Cynthia A. Bagley

Cynthia Anne Bartlett Bagley (Cindy), 87, of Clinton, Wisconsin, passed away peacefully on Sunday, October 2, 2022, in her home while surrounded by her loved ones. She was born on July 17, 1935, in Attica, Wisconsin, the daughter of Romaine and Faye (Knapp) Bartlett. She married the love of her life, Loren (Don) Bagley, on June 6, 1954, in Albany, Wisconsin.

Coming from a family of educators, Cindy vowed she would never go into education herself. Yet, after being a wife, mother, and farmer, Cindy returned to school and became a pioneer for women in education. After receiving her B.S. and master's degree, Cindy went on to hold a career dedicated to vocational-technical-adult education. She retired from Blackhawk Technical College where she served in many roles, including as the Director of Corrections Education and Dean of Academic and Career Development. Cindy's career was decorated with numerous achievements and publications, but above all was marked by the countless students' and colleagues' lives that she positively impacted.

Cindy's public service continued into her retirement, as she remained an active member of numerous professional and community organizations until her passing. Cindy was especially passionate about education, women's issues, civic engagement, and voting rights. Another passion included working with her husband to trace their family genealogy and heritage. Cindy was an active member of the Society of Friends (Quaker) and enjoyed attending meeting every Sunday.

Cindy's family always came first, and she instilled in them how important it was to love one another. Cindy was predeceased by her parents and her two loving sisters. Survivors include her husband, Loren Bagley; daughters: Susan Bagley and Laurie Shelbourn; son, Lance (Jackie) Bagley; granddaughters: Alisha Shelbourn (Antonio Cruz), Lauren Bagley (Nate Stump), McKenzie Bagley (Matt Brewer), and Kendyl Bagley; great granddaughters: Larissa Scott and Aaliah Rose; many much-loved nieces and nephews; and the Cary family, Tammy, Mike, Danielle and Berisha.

Cindy will be dearly missed and always remembered.

A Memorial Visitation for Cindy was held at the Daley Murphy Wisch and Associates Funeral Home, Beloit, Wisconsin. In lieu of flowers, memorials in Cindy's name will be given to cancer research and/or for a local education scholarship. Online condolences may be sent to the family at www.daleymurphywisch.com

OBITUARY

Janet M. Utschig

Janet M. Utschig, age 92, beloved wife, dearly loved mother, adored grandmother and tender-hearted great grandmother, passed away peacefully with her family lovingly by her side on Monday, October 3rd at Cherry Meadows Hospice, Appleton, Wisconsin.

Janet was preceded in death, only nine months prior, by her husband, Donald E. Utschig, who was “the love of her life”. They had an old-fashioned love story. At age 13, Jan met Don at church camp, where she developed a crush on him the moment they met. Years passed before they saw one another again at North Central College, Naperville, Illinois. Still more years passed, when military service called upon Don to serve his country, before they could finally be married on June 13th, 1953. They had recently celebrated 68 years of marriage.

Janet was born an only child on December 13th, 1929, in Brodhead, Wisconsin, to devoted and loving parents, John and Esther (Petersen) Lederman. She had an idyllic childhood, being raised on a picturesque, quintessential family farm. During this time on the farm, she learned and acquired many skills that she would use throughout her lifetime. When Janet was only eight years old, she learned to drive a tractor, which set the wheels in motion for her to be an outstanding driver. She learned to tend a garden, which fostered her passion for having vegetable and flower gardens. She was taught how to prepare food and preserve fruits and vegetables, which led to a lifetime of feeding her family and friends delicious meals. She mastered sewing and knitting which meant she created beautiful dresses and sweaters for her daughters. Jan’s hands were never idle. She was always lovingly creating for others.

After Janet finished Brodhead High School, she attended North Central College in Naperville, Illinois. She graduated with a degree in Music and Secondary Education.

For two years following graduation, she taught third grade in the morning and music education in the afternoon in the town of Poplar Grove, Illinois. Later in life, she obtained her real estate broker license to assist her husband with their various business enterprises.

Music underscored Janet’s entire life story. At age three, she started singing religious solos for the congregation of her family’s church and at age 12 she was playing the organ at Sunday services for that same congregation. When Janet was in college, she sang the Madam Butterfly Aria for her college dissertation and was asked to perform that same aria for her college graduation. For decades, she was asked to sing at hundreds of weddings and funerals. Her children will proudly remember her singing every Sunday in the church choir. She recently remarked that her only break from her busy, active family would be the Wednesday night choir practice and the subsequent Sunday service when she would sit with the choir rather than with her family who would be sitting in the church pew.

Jan’s proudest accomplishment was showering her family with endless love and support. She treasured her family and cherished providing a beautiful, caring home life. The home she created was a sanctuary where everyone was welcomed. She could provide a delicious home cooked meal for one person or a crowd at any time whether it be breakfast, lunch or dinner. Most importantly, she would drop everything to engage in heartfelt conversations where she would ask thought-provoking questions, share concerns, offer measured advice and rejoice with pride in everyone’s accomplishments. She was also passionate about attending her family’s extracurricular activities, which were innumerable considering she had five children, seven grandchildren and 11 great grandchildren. We all knew she was our most ardent cheerleader. Jan missed her calling as an event planner. She completely enjoyed planning, preparing and hosting elaborate celebrations, with her family being at the forefront of these celebrations, such as grand holiday parties every Thanksgiving, Christmas Eve, Christmas Day, New Year’s Eve, Fourth of July and birthdays.

As Jan and Don were building their life together, they made time for their hobbies. Our mother loved to shop and travel which she combined with skill as our parents circled the globe visiting places like China, Venezuela, Russia, Australia, New Zealand, Greece, Canada, Mexico, Caribbean and most of the countries of Europe. They were outstanding dancers and members of the Valley Dance Club where the floor would clear to watch them when they danced to their favorite song ‘Sentimental Journey’. Jan was an excellent bridge player who enjoyed being a member of Butte Des Mort Country Club for the bridge leagues rather than the golf leagues.

Jan was a lifelong Packer fan. She cheered on every player who wore the green and gold, but she recently had the opportunity, at her granddaughter’s wedding, to meet and chat with her all-time favorite packer player, Mason Crosby.

Jan made time to give back to the community through various philanthropic endeavors. One

of her favorite organizations was the Genevieve Paulson Circle of Kings Daughters through which she would participate in delivering meals for the Meals on Wheels program. If so inclined, remembrances honoring Jan will be donated to the Outagamie County Home Delivered Meal Service through the Outagamie County Aging and Disability Resource Center (ADRC).

Janet is survived by her five children: Jamela (Gregg) Voigt of Kohler, Wisconsin, Donna (special friend Jeff Welhouse) Utschig of Kewanee, Wisconsin, TJ (Kim) Utschig of Winneconne, Wisconsin, Linda (Brett) Robertson of Appleton, Wisconsin, and Deborah (partner Jay Plamann) Gorman of Appleton, Wisconsin: seven grandchildren: Autumn (Richard) Steif of Kaukauna, Wisconsin, TJ Jr. (Veronica) Utschig of Greenville, Wisconsin, Dustin (Bridget) Utschig of Greenville, Lindsey (Jon) Dudzinski of Plymouth, Wisconsin, Jonathan Hunt of Milwaukee, Wisconsin, Andrea (Andrew) Minkley of Phoenix, Arizona, and Richard Allen (fiancée Emma Doe) Gorman of Tampa, Florida: 11 great grandchildren: Annessa, Elaina and Josephine Stief, Tristan and Vianca Utschig, Ezra, Malachi, Isley and Isaac Utschig, and Laela and Ivy Doe-Gorman: sister-in-law; Sandra (Robert) Bradshaw; nephew, Greg (Kris) Bradshaw; and niece; Kristen (Lance) Huber.

The family would like to extend their gratitude to Dr. Sonya R. Eiben, MD, for the conscientious care she’s provided throughout the years. We would like to thank the staff at ThedaCare Medical Center-Appleton and ThedaCare at Home-Cherry Meadows Hospice for the dignity and compassion that was shown to Jan and our family while Jan was in their care. A special thank you to her grandson, Dr. Allen Gorman, for his steadfast guidance in helping his grandmother navigate the healthcare system and being an advocate for her medical care during her times of need. We are also so grateful for her daily caregivers such as Lauren, Kevin and Mary, who have assisted our family in helping our mother maintain her independence, dignity and quality of life. We’d like to acknowledge our mother’s special caregiver “angel” Julie Pitsch, who cared for our mother with immeasurable grace, love and humor. You always brought a smile to her face and our faces when you called her “your Barbie doll”.

A funeral service for Janet will be held at 4 p.m. on Friday, October 14, at Highland Memorial Park, Star of Hope Chapel, 3131 N. Richmond Street, Appleton, Wisconsin. A visitation will take place from 3 p.m. until the service. A Celebration of Life will follow the service at Buttes Des Mort Country Club. All are welcome to attend to share stories and memories of Jan and to enjoy her gracious hospitality one last time.

Mom, you were a creator, sustainer and the “wind beneath the sails” of your husband and family. You filled your family’s world with the kind of love and grace people dream about—unconditional and everlasting. God worked through you every day to serve others and now He’s calling you home to Everlasting Life where you will join your beloved Don.

Childcare profile: Sutherland’s Little Prairie Daycare

Twenty-five years ago, Lori Sutherland was looking for a career change. Unable to find childcare openings in Brodhead, she placed her young daughter in a licensed childcare program in another town. When her daughter turned four and there were still no openings in Brodhead, Sutherland moved forward with her desire to change careers. “I already had my bachelor’s degree and decided to go back and get a degree in Early Childhood and start my own daycare. Best decision ever!,” she said.

Today, Sutherland’s Little Prairie Family Daycare in Brodhead offers a play-based program for children ages six weeks to 12 years old. There are scheduled routines, but Sutherland said she likes to remain flexible to allow for learning opportunities that present themselves. “I live outside of town. This allows me to have a large area for outside play, and we have ducks, horse, dog and cats for the children to interact with,” she said. “We spend a lot of time outside exploring nature and using our imaginations. We love to be outdoors.”

“I love watching the children as they experience new things. I try to see things through the eyes of your child and work with each child to be their best self,” she said.

Seeing life through the eyes of children has given Sutherland some special memories. “One day outside, I put a 2x4 on the ground and told the kids to imagine it was a tightrope, like in the circus. The first child was walking and talking to herself, saying ‘don’t look down, don’t look down, it will be fine.’ We all cheered for her like we were at a circus. Kids’ imaginations have no limits,” Sutherland said.

The job has its challenges, too. Telling a parent that she doesn’t have space to take their child is particularly difficult. “This is very heartbreaking to do when there are very few alternatives and often, they have to choose an unlicensed individual for care,” Sutherland said.

Her profession is also hard work. “Many people don’t realize that we are professionals, and most providers have degrees in education. Our workday is often 10 hours or more, and then we have the job of cleaning up and setting up for the next day. Playtime is like science for us: We are watching and critiquing the abilities and struggles of each child to see where we can help them grow,” Sutherland said.

She pointed out that childcare is not the same as babysitting. “When you are a licensed childcare provider, you have met the state’s standards (there are a lot) and often go above and beyond these standards to provide quality care. Low wages, no insurance and high regulation are issues that keep many people from taking on this profession. If I could change one thing, I would like to see healthcare insurance added to this profession as a benefit.”

To help offset these challenges, businesses can partner with local childcare programs to reserve spots for their employees, or offer resources or talents to the childcare programs, she said.

“Often a childcare program can use materials being thrown out for art or science or other activities. You can offer field trip experiences. And donations and gift cards to the local grocery stores are also excellent choices.”

One of Those Moments

By Mark Woodward,
Vice President,
Bank of Brodhead

So, it has been quite the year! If you are like most people I talk to these days, good news is a precious commodity. If that is the case, I hope this comes at a good time for you! I would like to tell you about a remarkable moment we experienced a few weeks ago in the Brodhead community.

In early September, the Bank of Brodhead hosted a superhero themed party at Jaycee Park for kids in the community. The goal was to

have fun, introduce the new Bank of Brodhead mascot BOB, and teach the kids some basic financial literacy topics. Part of the program was to give the kids a small amount of money in coins and let them choose to spend, save, invest, or donate them as they saw fit and earn some extra based on their choices. Our offer was, for every three coins they donated (they were each given five to start with), the Bank would create a backpack of school supplies and give them to local schools for kids needing assistance. Our expectation was between eight and 10 backpacks to be donated by the kids—a reasonable percentage of their total “earnings” at the event.

Reasonable: that was our expectation. Instead, one after another, these amazing kids came to donate and blew our expectations away. Several chose to give ALL the funds they had collected over the course of the event leaving nothing for themselves. Most others donated more than half of their earnings. By the end of the event, 28 backpacks worth had been collected!

As I worked to collect the donations, I watched the faces of parents and event volunteers as the kids freely and extravagantly gave to help others. It was a moment I will not soon forget. Parents were shocked by their children’s generosity. Bystanders were smiling and shaking their heads in amazement. Every adult present was surprised and touched by their liberality, yet it seemed little more than expected among the kids. These kids were superheroes that day.

So, from the Bank of Brodhead and from each of us who worked at the event, we wanted to say a public Thank You. Thank you to the kids for their incredible generosity. Thank you to the great parents who have taught their children the value of helping others. It was a great day and I know I speak for all the adults in attendance when I say it was definitely—One of Those Moments.

ACTIVITIES AROUND TOWN

DO YOU HAVE MEMORIES THAT SHOULD BE RECORDED?

Do you have memories from your life or your family’s life that should be recorded? On four Tuesdays, at the Brodhead Memorial Public Library, Sue Wolters will guide and encourage the writing of those memories. Join us in the Program Room on October 18, 25 and November 8 and 15 from 6:30–7:30 p.m. This writing workshop will inspire participants to record family memories in time to share them during the holidays. Your registration would be appreciated so resources can be prepared for each class. Call the library at 608-897-4070. Recently, a library patron said, “This is a good idea. I’ve been wanting to do this but I didn’t know how to start writing my memories.” All you need are your thoughts, a little dedicated time, and guidance, and you’ll have stories that could be shared with future generations.

Green County Land and Water Conservation Poster Contest

The annual Green County Land and Water Conservation poster contest is underway. There are five categories of student’s ages: K-first, second-third, fourth-sixth, seventh-ninth, and 10-12. The contest is open to public, private, and home school students.

The contest rules are as follows:

Any media may be used – paint, crayon, colored pencil, charcoal, stickers, paper or other materials on regular posters. No computer- generated posters.

Poster size must be 14” x 22” or 12” x 18”.

Poster should be packaged so they remain flat when sent for judging.

All posters must be created by an individual student rather than a team of students.

The 2023 title “One Water”, must be on your poster.

Each entry must have a signed entry form to be eligible for judging. Contact the Green County Land and Water Conservation Department for an entry form.

Although younger students will most likely receive help in planning from parents or teachers, it is encouraged that each student does as much of the work as possible by him or herself.

Entries are due to the Green County Land and Water Conservation Department by Friday, December 16, at 1627 4th Avenue West, Monroe. There are prizes for the top three entries in each category. For more information call Todd Jenson at 608-325-4195 Ext. 119.

Be Kind to Yourself, a Family Caregiver Self-Care Fair For family caregivers who have or are caring for someone with dementia

On Thursday November 3rd, the Aging & Disability Resource Center of Rock County will host a day to honor family caregivers of people with dementia at the Dr. Daniel Hale Williams Resource Center 1717 Center Avenue, Janesville.

In the state of Wisconsin in 2021, there were nearly 200,00 family caregivers providing over 200 million hours of unpaid care according to the Alzheimer’s Association. Nearly 60% of those caregivers are living with their own chronic health conditions and about 18% suffer with depression. As Roselyn Carter put it, “There are only four kinds of people in the world. Those who have been caregivers. Those who are currently caregivers. Those who will be caregivers. And those who will need a caregiver”.

“It is part of our role at the ADRC to provide caregivers in Rock County with the support, information and tools to manage the effects of caring for someone with dementia. We forget that we need to care for ourselves in order to care for others. This day will provide some relaxation, information and community contained in activities and speakers focused on caregiver self-care skills. The goal is for family caregivers of someone with dementia to leave the day having a better understanding of the importance of self-care and some usable tools to accomplish it.”, said Karen Tennyson Rock County Dementia Care Specialist.

The day includes a variety of pamper services, lunch with a keynote speaker and an afternoon of informative talks from a sleep specialist, a nutritionist and a relaxation coach. Full and half day packages are available to meet scheduling needs. Respite care for your family member with dementia is available based on need. This event is provided at no cost. Preregistration is required. Please contact Karen Tennyson at 608-741-3615 for more information and to complete registration.

For more information on the dementia care specialist program and services available in Rock County, please contact Karen Tennyson at 608-741-3615 or karen.tennyson@co.rock.wi.us or visit www.co.rock.wi.us/adrc.

Well folks, we're down to the last few days of our 15th Annual Fall Silent Auction. We've had a great run so far, so let's keep pushing until the end to reach our goal! Keep in mind that online bidding will end Friday, October 14th at 4 p.m. At that point, bidding will switch to in-person at the library. Those who are not able to make it in person to bid are encouraged to call the library (608-862-3491) during our open hours to place bids. We can accept single bids, or a maximum bid for items over the phone. In-person bidding will last from 4-6 p.m. on the 14th, and 9 a.m.-1 p.m. on the 15th. You'll notice we'll be open an hour early on Saturday to allow more time for browsing and bidding. Also available on Saturday will be coffee and treats provided by our Library Board! We look forward to seeing you, and hopefully closing out our most successful auction yet!

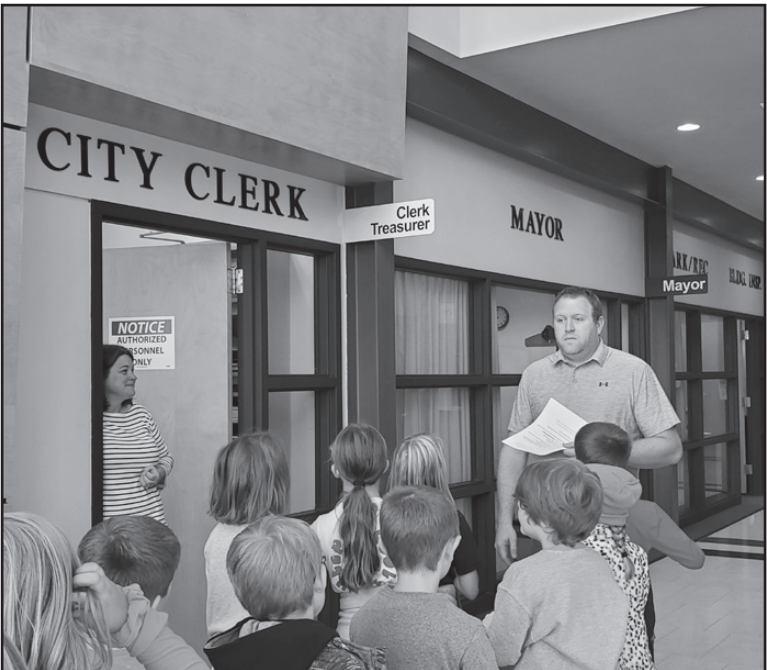

While you're here browsing, check out some of our newest additions! Keep in mind there's still plenty of time to read one (or both!) October Book Club selections. Horrorstor by Grady Hendrix will be

discussed by the Monday Morning Mayhem book club on Monday, October 17th at 10:30 a.m., and Anxious People by Fredrik Backman will be discussed by the All Booked Up! book club on Monday, October 24th at 6:30 p.m.

FOREIGN EXCHANGE STUDENTS EXPERIENCE JUDA

" P l e a r n " Sripiorom (left) is from Thailand. Sripiorom said, "Juda has children from all year groups in the same building, so I can get to know all of the students easily." She knows that Wisconsin is America's Dairyland, with cows and corn fields everywhere, and thinks it's very cold here. Sripiorom doesn't participate in any sports but wants to be an audience. Her favorite classes are zoology and art. School routines are different in her home country. Sripiorom said, "In Thailand,

teachers will move instead. In Juda, I can choose subjects to study and have the same classes every day, but in Thailand, students in the same major learn the same subjects and have different classes each day. Juda provides a locker and Chromebook for students while in Thailand, we don't have a locker or use a Chromebook for study. In Thailand, all students need to wear school uniforms every day and have an assembly every morning at 7:40 a.m. They don't have study hall or flex hours, and we can choose and buy lunch by ourselves at the school's canteen."

Marta Escalero (right) is from the Galicia area of northern Spain. Escalero said, "Juda is a very quiet place and the people are very nice." She doesn't know much about Wisconsin, but she wants to visit more places. Escalero is participating in cross country and is considering playing basketball this fall. Her favorite classes are algebra and chemistry. Escalero said, "Juda is very different [than Spain]. For example in Spain students don't have a locker, they don't have to change classes very often, and they eat at home instead of at school.
