**HERE'S WHAT OUR EDUCATORS HAD TO SAY:**

Mr. Goodman is magic. He makes books come alive with his magic tricks and his humor. His engagement with his audience from K-5 has magnetism. I would highly recommend Gary Goodman's "Reading is Magic!" to be added to your school's assembly schedule to promote reading in your school!

**Carol Goode, Principal-Del Prado Elementary**

"Reading is Magic!" was purely magical. It clearly delivered the message that reading is fun and very important. Your show was extremely professional and of the highest quality. The teachers said, "He was great, bring him back."

**Miriam Mirchandani, PTO Cultural Program Coordinator-American Heritage School**

Your consistent and positive message to our students about the importance of reading reinforced the message that students hear everyday in school in a way that they are sure to remember. I would recommend the "Reading is Magic!" show to any school interested in an event that combines entertainment with a strong educational purpose.
