Official Video:

If it wasn't for you Love is foreign to me The smell of your food
Love infused in your soups If it wasn't for you
I could never be me Taught me to drive And the keys to life ..
feels just like yesterday time fleeted away
rain sleet or snow always had a place to go i already miss you
oh no no o oo
The times we spent Ill never forget
Like when the cubs won big Ya Taught me how to live right How to love life
Forget the things that fright at night
Ya gave me keys to survive but most of all Ya taught me how to be free
I know your in a better place Well all join you one
For now its on sundays
If even thought your not here no more In my heart forever more
What can i do besides thank you? Thank You
If it wasn't for you Love is foreign to me Your love is so true
Smell and Taste in Your food If it wasn't for you
I could never be me My Source to survive Your my tree of light
All I wanna do
All I wanna do is thank you
