

Location Recording Event AV Support Audio | Video

ON LOCATION PROFESSIONAL AUDIO AND VIDEO PRODUCTION

We offer professional on-location music and video recording, event AV tech support, and promotional EPK content creation. We're passionate about turning creative ideas into stunning musical realities.

Backed by 25 years of industry-proven experience, expert engineering, and premium recording gear, we collaborate closely with artists and event promoters to transform creative ideas into exceptional productions that captivate audiences and expand reach. Have a vision? We'd love to help make it a reality.

LOCATION RECORDING AUDIO | VIDEO

Capture the energy of your live show with stunning broadcast quality audio and video. We offer professional multitrack, multicam recording and live streaming, delivering broadcast-quality content live, on location, for your audience to enjoy.

VIDEO POST PRODUCTION MIXING & MASTERING

We refine audio & video content captured on location by colour grading, audio mixing & mastering, in our studio, using mastering grade AD/DA converters and calibrated monitoring. From short edits to long form, we deliver top tier content, ready for sharing on all social media platforms.

EVENT AV TECH SUPPORT

We provide comprehensive AV support, PA reinforcement and creative lighting for your event. We fully manage setup and operation, ensuring high production values. We work closely with the production team to create a memorable live experience for artists & every audience member present.
