

## REPORT OF THE WHILTON NEWSLETTER EDITORS

April 2015

The Whilton Newsletter now has two editors as Rochelle Lye is having a break. We would welcome another to our team; so if you are interested, please do contact us.

We had real proof that parishioners do read the Newsletter, as we heard from at least two sources that we had omitted the “apple” from the apple cake recipe in the last Newsletter! We will remedy this in the next issue.

We thank all those who send in articles and reports, and it is especially pleasing when these arrive without even a request. If you feel like contributing something, please do. Apart from our regular reports, we depend on information from you, our readers, and we hope that the Newsletter serves as a reminder of activities and a form of connection within the community. The village website [www.whilton\\_village.net](http://www.whilton_village.net) is also important for this, and we appreciate the work of Gerry Heeley, who runs it.

We thank the Parish Council for their financial support, and the group of faithful volunteer deliverers of the Newsletter.

Anthea Hiscock and Karen Whitcombe
