**If at all possible have someone else measure you. You should wear a good (new) bra.**

**Please measure in centimeters for better accuracy if you can, unless your measuring tape only has inches on it.**

If you're using inches, please note here: \_\_\_\_\_

1. Bust \_\_\_\_\_, measure across the nipples, all the way around.

2. Under the bust \_\_\_\_\_, measure just under the bust, tightly all the way around your chest.

3. Waist \_\_\_\_\_, tie a string or belt around your waist to determine the narrowest spot, measure there, all around.

4. Hip \_\_\_\_\_, measure all around about 4 inches below your waist line.

5. Side \_\_\_\_\_, measure from your armpit to your waist line, this will determine the length of your corset.

If you need a specific corset style - \_\_\_\_\_
