Staffordshire Bull Terriers
Bred with love and devotion to breed

Please answer the following questions so that I can more easily select the right puppy for you.

All information is held highly confidential and is for my use only.

My Staffords are raised in a home environment. I do not have outdoors kennels and my pups are brought into the world in my kitchen. Breeding and raising Staffords is my passion and hobby. I only breed one litter per year and after three litters my breeding females are retired.

For over 45 years I have given my heart and soul to my dogs and they have surpassed my love and devotion by giving twice as much back as I give them. They are loyal, devoted tenacious and my soul mates.

Believe me when I say that a true Stafford would go to his death with a smile for you, so great is his love for his master or mistress. All he asks is your kindness in return. Therefore, I strongly appeal to any who may ready this to study and help in the life of perhaps your most faithful and true friend. Remember, however much you love your Stafford, he will love you even more.

Once you are a Stafford owner, you will always be one. This breed may be classed as **the King of Terriers.**

Potential puppy purchaser information

Please complete the following information and return for review along with pictures of your fenced backyard.

Your Name: _____

Your Address: _____

Home Phone # () _____ e-mail address: _____

Are you interested in a Male OR Female
