# WHILTON NEWSLETTER

FEBRUARY 1993

## The December Questionnaire

.1.

We received 40 replies to last edition's questionnaire - a very encouraging response. Needless to say almost all were very positive and encouraging - all forty respondents 'Always' read the Newsletter. This represents a response of about 38% whereas the return figure for this type of questionnaire is, we are told, around 5%. Not bad Whilton.

Yes, we think you can be sure - love it or hate it the Newsletter will be with us for a little longer.

A number of interesting suggestions regarding improvements were put forward, which will give the Ed's much food for thought, also some offers of help which will no doubt enliven and broaden future issues - watch this space.

Thanks to all of you who made the effort to tell us what you think. Over the next few issues we'll begin to act on your ideas and suggestions.

One of the suggestions you sent in which interested us was the idea that a list of potential subjects be published in order to prompt the production of articles! So how's this for starters:

For the April issue we need - Garden Hints

and for the June issue - Summer Recipes.

Of course articles on other subjects are always welcome too.

### Design a Newsletter front cover

All children who are 11 years or under on 31st August 1993, and live in the Parish of Whilton are eligible.

The design should be on A4 paper (upright) and you should leave 8 cm blank right across the paper either at the top or bottom so that we can add to your design 'Whilton Newsletter'.

There will be three prizes of £2.00 each. The Ed's will judge your entries and each will be used as Newsletter front covers in following issues. Closing date for entries is Monday 8th March, and you should deliver your design to any one of the Ed's team (names on back page).

Ed's

\* \* \* \* \*

### Milk tops, etc., & Used Stamps

By the time this Newsletter is published three more sacks of foil, etc., will have been taken to Lyncrest School.

We seem to be increasing the number of stamps each time.

Keep up the good work! Many thanks.

Trudy Haynes

## Church Notices

.2.

Services for February and March.

Sunday, February 7th, 10.00am - Benefice Eucharist at Brington, when the Celebrant and Preacher will be the Bishop of Brixworth, the Rt. Revd. Paul Barber.

Sunday, February 14th, 6.00pm - Evensong - Lay Reader

Sunday, February 21st, 6.00pm - Sung Eucharist The Revd. W.G. Griffin

Sunday, February 28th, 6.00pm - Evensong - Lay Reader

Sunday, March 7th, 10.00am - Benefice Eucharist at Whilton, when the Celebrant and Preacher will be the Archdeacon of Northampton, the Ven. Michael Chapman.

Sunday, March 14th, 6.00pm - Evensong - Lay Reader

Sunday, March 21st, 6.00pm - Sung Eucharist The Revd. A.

Wintersgill

Sunday, March 28th, 6.00pm - Evensong - Lay Reader

The Annual Parochial Church Meeting has been fixed for Thursday, March 18th, at 7.30pm in the Village Hall. All those persons whose names are on the church electoral roll are entitled to be present at this meeting and should make every effort to attend. It is at this meeting that elections take place for the churchwardens, members of the parochial church council, sidesmen, etc., for the ensuing year. Also the audited accounts for the previous year are received, together with reports on the fabric of the church, etc.

THE CHURCH ELECTORAL ROLL is revised annually, under the direction of the PCC, a month or so before the Annual Meeting, so a few words about it might be appropriate.

Q. What is the church electoral roll?

A. It is a list of those lay people who have signed the form of application for enrolment and who are eligible for inclusion on the roll.

Q. What are the qualifications?

A. A lay person shall be entitled to have his/her name on the roll of a parish, if he/she

(a) is baptised

(b) is a member of the Church of England or of a Church in communion with the Church of England

(c) is of sixteen years or upwards

(d) is resident in the parish, or, if not so resident, has habitually attended public worship in the parish during a period of six months prior to enrolment.

Q. What is the purpose of the roll?

A. It is only those people whose names are on the roll who are eligible for election as PCC members, sidesmen, etc., and who are entitled to be present and vote at the Annual Meeting

Q. Is there any other way in which the roll is used?

A. Yes, the number on the roll has to be submitted to the diocesan office and is taken as one of the main factors in calculating the assessment income of the church in the parish, on which the Parish Share is based. (It is assumed that all those on the roll are committed people who will be supporting the church in the parish both financially and with their regular presence at church services.)

Church Notices cont...

The Parish Share, that is the amount that each parish has to contribute to diocesan funds to help pay the clergy, etc., is calculated as a percentage of the assessment income of a parish. Whilton's Parish Share for 1993 is £1,464. Add to this an insurance premium of between £500 and £600 and it will be seen that an income of over £2,000 per annum or £40 per week is needed BEFORE the day to day running costs of the church, such as heating, lighting, services, repairs, etc., are taken into account!

We are fortunate in that a number of people, some of whom are not even on the electoral roll, covenant regular sums of money to the church. These Covenants, together with the reclaimed tax, account for about two thirds of the income of the church in the parish. Without them we would be in dire straits!

Harold Haynes

\* \* \* \* \*

### Dedicated Service

Shortly before Christmas Miss Betty Pride decided that the time had come for her to give up her work as church organist at Whilton, so it was with great regret that the Parochial Church Council accepted her decision to relinquish the post at the end of 1992.

Miss Pride was first persuaded to take on the job, (which she says she did with great reluctance!), by the Revd. E.W. Hamond, the then Rector of Whilton in 1935.

So, for over fifty-seven years and through the incumbencies of no less than seven different Rectors she has regularly played the organ for the church services, Sunday by Sunday, as well as for weddings, funerals and other occasions.

In addition Miss Pride has, through the years, encouraged many young people and adults to sing in the choir and has shown great patience in her training of them. She has been instrumental in getting youngsters to attend courses run by the Royal School of Church Music, in various parts of the country, to improve their singing and musical knowledge and there are many villagers, both past and present, who have cause to thank her for the way she has helped to develop their interest and ability in the musical field.

A wonderful record of service to the church and people of Whilton and one for which I am sure we are all extremely grateful.

Thankfully we are not to lose Miss Pride's services altogether as she has agreed to play for Evensong on the fourth Sunday of each month, though the post of organist has been taken over by one of her former pupils, John Townley.

Harold Haynes

## Visit to Canada - follow-up

.4.

I enjoyed Sarah Tibbs's description of her trip to Canada with the Northamptonshire Youth Orchestra which she described in the last Newsletter. That part of Canada I know well having visited Toronto and the surrounding area regularly for the past thirty odd years. However, if she really saw the Toronto Blue Jays playing basketball it would be something for the record books! The Blue Jays are Toronto's baseball team and a very good one at that since, as Sarah says, they won the World Series this year, the first time a non-American team has done so. The ironic part however, is that there is not one Canadian member of the team, they are all Americans! This is because like our football teams, the clubs buy the best players and these are Americans. However, the Canadians have a come-back since all the best Ice hockey teams in America have mostly Canadians playing for them.

When the Blue Jays were playing the final series against the Atlanta Braves in Atlanta, the American Marine Guard marched in carrying the Canadian flag, the Maple Leaf, upside down. This provoked a storm in Canada as one can imagine. However, when the final match was held in Toronto, the Commanding General of the US Marines made a public apology and by way of recompense a Marine Guard carried the Canadian flag, the right way up this time, and a guard of the Royal Canadian Mounted Police, the "Mounties", came into the Dome stadium bearing the Stars and Stripes. So honour was satisfied all round, and the Blue Jays won the series.

The Skydome is the largest indoor stadium in the world with the unique feature that the dome retracts and it becomes an open air stadium, this operation taking about fifteen minutes is very impressive to watch.

Toronto is a magnificent city with interesting modern buildings and a wonderful position on lake Ontario. It is also, unlike most American cities, clean and safe. The people are friendly and hospitable and it is near to Niagara Falls, one of the great wonders of the world. I think anyone of any age would enjoy a holiday there.

Ian Church

\* \* \* \* \*

The Toronto Blue Jays are a baseball team - not a basketball team.

Thank you Mr. Church for the above article. It is actually the Ed's who must apologise to Sarah and to readers for the mistake in the last Newsletter. She did indeed say the Toronto Blue Jays play baseball and during the work of reproducing the material sent in to us the Ed's dropped the clanger!!

Well spotted, I wonder if there is a clanger in this issue??

\* \* \* \* \*

Mr. Will Adams wishes to convey his sincere thanks for all the many cards, gifts and good wishes he received over the Christmas season.

BRINGTON SCHOOL REPORT

Happy New Year !

At Brington School in December we had our Christmas play which was highly successful and the money from the collection was about £105.

We also had a "mufti" day with a raffle and a limerick competition to raise money to readopt our African elephants Edo and Chuma. We raised £49 so we will have some money left over for school funds. Sometime in December we had a winner from the Children in Need competition in the 4 years to 5 years section which was won by Jack Mitchell. He received a swimming bag, swimming hat, a Kia-ora T shirt, a badge and some free swims.

Rowena Lewis.

-----  
Eds notes - a "mufti" day is a day on which pupils need not wear their school uniforms, but have to pay a "fee" for the privilege.  
-----

ADVANCE WARNING

OPERATION SPRINGCLEAN

Friday 16th April to Sunday 25th April 1993

For the sixth year running, Northamptonshire County Council is organising its annual "Litterpick" event. The aim of Operation Springclean is to raise public awareness of the litter problem, to encourage action to tidy up the County and show that the community cares about the environment.

The Litterpick involves Town and Parish Councils, primary and secondary schools and many volunteer groups collecting litter, rubble and rubbish from various sites within the county.

Groups will be supplied with "clean-up kits" comprising gloves, bags, high-visibility tabards and a first aid kit.

Certificates will be awarded to all groups taking part and prizes given for the most outstanding Litterpicks.

-----  
As a parish we have taken part in the above for several years now. The work has been undertaken by the Whilton children who attend Brington school under the supervision of Paul Bilsborough and Mike Lewis. Hopefully we can twist their arms again this year but extra volunteers are always welcome.  
The actual day for this years event in the parish will be published in the April newsletter.

## Whilton Gardeners' Association

The December meeting of the WGA was also the AGM. It was a very festive occasion and was held at the home of Mr. & Mrs. Thomas, with a record number of 32 members attending an AGM.

The usual business took place with Mrs. Janet Bowers re-elected Chairperson, Mrs. Eileen Finnemore - Secretary and Mrs. Trudy Haynes - Treasurer. It was pleasing to hear that the membership had risen considerably over the past 12 months and other matters of interest were that we had decided to make another contribution to the Brogdale Horticultural Trust. This is a society which holds the national collection of all species of apply tree. It was also decided to enter the Britain in Bloom competition; more details of this will be given in the next Newsletter.

Once the business was over we were given a demonstration of festive flower arrangements by Mrs. Cynthia Print, one of our members. The evening was rounded off with delicious refreshments and spiced punch. Our grateful thanks once again to Mr. & Mrs. Thomas for their hospitality.

The next meeting of the Association will be on Monday February 1st at 7.30pm in the Village Hall. Anyone interested in joining the WGA would be most welcome to come along to the meeting or contact either;

Mrs. E. Finnemore      Tel: 843620  
or Mrs. J. Bowers      Tel: 842851

### Mini/Maxi Discos

Saturday March 6th

Whilton Village Hall

Mini	-	4 - 10 years	.....	4.00pm	-	6.00pm
Maxi	-	10 - 18 years	.....	7.30pm	-	9.30pm

By ticket only, available from Mrs. Treacy (7 Southview)  
and Mrs. Bowers (Heritage)

Price - £1.75 which includes food, drink, music, games.

Any profit made will be given to the Church Fabric Fund.

## A Message to Golfers

Over the past couple of years or so, while walking the dog over the fields around the village, I have picked up no less than THREE DOZEN golf balls so perhaps golfers who make use of these fields might take note of the message from a local farmer.

H. Haynes

Though most farmers may have no objection to golfers practising their skills in the fields around the village, there is a serious side to this from the point of view of the livestock, sheep, cows and horses in those fields.

If golf balls are left in the field the animals may mistake them for food, especially in the winter months. They try to eat them and keep chewing, then, when the balls don't dissolve they lift their heads and try to swallow them. If the ball gets stuck in the animal's throat it will choke it to death or, if it passes through into the stomach it will never dissolve. Please take care then and try to ensure you don't leave any golf balls lying around in the fields.

Gordon Emery

\* \* \* \* \*

## Whilton Village Hall - 200 Club

The Village Hall Committee thanks everybody who helped to make the English Pub Night a successful and fun night.

The Grand Draw for the 200 Club took place on this night and the winners were:

### Grand Draw

1st Prize	No. 197	Mr. T. Price	£ 350.00
2nd Prize	No. 170	Mr. & Mrs. G. Davies	£ 200.00
3rd Prize	No. 021	Mr. J. Fisher	£ 100.00

### Monthly Draw

1st Prize	No. 154	Mr. Burton	£ 30.00
2nd Prize	No. 106	Mrs. Bate	£ 20.00

During 1993 200 Club draws will take place on the fourth Friday in every month, unless an event has been organised which does not fall on that day. There will be a draw on Friday 22nd January and 26th February.

Mary Kane

\* \* \* \* \*

### Windscreens

Following my letter of complaint, I understand the road between Daventry and Nobottle is to be re-surfaced in the Spring (at the contractors expense) and in the meantime it will be swept regularly. Anyone interested in further information contact me on 842167.

Angela Hall

## RADON GAS - In Domestic Houses

The following article has been received by the Parish Council in relation to the above. If more information or advice is needed then it is suggested that you contact the District Council Enviromental Health Department.

### WHAT IS RADON ?

Radon is a naturally occuring gas. We have always received doses of radiation from it and always will.

### WHY IS RADON CONSIDERED DANGEROUS ?

Radon decays to form tiny radioactive particles which may be breathed into the lungs. Radiation from these particles can cause lung cancer, though the damage may not appear for many years. Because of this, the Government have set an Action Level for radon in houses, above which householders are advised to take action.

### WHERE DOES RADON COME FROM ?

Radon comes from uranium, which is present to a small extent in all soil and rocks. It seeps out of the ground and can collect in enclosed spaces such as houses.

Because amounts of uranium in the ground vary from place to place and because some ground allows air to move freely, radon levels are higher in some parts of the country than others.

Most homes in the U.K. do not have significant radon levels. Surveys have shown that houses built on certain types of ground mostly in Cornwall and Devon, and in some parts of Derbyshire, Northamptonshire, Somerset, Grampian and the Highlands of Scotland are more likely to have high indoor radon levels.

### HOW DOES RADON GET INTO MY HOME ?

The level of radon indoors depends mainly on how much radon is in the ground and on the way in which the house is built. Radon can be drawn in through cracks in concrete or wooden floors and through gaps around pipes, cables, drains and so on. Levels in neighbouring homes can be different.

### WHAT SHOULD YOU DO ?

#### **STAGE 1 : WRITE**

Wherever you live, if you want to apply to have the radon level in your home measured contact the District Council for a form. This form should then be sent to the National Radiological Protection Board (NRPB).

#### **STAGE 2 : MEASURE**

Depending mainly on where you live, NRPB will advise whether your home should be measured. If the advice is that a measurement should be made, it will be **FREE**. If not, you may still have it done, but you will have to pay. If the measurements are to be made, NRPB will send you two small detectors: one for the living room, one for a bedroom. The detectors contain special plastic to measure radon and are harmless. After three months they should be returned for processing. NRPB will write to tell you the

radon level in your home. In some cases NRPB may suggest measurements for a further three months to get a more accurate estimate of the average radon level in your home. Radon measurements taken over a period shorter than three months can be seriously misleading.

### STAGE 3 : ACT

Do nothing until the survey is finished and NRPB has reported the level of radon to you. The report is **CONFIDENTIAL** and the results will not be notified to anyone without your permission. Quite simple remedial works can be made to your house to overcome any problems.

A copy of "The Householders' Guide to Radon" may be obtained by writing to ;  
Householders' Guide to Radon,  
Room A518,  
Romney House,  
Marsham Street,  
LONDON SW1P 3PY.

=====

#### THE OLD CURTAIN BARN

Moving Home ?  
Redecorating ?  
Changing your colour scheme ?  
If so .... May we help ?  
Good quality reconditioned curtains and soft furnishings can be purchased, exchanged or sold through "The Old Curtain Barn". Why not telephone us on 0327 843543/842570 to discuss your requirements.  
Use our service to make your budget go further.  
Join the recycling movement !  
Go green ! or pink ! or gold !  
We can advise on design and colour.

#### BUS TOKENS

Daventry District Council are making bus tokens available to people in receipt of retirement pension. These tokens are to the value of £24-00 with a charge of £3-00 as from 1st April 1993. They can be used on county bus/train services and a local taxi firm will also accept them. For further information telephone Daventry District Council on 71100 Ext.354 or if you live in the village you can get a form to fill in from Mr. Andy Kane, Fallowfield, Whilton. Tel. 842618

Women's Institute

On Wednesday 9th December, 1992 the W.I., as usual, held their Christmas Dinner. This most enjoyable occasion was held in the Village Hall. After a brief formal meeting the fun started, with an amusing and most original game - cryptic names of local villages - this caused much hard thinking and much hilarity. A simple delicious meal followed prepared and served by three members, all splendid cooks, who had also decorated very attractively the hall and the table, not to forget organising everything else, games prizes etc. It was a lovely evening with a good raffle and several prizes for games.

Arrangements were made to deliver pot plants to the senior members of the village along with our warm greetings.

Also plans were made to collect winter clothing, useful items for personal use i.e. soap, tooth brushes etc., for sending to Bosnia in the New Year.

The Meeting on 13th January, 1993 was quite a memorable occasion. Our speaker was Mr. Phil. Richardson, from Brington, a well-known member of the County Bat Conservation Trust. His talk on Bats was knowledgeable and entertaining and quite an eye-opener to many of us. The varieties, the habitats and habits of Bats is fascinating and I am sure we will take a little more interest when the local Bats appear next spring. Good slides were shown with some endearing pictures of these little creatures. Mr. Richardson is a fluent and amusing speaker and his talk was enjoyed not only by W.I. members but being an "open meeting" we were joined by friends. Such a pity more did not come and if you hear of Mr. Richardson talking elsewhere - do go.

The business of the meeting was short, there are several forth-coming events in the County in which we are asked to take part. We had been thanked for our contribution of £11.50 to help with equipment for school classrooms in Nepal, this was the result of our raffle on members' night last month. Mrs. Bowers won the raffle and after tea and biscuits the meeting closed. The next meeting will be on Wednesday 10th February.

Kay Roberts

\* \* \* \* \*

Brington and Whilton Playgroup

This is a small group taking up to a maximum of 16 children from 2 1/2 to 5 years. It runs 3 mornings per week; Monday, Wednesday and Friday, from 9.30am to 12.00 noon. Sessions are normally held in the Village Hall at Whilton but during the summer term one session per week is held at Brington Primary School. This allows for the children, who will go on to primary school the following September to get used to the school environment and to get to know the teachers.

Currently Playgroup sessions are £1.75p per morning. For further information contact Mrs. Elaine Aldham, Playgroup Supervisor Tel: (0604) 758693.

### PARISH COUNCIL REPORT

Council meetings have been held on 23rd November, 21st December, and 4th January. Among items discussed were the following ;

Village Green - The Parish Council decided that the protection offered by part 1X "Lawful and Unlawful interference with the Highways and Streets" Highways Act 1980, and assurances given by the Assistant Area Surveyor, was sufficient. It was therefore decided not to pursue "village green" status for the area of ground in the centre of the village.

Tipping and dumping of rubbish at Whilton Locks - After general discussions it was decided that the clerk should contact the Waste Management Department and the Area Surveyor regarding the long term problems existing in the now redundant area of the old A5 near to "Brooklyn".

Allotments - Sufficient applications had been received to let all the available allotments. The clerk would notify all concerned by letter.

Village Grass Cutting - Enquiry with the Area Surveyor had confirmed that the payments for this work were based on actual areas needing to be cut not total area. The hard work put in by parishioners in "looking after" their own verge frontages was therefore taken into account. Last year the specification for cutting between the 30 mph boards was for 5 cuts to a height of 3 inches for a total cost of £145.

Road Closure at Whilton Locks - Since the November meeting, letters and phone calls have been made by the clerk to the various bodies concerned regarding ; tipping of materials on the roadside, no advance warning signs of when the road will be closed, making good the mess caused, and the state of the road under the bridge and in the avenue after restoration !! The advance warning sign situation is still being pursued as it is felt that motorists should be informed beforehand when the bridge will be closed.

Bus Tokens - Mr. Andy Kane volunteered to assist with the distribution of forms and bus tokens within the village.

Daventry Calling - The winter issue had been delivered, but Whilton Locks had not received any copies. The clerk was asked to inform the District Council of this omission.

Parish Newsletter - As a result of the positive response to the questionnaire it was decided that the newsletter was well worth continuing and was an important method of village communication.

Planning Matters -

Banaventa Public House - Change of use to Class A1 retail - After discussion it was agreed that the clerk should write to the District Council stating the parish councils concern with regard to the potential traffic increase in this congested area. However, if this application were to be permitted to ask that the following restrictions be placed on it; The sales area should be within the confines of the building, any advertising signs should be fixed flat to the walls and that loading and unloading should not take place on the main through road.

The council has since learnt that the application has been granted but with only some of the above conditions imposed.

Removal of condition 4 of previous planning permission (Restriction of hours of use) - Whilton Mill, 4 Wheel Drive Vehicles - After discussion it was agreed to write stating that the parish council feels permission should be granted for the hours of use to remain as they have been for the past 12 months, on a permanent basis i.e. "between the hours of 10-00am and 8-00pm or dusk, whichever is the earlier".

Advertising Board - Land adjacent to A5, near to crossroads at Whilton Locks - Whilton Locks Garden Centre - Retrospective application - The parish council comments would be that this sign is situated near the very busy A5 trunk road/junction and close to road direction signs. The close proximity of this sign to the direction signs, they feel, could cause a distraction to motorists. The parish council feel that no advertising sign should be situated in the vicinity of this busy junction, which could cause distraction to motorists and consequently a hazard to road safety.

Three Detached Houses, land adjacent to The Manor House, Whilton - Browns Construction - Following a site meeting and adjournments of the meeting to establish parishioners views the parish councils comments on this application would be ; The three proposed dwellings appear too dominant for the site/location, particularly with regard to the close proximity of 4 listed buildings. However, if the development were to go ahead the following points should be carefully considered ;

The ridge heights should not be any higher than the Manor House.

Plot 1 dwelling should be aligned with plot 2 and moved back on the plot, which would make the side of the building less obtrusive when looking at the "open space".

Samples of materials to be used should be approved by the Planning Dept. and that copings and lintels should be of carefully matched re-constructed stone.

Any damage or interference caused to the grass traffic island should be rectified and the island restored to its original size and state as per drawing no.9222/1.

Finally it was stressed that rigid conditions at least as specified should be imposed.

It was further agreed that the chairman and clerk should arrange a site meeting with the planning officer to further discuss and stress the points agreed at the meeting.

## Organisations

In the February 1989 edition of the Newsletter a list of Whilton village organisations and facilities was published. There have been several changes and a number of new residents since that time, so here is an up-date.

### Whilton Parish Council

Chairman - Mr. J. Gardner, The Dove Close - 842324  
Vice-Chairman - Mr. M. Lewis, Whilton Locks  
Members - Mr. R. Barnes, Mr. K. Bowers, Mr. D. Brown, Mr. A. Kane,  
Mr. T. Price  
Clerk - Mrs. A. Heeley, Springbank, Brington Road - 843270

\* \* \* \* \*

### St. Andrew's Church

We are without a Rector at the present time.  
Churchwardens - Mr. W. Adams, Field View  
- Mr. H. Haynes, The Old Plough - 842409

Services - See Church notes, (Newsletter and Notice Board)

\* \* \* \* \*

### Whilton Women's Institute

Meets on second Wednesday of each month at 7.30pm.

President - Miss F. Drake, Orchard House - 843801  
Secretary - Miss D. Scott, Orchard House - 843801

\* \* \* \* \*

### Whilton Gardeners' Association

Meets bi-monthly on first Monday of month. First meeting of the year February.

Chairman - Mrs. J. Bowers, Heritage, Brington Road - 842851  
Secretary - Mrs. E. Finnemore - 843620

\* \* \* \* \*

### Village Hall Committee

Chairman - Mr. P. Waights, Kunda Cottage  
Secretary - Mrs. M. Kane, Fallowfield - 842618

\* \* \* \* \*

Unless otherwise stated meetings are held in the Village Hall. Most organisations advertise on the notice board.

The officers of the Women's Institute and the Gardeners' Association serve for a limited period but all members will be pleased to supply information.

## Facilities available in Whilton

Morning Papers - The Stores, Little Brington - (0604) 770313

Sunday Papers - P.M. Bauldie, 5 High Street, Long Buckby - 842477

Evening Paper - Chronicle & Echo  
- Rupert Gardner, The Dove Close - 842324

All new orders or cancellations should be made via these numbers.

### Delivery of Milk & Dairy Products

- Mr. R. Wells, La Coruna, Daventry Road, Norton - 702319

### Mobile Shop

- Mr. Al Ingram, East Haddon - 770883

Calls every Wednesday 1.00pm - 1.30pm -  
stops at Wadd Close Lane, The Old Plough and South View

stops at Whilton Locks 1.30pm - 1.45pm

Sells fruit, vegetables, tinned food, general groceries.

Mobile Library - Calls every fortnight on Tuesday, 9.10am - 9.30am  
Stops near The Old Plough  
February dates: 2nd and 16th

\* \* \* \* \*
