## Multicultural Morning Speakers Needed

Brodhead Middle School will be hosting guest speakers for Multicultural Morning on Wednesday, May 18. If you have traveled beyond the USA and can share a 30-minute presentation of your experiences, please contact Stephanie Tresemer. Whatever the reason for your travels: mission trip, work, military, business, pleasure, etc., we would like to know about the landscape and culture of the area. Seventh-grade students will be divided into small groups to listen and learn from photography, souvenirs, and memories that chronicle travels abroad. They have the flexibility of scheduling speakers for 30-minute sessions beginning at 8:10 until 11:40 a.m., and they hope guests are available to speak for more than one session.

Please respond to Stephanie Tresemer at ([stresemer@brodhead.k12.wi.us](mailto:stresemer@brodhead.k12.wi.us)) by Friday, May 13, to be added to the morning's travel itinerary.

## OBITUARY

## Betty June Earleywine

Betty June Earleywine, age 90, Brodhead, passed away while at her home on May 6, 2022.

Betty was born on June 4, 1931 in Edgerton, Wisconsin, the daughter of Ernest and Clara (Wachlin) Atlessey. Betty graduated from Edgerton High School in 1949 and met her husband Gerald while attending UW Madison. They were married on February 17, 1951 in Edgerton, and they lived in the Brodhead area where she and Gerald were dairy farmers until their retirement.

Betty was an EverReady Home-makers Club member, a dedicated founding member of the Brodhead Historical Society and also served as a curator, a 10 year member of the Clogging Grandmas and a member of the United Methodist Church in Brodhead since 1951. Betty enjoyed gardening, baking and playing cards, but most of all she enjoyed spending time with her family, especially attending all of her grandchildren's events over the years.

Betty is survived by her four sons: Jim (Linda), Steve (Kathy), Gary (Mindy), and Tom (Dee); nine grandchildren; 15 great grandchildren; one twin sister, Bev Johnston and several nieces, nephews and other relatives and friends.

Betty was preceded in death by her parents, her husband, Gerald in 2016 and three siblings: Norm, Bob and Doris (infant).

In lieu of flowers, memorials can be directed to the family in her memory.

Memorial services will be held at the United Methodist Church in Brodhead, 501 1st Center Avenue in Brodhead on Saturday, May 14, at 11 a.m. A visitation will also be held at the church from 9 a.m. until the time of services.

The DL Newcomer Funeral Home in Brodhead is assisting the family. Online condolences can be made at www.dlnewcomerfuneralhome.com.

## Teacher Appreciation Week

**By Corrine Hendrickson, GCCCN Secretary**

The week of May 2-6 was Teacher Appreciation Week and the Green County Child Care Network (GCCCN) would like to recognize and thank the teachers who care for and educate their students from the day they are enrolled in early care and education (as early as two weeks because there we are one of only seven countries in the world with zero guaranteed paid family medical leave) through the college years. It may seem odd to include the words "care for" when talking about what teachers do, but humans of all ages need positive relationships to feel safe and trust others. When you don't feel safe, your brain is in flight, fight, or freeze mode, and it cannot make the necessary connections to take in information and process it-a requirement for learning.

As we are learning more about Adverse Childhood Experiences (examples are poverty, abuse, malnutrition, and homelessness) and ameliorating the effects, we are learning that it only takes one caring adult relationship to start repairing the damage. For young children, this is frequently a child's teacher since children spend multiple hours per day with that person. Currently, early childhood education programs have extremely high turnover (40% per year) and even the k-12 system has seen an exodus of teachers over the last few years. This high rate of turnover is impacting the quality of education. The lack of respect and nonprofessional treatment of educators at all levels is a significant contributing factor. Turnover is especially high in childcare because of the low wages and lack of benefits. Average wage is \$10.66, \$7.42 for family child care, an hour-bottom four-percent of all jobs. This, in turn, affects children's ability to thrive. The reason wages are low is because childcare businesses cannot charge the true cost of care and remain affordable for working parents. Parents already pay 13-24% of income per child. Seven percent is the affordable amount calculated by economists. Green County average monthly tuition at family childcare programs is \$675 for infants and \$913 for group centers. However, Department and Children and Families has calculated the true cost at \$1,800 a month. The approximate \$1,000 loss comes out of wages since the high cost of food, insurance, building, utilities, taxes, vehicles, and maintenance gets prioritized before wages are calculated.

In conclusion, this year, we are asking you to reflect on the teachers you, or your children, have had and how they impacted the trajectory of your life and take a few minutes to write or call your elected representatives, share that story, and ask them to invest in child care, k-12, and secondary schools so that we have thriving communities for everyone.

## NAMI Green County Advocates for Better Access to Mental Health Care

### “Coming Together for Mental Health”

Over the last two years, the collective distress of the pandemic has shed light on the importance of mental health as an essential part of overall health. This May, for Mental Health Awareness Month, NAMI Green County, the local affiliate of NAMI, the National Alliance on Mental Illness, is raising awareness and advocating for improved access to affordable, quality mental health care for everyone. More than ever, mental health cannot be ignored.

By coming Together for Mental Health, we can amplify our message from a few voices to a harmonious chorus of advocates emphasizing the need for adequate mental health care funding, access to quality care and effective mental health crisis response in all communities. NAMI believes that accessing mental health care and treatment should be as easy as going to the doctor for a broken arm.

As the mental health impact of the pandemic continues and affects more people, we have an opportunity to meet people where they are with systematic changes that reimagine crisis response systems to provide help. On July 16, the new 988 mental health and suicide crisis number will launch nationwide. NAMI is working tirelessly at the local, state and federal levels, and calling for adequate funding for crisis response teams and services in every community. The goal is to provide a mental health response for a mental health crisis that treats people with dignity and respect.

NAMI Green County knows that getting help during a crisis can save lives—and so can getting care before reaching a crisis point. We support a coordinated care approach that combines physical and mental health care services to identify symptoms earlier and connect people with care. Together, we can help create a mental health support system that doesn't leave anyone

behind and provides access to the right support at the right time.

Over the last two years, NAMI Green County has provided continuous support both virtually and in-person as our community endures grief, trauma, uncertainty and isolation,” said Frank Mixdorf, President. “We will continue as long as necessary to meet people where they are with resources and support groups to get through these challenging times. By joining Together for Mental Health, we can build better communities where no one feels

alone in their struggle.”

Especially during difficult times, the NAMI community is here to help you. NAMI Green County will be hosting an Open House during Mental Health Awareness Month featuring outside activities and self-care stations on Saturday, May 21, from 11 a.m. until 2 p.m. near downtown Monroe at the Chamber of Commerce Building located at 1505 9th Street.

Check out their website at nami-greencounty.org along with our Facebook page.

**Identifying the Unknown**

The Wild Ones Rock River Valley Chapter will present Identifying the Unknown: Practical Tips to Help You Identify Trees and other Woody Plants on Thursday, May 19 at 7 p.m. via Zoom.

It's a Bird Cherry... it's a Plane Tree... it's a Super Maple! We have all encountered unfamiliar plants before. Our curiosity leads us to learn more about them. This presentation will help with the first step, identification. We will start by highlighting several botanical features used to identify trees and shrubs. Then, we will introduce some woody plant identification resources that are available for both beginners and experts. Travis Cleveland is an Extension Specialist within the Department of Crop Sciences at the University of Illinois. His primary responsibilities include conducting certification training programs, developing training materials, and revising publications for the University of Illinois Pesticide Safety Education Program. He provides subject matter expertise in landscape horticulture, woody plants, and plant pathology.

This presentation will be presented via Zoom. Information on how to connect to the Zoom presentation will be posted on the Chapter website

## May Chapter Meeting— Wisconsin Farmers Union, South Central Chapter

Submitted by Matt Sheaffer, Chapter

The May Chapter meeting will be held Thursday, May 19, from 5-7:30 p.m. at Hop Garden, 6889 Canal Street, Belleville, Wisconsin. The subject will be Agricultural Tourism: What's Possible on the Farm.

Agricultural Tourism: What's Possible will help you explore possibilities for additional on-farm income from activities on your land. Green County has just passed new zoning codes that allow for many new income streams from on-farm sales to events and more. The expert panel will include Sheila Everhart, Acting Executive Director of Wisconsin Agricultural Tourism Association who will give an overview at the state level of what various counties are up to while Green County Supervisor and Zoning Committee member Sue Nelson will review the changes in Green County's codes that impact Agricultural Tourism and our economic development.

Host Rich and Michele Joseph are leaders in the Agricultural Tourism movement in South Central Wisconsin. They grow a variety of hops and vegetables on their 20-acre farm. To monetize their crops they founded Hops Garden Tap Room in Paoli, WI where they pour a nice variety of beers and use their produce at their Molina Taqueria also in Paoli. They will talk about their journey through various county zoning obstacles that they have overcome and those that still need to be overcome.

Hops Garden will be providing their farm-to-table food and beverages for a \$5 donation. Meeting open to members and nonmembers alike!

Please contact the chapter at wfusouthcentral@gmail.com with any questions.

At approximately 10:32 a.m., Friday, deputies responded to the intersection of County Highway F and Purinton Road, Town of Mt Pleasant, for a semi versus car accident. Investigations found that a semi tractor trailer unit operated by Robert E. Edler, 65, of Juda, reported being westbound on County Highway F. Edler's semi tractor trailer unit crossed the center line while negotiating a curve in the roadway. While negotiating this curve Edler's semi tractor trailer unit struck an SUV operated by Jordyn K. Venden, 23, of Brodhead, who was eastbound. Both Edler and Venden reported no injuries and both reported wearing their seat belts. Edler's semi tractor trailer unit's airbags did not deploy. Venden's vehicles airbags did deploy. Both units sustained disabling damages and were towed from the scene. Edler was cited for operating left of center and released with a court date.

At approximately 2:22 p.m., Friday, deputies responded to the probation and parole office to take custody of Jeremy L. Hartwig, 34, of Albany. Hartwig was incarcerated at the Green County Jail.

At approximately 8:29 a.m., Saturday, deputies responded to the W400 block of State Highway 59, Town of Albany, for a truck vs tractor. Investigation determined the tractor, operated by Joseph J. Reilly, 36, of Albany, was eastbound on State Highway 59 and had signaled pulling into a field drive on the north side of the roadway. Another eastbound vehicle operated by Shayne A. Hudson, 52, of Monroe, was behind the tractor and attempted to pass on the left, striking the manure spreader the tractor was towing. Reilly reported no injuries and damages to the manure spreader. Living with a disability, living in an aging body, living with mental health struggles: all require Tough Talks not easy, but necessary. This is a monthly series to help learn how to work on many tasks including legal issues, financial issues, health issues, mental health issues and emotional issues; sometimes all of those at once.

**Session 2 TOPIC: Getting Old is not for the Faint of Heart**

This Mae West quote says a lot. High blood pressure, high blood sugar, knee pain, back pain, stiff aching fingers, sensitive stomach and so many more. Join us as we discuss the struggles of aging and how these aches and pains can affect our mood; being mad and sad both make sense. Are these the Golden Years or the Rusty Years?

**Congratulations to BHS StuCo April Staff Spotlight Nominees**

BHS StuCo April Staff Spotlight Nominees: Ann Anderson, Bre Bradt, and Jeanne Vogel!

Jarod Williams of DL Newcomer Funeral Home in Brodhead presented Mary Mason with a donation to the Southern Wisconsin Canine Therapy Association.

The staff in C1 (Mrs. Jeanne, Ms. Bre, and Mrs. Anderson) is a well-oiled machine. Each member works diligently to ensure a safe, positive learning environment for students with diverse needs. They have to be “on their toes” at all times. The C1

staff members are champions for their students—they see the possible where many others see the impossible. Their students thrive under their guidance and support. Brodhead High School is extremely fortunate to have these three on our team!
