17th June 2024 Run 2692

Bitta – 4.6K he says

The Run: 3K

Footpath but no Laneways

The trail, set on white chalk & tape. A bit of a lap of Wanguri. Running along the footpaths had the runners ready to dive down the next laneway. But as **Bitta** would have to get of his scooter the trail stayed on the footpath and bypassed all the tempting laneways.

The drink stop was delightfull with just the right amount of stones and other stuff, it could of only been improved if **Bitta** got to the drinkstop before the runners, instead of having to ride around on his scooter chasing them.

The Pre-lube

Choirmaster **Tastee's Toy Boy** arrived with a bucket. In the bucket was the complete stock of a Jetstar

pilots home bar. He began to hand out shots of Peach Scnapse & Absinthe. He seemed a little disappointed when after a few shots we had to point out that some of us might have to drive home. We were obviously a bunch of sooky la la's.

Betta – Betta Getta Bucket

The Circle

Acting GM **OOps** called the 20 hashers to all stand. Why? No Idea but about half actually obliged. Most of the other where still dinning on the gastronomic extravaganza that was Hash Mash.

Returning Runners

The General is back and still alive and working on wife number 4. Number 5 has not been born yet. **Rocketman** was back after an actual week of absence.

Food Good

Birthdays

We are too old for birthdays so there were none.

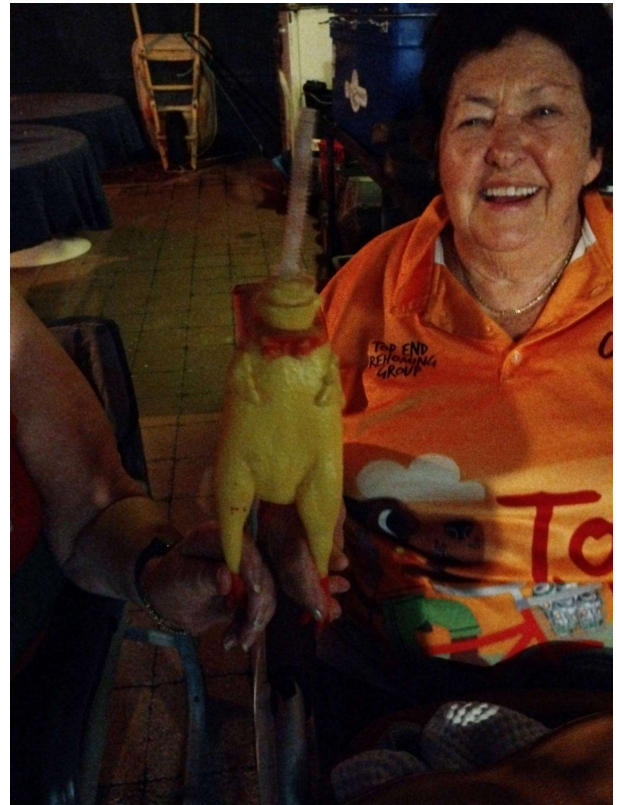

Acting GM **OOps** called up **Fullbottle** and asked if he had an excuse for his partner **Sexon**? For his health a simple **NO** is provided in this rag in case she reads this crap.

Fines

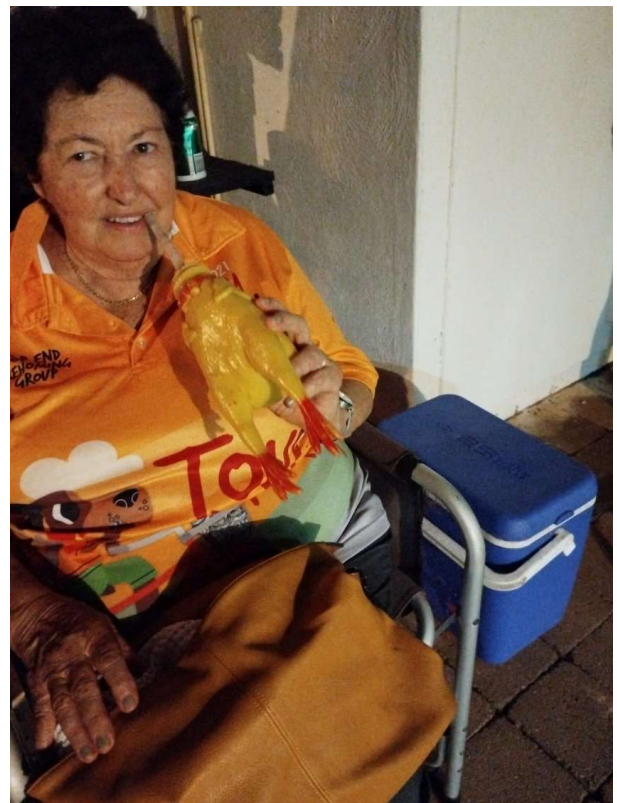

Physio charged **the General** for thinking hash was free and not bringing any money. To be fair he had brought \$4 and only had to squeeze \$1 out of **Physio**. Still a tough ask though. A song was sung for the Tightarse Pricks.

Chook Fucker

Physio passed in on to somebody who drives a Porsche & owns an Airline, but leaves the Porsche with the windows wound done in the most crime ridden suburb of Darwin. **Guest** tried to blame **Barbwire**, but **Guest** won the chook.

Guest and a headless chook

Guest using the chook as a straw for the Paech Schnapsee

Jokes

Bitta told the Mum was lying on the bed with her legs in the air scream “Oh God I’m coming” If **Physio** wasn’t lying on top of her we would have lost her.

Animal told of the Irishman with the heroic 3 legged sheep/pig, we just couldn’t eat him all at once.

Physio took this young lass for a drive, he put his hand on her knee and she told him to go a little further. He drove to Pine Creek.

Gash pipped up and said “Kiwi Joke”, we all laughed, it’s the way he tells them.

The Hares - Bitta

Comments from the run centred around, “He said it was 4.6K. I bet he tells his wife that this is 6 inches”.

Scored 8 out 10 by somebody who really enjoyed it. “Can’t remember it but I really enjoyed it.”
