## Travel back in time

Let’s travel back in time to ancient Wisconsin and see what it was like 450 million years ago when the state was covered by a shallow, tropical sea.

What did the sea creatures look like? The University of Wisconsin Geology Museum staff will present fossils, rocks, and photos of the fascinating creatures on Tuesday, June 21st at 1 p.m. at the Brodhead High School. This Summer Library Program has moved to the high school to provide families additional space in the auditoria.

The geology Museum is located in the Weeks’ Hall at the University of Wisconsin—Madison. The collection focuses upon minerals, invertebrates, rocks and vertebrates and fish fossils. While exploring the site, visitors can touch rocks from a time when there were volcanoes in Wisconsin, see extinct creatures (specimen), and imagine if they were walking in the ice age. The biggest highlight is the Boaz mastodon skeleton, which was found in the 19th century. The collection inspires and engages visitors of every age, and the best part is that it is free.

## June Chapter Meeting—Wisconsin Farmers Union, South Central Chapter

Submitted by Matt Sheaffer, Chapter VP

The June Chapter meeting will be held on Thursday, June 23, from 5-7:30 p.m. at Plowshares and Prairie Farm, 5532 County Road G, Argyle.

The subject will be Agriculture and Rural Resilience are Vital to Meeting our Water and Climate Challenges. The speakers will be: Scott Leaser, Clean Water Wisconsin, Joe Bonnell, UW Extension Natural Resources Institute and Michael Tiboris, River Alliance of Wisconsin

Water has been an important topic across Wisconsin for many years but legislative efforts to protect and clean-up our water resources have been limited at best. Climate change will only exacerbate our water challenges and efforts to address them, but working in concert to address climate change and protect our water resources can and must diversify and strengthen rural communities and agricultural systems. Join them for a farm tour of Plowshares and Prairie Farm from 5-5:30 p.m. to see the innovative ways the host Scott Leaser has put his knowledge to work on his farm. Social time: 5:30-6 p.m. Panel Discussion 6-7 p.m. Snacks and beverages will be served. Please contact the chapter at [wfusouthcentral@gmail.com](mailto:wfusouthcentral@gmail.com) with any questions.

## Quilts being sought for 2021-22 Great Wisconsin Quilt Show contest

There is still time to enter the 10-category juried and judged 2021-22 Great Wisconsin Quilt Show Quilt Contest. Quilters are invited to enter up to four quilts in the contest, which awards cash prizes for best of show, first-, second- and third-place honors in each of the 10 categories, and a viewers' choice award, selected from the entries by Quilt Show attendees. Quilt Contest entries must be submitted by Thursday, June 30. Learn how to enter the contest at [quiltshow.com](http://quiltshow.com).

For the first time in three years, The Great Wisconsin Quilt Show will return to the Alliant Energy Center in Madison, Wisconsin as an in-person event, welcoming quilters from across Wisconsin and throughout the United States to join together and share their love for quilting. It will be held September 8-10.

In response to the COVID-19 pandemic, the event quickly pivoted to an online experience for the 2020 and 2021 shows. The 2021 Quilt Contest was put on hold until this year to allow for more entries to be exhibited in person.

Event organizers will continue to monitor updates from health officials regarding COVID-19 safety guidelines and will share the latest information about their protocols at [quiltshow.com](http://quiltshow.com).

Entries are also being sought for the Kids' Quilt Challenge and a themed quilt challenge. This year's theme—"Celebrating 40 Years of Sewing With Nancy"—honors television's most beloved sewing instructor, the late Nancy Zieman, who was also a co-founder of The Great Wisconsin Quilt Show. Quilts from these challenges will be exhibited at the event.

To punctuate the buzz of returning in person, one of this year's special quilt exhibits is "Uncovered: The Ken Burns Collection," featuring 26 historic quilts from the private collection of the documentary filmmaker. Don't miss your chance to explore this beautiful exhibit, which celebrates quilting as part of our identity.

The Great Wisconsin Quilt Show also includes dozens of educational lectures and workshops led by expert quilters; shopping opportunities from trusted vendors, featuring the latest fabrics and notions; and a community service project—Quilt to Give—in which attendees donate their materials and skills to create quilts for those in need.

Visit [quiltshow.com](http://quiltshow.com) for complete contest details and entry deadlines.

The Great Wisconsin Quilt Show is presented by PBS Wisconsin and Nancy Zieman Productions. Proceeds from The Great Wisconsin Quilt Show support PBS Wisconsin programs and community outreach projects.

## Historical Society Receives Darlington Area Community Fund Grant

The Lafayette County Historical Society collects and preserves documents and artifacts of Lafayette County history, and shares these with the public free of charge by operating two historic properties as museums and research facilities. They are located in Darlington, across the street from the county courthouse and facing the Veterans Park.

The main Museum and archives are housed in a building that was constructed in 1905 as the Darlington Carnegie Free Library. This year the building was listed on the State and National Registers of Historic Places. Visitors come from all over the county to see the largely unchanged library building—an excellent example of its period and type of architecture. The Historical Society owns and maintains the building. As a non-profit organization, large-scale preservation projects often exceed the annual operating budget. When they realized the exterior brickwork was in need of spot tuck pointing to protect the building from damage by water intrusion, they knew financial help would be needed as well.

The society is grateful to the Darlington Area Community fund for a grant towards the cost of the tuck-pointing. Their project entitled "Historic Preservation of the "Old Library," was awarded \$2,000 which will cover much (but not all) of the cost. Additional donations would be gratefully accepted and can be sent to the Historical Society at 525 Main St., Darlington, WI 53530. For more information on the Lafayette County Historical Society call 608-776-8340, visit the Museum, or like their Facebook Page.

This is the second time in recent years that the Darlington Area Community Fund has aided preservation work of the Historical Society since they provided funds to help paint the Darlington Train Depot Building in 2021. The fund is part of The Community Foundation of Southern Wisconsin—a resource for area nonprofit organizations whose programs and services are working for the betterment of our communities. Grants from the Darlington Area Community Fund have supported the arts, education, environment, health and human services and historic preservation.

For more information on how you can support your community through the Community Foundation, contact Linda Gebhardt a 608-758-0883, ext. 7007, email at [Linda@cfsw.org](mailto:Linda@cfsw.org) or visit their website at [www.cfsw.org](http://www.cfsw.org).

POLICE

Green County Sheriff's Department  
May 23-29, 2022

At approximately 8:52 p.m., Monday, deputies responded to the W2300 block of County Highway EE, Town of Albany, for a report of disorderly conduct. Investigations resulted in Mark H. McCoy, 52, of Albany, being arrested for disorderly conduct, false imprisonment, and a probation hold issued through the Department of Corrections. McCoy was incarcerated at the Green County Jail pending court.

May 30-June 5, 2022

A Green County Sheriff's Office deputy was injured and a Ford Explorer patrol vehicle sustained significant damage during a pursuit early Tuesday morning. At about 12:29 a.m. on Tuesday, May 31, a citizen reported that a vehicle was traveling at excessive speeds and operating in a reckless manner on CTH EE between Albany and Monticello. A deputy located a dark colored Chevrolet Camaro operating at excessive speeds nearby on CTH X. The vehicle fled when the deputy activated his lights and siren and a pursuit occurred on several town roads and county trunk highways in the area. The pursuit was terminated in the vicinity of STH 59 and CTH FF when the deputy lost sight of the fleeing vehicle. About five minutes later, the deputy again encountered the vehicle on CTH OK near STH 11/81. A second pursuit occurred, and the vehicle fled on multiple roads in Spring Grove and Jefferson Townships. As the deputy rounded a curve at the intersection of CTH K and Union Road, the patrol vehicle left the roadway, entered a ditch and collided with a fence and a tree and the suspect vehicle fled the scene. The patrol vehicle sustained disabling front-end damage and the airbags deployed. The deputy was wearing a safety belt and harness and was treated at the scene by Juda First Response and Green County EMS. He was later examined and released from The Monroe Clinic Hospital and is expected to return to duty in the next couple of days. The Monroe Police Department investigated the crash. The deputy is identified as Adam J. Bass, an 11-year veteran of the Green County Sheriff's Office. Anyone with information that can assist in identifying the owner and driver of the dark colored Chevrolet Camaro involved is encouraged to contact the Green County Sheriff's Office at 608-328-9401 or Green County Crime Stoppers at 800-422-7463.

At approximately 3:38 p.m., Tuesday, deputies responded to the N1100 block of County Highway G, Town of Spring Grove, for a report of a single vehicle accident. The driver, Kristine R. Osborn, 72, of Brodhead, advised while driving on County Highway G, her vehicle experienced a mechanical failure causing her to lose control. Osborn entered the east ditch where her vehicle struck a utility pole. Osborn reported no injuries and reported wearing her seat

belt. Osborn's vehicle sustained disabling damage and was towed from the scene.
