How to make an Iron Man Bookmark

1. Trace the Iron Man patterns from the appropriate colored papers and cut them out. You will need yellow, light blue and red papers.
2. Use glue to attach the patterns to create the mask.
3. Attach the head on the base of the body. Also, attach the belt patterns in the middle of the body base (the strip). Use glue to attach the "arc reactor" to the body.
4. Attach the paper Iron Man puppet on a popsicle stick to complete the puppet craft. Add details like the eyes and mouth!
