

HARBORSIDE RV RESORT UTILITIES

All sites have water, sewer and electric connections along with wifi access.

PLEASE TAKE NOTICE

Sewer: The on-site sewer system uses an advanced treatment process that produces a very clean effluent when it is functioning properly. In order for it to work correctly it needs your cooperation! **Nothing is to be flushed down the toilets in RV or the onsite bathrooms other than normal waste that has been processed by a human body or an approved holding tank deodorant and rapidly dissolving toilet paper!** No holding tank deodorant containing formaldehyde or other harmful chemicals can be used. All sanitary napkins and other feminine products are not to be flushed and are to be disposed of with other household rubbish or in the dedicated waste containers in the on site bathrooms. The treatment process includes an aeration system that maintains a helpful colony of bacteria which breaks the waste down so the effluent is far more environmentally friendly than conventional septic systems and these little guys will be killed off by harmful chemicals. Natural holding tank deodorants and RV toilet paper are available at the office store if you don't already have it in your RV.

Water: The water supply is connected to the municipal system and is maintained to the State's drinking water standards by the Searsport Water District.

WiFi: Internet access requires a unique code which is available at the office for your stay. Log on to **HarborsideRVWiFi** and enter this code: _____

Television Channels: There are 9 over the air TV stations (plus multiples of these in other directions) available through the built in antenna systems on most RV's which broadcast the major commercial networks, PBS stations and local news and weather. With the antenna oriented north or towards the park entrance they are as follows:

Channel 2.1: NBC Bangor – WLBZ-HD
Channel 2.2: Justice Channel
Channel 2.3: ION Channel
Channel 7.1: ABC Bangor – WVII-HD
Channel 7.2: FOX Bangor – WFVX
Channel 12.1: PBS – MPBN- HD
Channel 12.2: PBS – CREATE
Channel 12.3: PBS – WORLD
Channel 12.4: PBS – KIDS
