

2025 TOD SILEGY SOCCER CAMP INFORMATION

June 30-July 4 (Camp is open July 4th)

July 7-11

July 14-18

On behalf of the 2025 Tod Silegy Soccer Camp at South Meadow School, I want to THANK YOU for registering your child for our HALF-DAY SOCCER CAMP program. All activities for this camp will be played outside.

I look forward to working with all the soccer athletes, and expect that it will be a wonderful, personal, soccer camp experience, for everyone involved. I hope campers develop friends for a lifetime at this camp.

Please remember that you can mail in with your registration form the tuition payment, or pay when you register on either Monday. Tuition is \$175.00 per week.

Soccer campers should arrive for first day check in on Monday, June 30, July 7, or July 14, at South Meadow School. Please drop off your child or children off at the South Meadow School back upper parking lot, from 8:30-8:55. There will be a registration table at the entrance of the fields. After you drop off your son or daughter and register, they should walk up the path towards the SMS soccer field. After the first day of soccer camp, campers should be dropped off at the registration desk each day by 8:55. Campers should walk to the field. A coach will greet you each day on the field to get organized.

The pickup time for ALL campers is at 12:00 please. All campers will walk back on the path to the SMS parking lot after camp ends. Parents can meet them there to take them home. Pick up will be monitored by our coaches until everyone is collected.

Camp starts a 9:00 AM and ends at 12:00-Noon, Monday through Friday.

Campers should bring with them each day a change of clothes, shin guards, regular soccer shoes, sneakers, and sunscreen. Please put these items in an easily identifiable backpack with your *child's name on all items please*.

It is IMPERATIVE that all campers bring their own easily identifiable WATER BOTTLE or BOTTLES. There will be water on the field for refilling WATER BOTTLES ONLY! NO ONE WILL BE ALLOWED TO USE ANOTHER CAMPERS WATER BOTTLE, PLEASE.

There will be a Portable Toilet on the field that will be regularly sanitized and there also will be plenty of hand sanitizer for cleaning before and after the bathroom is used.
