

Forgive Me

By: Sierra Lewandowski

It's so hard to pick up
All the pieces left of me
And it's so hard to be everything
That I know you need

Cause you deserved better
I always knew
And I wished
I could be that for you

But I was torn
I was tattered
I was broken
I was shattered

I lost all that I loved
I lost all that I was
I was searching for healing
So I tried chasing the feelings

But I chased them too far
Watched the fire lose it's spark
Knowing it had never ignited
I tried to pretend
Tried to hide it

I had bolted
From your pleading
You said that
I was what you needed

But baby
That's just not true
I was only
Hurting you

I could no longer take it
I cared too much to fake it
So I had to go
And I hope you know

That I never meant to do it
Never meant to put you through it
I didn't want to have to lie
When you'd hold me at night

Couldn't let you keep thinking
I was sharing the feelings
Of how you felt for me
How you thought
It was meant to be

I'm not the girl
You ought to marry
Tried to tell you
Tried to come clean

Baby I'm sorry
I hope one day
You'll forgive me
