[Verse 1]

Good news, good news, good news That's all they wanna hear
No, they don't like it when I'm down
But when I'm flying, oh, it make 'em so uncomfortable
When it ain't that bad
It could always be worse Running outta gas
N i Got nothing left
Hope I make it home from work Tired of being tired oh o oh Building beauty to set on fire No no I'm
no liar
But sometimes the truth don't sound true
Maybe 'cause it ain't, I just love the way it sound when I say it Yeah, it's what I do
Sing rap and make tracks Im more than a hashtag give no shits about image
liven life every single minute Got No fear
& got no limits.
i may look a little bit timid Dont get caught slippin
i got a belt
like yo momma
Give you feelings you never felt Deal with your fears,
deal with your tears, dont drown em in beers,
or let them turn you to an engineered queer. tuff guy with a
permanent black eye Bury your sorrow Praying for another lotto
cuck you blind thats they motto sh
i keep it real,
i'm from Chicago.
verse—patience
is hard to teach harder to preach
anxious
i work hard can anyone see
faces
Ai dont match auto trash
races
mine burns
to ash for extra cash
traces

history books written by crooks
evasive the truth
dont know where to look
abrasive
Facts are hard to digest
Invasive daily reel creation
displacement ppl Got me in
stasis
good news
