

KRISTIN BLATCHFORD

Technical Director and Scenic Designer

480-233-5119
knblatchford@gmail.com

Objective

I seek employment in a place where mutually beneficial transactions are found attractive. Meaning, a place where my well honed and multifaceted skills can be an aide to a project's needs. Together, those who employ myself and I can become better artists and technicians with each endeavor. The final product is a win-win if you ask me, or a reference, of course.
