Homeless Point-in-Time Count

The Point-in-Time (PIT) count helps us better understand why people experience homelessness.

Volunteers Needed

WHAT IS THE PIT COUNT?

The Homeless Point-in-Time (PIT) count is an unduplicated count on a single night of people in our community experiencing homelessness. These counts help us plan services and programs to address local needs, measure progress in reducing homelessness, and identify strengths and gaps in the current homeless crisis response system.

HOW CAN I VOLUNTEER?

Volunteers can participate by surveying individuals experiencing homelessness. Volunteers must be 18 years of age, have access to a smart phone or tablet, and attend an in-person or virtual training.

Event Details

Thursday, January 26

Volunteers can participate between Noon to 4 p.m.

Friday, January 27

Volunteers can participate from 8 a.m. - 12 p.m.

Volunteer Duties

- Interview people experiencing homelessness.
- Hand out donations.

Donations Accepted

The following new items can be delivered to donation sites listed on our website through January 23:
