Run 2775

The Hare – Gropa

14 Redshank Court, Bakewell

Walk – 3.41km

GM **Gropa** shuts up the 15 hashers for his own trail destructions as we all are happily chatting to **Sir Animal** and **Lady Di**. We are starting on **orange tape** and invisible white chalk arrows trail chased with **red** arrows.

The Circle

Nosh consisted of construction stew full of mince and a shit load of veggies & BnB.

Run Report

GM **Gropa** asks the hashers to rate the walk, **Jensett** pipes up with a 9/10 as the pack left 3mins late at 1803 and the beer minders talked bullshit about all the hashers. **Saint Physio** and **Boots** returned first all buggered and went to buy more beer then left to drink it at home. We value not drink driving! No rain, hail so thank you rain gods and **Sir Animal**. **Oops** babbled about tiny orange tape, needing eagle eyes to see it, some sort of **Gropa's** test! Some tape had been sabotaged and the tail ripped off.

See here! The docked tail on the ground.

Hare

Hare **Gropa** declared it was the 3 wise men **Sir Animal** & **OBE** who set trail and were serenaded to hares on a dickiedido hang down to his knees

Virgins - NIL

Visitor & Returner – Her Royal Highness Lady Di & Sir Animal

We have dearly missed Sir Animal and his quick antics and he had us all in stitches!

Fines

Subscript....**OBE** charged **Boots** for Monty Python's traffic lights song. Somehow Boots (passenger in collision, then drives through a red light on way home and receives pineapple or few).....FINED Drink drink drink ya beer, pay up all your fines!

Fullbottle fined **Saint Physio** (absent) for two right shoes from different pairs even after arriving at the Northlakes Golf Club 10 mins early. **OG** was heard saying 'I'm not a very good carer'! FINED!

The Chook (& shirt) = ??

Fullbottle got up and well fined himself after a **Sexon** sob story whilst he slept on

the couch hoping for fat to pop up. FAIL, keep the chook and shirt another week.

Jokes

Sir Animal – I was at Brisbane going to a fancy dress party and ah well, tried to work out what to go to the party as. Decided to wear a bowl, saved it over my generals and one of the guests asked, what are you supposed to be? Well **Sir Animal** said, lucky you, I'm a fuckin fireman. See break glass, pull the knob and I'll cum as fast as I can!

Gropa is at the pearly gates, standing with two women. He asked how did they get here. One said I froze to death, and the other says she had a heart attack and tells a long story about the cheating hubby and came home early to bust him, hunted everywhere, could smell the purrrfume, ran up the stairs, couldn't find him, back down stairs, still nothing, back up the stairs and had a heart attack. The other lady said, if ya looked in the freezer we'd be both alive!
