Enter your quilt in the 2024 Great Wisconsin Quilt Show contest

There is still time to enter the 10-category juried and judged 2024 Great Wisconsin Quilt Show Quilt Contest. Quilters are invited to enter up to four quilts in the contest, which awards cash prizes for best of show, first-, second- and third-place honors in each of the 10 categories, and a viewers' choice award, selected from the entries by Quilt Show attendees. Quilt Contest entries must be submitted by Sunday, June 30.

Visit quiltshow.com for complete contest details and entry deadlines.

Entries are also being accepted for the Kids' Quilt Challenge and a themed quilt challenge. This year's themed challenge—"Black and White + One"—asks if limitations foster creativity. All quilts must be made from fabrics in black, white, plus one additional color.

Now in its 20th year, the annual Great Wisconsin Quilt Show welcomes quilters from across Wisconsin and throughout the United States to the Alliant Energy Center in Madison September 5-7 to celebrate quilting.

The Great Wisconsin Quilt Show also includes dozens of educational lectures and workshops led by expert quilters; shopping opportunities from trusted vendors, featuring the latest fabrics and notions; and a community service project—Quilt to Give—in which attendees donate their materials and skills to create quilts for those in need.

The Great Wisconsin Quilt Show is presented by PBS Wisconsin and Nancy Zieman Productions. Proceeds from The Great Wisconsin Quilt Show support PBS Wisconsin programs and community outreach projects.

BHS students take CNA course

Many of our Brodhead High School students took the CNA course this spring semester. The students took the course through Blackhawk Technical College and the students earn college credits for the course. The class is a hybrid class, which means some coursework is done online and lab/clinical is done in person. The lab time was spent on campus in the lab/classroom setting and the clinical time was spent at SSM Monroe Clinic Hospital. Lab time was held in the morning at 7 a.m. and the students had to be up bright and early for clinical time starting at 5:45 a.m. in the morning! The instructor is Laura Powers, BSN; RN. She is a Blackhawk Technical College adjunct and the Brodhead School District Nurse. Brodhead High School had seven seniors and one junior take the CNA class this year. Classes were taught at Brodhead High School campus.

While in the lab the students practice a variety of different skills such as proper hand washing, infection control, proper body mechanics, range of motion exercises, donning and doffing personal protective equipment, taking vital signs, recording intake and output, bed making an occupied and unoccupied bed, positioning and/or transferring a patient, brushing teeth, and bathing, feeding and dressing a patient. They also learn the importance of having compassion and empathy for their patients. CNAs do a variety of skills while caring for patients and are an essential part of the healthcare team. CNAs not only provide physical care but also emotional and spiritual support, truly making a difference in the lives of patients and families. CNAs are a vital part of the healthcare team.

Brodhead Softball Returns to Goodman Diamond

By Teresa Earleywine

Sectional semifinal—Brodhead baseball had references for being the “Cardiac Cards” with numerous, dramatic, victories during their season. It became evident at Tuesday’s semi-sectional final against the Poynette Pumas, that the “Cardiac Cards” title was transferred to Cardinal softball. With their first at bat, Jaelynn Hilliard hit a ground ball and with an error from the Puma’s, she reached first base. With an infield hit from Ava Risum, Hilliard advanced to second. With two outs, fourth in the lineup is freshman Leah Rear. She connected a hard ground ball, Hilliard scores and Rear advanced to second. But, Poynette is able to retire the side. At bat for Poynette, top-of-the-4th, Addison Mackey hits a pop fly to center field to make it all the way to third base. Emma Gavinski is next at bat and with her single, Mackey scores to tie the game. With Risum in the circle for Brodhead working her magic to take care of business, she strikes out the next batter but the Pumas have runners on second and third. Tatum Ceslok, playing first base catches an infield pop up for the second out. Risum gets the third out from the mound. It was a contest from the pitcher’s mound with both Risum and Cassidy McCaffery, Poynette, giving it their all. McCaffery struck out six, allowed nine hits and committed two errors while Risum struck out 10, had no errors and limited hits to two. Neither pitcher had any walks. In the bottom of the seventh, score remains knotted at one apiece. Keegan Steinke singles. Karli Krumwiede battles at the plate; foul, foul, foul, foul, ball one, foul, ball two, strike three looking for the Cardinals first out. Batting at top-of-the-order, Sophia Leitzen, batting average 0.494 and leader of RBIs, has a 1–1 count, with the next pitch she nails the ball sending it over the center field fence for a walk off, two-run homer. The “Cardiac Lady Cards” win a 3–1 thriller and move on to the sectional final.

Sectional final—Going head-to-head against the #5 seed of Adams Friendship, who had taken down #4 Dodgeville, #1 Prairie du Chien and #2 River Valley, Coach Steve Krupke knew the Green Devils would love to pull off the upset in the final played at River Valley. Risum was dominant from the mound striking out 17, no walks, no errors and just four hits. Riley Weaver, sophomore, pitched for AF, striking out six, had five walks, two errors and four hits. Brodhead’s first score would come in the second. Allie Dahl who was on second after Jerrica Schwartz hit a sacrifice fly, followed by a Steinke pop fly who reaches on error to second and Dahl scores. Coach K’s crew would score in the second with Leitzen stealing second and then advancing to third followed by Hilliard hitting a single. Rear would then bat and ground out to the first baseman but is credited with an RBI for Leitzen to give Brodhead a 2–0 lead. It would be the fifth inning where the Cardinals put the game out of reach for the Green Devils scoring six runs while batting through the entire lineup and then some. Hilliard was 2-for-4 at the plate and both Rear and Kloepping are credited with two RBIs.

State semifinal game at Goodman Diamond, Madison will be played at noon. Admission is \$11/person and tickets can be purchased online at <https://gofan.co/app/school/WIAAWI?activity=Softball> Goodman Diamond is a cashless venue for concessions. The state final game will be played Saturday at 1 p.m. at Goodman Diamond. Listen to the semifinal game on Big FM 93.7.

Monroe Theatre Guild Presents Disney Descendants, the Musical this June

A contemporary new musical featuring the children of Disney's heroes and villains.

The Monroe Theatre Guild is proud to announce Disney Descendants, the Musical is coming to the MTG Colony Brands Stage with six performances over two weekends in June as a part of the Colony Brands performance series. Based on the popular Disney Channel Original Movies, Disney's Descendants: The Musical is a brand-new musical jam-packed with comedy, adventure, Disney characters, and hit songs from the films!

Twenty years after Belle and Beast marry and become king and queen, they establish the United States of Auradon, a prosperous new nation. The wicked Disney villains have been banished to the Isle of the Lost where their evil magic does not work. Their teenage children have never ventured off the island and have been raised to be as evil and devious as their parents.

radon, alongside the children of beloved Disney heroes, they have difficult choices to make. As these sons and daughters of evil meet the children of goodness, the story incorporates empowering themes about self-confidence, finding the beauty within, freedom of choice, personal responsibility, teamwork, justice and empathy.

A magical cast of forty talented local actors from young to not-so-young, will cast their spell on audiences over two weekends. Friday, June 21 and Saturday, June 22 at 7 p.m., Sunday, June 23 at 2 p.m., and Friday, June 28 and Saturday,

Day Without Child Care

By Corrine Hendrickson

On Monday, May 13, around 100 community members and elected officials gathered to learn and talk about child care as a critical part of our infrastructure in order to have thriving communities now and in the future.

Olivia Otte, Green County Development Corporation Executive Director, Theresa Keehn, United Way of Green County Executive Director, Wisconsin Economic Development Corporation Deputy Secretary and COO, Sam Ridders, kicked off the event speaking out about the partnerships they have with the Green County Child Care Network members to create and allocate grants that truly meet the needs of the child care businesses in our county. These grants ensure that employers in our community have more available employees and ensure our children are better prepared for life. The speakers talked about the grants following successes: opening more regulated programs, increased quality as over 70 child care professionals earned 1500 professional development hours that emphasized the social emotional development and inclusion of all children, seven more programs that accept Wisconsin Shares subsidy for lower income families. The latest round of WEDC grants with a match from the Only in Wisconsin Giving is ameliorating radon, capital improvements, bonuses for completions of credentials and degrees, and maintaining or improving quality. Only in Wisconsin also awarded GCCCN \$15,000 for professional development last week. Shawn Phetteplace from Main Street Alliance spoke about small businesses taking leadership roles in advocating for investments and that they are supporting and encouraging small business owners to run for local office.

Following the economic piece were State Superintendent Dr. Jill Underly and Heather DuBois Bourenane, Wisconsin Public Education Network, who both talked about how child care is vital for a healthy public k-12 system. One of the main reasons teachers consistently give for why they leave teaching is lack of child care for their own children. Furthermore, our child care programs care for and educate our youngest, ensuring they have caring nurturing educational environments that lays the necessary social, emotional, and pre-academic skills necessary to lower remedial and special education costs to our school system.

Jeff Pertl, Deputy Secretary of Department of Children and Families spoke about the Evers Administration's emphasis on "what's best for kids is what's best for our state," and the importance of ensuring the educators who care for and educate the children in their programs need to be paid a living wage to attract and retain high quality staff, but not outprice the parents ability to pay.

Other speakers were: Secretary of State Sarah Godlewski who mentioned child care as imperative for her to have done her work as Treasurer and now Secretary and the critical role it plays in all our society's ability to function. Sue Nelson who shared her story of how this is not a new issue and continues to impact our communities, and how as a Green County Supervisor she supported GCDC's work. Rep. Jacobson who talked about her own children and the state's legislative body's inaction and Republican party's consistent unanimous votes against continuing to fund Child Care Counts, and how she is working to ensure that the next budget includes investment. Sarah Kazell, child care professional, talked about her inability to get health care, low wages, and necessity of working multiple jobs to make ends meet, but also that she refuses to believe that it is her fault and be embarrassed, but, instead it is society's fault for allowing the government's inaction. That we must all come together to advocate for thriving wages, a just and equitable system for every child and family to access the care they want and need at an affordable price.

May was National Treatment Court Month

By Judge Faun M. Phillipson

Green County's Adult Drug Court was established in 2017. The program has since expanded to accept clients with alcohol-related offenses, and is now known as Green County Adult Hybrid Treatment Court (or "Treatment Court," for short). The target population includes adult residents of Green County with substance abuse issues related to their criminal charges.

Participation in the program is voluntary, and the responsibilities and obligations of the participants are substantial. Each participant is referred to the Treatment Court Coordinator and is assigned a Department of Corrections agent for case planning and monitoring accountability. The Green County Treatment Court is a highly-structured program with five phases. Each phase consists of specific requirements for transition into the next phase. The components of each phase include judicial interaction, supervision, AODA and mental health counseling, case management, individual and group counseling, homework, drug and alcohol testing, and community service.

The goal is to enhance public safety by reducing repeat drug and alcohol-related offenses through evidence-based treatment, counseling and services, combined with requirements of legal accountability and pro-social community involvement.

Treatment Court is held every Wednesday at the Green County Justice Center, in the Branch 1 Courtroom from 9:30–10:30 a.m. The Treatment Court team consists of the Green County Human Services AODA Supervisor, Treatment Court Coordinator, AODA Counselors, Recovery Coaches, Department of Corrections—Probation and Parole, Monroe Police Department, Green County Sheriff's Office, Treatment Court Judge, and counsel from both the Office of the State Public Defender and District Attorney's Office, as well as a liaison from Lafayette County's Human Services Department.

Rep. Jacobson
Receives
Dairy
Business
Association
2023-2024
Legislative
Excellence
Award

Representative Jacobson (D-Oregon) is excited to announce that they have received a Legislative Excellence Award from the Dairy Business Association. Rep. Jacobson released the following statement:

"I am grateful for the work the Dairy Business Association does to highlight the needs of Wisconsin's Dairy Farmers and Wisconsin's commitment to sustainable agriculture. I am honored to receive this award. Together, we have supported many bipartisan pieces of legislation that include: creating a tax incentive for beginning farmers (AB 1124), increasing funding for agricultural road improvements (AB 244), creating a managed grazing program (AB 655), and expanding the Farmland Preservation Program (AB 133).

"Wisconsin's strong agricultural heritage shows how important our family farms are to us, which is why I've made it a priority to support farmers across our state. Partnering with farmers to work together on issues like safe drinking water, sustainable agriculture, and growing our next generation of farmers benefits everyone.

"I look forward to continuing to work with the Dairy Business Association, as well as other agriculture and environmentally-focused groups to continue to grow possibilities as we move Wisconsin forward."
