[Chorus]

I really don't know about you
But I've learned some clues
Fell on the floor
Don't know about you
But I learned some clues
And I just say never again

[Verse 1]

Never again
Never again Never again Never again
Who is that girl
Always sitting in the corner Rumor has it
shes a zombie stoner Might be confused
Really looking like a loner angel in disguise
Singing proud in the sky's Lived in the gutter
Was afraid to get to know her pops said ima die
if i try to go over

[Chorus]

Never again Never again

[Verse 2]

listen to your fears Never again
Excited to find a hang On my way events page Landscapes halfway engulfed by rage
Had to cut folks I knew from young age What a tragedy bigots in my family Fourth of July calamity
They blamed it on the news I blamed it on who they choosed felt the bruise closed the door forever
more negative vibes never thrive
in the after life dont be surprised
I really don't know about you but I don't tripped a few fell on the floor dont no about you but i learned
some clues and i just say never again!!!!
I really don't know about you but I done learned some clues I really don't know about you but
I said Never again

[Chorus]

Never again Never again
I really don't know about you
But I've learned some clues
Fell on the floor
Don't know about you
But I learned some clues
And I just say never again

[Verse 3]

Gotta run home fast Throw the keys gone n dash Pulled my ass over real fast Three seconds later
hairs on stand 17 grand Driving on freeze Even Made me look at dead teens nightmare in hell
Was in a dark and dreary place Scared to show my face Incarcerated only in my mind Garage life
built my spine living fine Fears and tears, No where near my essence learned my lesson
outside im steppen
I really don't know about you but I don't tripped a few I really don't know about you but I done learned
some clues
I really don't know about you but I said Never again Never again Never again
Never again Never again locked inside Never again
Felt pressures unbearable to measure simple pleasures multiply in no time This can't be me, i
dropped a dime corrective spinal
No mo time for denial
I Woke up smelling coffee
No butter scotch schnapps or tofee No collapse or hide from tragic actions Awakening is magic
But you gotta let It happen say no say no
to losing access to passion
Never again Never again hide my blues Never again
