

The Monster

By: Sierra Lewandowski

I'm so scared of her
That girl who
Does nothing but hurt

With this growing fear
That darkness is here
It keeps crawling back
To me to attack

I'm so scared of me
Why won't this feeling leave

It's hurting me
And it's making me
Feel like there's
Such horrors in me
Like deep within
There is something
There to bring me
Down with it

Help me
I can't take
This mystery
Of what will my
Future be
Is the monster
Truly me

Save me
I am sinking
Quickly
This evil
It consumes me
Am I now
My enemy

And stop
Was the word I screamed
As he overtook me
He pulled me down
Masking my sound
But the tears that streamed
Said everything

Crying let me out
Set me free
To heal this wound
Cut by me
