Cardinals 5-for-5 Wins

By Teresa Earleywine

On the road this week to River Valley near Spring Green, the Cardinals helped the Blackhawks with their inaugural game on their new artificial turf field. Late in the first quarter Isaac Saunders caught a 13yard pass from Gabe Bockhop to get across the goal line for the first score of the night. Brodhead defense continued the physicality that they are being known to demonstrate. Bockhop threw a short pass to Gunner Boegli who exploded to the outside line on a screen play for a huge gain. Short time later, Blake Matthys out ran the Blackhawks for a diving endzone touchdown. RV managed to put several offensive plays together and were moving the ball down the field getting inside the BJ 20-yard line but they turned the ball over on downs at the 26-yard line. With just over five minutes on the clock the Cardinals went to a combination of ground and air to move down the field. Bockhop handed off to Aidyn Vondra who followed his blockers who gave him an opening that he motored right through to take it to the 37-yard line in Blackhawk territory. One play later, Bockhop sailed a high deep 47-yard pass into the open arms of Boegli for his first score of the night. The Cards would score two with Bockhop to Matthys, 21–0 was the halftime score.

Third quarter with under five minutes to go, Bockhop feels the pressure of the RV defense, he rolls right gets the pass off and again

connects with Boegli to get the Cards into the redzone. This time, Bockhop rolls left with Saunders wide open catches the 16-yard pass for another BJ touchdown. Blackhawk would have to punt back to the visitors. BJ would fumble and RV recovered but two plays later, Brodhead's Marcus McIntyre would intercept the pass inside the 10-yard line. Two plays would yield big results for the Cardinals as Saunders with his speed gets near the 50-yard line, then Bockhop would keep the ball and scamper for a 15-yard taking it to the 39-yard marker. At the top of the fourth quarter, Bockhop drops back and passes deep and once again, Boegli is there to receive and find pay dirt for another Cardinal touchdown. After the kickoff, the snap to Trey Schulte RV quarterback would be over his head. In the scramble, Joe Lohmar-BJ would come up with the ball. Brodhead would get their final touchdown of the night when Saunders would rush two yards on a handoff from Bockhop. A continuous clock would ensue, the final score Brodhead 41-0 against River Valley.

With five games completed thus far this season Brodhead-Juda has combined for a total of 197 points while their opponents have tallied 20 points. Homecoming is this week with the game scheduled for 1 p.m. on Saturday, September 24. The parade and Brodhead Sports Boosters chicken BBQ will be events you'll want to attend at 4 p.m. on Friday.

Second place won by Lynette VonAllmen, Albany, with all the correct games and 62 points. Team scored gave Evansville first with 35 and Clinton took second with 42 points.

Brodhead was led by Nathan Engen with his time of 17:25 for fifth place, followed by Gavin Pinnow-18:43, Jorge Villalva 19:46, Braden Williams 20:14 and Gauge Jorgenson 22:02. Volleyball Splits Their Winning

By Teresa Earleywine

Opening on home court last Tuesday the Cardinals lost 3-1 to Whitewater. In the opening set Brodhead lost 21–25, won the second set 25–12, then lost 12–25 in the third. What a matchup game the fourth set became with no less than 10 times the score would be tied only to have one or the other get one or two points ahead but then the opponent would rally. It would be the Whippets who earned bragging rights with a 26–24 victory. Abbie Dix would lead with 13 kills. She and Alexis Kammerer teamed for 13 digs apiece.

Thursday the team traveled to Jefferson and won all three match-ups with scores of 25-7, 25-14 and 25-12. Kirsten Fish, a UW-Green Bay recruit for volleyball, was fierce at the net with 11 kills while McKenna Young contribute five of her own. Kammerer at the serve line had 10 aces and had sets for 21 with Jaelyn Hilliard getting low to lead in digs with eight.

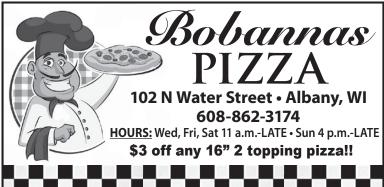

Saturday the team participated at the Taylor Invitational in Edgerton. There were six teams that Brodhead went up against. The Cardinals over the course of the tournament tallied 161—kills, 44—aces, 201—digs and 151—sets. Over the course of the day, it was a team effort and at times they had find their true grit. In the end it was a three-way tie for first between Brodhead, Lakeside Lutheran and Edgerton. Using the percentage of wins Brodhead claimed the championship, Lakeside second and Edgerton third. A. Kammerer earned tournament MVP and Dix received all-tournament honors

This week the team will host Evansville on Tuesday and be at Clinton on Thursday.

Flowering Wild Orchid Found on Former Golf Course Blooms for First Time in 96 Years

By Southern Wisconsin Land Conservancy

Now you can share your wedding vows with a rare orchid that has been hidden underground since 1926. Finally, the orchid bloomed this summer, after emerging from beneath fairway lawns that endured nearly a century of mowing on the former front nine of the Decatur Lake Golf Course.

Now called Three Waters Reserve (TWR), the 57-acres purchased in 2018 by Southern Wisconsin Land Conservancy (SWLC) are managed for native plants, wildlife and community enjoyment. Two thousand and twenty-two, is the first of many banner years for nature at TWR.

The once-maintained lawns in the fairways have given way to extensive sweeps of colorful native wildflowers on the restored prairies, oak sayanna and wetland habitats. Formerly-mowed areas under the outreaching limbs of magnificent bur oaks are now home to rare and Wisconsin state-threatened plants: including the stunningly-beautiful purple fringed orchid, kittentails and violet clover. The presence of these rare plants after only a few years of restoration suggests more surprises are likely in the future as the land continues to recover.

The land isn't the only part of the golf course that experienced a major transformation. The former clubhouse, now freshly renovated, operates as an event center with inhouse food and beverage services. In addition to hosting weddings, workshops, graduation parties and corporate events, Three Waters Reserve is also home to a fieldstation used for scientific research, and provides nature education opportunities like the upcoming Fall Foraging Workshop Series. In the final section, TWR's resident chef, John Marks, will lead participants through transforming the foraged plants into magnificent meals (tickets at LSRWA.org/events).

SWLC's Susan Lehnhardt (secretary) and Meredith Tripp (treasurer) commented, "We are so pleased and impressed with how the land is healing." Lehnhardt continues, "Not only is it a beautiful backdrop for events, it's also an asset to the health of our watershed. The native vegetation soaks up rainfall and snowmelt like a sponge, mitigating erosion and eliminating nutrientrich runoff from the golf course."

In the same conversation, Chef John Marks said, "It's been exciting to watch the connections with neighboring farms thrive as well. Visitors have really enjoyed TWR, and I'm pleased that the locallygrown food served at our events has been so appreciated." SWLC's president, Steve Apfelbaum, suggested, "We and participating partners and visitors can't wait to see what surprises are in store for the future."

In addition to hosting private events, Three Waters Reserve also welcomes hikers to explore the public nature trails which are open year-round for passive recreation (visit threewatersreserve.com for trail maps and rules). Visitors to the property will enjoy the sights and sounds of plentiful wildlife, including red-headed woodpeckers, sand-hill cranes, pileated woodpeckers, red fox, bobcats, deer and more.

But, if it's a unique wedding venue you seek, the awesome beauty of the rare purple fringed orchid welcomes you! Three Waters Reserve is the perfect place to plant the seeds of unforgettable memories with friends and family. After all, there may be few places better to begin a new future together. Visit annually to re-celebrate, as TWR is preserved for all generations to come.
