Run 2745

The Hare – Sir Physio The Run: New Dum Gay

Run/Walk = 3.1km

GM **Rice Master** finally called the rowdy mob's attention who had cum to New Dum Gay (New Dump Gates much to the disgust of **Pixie Scase**) for a bush run, bush tucka (there was plenty of cardboard to go around) and drinks to help to swallow the cardboard).

The hare **Sir Physio**, explained the destructions, ON ON pink bits to find the overcompensation trail where 19 runners and walkers didn't get lost this time, weaving around **Rocky** paths and up the hill to the knock ya head off piss stop mad of home made cognac, bourbon and ginger beer!

After the run/walk, the nosh delivered consisting of Domino's Pizza and the boxes became cardboard plates. Up there for thinking Sir Physio!

The Circle

GM **Rice Master** drives his clipboard and pen, glasses on the edge of his nose and begins the storyline for the run. GM forgot to celebrate his hair, so the hare **Sir Physio** got up and sang himself a shitty trail song at the end.

Run Report

TowJob said the run was VG 8/10, just right for this time of the year, peaceful and entertaining. The buffalo and a baby said 'what ya doing' and **Towjob** replied 'Im going for a walk', noting the buffalo was the gate! Piss stop was "feckin gr8. **HIV** felt the aftermath of spirits in comparison to belching frothy gas and almost had a second piss stop. **BackPage** felt the burning too. New sport identified, running on spirits!

Tucker rated shit by **Rocketman** 7/10 and 10 from **Guest**. Everyone loved the fact the tucker had its own plates to eat off.

Returning Hashers, Visitors & Virgins & Fines

NoNe, we are a lonely mob tonight

The Chook (& shirt)

Enola stayed at home, again as she was trying to give her virus away at a community event. The chook stowed away with HIV to return to the flock where Gash won the chook dropping the light in the dark,

didn't get to his car to **Lighten Up** the place to find the light so we could all C. This was preceded by Enola wanting to give chook to Marie, but we only have a Guest at hash who's too nice, followed by Chiil Bush on the stand and then Sir Physio wanting Rocketman to have chook for stealing his cup and Prickles the detective working it out.

Gash rebuts with something about a splinter hash and needing to tell the chook.

Of course **TowJob** added that all hashers walking the plank were guilty.

Ohhhh wat I'm feelin! **Gash** Chook F\$%ker

Jokes

Jensett lead the pack by saying 'ill use my voice on you' to **OBE**. The joke started out talking about grandmother (gm) and grandfather (gf) visiting their son who had the little blue pills (yes you all know what they are) and gf said ill pay you for a Viagra. Son says \$10 bucks a pill and gf agreed to leaving it under his grandsons pillow. Next day, son checks and found \$110, the other hundred was from ya mum!

Cricket's turns to **Dibba Dobba** on **Jensett** as he starts out a joke with **OBE** cleaning up after **Jensett** at the block. **OBE** was rooted and said 'not sure if im coming or going'. **Jensett** paused and said 'I'd say you were coming and looked like a stroke victim trying to whistle!

Another quick one from **OBE** and dropping his combe on floor after owing it for 30yrs and cant bear to part with it!

Announcements
