [REDACTED] who used the bedroom on the west end of

the 1st floor. E█████ stated Kaylee and Maddie used the room as an office. E█████ stated Kaylee would use it for her work and had a computer in it.

I asked E█████ if any of the girls who lived in the house had jobs. E█████ told me Maddie and Xana both worked at Mad Greek on Main Street. E█████ told me Kaylee worked for an online company and worked from home. E█████ did not know who the company was. E█████ told me Maddie also looked for an online company but it was not the same company. E█████ said the company Maddie worked for was out of Boise and during the summer she had worked for them in their office in Boise.

I asked E█████ about the drug use in the house and who used. E█████ told me Ethan and Xana both took Adderall when they drank alcohol. E█████ told me she saw Ethan and Xana both use Adderall the night before the murders. E█████ told me she saw Ethan take a pill and she saw Xana crush up a pill and snort it by using a rolled-up bill in her room. E█████ also said she thought Kaylee also used Adderall but was not sure.

I asked E█████ if she has had any issues from any of the other people who live around them. E█████ stated besides the 3 to 4 noise complaints they had there were no other issues.

E█████ told me Kaylee would look up who the registered sex offenders who lived in the area. E█████ stated Kaylee had found a registered sex offender who lived close to them in the blue apartments on Queen. Kaylee stated he was older in his 30's to 40's. E█████ stated Kaylee was looking at the sex offender registry within the week or so before the murders. E█████ stated Kaylee was into crime shows. E█████ stated there was nothing that happened to prompt her to look up the sex offender registry.

I asked E█████ about two other incidents were Kaylee had mentioned some weird things had happened. E█████ told me about an incident at WinCo where a male had followed her around the store, watched her check out, and then followed her to her vehicle. Xana was waiting in the vehicle. E█████ stated Kaylee said the male was African American and in his late 20's. E█████ felt it happened sometime before Halloween, so mid to late October. E█████ stated Kaylee purchased a case of White Claws for Xana.

E█████ and her roommates had found the door open on November 4th at around 1057 and they entered the house and grabbed golf clubs out of the west 1st floor bedroom. E█████ and the other roommates walked around the house with the golf clubs to check the house. Kaylee was not home for this incident as she had gone home for the weekend. Wind was blowing and the screws on the hinges were loose and Xana's dad fixed it before he left that weekend.

Kaylee told everyone about an incident where she saw a male watching her when she had taken Murphy out back to go to the bathroom. E█████ could not remember when this happened but she could not provide an actual day. E█████ stated she had been at a Chapter meeting at the time Kaylee called them asking them if they were going to be home soon.

The following is a timeline of events of November 12, 2022 to November 13, 2022.

E█████ stated she was the last one in the house to wake up and when she got up Ethan was in the house in the living room and Kaylee, E█████, Maddie, and Xana were all gone. E█████ felt she got up sometime between 10 and 11 in the

morning. E stated she checked her Find My Friends app and saw they were at Taco Bell at the time. Once Kaylee, D, Maddie, and Xana got back they started getting ready for the day. Kaylee, D, Maddie, and E were in Kaylee's room and they were getting ready for a party at Taylor Street (The Whites). The house belonged to E, S, and K. The apartment is located on the second floor on the far east side of the apartment building. E stated this was between 11 to 12 in the afternoon. E stated Kaylee left for The Whites before the rest of the group. E stated she left at around 2 pm with Maddie, D, Xana, Ethan, H, J, Ly, K, A, E, and S.

E stated she started drinking at around 1130 or 1200 when still at 1122 King Road. E stated she was drinking Mimosa's and High Noon's throughout the night. E also stated she also played a drinking game called Rage Cage later in the night. E felt she drank a 12 pack of High Noon's during the night, 2 Mimosa's in a standard wine glass. E was unsure of what she had been drinking when she played Rage Cage.

E stated she was at The Whites up until around 1548 hours when she left with Xana. Maddie, Kaylee, and D stayed at The Whites. Ethan had left before her and Xana. E and Xana went to E's place, somewhere on Taylor. E and Xana left there at around 1651 and went back to 1122 King Road. E, Xana, Maddie, Kaylee, and D were all at the house and made food. Ethan was not at the house during this time. At around 1800 hours E, Xana, Maddie, Kaylee, and D all went to take a nap and they all set alarms for 2000 hours. E got up at 2000 hours.

Once they all woke up they got ready to go to the for a house party. Maddie and E left first to go to E's apartment at around 2100 hours. Kaylee stayed home and was not going to go to the party at E. Ethan and Xana came over to the party after E and Maddie. D did not come with the rest and walked over at a later time. Maddie was not there for very long and she went back to the house to go to the club with Kaylee. E felt Maddie left sometime after 2109 hours.

One of E's friends, Y, A, got to the and hung out with her. E stated Y showed up at around 2200 hours. They stayed in one of the apartments for a little longer and she and Y went up to the main house for the fraternity. E stated this might have been around 2230 to 2245 hours.

E states he hung out in the main part of the house for a while and before she left the fraternity she saw Ethan and Xana in E's apartment. E stated this was at around 0017 hours.

E and Y went to A's house again on Taylor. E stated her, J, E, E, and Y were the only one at the house.

E stated she walked home at around 0100 hours and D and I were the only one in the house. E, D, and I were watching Vampire Diaries for a while and at around 0122 hours I left. D went to her room after I left. At around 0200 hours Kaylee and Maddie came home. Maddie, Kaylee, D, and E went up to Kaylee's bedroom once they got home. Kaylee was getting ready for bed as they were hanging out in her room. E, Maddie, and D went downstairs and Maddie and E took Murphy outside to let him go to the bathroom. E only

stayed outside for a short time and she then went back into the house and put something away in her cupboard and grabbed a bag of chips. E went downstairs to go to bed.

E stated nothing was unusual about Maddie and E demeanor when they got home. E stated they both appeared to be happy. E said Maddie was highly intoxicated and she had not seen her at that level of intoxication for a very long time.

E said when she went to bed she was using her iPad to watch a TV show off of Hulu. E, she said she was watching Baby Daddy. E could not remember what episode she was watching or how long she was watching. As she was watching the show Maddie came down stairs and asked her if she had Murphy with her because she could not find him. E told her no. E said her door was locked and she normally locks her door when she goes to bed. E told me she eventually turned off the show and her iPad and went to sleep.

E said she woke up after falling asleep to hearing what she felt was a firecracker go off and she thought she saw a sparkler going off through the crack under her door. E stated she did not know what happened. Either E called D or D called E and D stated she thought she had just seen someone dressed in all black in the house. E said Xana had been wearing all black. D responded by saying she thought he had a ski mask on. E said she didn't really know what to say to what D said. E admitted both her and D get scared easy. E even thought maybe one of Ethan's frat brothers could have been playing a joke. E told D to come down to her room and D ran down to her room.

E tried calling Kaylee, Maddie, Xana, and Ethan's phones and nobody answered. E said it was normal for Kaylee, Maddie, Xana, and Ethan not to answer if they were sleeping if she called late at night. E looked at her phone and it showed E called D at 0419 and at 0420 D called E back. During the call E asked D if she heard a firecracker and D said she did. E could not recall if it was during this call where D was talking about seeing someone in black walking in the house.

Once E and D were in E room together they continued to talk about what they heard and saw. E told me D said the male in black was walking out the back door and they had made eye contact with each other. E said D said the male was white with a big nose and that he was possibly holding a small vacuum type object.

E and D did not call 911 at the time because E thought D was imagining what she was talking about. E stated both her and D were both still drunk and they were very groggy.

E told me prior to hearing the firecracker she thought she heard Murphy bark she also heard what she thought was the beer pong table moving and cups falling. The beer pong table was located in the living room which is above E bedroom. E stated she was not sure what the sequence of events were for sure but she knows she heard Murphy bark, the beer pong table, and then the firecracker first before she called D to see if she had heard the same thing.

E told me she tried calling Xana and Maddie at 0421 and then tried calling

Ethan at 0422. E█████ stated she tried calling Maddie, Kaylee, and Xana several more times once I█████ got into her room.

E█████ told me when she went to bed she remembers most of the lights being left on inside the house.

E█████ told me after trying to contact the other roommates she fell back to sleep and then woke up at around 0730 and tried calling her Dad about her tooth. E█████ called her Dad again at 0800 but there was no answer, her house at 0801 with no answer, and then called her Mom at 0802 and he answered and asked to talk to her dad. Her dad called back at 0809 and he talked to him and eventually took Advil for her tooth. E█████ then fell back to sleep. E█████ woke up at around 1100 hours and noticed no one else in the house was up. E█████ stated she knew this because Xana's Snapchat location was not on and it should have been. E█████ and I█████ got scared because they should have been up. E█████ then called her friend J█████ and told her she and I█████ were scared and asked if she would come and get them. I█████ then called E█████ and asked her to come over. I█████ and E█████ knew E█████ was with H█████ so they knew he would come over with her.

H█████ arrived at the house and came through the front door. H█████ went up the stairs first and when she and I█████ went up the stairs H█████ turned around and told I█████ and E█████ to get out of the house and to call for help. E█████ stated she could see Xana on the floor of her bedroom. E█████ said Xana was wearing underwear and a sweatshirt. E█████ stated the door was partially open but stated the door should normally would be closed. E█████ called 911 and was trying to talk to the dispatcher but was having a hard time talking. E█████ had to give the phone to her friend J█████ so she could talk to the dispatcher.

I asked E█████ if she has ever seen Xana on the floor like she did that morning. E█████ told me she has never seen this but has heard Xana would pass out on the floor in the past when she is highly intoxicated. E█████ told me H█████ went back into the house. E█████ could not remember if J█████ and E█████ went into the house. E█████ told me she believed H█████ grabbed a knife from the kitchen when he went back into the house.

E█████ stated the police arrived as she was still on the phone and she disconnected with dispatch.

E█████ did not provide any further information related to this incident.

Mogen property release; Capt. Berrett

On the morning of 01/02/2023, I received a call from K [REDACTED] I [REDACTED] that her [REDACTED] T [REDACTED] C [REDACTED], was driving to Moscow to retrieve [REDACTED], Madison Mogen's car and personal belongings. I e-mailed I [REDACTED] a property release form, she signed it and sent it back.

On 01/02/2023, at about 1044 hours, I received a call from C [REDACTED], indicating he was on his way to Moscow. I met C [REDACTED] at the Moscow City Shop at approximately 1300 hours. C [REDACTED] collected Madison Mogen's personal belongings consisting of 7 boxes, one tote and a suitcase / bag. Two of the boxes were flat and contained a mirror and other items.

C [REDACTED] and his associate, J [REDACTED] M [REDACTED], put Mogen's car on a flat bed trailer to tow home. C [REDACTED] signed for the items, and I took a photo of the release along with his driver's license.

Narrative:

Supplemental - Lanier, Disaster Services response.

On December 30, 2022 at approximately 0845 hours, Disaster Services responded to 1122 King Rd. to being cleaning the residence of biohazards and other chemicals used during the crime scene processing. This was a pre-arranged response. As members of Disaster Response were setting up their tents and barriers I received a call from Latah County Prosecutor Bill Thompson. Mr. Thompson advised me that a judges order had just been issued requesting all mitigation and clean up be halted immediately.

At that point I instructed the Disaster Services crew members to stop. I confirmed that the door to the residence had not been opened and no one had entered the residence yet. I checked the evidence tape on the door to ensure the seal had not been broken. I stood by while all of the equipment was loaded back into the response trailer and the entire team left the area. I returned the scene back over to the Northern States Security guard and replaced the barricade tape across the parking area entrance. I left the scene at that time.

Transportation of DNA profile to Othram, INC in Houston Texas - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On November 21, 2022, I traveled from Moscow Idaho to Meridian Idaho to drop off evidence at the Idaho State Police Forensic Laboratory located at [REDACTED] Meridian Idaho.

After getting evidence checked into the lab I signed for a DNA profile which had been generated by the ISP Forensic Lab. This DNA profile was collected from a knife sheath which was found by ISP investigators from District 2 during the initial search of 1122 King Road on November 13th. The sheath had been transported to the lab by ISP troopers.

The DNA profile was stored in a vile which was then packaged in an evidence envelope by ISP lab technicians and properly sealed with evidence tape. I signed the package showing I was taking possession of it on 11-21-22 sometime between 1630 and 1700 hours Mountain Time. Once I took possession of the DNA profile it stayed in the box provided to me by the ISP lab until 11-22-22 at around 0330 hours when I removed it from the box and placed it in small backpack. The backpack then stayed in my possession. The only time it was not physically holding the backpack was when I went through TSA security at the Boise Airport. I was able to see the backpack as it went through the security system and subsequent check of my carry on by TSA security. The envelope the DNA sample was in never left the backpack at anytime during the security check by TSA.

I arrived in Houston Texas at around 1400 hours Central Time. I traveled to Othram, INC which is located at [REDACTED] in Woodlands

Texas. I arrived at Othram at around 1510 hours. I handed the envelope with the DNA profile to a J [REDACTED] F [REDACTED], employee for Othram. We completed the Chain of Evidence paperwork both on the envelope and also on a form provided to me by Othram. I have burned all of these files onto a DVD which was booked into evidence.

KohbergerGmail Warrant Service

Case # 22-M09903  
Date: 1/4/2023

On January 3, 2023, I applied and was granted a warrant for data related to the email address of [REDACTED]@Gmail.com.

On January 3, 2023, at approximately 1517 hours, the warrant was served via the Google Law Enforcement Portal locate at <https://lers.google.com>.

On January 4, 2022, I received an email from Google stating the data requested pursuant to the warrant was available. I logged into the Google LERS portal and the files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Google ([REDACTED]@google.com), as this was the originating email address associated with the documents.

The data will be examined at my earliest convenience.

Towing of vehicles and removal of ECU's - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

Item #272 ECM for Jeep Wrangler

Item #273 ECM for Ford Explorer

Item #274 ECM for Chevy Cruz

3. Narrative

On November 29, 2022 I was tasked with having 5 vehicles from 1122 King Road moved to the City Shop located on North Van Buren. [REDACTED] towing was the only vehicle able to accommodate the towing of the vehicles. I watched [REDACTED] hook up to each vehicle and I then followed each vehicle from 1122 King Road to the City Shop.

On 11-29-22, I meet with D [REDACTED] A [REDACTED], FBI DFE agent out of Salt Lake City. I assisted Agent A [REDACTED] with removing the ECU from the Jeep Wrangler belonging to Ethan Chapin. After the ECU was removed I took possession of it and booked it into property.

On 11-30-22, Ofc. Aaron Morris was with Agent A [REDACTED] when he removed the ECU's from a Ford Explorer, belonging to Ethan Chapin, and a Chevrolet Cruz, belonging to Madison Mogen. Ofc. Morris took possession of the ECU's and I assisted him with booking them into property.

The ECU's were then shipped to Salt Lake City so the FBI could retrieve data from them. Once they were done they shipped the ECU's back to the PD.

I received a large package around December 22, 2022. I opened the package on 12-27-22 and found 3 ECU's in the box. We were told Agent A [REDACTED] would not be able to come back to Moscow for several weeks to reinstall the ECU's.

I contacted K [REDACTED] R [REDACTED], [REDACTED] Fleet supervisor. I asked R [REDACTED] if he and his mechanics could reinstall the ECU's and he told me he could. I provided him with the ECU's and they had them installed the same day.

2. Evidence

none

3. Narrative

On November 13, 2022, I was at 1122 King Road assisting with a Homicide investigation and search warrant at the address. [REDACTED] was called to remove the 4 deceased and then transport them to Spokane for autopsies to be performed. At around 2128 hours, I had Ofc. Jay Waters follow [REDACTED] when they transported Xana and Ethan from 1122 King Road to their facility. I had Ofc. Waters stay at [REDACTED] with Xana and Ethan so they could return and transport Kaylee and Madison. I followed [REDACTED] from 1122 King Road back to their facility after they collected Kaylee and Madison.

Once at [REDACTED] I watched P [REDACTED] H [REDACTED], [REDACTED], [REDACTED], place name tags on the 4 deceased along with corresponding numbers to help identify them. I then placed evidence tape on the body bags sealing the bags up until they arrive in Spokane and the autopsies can be completed. I photographed the evidence tape and I have burned these photos onto a DVD which was booked into evidence. I then saw P [REDACTED] place the 4 deceased into a cooler located in his facility.

4. Other

none

Elan Warrant Service

Case # 22-M09903  
Date: 1/4/2023

On December 22, 2022, I applied for and was granted a warrant for financial records from Elan Financial Services for Kaylee Goncalves. A PlFCU debit card was found with Goncalves' name on it in her residence. The warrant was requested to see if any financial transactions could be located showing evidence in her murder. FBI SA Douglass assisted in the service of the warrant to Elan Financial.

On December 22, 2022, at approximately 1825 hours, the warrant was served via email to [REDACTED]@usbank.com.

On January 5, 2023, I received an email from SA Douglass providing the data requested pursuant to the warrant. I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Elan ([REDACTED]@usbank.com), as this was the originating email address associated with the documents.

In examining the data, it appeared the account was registered to I [REDACTED] I [REDACTED], Kaylee Goncalves' [REDACTED].

BlueRidge Warrant Service

Case # 22-M09903  
Date: 1/5/2023

On December 12, 2022, I applied for and was granted a warrant for sales records from Blue Ridge Knives for Ka-Bar KA1217S, USMC Fighting Knife Sheath and known purchases and quantities of Blue Ridge Knives from Ka-Bar including on or about 03/08/2022 the purchase of 360 units and on or about 06/24/2022 the purchase of 480 units. Blue Ridge Knives are a wholesaler for Ka-Bar knives and sheaths. FBI SA Douglass assisted in the service of the warrant to Elan Financial.

On December 13, 2022, at approximately 0754 hours, the warrant was served via email to [REDACTED]@blueridgeknives.com.

On December 16, 2022, I received an email from SA Douglass providing the data requested pursuant to the warrant. I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Blue Ridge ([REDACTED]@blueridgeknives.com), as this was the originating email address associated with the documents.

3. Narrative

On 11-14-22, at approximately 1100 hours, I responded to 1122 King Rd. in regards to follow-up. I took note of who came and went from the scene. ISP detectives as well as Sgt. Blaker, Det. Vargas and Prosecuting attorneys entered the residence. C [REDACTED] arrived shortly after with her cadaver dogs to attempt and locate a blood trail from the residence.

ISP entered the residence at 1125 hours. Det. Vargas entered at 1126 hours and left at 1226 hours. Sgt. Blaker entered at 1127 hours exited at 1149 hours. Prosecuting attorney Ashley Jennings and William Thompson entered at 1130 hours and left at 1153 hours. PA Jennings reentered at 1200 hours. Sgt. Blaker reentered at 1200 hours with Det. Vargas.

C [REDACTED] arrived with her K9 at 1316 hours. They all remained in the area until 1421 hours.

Everyone cleared the scene and the residence was secured again at 1421 hours. I stood by on scene for security until relieved. I cleared the residence at 1600 hours when Ofc. Rosinsky relieved me.
