Explore A Rich World Of Gems In a Whimsical Board Game!

Gems of Iridescia is an easy to learn, fun to master worker placement board game where players will push their luck as they compete to mine gems, restore ancient relics and ascend to the throne of a rich gem-filled world. Quick to learn using a simple rule system that enables players to jump right into the fun without reading page after page of rule books. Secret objectives and a variety of ways to score create different paths to victory making every expedition a unique and fun experience.

Product Highlights & Talking Points

- A whimsical and beautifully illustrated vibrant world filled with wonderful characters and hidden treasures to discover.
- A randomized tile layout, a variety of ways to score and multiple paths to victory create endless “replayability”.
- Gem values are tied to a 6-sided die and manipulated by player actions creating a dynamic economy in constant flux.
- Detailed wooden “meeple” explorer tokens with a different design on the front and back.

Iridescent Edition Deluxe Upgrades

- Shiny wooden gem tokens with a beautiful metallic finish and nice chunky tactile feel.
- Foil-stamped hexagonal tiles that shine and pop!
- Wooden royalty point tokens
- Dual-layered Player Boards
- Plastic tray inserts for organized storage
