CREDIT CARD POINTS ARE MY LOVE LANGUAGE

Dear Emotionally Rewarded Spender,

You don't crave connection. You crave 5x points on dining and instant tier upgrades with complimentary lounge snacks.

You've got a system. One card for fuel. One for groceries. One that exists purely for "surprise cashback moments."

You haven't paid for karak without optimising it since 2018. You've dated people with red flags. But never a card without airport lounge access. Your last serious relationship ended with:

"It's not you. It's that you don't qualify for Skywards Silver."

You fall hard, for introductory bonuses, limited-time offers, and "spend AED 20,000 in 90 days for a free duffel bag." And you chase loyalty the same way your card chases you for the minimum due. Because true love is fleeting. But Etihad Guest Miles are forever.
