

I am a mother and grandmother who values family, collaboration, and our God-given right to the freedom of speech. My children and grandchildren all live in Arkansas and love to visit Horseshoe Bend. My two brothers reside in Horseshoe Bend, and one, David Vickers, is running for council as well in Ward 3.

I moved to Horseshoe Bend from West Helena, AR in October 2015. My late husband, Johnny, and I met while employed as casino card dealers and later we became small business owners in West Helena. When we visited family in Horseshoe Bend, we were impressed with the beauty and the friendliness of the community. After experiencing the kindness of Horseshoe Bend residents and seeing a well-managed and cared for city that also offered affordable property, we set a goal to find property here and to retire in Horseshoe Bend.

Once here, Johnny immediately joined Turkey Mountain Golf Course. He golfed daily and enjoyed the friendships forged on the golf course. I found friendships and experienced the rich history of Horseshoe Bend's volunteerism while volunteering at the Music in the Mountain Theater, at the Horseshoe Bend Area Chamber of Commerce, and with Tele-Care. I also remain a small business owner as I am a Mary Kay Consultant.

I ask for your support so that I may use my business and family experiences to help create a City Council that demonstrates collaboration and team player values and focuses on caring for all aspects of our beautiful city while also keeping the property and cost of living affordable for families and retirees. I will represent Ward 2 and all of Horseshoe Bend with fairness and integrity as we move forward into this expanded and enriched Horseshoe Bend.

I ask for your vote to ensure your voice will be heard.
