MISSION ACCOMPLISHED: AGENTS OF ELOQUENCE IN ACTION!

FROM BOLD SPEECHES TO SHOW-STOPPING PERFORMANCES, NOTHING WAS IMPOSSIBLE!

TAKE THAT TRIP. EVEN IF YOU CAN'T AFFORD THE RETURN FLIGHT

Dear Chronically Overworked But Internationally Available,

You don't need savings. You need a boarding pass and an emotional reset that can only be found in Tbilisi or Tashkent. The rent can wait. But these flight deals "ending soon" cannot.

Think about it: Your stress isn't from your job — it's from not checking in to a boutique Airbnb with exposed brick and exactly three mismatched chairs.

Just book it. The return flight is a future you problem. You'll figure it out somewhere between the last dirham and the first ATM fee abroad.

You'll pack like a minimalist. Spend like a monarch. Convince yourself that "experience > expenses" even as your card declines at Duty Free. And when someone asks how you're affording it, just smile and say, *"It's a healing trip."*

Which is financial language for "I'm in denial, but the food is good."

The Foolproof Financial Guru™ – TM Navneeth Nair

MISSION ACTUALLY POSSIBLE: OPERATION 90 HIGHLIGHTS

24th September, 2025: The mission began with SAA TM Sidarth initiating the operation and passing command to Acting President TM Navneeth for the Presidential Address. Control was then transferred to the TMoDs, TM Aarif and TM Sven, our lead agents for the evening, who unveiled the theme: "Mission Impossible Part 2." The covert crew was deployed: TM Raza as Timer, TM Nirupama as Ah-Counter and Grammarian, and TM Zubair as Wordmaster, who dropped the code word of the day, "Chiaroscuro." Agent DTM Sowmya executed an intel session on "Why Toastmasters," fueling the squad with inspiration. The prepared missions followed, with TM Riyad successfully completing his Icebreaker and TM Ritesh advancing with a Level 2 speech. Next, TM Niranjana led an impromptu challenge, the Table Topics operation, where agents had to think on their feet under pressure. Critical evaluations were then delivered by TM Tanea and TM Godspower, ensuring mission success. Midway, Area 9 Director TM Richa infiltrated the stage with an exclusive invite to the Division C Talent Show. The final debrief featured reports from the Wordmaster, Ah-Counter, and Grammarian, before DTM Gaurav Paul, our General Evaluator, provided a top-level analysis of the mission.

Mission 90 concluded: Objective achieved. Impossible? Never.

WHY TOASTMASTERS? DTM SOWMYA HAS THE ANSWER!

In our last meeting, we had the privilege of hosting an education session by none other than DTM Sowmya, who unraveled the theme "Why Toastmasters". With her warmth and wit, she walked our guests through the perks of being a Toastmaster, developing powerful communication skills, honing leadership abilities, and gaining the confidence to shine on any stage. She emphasized how Toastmasters is not just about giving speeches, but also about building connections, embracing growth, and discovering the best version of yourself. Her words struck a chord with both members and guests alike, leaving everyone inspired and motivated to see Toastmasters not just as a club, but as a journey of transformation. Kudos to DTM Sowmya for taking the time to deliver such a wonderful and impactful session, and for reminding us all why we started this journey in the first place. After all, when it comes to self-growth, Toastmasters proves that no mission is ever impossible!

ROLLING OUT THE RED CARPET: WELCOME ABOARD, TM RIYAD!

Our MAHE family just got bigger (and cooler)! We're thrilled to welcome our newest member, TM Riyad, who didn't waste a moment before diving right in. He not only joined the club but also smashed his Icebreaker speech with confidence, charm, and a dash of humor that left us all impressed. With that kind of start, one thing's for sure, TM Riyad is here not just to toast, but to roast the stage with brilliance! We can't wait to see more of his speeches and watch his journey unfold.

MAHE-STRO OF THE STAGE AT DIVISION C TALENT SHOW!!
