

Recording Studio Experience

RECORD YOUR MUSIC PROFESSIONALLY IN SHREWSBURY'S BESPOKE RECORDING STUDIO

With over 25 years in the culture and entertainment industry, across production, direction and performing roles, we're passionate about turning your **creative ideas into stunning musical realities**. We offer professional music production, studio recording, mixing, mastering and promotional videography, working closely with artists to develop their talent and realise their creative vision.

Record in our bespoke studio in Condover, Shropshire, using high-end recording gear and expert engineering. With our depth of experience and specialist knowledge, we'll help bring a professional finish and standout quality to your next music project, **so you can truly connect with your audience**.

MUSIC PRODUCTION & STUDIO RECORDING

Record in our bespoke studio, with high-end recording gear and expert engineering. From pre-production to post, we help you produce your music, delivering stunning results with attention to detail and personalised support that aligns with your creative vision.

MIXING & MASTERING

Bring clarity and polish to your sound. From a single track to a full album, we balance and refine your audio using mastering grade AD/DA converters and monitoring, to deliver a professional finish in the right format, ready for streaming, broadcast or recorded media.

LOCATION RECORDING, LIVE STREAMING & POST-PRODUCTION

Capture the energy of your next live show with stunning broadcast quality audio and video. We offer professional multitrack, multicam recording and streaming, delivering broadcast-quality content live, on location, for your audience to enjoy.
