"Andy Spencer is filled with encouragement and wise insight that has expanded the Pastor for Pastors initiative of the North American Mission Board both relationally and strategically. His analytical mind and compassionate heart are a plus for any ministry, church or organization."

Dr. Michael Lewis, Executive Director Pastoral Care and Development,
North American Mission Board

"I have great respect and appreciation for Andy Spencer. He is a dear friend and he has a heart for pastors to encourage them and build them up so they can effectively lead their congregations. God has blessed Andy in many ways and he continues to be a blessing to others. He was the first Baylor Bear mascot and ran a successful business, and he uniquely leverages his life experiences to minister to others. I encourage all business and church leaders to read his new book on the principles of leadership he gleaned from being a NCAA college mascot. He is a modern day Barnabas especially to people like me that serve as a pastor of a local church. He constantly encourages and I wish all pastors had an Andy Spencer in their churches!"

Dr. Danny Forshee, Lead Pastor, Great Hills Baptist Church Austin, TX

"One word that describes Andy and what he has meant to the health and success of our organization is strategic. He helps you identify a successful path and then provides the necessary process and accountability to get there! A strong, gifted and needed leader in today's marketplace."

Bill Muench, Pastor, Redemption City Church Round Rock, TX

Andy Spencer is the former owner of Arthur Fluid System Technologies in Austin, Texas. Since selling that business in 2009, Andy has been working with non-profits and ministries on leadership development and fundraising. Andy uses his new venture Engedi Group to encourage and train pastors through peer to peer learning.

Pastor Rob Satterfield, First Baptist Church Oak Hill

“GOOD GOLLY MISS MOLLY! The Take 5 Conference ROCKED! Make sure that you go. You will be missing out on a blessing if you don't. We worshipped, made new friends, learned a lot, and I got to throw some horseshoes and water-ski. How much better can a pastors conference get!”
