Dear Beloved Child of God,

My name is Rod Moten. We haven't met, but God told me to write you and some of your neighbors. You may not believe God exists or believe there are multiple gods. Regardless of your belief or unbelief, God loves you unconditionally and he expresses his love to you every day.

Did you know God expresses his love toward us by making food taste good? God could demonstrate his disdain by designing our bodies to require food but make all food taste horrible. I do not mean sometimes we had to eat something that didn't taste good. I mean everyone all the time had to eat nasty food. Thankfully, God has made eating pleasurable. Sometimes too pleasurable. 😊 The next time you have a delicious meal, realize that it is a sign that God loves you.

Thank you for taking the time to read my letter. Feel free to contact me if you have any questions about God or spiritual matters. My contact information is below.

I love you!
