Information Security Policy Statement

Robotico Digital has been active in the Information Technology sector, providing a range of products and services. Our overarching goal is to relocate our corporate headquarters to Singapore and cultivate a diverse portfolio to cater to the evolving needs of our clientele.

Robotico Digital has been diligently establishing processes, frameworks, and technologies to ensure the utmost security and confidentiality of customer data and information. The objective of this Policy Statement is to safeguard the company's information assets against potential security threats, whether they arise internally or externally, intentionally or inadvertently.

In delivering our services, the company will uphold the following fundamental principles:

1. Compliance with the legal and regulatory requirements of India and any other regions where we operate. This entails adherence to key legislations such as the Information Technology Act of 2000, the Digital Personal Data Protection Act of 2023 (India), the Personal Data Protection Act of 2010 (Malaysia), and other relevant laws applicable to our operational areas.
2. Preservation of the confidentiality, integrity, and availability of both internal company information and customer data.
3. Protection of the data privacy rights of both customers and employees.

Robotico Digital is dedicated to upholding and enhancing information security and data privacy practices while minimizing exposure to risks. We are committed to mitigating breaches of information security and data privacy. Any actual or suspected breaches will be promptly reported to and investigated by the relevant teams.

Manoj Madhavan Pillai
