

Dr. Bakri Elsheikh, Director

Bakri Elsheikh is a professor of neurology at the Ohio State University who specializes in neuromuscular medicine and clinical neurophysiology. He serves as the director of the OSU EMG laboratory, the director of the clinical neurophysiology and neuromuscular medicine fellowships, and the director of the OSU Muscular Dystrophy Association Care Center. His clinical practice focuses on individuals with neuromuscular disorders, particularly muscular dystrophy, Spinal Muscular Atrophy (SMA), and myasthenia gravis. His current research focuses on optimizing care models, outcome measures, and therapeutics for adults with neuromuscular diseases. He serves as the principal investigator on several projects on various neuromuscular diseases.
