31ST	6.00 PM	SUNG EUCHARIST FOR EASTER SUNDAY

CHURCH MATTERS

Cantaré Singers

A most delightful and relaxing evening was enjoyed by all who attended the concert on 1st December last year. The Cantaré Singers, whose members include Linda Treacy, entertained us with songs from the shows including "Oliver" and "The Sound of Music."

After the interval Christmas songs and carols were sung, some solos from the choir but others with enthusiastic audience participation - a thoroughly entertaining evening.

The concert raised £232 for the Church Kitchen Fund.

CHEESE AND WINE PARTY

Philip and Joanne Grant have kindly offered to host a Cheese and Wine Party on Friday 10th May 2002 : 7.30 pm at their home, Westcombe House.

Come and enjoy an evening of cheese tasting with wine and join in a lively auction of mystery parcels. Tickets £5 to include a glass of wine.

Profits to St Andrew's Church General Fund.

VILLAGE OPEN GARDENS & FLOWER FESTIVAL SUNDAY, JUNE 30TH 2002. 1.00 PM - 5.00 PM

If you would like to open your garden, please contact Janet on 842851.

The theme for the Flower Festival is Wedding Anniversaries from 1 to 50. Are you a flower arranger who would like to take part? If not, why not try a small arrangement.

It is also planned to stage a Photographic Exhibition of Whilton during the last 50 years, in the church. Have you any photographs you could lend?

Other attractions will include a Scarecrow Competition (make a scarecrow, display it by your house or in the front garden and win a prize), stalls - cakes and plants etc. and teas.

MISSING

One hymn book has gone missing from St Andrew's Church over the Christmas period. It is so easy, when talking, to leave the church with a book but please could it be returned as soon as possible via Janet. Thank you.

Janet Bowers

EAST MIDLANDS IN BLOOM 2002

Now is the time to start planning your displays for this year's competition. Neat and tidy front gardens, trim verges and overall tidiness all go towards scoring points.

Last year we gained second place in the small village section. Can we IMPROVE on that ?

Janet Bowers

WHILTON W.I. - JANUARY - ARTS AND CRAFTS

Unfortunately, this month's meeting was cancelled. Our visitor had the dreaded 'flu, as did a few of our other members! So instead of a report on the events of the evening, here are a few helpful hints (I hope) to help ward off any bugs that are all too common at this time of the year.

Did you know.....?

- Lemons contain twice as much Vitamin C as Oranges, the juice helps to fight respiratory infections and is a classic remedy for the common cold.
- Chillies are renowned for helping to clear blocked noses and banish colds. They can also do wonders to clear your sinuses and they are rich in Vitamin C.
- Red wine contains polyphenols which can ward off viruses and kill bacteria.
- Onions have long been regarded as a cure for many ailments. There is evidence that they reduce cholesterol and help to clear heavy colds.
- Rosemary and thyme both have antiseptic qualities. A weak infusion , gargled can help soothe a sore throat.

So , any ladies in the village wanting to take a peek at what goes on at WI, we would just like to say that we're not sour faced like a lemon, stinking of garlic, onions and chillies nor rolling around drunk on wine !!

Our next meeting is on Wednesday,13th February at 7.30 pm in the village hall and we'd love to see you there.

Jenny Ponder.

NEIGHBOURHOOD WATCH

There has been no reported crime in Whilton in the last two months.

Phil Waights

CAROL SINGING - FRIDAY, 21ST DECEMBER 2001

2001 carol singing started as usual, meeting at the bottom of the village at the finger post, awaiting Emerys Taxi Service.

After deciding on our charity, we made our way to Roughmoor to air our voices on Griff and Joan. Then it was into their farmhouse kitchen for lovely hot mulled wine; this put us in good voice to make our way up the village with a warm rosy feeling inside.

About halfway round the village, this being Peter and Sarah Bennett's hospitality stop, we enjoyed another nice warm glass of seasonal cheer, this of course helped us to get to the top of the village in very fine voice BUT not quite as usual. as Janet, who insists she only drinks orange juice, decided to do a double somersault over the Brown's plant tub on their drive and was duly taken home by Barbara Lewis to give Ken a problem !! They ended up in A and E at Northampton General and Janet spent the night in hospital. As most of you now know, Janet had dislocated her elbow, but we are pleased that she is a lot better; Ken is more than pleased.

We hope that Sarah's orange juice is not so potent next year !!

As you can see by the letter from the New Inn we raised £180 towards a "Wheelyboat"

The New Inn Free House

A5 WATLING STREET
BUCKBY WHARF
NORTHAMPTONSHIRE NN6.7PW

Dear Sir/Madam

Gwen and I would like to thank you for your kind of donation of £180.

In the next few months we are hoping to raise £4,500 to purchase a "Wheelyboat".

The boat will be for the use of local people with special needs and sited close to The New Inn. I have attached an information sheet with this letter to give you an idea of where your money will be spent.

The idea to take "On Board" the Wheelyboat, means ALL money raised goes to a local charity. How more local could you get with the Grand Union Canal outside the pub door

Once again thank you very much for your donation.

Kind Regards

John Brind (Landlord)

The Wheelyboat was first promoted for handicapped fly-fishermen, but it is now seen as a boon to disabled people of all ages whose lives can be enriched by the pleasures of water-borne activities.

As well as angling, these include bird-watching, photography, painting, environmental studies, family picnics or simply the delights of being able to go out in a small boat. The therapeutic benefits are clearly apparent and form a major part of the Trust's aims and objectives. To illustrate this, "Boating for the Disabled" has recently been added to the Trust's name.

FREEDOM OF THE WATER

for disabled people of all ages

The Wheelyboat was specially designed and is purpose built, with a bow ramp which lowers onto the shore for easy access by wheelchairs. Once on board, the flat, level and unobstructed deck makes manoeuvring wheelchairs a simple matter. Built of double skinned aluminium, the boat is extraordinarily stable and, with its foam filled bottom, is virtually unsinkable.

Measuring 12ft. x 5ft. overall, it can be propelled by oars or an outboard motor.

WHILTON WI

DECEMBER 2001 to JANUARY 2002

As I write this report at the end of January, Christmas seems a long time ago, and I hope the WI members have managed to return to their pre-Christmas waistlines!

As usual we celebrated the Christmas season with food. For Members Night in December we all shared in providing a meal. Following bucks fizz or white wine, jacket potatoes, quiches, braised celery and bacon and meat pie were served with red and green salads, rice and orange salad, carrot and pumpkin seed salad and cottage cheese and pineapple, accompanied by white wine and fruit juice. The three sweets consisted of apple crumble, apricot frangipane tart and a beautifully decorated trifle. These were followed by mince pies, coffee and mints.

While members recovered from the feast, Shirley Brown provided us with a quiz and Frances Drake with some poetry puzzlers. The evening was completed with *Cinderella*, a five minute performance by Judith Fuller, Teresa Leadbetter, Chris Messenger and Ros Gardner, much to the amusement of all, who expressed their thanks to Judith who organised this.

The money raised from the raffle was used as a donation towards a mobile eye camera for Northampton Diabetes Centre; the camera is to be used in this area.

Since that meeting, we have not had such a good start to the year, with several members being unwell, and with the speaker being ill for our January meeting, which was cancelled.

However, on 23 January we held an extra craft evening and dealt with our WI business at the same time. At Christmas time, as is our custom, the WI gave gifts to the Senior Citizens of Whilton, of whom 13 had replied with messages of thanks this year. As an Institute we are happy to share Christmas in this way, and it was encouraging to find how many people appreciate this.

The main part of the evening was concerned with learning how to make tassels and braids, based on an Action Pack hired through the WI and also using some extra material provided by Ros. The technique of making tassels was new to us all, and caused some hilarity. By the end of the evening everyone's skills had improved, so we should perhaps be looking out for new braided cushions or tasselled tie-backs in the homes of our members!

The February meeting involves food again. This time we shall be mixing it with poetry. If you are interested, do come and join us on Wednesday 13 February in the Village Hall.

Anthea Hiscock
Secretary, Whilton WI

Copper Mile Report January 2002

Firstly an apology for the absence of a report in the last newsletter. I did write one, but once again I must return to the computers for dummies class!! My attempts to stay with the more traditional methods of communication were overtaken by my determination to master email. I can see some of the more mature readers of the newsletter nodding with some sympathy at this point whilst no doubt the younger end are thinking where's the problem? Well problem there was and the emailed report failed to arrive at its destination even after I enlisted the support of the more computer literate members of the household. To make matters even more complex, I now have to contend with a new all singing, all dancing machine when I was just getting to grips with the old one, and the last report got lost in the move. Note to self: to always make paper backup copies. What did I do with all those hours I used to have in a day before the arrival in my life of 'information technology'?

Anyway, enough of all that, let's return to the progress of the copper mile. To date we have a running total of £272 and the 'mile' has travelled a total distance of 578yds which approximates in distance terms to the allotments. Please keep your donations coming in, we would like to reach the end of the mile sooner rather than later!!! Donations can be made at any time to Janet Bowers, Gill Denbigh, or at the donation point in St Andrew's church. Thank you to all who have supported this fundraising effort to date and we look forward to your continued support.

Gill Denbigh

Brington & Whilton Pre-school

A Registered Nursery Education Provider and a member of the Pre-School Learning Alliance

Our numbers are slowly rising and we now have 13 children on the register, with some children waiting until they are old enough to come.

We had an enjoyable Nativity play in Whilton Church and thank Jean MacPherson for kindly playing the organ for us, and Janet Bowers for helping us during the service. We then went back to the Village Hall for a well-earned cup of coffee and mince pie.

During this term we are looking a Winter, how we dress in winter, what the birds and animals do when its cold and we have still to look at the weather, the snow, the frost and ice.

We have been kindly given a donation, which has enabled us to purchase some new colourful tables and chairs this term. Our old tables were wooden desks and are probably antique, but with some rubbing down would be good desks and chairs. If anyone wishes to have a look or would like one, please let me know on the number below, all we are asking is a small donation for them.

We are in the process of organising another Trivial Pursuits evening as the one last year proved such a success, so watch this space or the notice boards for more information and come along and support us.

If anyone would like more information about the Pre-School, please do not hesitate to contact Jenny Holman on 01604 770083 or come along to the Whilton Village Hall on Monday, Wednesday or Friday mornings to see what we get up to.

KART NOISE FROM WHILTON MILL.

Following a meeting between representatives of Whilton and Norton parish councils, Daventry District Council's Environment Protection dept and Whilton Mill, the following action for the parish was agreed: *if anybody thinks that the kart noise is a nuisance they must get the details down on paper and send it to the DDC (Environmental Protection) Lodge Road Daventry NN11 5AF and to the Parish Council. Record all the relevant details: day, time, place, weather and what the problem is.*

The DDC will not pay any attention to verbal complaints.

If it is not written down, there will be no record of the problem and we will not be able to present a fully supported case to the relevant authorities.

A full discussion will take place at the next Parish Council meeting

Mike Lewis.

50 Years of Dedication

OUR FINAL YEAR!!

As March 3rd approaches, some residents of the village have taken to the road. Not by car but by foot, in order to get fit for the **final 'Daffodil Run'** at Althorp.

The dark mornings are not welcoming and a warm bed is much more inviting than the tracksuit bottoms hanging in the wardrobe. They do have a purpose for wanting to get out though: the need to **complete** the run. Some have opted for the more 'relaxed run' of **10km**, and the braver ones have opted for the **Half Marathon**.

If you would like to contribute by **sponsoring a runner**, please contact any of our village runners below. Alternatively if you could help on the day with **marshalling** of the route or handing out water, please contact Jane at Marie Curie Cancer Care on 01604 442316. Otherwise why not stand on the route and cheer all the runners as they pass through Whilton for what is a very good cause.

Good luck to the Whilton runners who are:

Amanda Hill, Richard Bunce, Jo Grant, Jeremy James, Greg Lye, Tony Smith, Matt & Sam Healey.

Finally please remember that Moors Road to Whilton will be closed to all traffic from 11.15am until 12.15pm on Sunday March 3rd 2002

IN BRIEF.....

COUNTY LIBRARY SERVICE *Just a reminder that the library van calls in the village every other Tuesday at approximately 9.10 am to 9.30 am. The van generally parks near The Old Plough. Good use needs to be made of this service if it is to be retained, why not make a visit to the van for your reading material? The FEBRUARY dates will be 12TH & 26TH and MARCH dates will also be 12TH and 26TH.*

WHILTON SPINNEY PROJECT

Depending on weather and conditions underfoot in the spinney it is proposed to resume Working Parties most Sundays. Please watch noticeboard.

WHILTON GARDENERS' ASSOCIATION

The Annual General Meeting was held on Monday, 3rd December 2001 and the following officers were elected:-

Chairman -	Ian Woods
Secretary -	Christine Phillips
Treasurer -	Kim Wheeler
Programme -	Philip Grant
Purchasing -	Gill Denbigh

After the election of the officers and reports were given, our usual Christmas Social took place. As usual this was very enjoyable and the food and drink, supplied by members, was delicious and seems to get better each year.

This is a repeat of a popular recipe by Mary Emery, first published in August 1996.

PARADISE CAKE

6 ozs shortcrust pastry	1 tablespoon ground almonds
3 ozs margarine	few drops almond essence (optional)
2 tablespoons chopped glace cherries	4 ozs caster sugar
2 tablespoons chopped walnuts (optional)	4 ozs sultanas or mixed dried fruit.
2 tablespoons ground rice	1 egg
	Jam

Line swiss roll tin with pastry, spread jam, cream marg and sugar, beat in egg. Add ground rice and ground almonds, then mix in dried fruit, cherries, walnuts and essence.

Spread mixture on to pastry and bake in a moderate oven (160^o) 30-35 mins, until golden brown.

PARISH MATTERS!

The Parish Council met for a very busy session on 7th January.

Highways. There had been no action on our Highways concerns by the County Council despite promises made to Cllr. Amos that the bottom bend surface would be patched. The Clerk was asked to write to ask again about the wire and steps on Southview and to indicate the loose metal grill on the pavement outside Churchgate on which children can trip.

Verges and The Village Green

Comment was made that verges are beginning to show the strain of winter parking and despite the kerbing of the Village Green, moles and cars have left their mark. However the Council has indicated its continued commitment to examine the process for registering this area as a Green instead of the verge status it has at present. To this end our membership of the Open Spaces Society has been accepted. They help in this process and have published a book on the task. Favourable comments were made about the erection of the Millennium Village Plaque on it as well as the installation of the new seat at the bottom of the village. Thanks were expressed to Ken Bowers, Rai Barnes, and Rupert Gardner for their respective contributions.

Transport

Transport was discussed as a result of the 11 returns to the questionnaire the clerk had received. These varied in suggestions from a daily to occasional service, mentioning both Daventry and Northampton as destinations, and included a proposed village co-ordinator. These are to be passed to Mr Steve Burrows of the DDC. Other concerns raised by the Rail Users Group about the future provision of services at Long Buckby, given the predominance of Virgin demands for the fast line, were indicative of the need for the Council to join this group.

Planning

The Planning application for an extension to the rear of Evergreen was discussed but it was decided no observations were warranted. It was also agreed to offer no comment on the application for transferring the licence for selling alcohol at the Whilton Locks Chandlery. The clerk was asked however to see if the DDC would collect the fly tipped tyres and wheels dumped at the junction of the village and main roads if piled up by a volunteer. Please let me have any information you may have about this anti-social act.

Next Year Plans

Progressing Plans for the coming year were agreed. The Clerk was asked to write to ABB who maintain and install our street lights to ask that the lenses be cleaned, especially that on the Village Green light, and a site visit made to agree where to install a new light between the Village Hall and the bend into Brington Lane. Mr Roy Haynes' offer to continue with his helpers to cut the graveyard grass next season was gratefully received and the clerk was asked to confirm to him that if at certain times his commitments do not allow him to do this during the period the Council would willingly pay for it to be done by a contractor/volunteer. The Council decided it would use some of its 'section 137 allowance' to support the Golden Jubilee Committee's events, but that specific requests for items should be made.

Our insurers have been approached and are expected to issue advice shortly about what additional cover may be required for such events. The Council were appreciative of the efforts being made by our representative Ian Wood and others on behalf of the whole community. Finally the Winter Highways leaflet was distributed and copies displayed on the notice boards. Mrs Bowers was thanked for continuing to monitor the Salt Bin levels.

There were however four significant items that require paragraphs of their own and emphasis to the whole parish community. These are the noise nuisance at the Mill, the coming compilation of a public Register of Councillors' interests, and under use of the parochial trusts for the poor and village allotments.

Noise Nuisance from Whilton Mill

The proposed meeting with the owner and his manager, Norton Parish Council, and the DDC head of Environmental Health was held on Wednesday 23rd January. The DDC have only received three actual complaints despite at least eight people speaking to the Clerk and to Councillors. The proving of a noise nuisance relies on proof that such a noise is preventing a person's rightful enjoyment of their own property. In terms of decibels, 5 extra gives grounds for investigation, 10 suggests action is definitely required. No measures have been made so far. As reported the two visits made so far have not suggested the noise levels would register.

Mr Ashley and his manager explained that they believed the noise came from two stroke engine acceleration used on their monthly grand prix days. These were always the fourth weekend of each month bar December. The same vehicles practised on a Wednesday afternoon. The technology of such engines and therefore their noise level was improving all the time and it should soon be a problem of the past. There were noise levels set by the organization who ran the events and a microphone to catch offenders was above the track. Those caught would be stopped from racing. They also seemed to think and had apparently been told that there were a number in the village not bothered by the noise! This they saw as indicating it was the upset of a few and by implication not to be taken too seriously. They did undertake to talk over the issue with the organizers and to ensure the occasional helicopter event avoided flying over houses repeatedly.

Environmental Health can't keep on coming out at weekends to listen. If action is to be taken then those affected in their homes or gardens need to register this on paper where and when it happens. Some people have told me that it has reached the stage of considering moving away, others of when to invite friends, and a number of spoilt gardening. The message is simple: **IF YOU WANT ACTION THEN YOU MUST WRITE.** To test your concern the Parish Council attaches a form for you to use. If you send it to me I will send it to the DDC and the Mill. In this way we can measure concern and see if any effective action is taken.

OVER TO YOU

Register of Parish Councillor's Interests.

In pursuance of the Government's aim of quality and transparent Councils all members of the Parish Council will be expected to declare in written form any interest in business conducted by the Council through monetary involvement, personal relationships, or property connections, to be compiled in the form of a Register open to the public. Not only will they have to acknowledge these interests as now but will in future not only not participate but will have to leave the meeting while the item is discussed. Failure to do so would lead to appearance before the sub committee of the District Council charged with maintaining these standards. The next meeting will have to adopt a model code of Conduct and bring the register into being.

Parochial Charities:

Reverend David Macpherson and I met on the 20th January to accept the resignation of Frances Drake as the Community Trustee and to accept Anne Gilbert of Langton Cottage as her successor. I am sure the community would like to thank Frances for performing this role for many years and welcome Anne to it.

As the three trustees for the Parish Charities we need to explore very fully all avenues to make use of the funds arising from these former bequests to help the poor of the Parish. As reported to you earlier there have only been three grants in the last ten years. Our recent visit to the Charity Commission indicated to us that we could not pay for debt counseling but could let such counsellors (CAB, Welfare Rights etc) know of our funds for parishioners who approach them. We would be able to widen the area of benefit to other places once we had shown by wide publicity that there were insufficient applicants in the Parish. However this could not be as hoped by some to an area abroad but only to adjacent parishes/towns. Failure to use the funds must result finally in closing the Charity and transferring the £5000 assets to another charity for the benefit of the poor.

We will be exploring all avenues during the coming months and this article should be seen as the first salvo. We will also be looking at whether students having to take out loans may constitute some of the new poor. However we are again inviting your suggestions about who are the poor and how might we assist them. Naturally anyone with a need under this heading is very welcome to contact one of us to discuss it.

AGAIN OVER TO YOU

Village Allotments

At the centre of our village are 7 allotments(up to 14 half allotments). They are on land sold to the District Council for that purpose, and possibly for a Village Hall, of which the Parish Council is the Tenant in Chief on a ten year renewable lease. A half plot has been empty throughout this last growing year. Notice has been received that a well worked and tended whole plot will become vacant at the end of the tenancy year in March. It is in the centre of the other plots. The Council is aware that nine of the remaining eleven half plots are effectively managed by two sprightly but not young enthusiasts. We urgently require now another such enthusiast or two or even three for the vacant plots. It would seem a very backward step to underuse and eventually perhaps lose this facility as organic vegetables/flowers and country life grow in popularity.

Thurs	14th	Mar		<u>Newsletter Deadline</u> Please hand in your contributions by this date otherwise we cannot guarantee they will be included in the next edition.
Tues	26th	Mar	9.10 am	Library van in village

The Whilton Newsletter is published bi-monthly and circulated free to every household within the Parish boundary. The costs are met by the Parish Council. The Editors are:

Derek & Shirley Brown - Cherry Orton, Main Street
Trudy Haynes - The Old Plough, Main Street.
Sara Meadows - Courtyard Barns, Manor Lane

We are always pleased to receive additional contributions from people who do not normally have an input, especially children. Articles of local interest, poems, recipés, puzzles or drawings will always be considered for inclusion in the Newsletter.

It would be most helpful to the Editors if regular contributors to the newsletter would consider submitting their article, if preparing on a PC, via a disk (saved to floppy disk A/drive) or by email (saraspicer@lineone.net). For those who do not have this facility please produce articles as they have done in the past.

Any contributions to the newsletter
by the deadline date, please. to any of the above Editors.

Note the deadline due to school term ending for the early Easter break
