Run 2764

The Hares – HIV & Enola

Amy Johnson Drive, grassy area, between Stuart Hwy and Tiger Brennan Hwy.

Tape, there is tape?

Run = 3.55km

Walk = Choose your own adventure

A/GM **Gropa** shouts the down the pack of 15 harriers so they can listen to **HIV's** destructions, so we can all find the piss stop on multicoloured tape! Who stole the tape? Did somwun say a stoned piss stop?

The Circle

A/GM **Gropa** started out thanking **Oops** for being hash cash the last few weeks whilst **Jensett** was away and also thanked **Enola** for the tucka.

Run Report

A/GM **Gropa** asks **Towjob** to rate the run 9/10 explaining it was shitty and a bit of work went into setting this run, however the question was asked, what was in the drink stop??

Oops rated the walk f/risky 9/10, saying it was fucking good, extra special with a rough dry creek and **Rocketman** went AoT (bloody elbow).

OBE showed us all how to hash up the dark rear, adamant to wobble is way home, just in time as the search party discussion had commenced. That beer was well earned!

Nosh

Nosh consisted of Thai chicken salad and bread rolls cooked by **Enola** rated 12.5/10 by **the crowd** and also 101/100. There was so many hashers sharing praising words about nosh, scribe couldn't catch who it was, though one comment was "OMG so much flavour" and **Cricket** declared "its too nice not to go again!" Meanwhile **Enola** was telling off **HIV** to take control of the Tesla and shut the boot, to stop the mossies getting in – "yes dear".

Hare's

Hare's **HIV** & **Enola** were serenaded to Shitty Trail.

Virgins - NIL

Visitors – Fullbottle

We are all enjoying ourselves, when a ute invades our privacy. Fullbottle in his hash attire carrying a bottle of Steam (the one that was missing from the piss sopt), blewin telling us some rubbish about a guest turning up and couldn't make it.

Returners – OBE & Jensett have returned from “I don't know where”, however **Oops** was grateful to hand over the cashola duties. There was some chatter about idol and idle, exploring how same or different the words are. Jensett demanded HIV sing for her, so It's your down down song variant including something about breast's!

Fines

Rocketman was fined for the Sunday bloody Sunday award.

The Chook (& shirt)

HIV and the chook discussed how a few protagonists were nominated as the chook skwarked. Some C knocked off the tape after setting the run 3 times, a **Pickles** in his 4WD passing DIDN'T offer a lift, **Cricket** driving the trailer had his back wheels off the ground with the jockey wheel down, cuming down the drop off to enter the graveyard hash house. The pack digress into rabble.....**Towjob** saw a VB can on trail and set the story straight, sexplaining the only reason **HIV** had to reset trail 3 times, was to have an excuse for more beer.....**Gropa** also found a half

burnt Broncos stubby coola and can trap so who stole all the water? HIV knocks the pack senseless back to the chook award, and makes a statement about environmental vandalism with hydraulic fluid as the piss stop was short Stones, so **HIV** wins the chook again.

Jokes

Jensett – shut up if ya know it! A lady's husband dies and went to the morgue dressed in a lovely black suit, but he liked blue suits. The lady asks the mortician, can you dress him in a blue suit please? She returns the next day and her husband is in a lovely blue suit. She asks the mortician, how much do I owe you? The mortician explains, nothing, as another man arrived in a lovely blue suit and I asked his wife if she was happy to swap, which she was, so I swapped heads! **HIV** spoiler alert....

Rocketman finally comes up with a joke after cuming round from his bloody adventure. There is a construction site in the 80's working on the 8th floor. A fella accidentally knocks off a brick and there is a

blood curdling scream falling brick, saving the life of the fella below, who gives him \$1K in thanks. He tells his mate the story. Nex thing, his mate who needs money, kicks off a brick and yells fffff.....fuck, I hit him, with a stuttter.

The Keg frothing at the mouth

Birthday's

Rocketman was one day closer to his death with a hashy birthday on 25 Rocktober.
