OP2 ENGAGEMENTS & EVENTS

This quarter, our Managing Director, Michael Carreiras helped to organise FACCI's ANZ Business and Development Day which held a special session focussing on preparing for the upcoming Brisbane Olympics. They heard from a range of speakers including Cr Krista Adams (Brisbane's deputy Mayor), Matt Carrol AM (CEO Australian Olympic Committee), and Neil Scales (Director General Transport and Main Roads) who spoke about driving sustainable change in the lead up to the games.

"It was fantastic to hear about all of the work being done to support initiatives towards a sustainable economy and environment! I look forward to seeing everyone again at the 2022 Transport and Infrastructure events in Queensland."

- Michael Carreiras

In October, our Managing Director Michael Carreiras and our Principle and Commercial Director Nic Condon travelled to Perth to undertake a roadshow. Here they both caught up with our Perth-based consultants as well as met with a variety of clients and potential clients across a range of industries including but not limited to Rail & Infrastructure, Civil & Construction, Water Supply, and Rollingstock.

"It was fantastic getting the opportunity to finally meet face to face with customers after such a long period."

- Nic Condon

OP2 PUBLICATIONS

At OP2, we believe that Visual Management goes beyond just sending reports to stakeholders. For us, it's about generating a digital and physical presence into your project which ensures maximum project alignment.

In November, we published an article explaining the importance of visual management, agile decision making and OP2's approach. To read our article or to learn more about how we can assist you for your next project, check out our website op2projects.com.au

OP2 AUSTRALIA IS GROWING

Do you enjoy a challenging project? Are you motivated and strive for excellence? In 2022, OP2 Australia is looking for up to five additional Project Control and Planning specialists to add to our dynamic team.

We are a group of enthusiasts and problem solvers who are dedicated to assisting our clients with complex projects and achieving outstanding program performances. We support GMs and PMs, from implementing new management policies, to improving projects and engineering performances. We strive to make a real difference for our clients across many sectors including Rail & Infrastructure, Construction, Defence, Signalling and ICT. Additional benefits of working with OP2 include 15% employer contribution to superannuation.

If you think you are the right fit, we would love to hear from you at au.office@op2.com or visit our website www.op2project.com.au/contact-us
