[Verse 1]

taking trips taking trips

Down memory lane.

Mimicking cartoons on Saturdays till noon

Life changed in an instant When I was 6

All the kids were different Life just started

im supposed to work harder

only thing i heard from my sick father.

Living with Two dialects In the same place n

So many kinds of faces From a young age Learned several Means and ways

Some of them scared me for days

Taken trips down Memory lane

Never ever forget from where we came Taken trips down

Memory lane

Never ever forget from where we came

The hood bled out to the burbs around my way

it affected different kids In different ways

Some parents moved away The poor ones had to stay Realized

Programmed injections

We're not my selection Built in beliefs Consequences

Too much grief Suspenseful weeks

My buddy's would call, time for canteen, drinking liquor at 16, running home late

and im

looking for a safe path luckily i had a helping hand although it

felt like in a coma

im just glad i woke up.

Although the cops Gimmie so much paranoia

Take trips down Memory lane

Never forget from where we came
