

12/1/22

By now you should have received the letter from McMinn Clinic announcing our upcoming closure due to the retirement of Dr. McMinn. If you have not received the letter, you may view it online at McMinnClinic.com. Our last day of seeing patients will be 12/22/2022.

The letter explains the process for getting medical records, and it also explains an option for follow-up medical care at MedHelp. However, MedHelp does not have a Suboxone provider. Therefore, Suboxone patients will need to find care elsewhere. You are welcome to find care anywhere you wish. However, here are two options for that you may want to consider. We have personally spoken with these two clinics, and they have agreed to see our patients.

\* The Parkway Medical Center (tel:205-815-5000). The two doctors there to ask for are Dr. Adam Robertson on Thursday, and Dr. Lindy Harrell on Tuesday.

\* Applegate Recovery, formerly known as the Fritz Clinic. They have 6 locations, including one in Birmingham. The phone number is 205-877-8585.

When you call either of these clinics, please let them know that you are a McMinn clinic patient. As the official letter explains, if you need medical records sent, then please contact McMinn Clinic before 12/22/2022 at 205-868-1313, or contact MedHelp after 1/1/2023 at 205- 208-7646.

Also, most Suboxone clinics do not write prescriptions for other meds. Therefore if you are on other medications and you have been getting these prescriptions from McMinn Clinic, then you may need to find another provider, such as a primary care doctor, in order to get prescriptions for these medications. The official letter from our clinic, mentioned above, explains your options for following-up at MedHelp.

We thank you for coming to McMinn Clinic. It has been an honor to serve you, and we sincerely hope that we have been able to help you in some way.

We wish you all the best. Take care and be well.

Dr. Renee and Dr. McMinn
