

GOFAMINT HOUSE OF RESTORATION POST COVID 19 CHURCH ATTENDANCE GUIDELINES AND INFORMATION

1 Wear your mask at all times in the building

A mask is required to be worn by everyone when entering the building and throughout the service.

2 A well question

A well check question ("Are you feeling well today?") and temperature will be done on everyone entering the church. If the person is not feeling well or the temperature is elevated they will be asked to please return home and join our online streaming service via Youtube or Facebook

3 A signed liability waiver.

A signed liability waiver is required of all leaders, members, guests and speakers. Refusal to sign will result in the person being unable to attend the physical live service. They will instead be asked to please return home and join us via the online streaming service

4 Physical/Social Distancing

Social/Physical distancing of 6 feet is required at all times. Seating in the church and multi-viewing areas will reflect this.

5 Silent Praise and Worship

Congregational praise and worship will be silent and meditative. Only onstage singing will be allowed. As singing requires forceful exhalation this will help to prevent the spread of droplets.

6 Church facility Disinfected

The church facility will be disinfected and sanitized before and frequently during service. Hand sanitizer is readily available in strategic areas around the church.

7 Church attendance is voluntary

Live physical congregational church attendance is entirely voluntary due to the new normal. If any member still has concerns or is uncomfortable showing up physically in church they are permitted to stay away from the physical gathering. Anyone who is immune compromised or has underlying health issues are also recommended to stay away from the church physical gathering. Instead you should please join our online streaming service.

8 Elderly and Children stay home

The standard as of now is that elderly 65 years or older and children members should join us ONLY online. (Children are those under the age of 12)

9 Sick People Sent Home

During the service anyone found to be excessively sneezing, coughing or exhibiting upper respiratory symptoms will be asked to return home and join our online streaming service.

10 Sunday Only Physical Service

Our congregational church service shall be limited to Sunday only for now. Our Wednesday church in the neighborhood and Friday prophetic and Bible study services will be held online.

11 Operation no touching

Please let us avoid touching, handshaking, hugging and congregating in groups after service, so we don't outgrow our grace

Thank you so much for adjusting and adhering to this present realities instructions.

Pastor Ebenezer Ikenebomeh,

For GOFAMINT, House of Restoration Board.
