

DAY1DADS Impact Partner

Our Community

Our **Impact Partners** are community leaders joining our mission to bring services, supports and funds to mens mental health organizations and communities in need.

Leveraging our resources and desire to do more for our community our Impact Partners play a vital role in giving men access to support.

Together, we're pushing forward solutions to break barriers that prevent men from seeking help when they need it most.

A graphic of a chalkboard with the word 'COMMUNITY' written in white chalk. The letter 'O' is replaced by a vibrant red heart. The background of the chalkboard is dark grey.
