## Multi-Award-Winning Customer Service

The number one goal of our internationally-recognized customer service department is saving our customers money. We guarantee an honest interaction with every customer, and will never push a sale if we know a traveler's concerns can't be covered. We promise to do everything we can to provide an exceptional experience for our customers, every time.

## Revolutionary Claims Process

We know the true test of an insurance company is their claims process. We've turned the traditional process inside-out, and use early and frequent communication to exceed customer expectations at every stage. To do this, we speak to every claimant upfront before requesting any work or documentation from them. As we process their claim, we maintain a touchpoint every 7 days to ensure they are never left wondering the status of their claim.

On average, we process claims in 20 days, with a 92% approval rate.

## 24-Hour Emergency Assistance

Tin Leg Assistance is available 24 hours a day, 7 days a week, to help travelers worldwide experiencing a wide range of issues, such as a medical emergency, a travel delay, lost or delayed luggage, and identity theft, among others.
