## Run 2783

### The Hare – Enola & HIV

GM **Gropa** was electrified as **HIV** explained trail of destructions to 14 harriers, including **pink bits** and **BLRED** chalk (which was blu in real life after its cammo was removed and not chalked on green paint). Something about a piss stop, runners and walkers and when Questions came, **HIV** couldn't cum!

Walk/Run – 4.12km

### The Circle

Nosh was tasty chicken bits with pasta and coriander salad and bread.

Nosh was so tummy was the word around, **Enola** out did herself again, organised and all!

### Run Report

First things first, **Tow Job** was a late cummer who became an early ejaculator, arriving late and leaving before the circle.

GM **Gropa** asks a runner to rate the run. There was silence for a minute, whilst scribe who is diligently taking notes, realises being the only runner this week. **BackPage** tells a story to rate 9/10 and after running the piss stop false trail twice just to earn the piss! There was racist comments going on as **BackPage** arrived at the piss stop before the hare, **ICE!** **Oops** pipes up and rated **BackPage's** rating 9/10 for a long one. Someone was overheard talking about the front page instead! Hooever, the piss stop was not to be missed!

**Gropa** self confessed the walk, explaining the class of the ghetto language and tip we ran/walked through. Some said it was lucky we still had daylight, otherwise we woulda needed **LightenUp!** There was also talk from **Gropa** and **Pickles** about the great wall of China, who no body else found.....although we couldn't miss the motorbike in the alley, just waiting for some luring.

Piss stop of Stones and lemonade! There were some short cutting bastards that missed it, it's a tragedy!

## Returners – NIL

## Fines - NIL

## Jokes – if scribe could keep up

**Rocketman** explains about Adam and Eve story, before Eve was conceived. Adam was asking god for someone to talk to. God says it will cost an arm and a leg, and Adam says, how bout arib?

**Cricket** talks about an orange orangutan asking is the inside or outside more hairy? The outside.....scribe mighta missed it.

**OBE** discusses the high fuel prices and his mate said, 'I don't get it, I only get \$50 at a time!'

**Saint Physio** talka about 3 fellas with balaclavas on, drive over the ovapass and make their way to the servo. The fourth mate rocks up with a digeridoo and all the bells and whistles. His mate says, it's a car robbery, not a carborree!

## The Chook (& shirt) = Pickles

**Pickles** finally brings the chook after it being MIA for two weeks. I'm Alive, number 5 chicken! Well there was a story tonight by **Pickles**, explaining the chook was well guarded by **OBE** as the run was up and down, nice places to visit, exciting people to meet, found the great wall of

China and hare made it all too hard to get it up. **Jensett** piped in and asked is my husband (**OBE**)an alter'ed boy for going up and down on the chook walking. The consensus was **HIV** winning the chook as it was too hard to get to the piss stop. **BackPage** agrees!

HIV, winner chicken finger lickin fun
